PUBLIC COMMENTS

This is the time for general public comment on issues within the jurisdiction of the Visalia City Council. Each speaker tonight may speak for up to 3 minutes during this general comment period on a matter that is not on this agenda.

The public may also make one comment for up to 3 minutes prior to the consideration of the Consent Calendar, and immediately before any regular agenda item is heard. The Council asks that you keep you comments concise and positive. Creative criticism, presented with appropriate courtesy, is welcome.

Each speaker will be allowed three minutes and a timer will notify you when your time is expired. Please begin your comments by stating and spelling your name and providing your city of residence.

ITEMS OF INTEREST

CONSENT CALENDAR

Consent Calendar items are considered routine and will be enacted in one motion.

This is the time for members of the public to provide public comment on an item on the Consent Calendar. Comments will not be taken individually by the public if an item is pulled by a Council Member. Each speaker is allowed up to 3 minutes, and a timer will notify you when your time is expired. Please begin your comments by stating and spelling you name and providing your city of residence.

1. **Authorization to read ordinances by title only.** 25-0423

2. **Membership Agreement -** Authorize continued membership in the Tulare County Economic Development Corporation through December 2025 for Fiscal Year (FY) 2025/2026 in the amount of $30,000 while staff assesses current and alternative service options. 25-0151

3. **Purchase of Three (3) Diesel-Powered Solid Waste Trucks -** Authorize the purchase of three (3) diesel-powered commercial front-load solid waste trucks from Haaker Equipment Company of Tulare through the Sourcewell Cooperative contract in the amount of $1,416,410. 25-0417

5. **Memorandum of Understanding with the County of Tulare** - Authorize the City Manager to execute a Memorandum of Understanding with the County of Tulare for the Active Transportation Program funded Goshen-Visalia Corridor Connection Project, adopt Resolution 2025-71, and appropriate $1,100,000 from Fund (281) Transportation to be reimbursed by the County of Tulare for the design phase. **25-0433**

6. **Design Amendment** - Request for City Council to approve design amendments #2 & #3 in the amount of $267,520.19 and $1,303,444.00 respectively to 4Creeks for the Goshen-Visalia Corridor Project Phase 1 and the Goshen-Visalia Corridor Connection Project, appropriate $750,000 from the Measure R Trailways Fund and amend the Measure R Supplement Agreement. **25-0434**

7. **Fiscal Year 2024-25 Cape Seal Notice of Completion -** Authorize the City Manager to file a Notice of Completion for the Fiscal Year 2024-25 cape seal project. **25-0435**

8. **Authorization to Accept the Office of Traffic STEP Grant -** Authorize the Visalia Police Department to accept the Selective Traffic Enforcement Program Fiscal Year 2025-26 Grant in the amount of $190,000 awarded by the California Office of Traffic Safety, appropriate $40,000 from the General Fund and authorize the Chief of Police to execute the Grant Agreement. **25-0437**

9. **Ordinance Adoption -** Second reading and adoption of: **25-0438**

1. Ordinance No. 2025-10 approving Change of Zone No. 2024 -03, a request to change the zoning designation on APN: 098-050-038 from Multi-family Residential (R-M-3) to Service Commercial (C-S) for a 9.42-acre parcel, and the change of zoning on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062 from R-1-5 (Single-Family Residential 5,000 sq. ft. minimum site area) to Multi-family Residential (R-M-3) for parcels measuring a total of 11.89 -acres (Ordinance No. 2025-10 required).
2. Ordinance No. 2025-11 approving Conditional Zoning Agreement No. 2024-04, a request by Derrel's Mini Storage to establish conditions for a storage facility on APN: 098-050 -038; and, for the Housing Authority of Tulare County to establish conditions for a multi-family development of at least 238 dwelling units on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062 (Ordinance No. 2025-11 required).

10. **Award Contract for Engineering Services Related to the Design of Digester 9** - Authorize the City Manager to award a contract to Carollo in the amount of $3,873,767 for professional services related to the design of Digester 9 at the Visalia Water Reclamation Facility. **25-0440**

11. **Authorization of Amendment to Facility Use Agreement** - Kaweah Little League Softball for Usage of Riverway Sports Park Softball Complex during Fall season. **25-0441**

12. **Award a Contract for the Supply of Ferric Chloride** - Authorize the City Manager to award a contract to Pur Water for the supply and delivery of ferric chloride to the Visalia Water Reclamation Facility for a one-year term, with four annual renewal options, with an annual not-to-exceed amount of $140,000 and a total contract limit of $700,000. **25-0443**

13. **Extend Consultant Services Contract** - Authorize the City Manager to extend the contract for building safety plan check and related services on an emergency basis to Interwest Consulting Group Inc for an amount not to exceed $600,000 for one year ending October 7, 2026 and appropriate an additional $450,000 from the Building Safety Enterprise Fund. **25-0447**

14. **Fire Department Medical Supplies Contract -** Authorize the City Manager to execute an emergency medical and pharmaceutical supplies contract with Henry Schein, Inc. for the purchase of emergency medical services (EMS) supplies, equipment, and pharmaceuticals. **25-0448**

REGULAR ITEMS AND PUBLIC HEARINGS

Comments related to regular Items and Public Hearing Items are limited to three minutes per speaker, for a maximum of 30 minutes per item. The Mayor may reasonably limit or extend the public comment period to preserve the Council's interest in conducting efficient, orderly meetings.

1. **Ordinance Update -** Conduct a Public Hearing and consider a first reading of Ordinance No. 2025-12, a request by the City of Visalia to revise Visalia Municipal Code Chapter 8.40.060.C.1 and 2 “Declaration of Public Nuisance; Issuance of Administrative Enforcement Order”. (Ordinance No. 2025-12 required). **25-0403**

CLOSED SESSION REPORT

ADJOURNMENT

UPCOMING CITY COUNCIL MEETINGS

1. Upcoming City Council Meetings **25-0429**

   Monday, October 20, 2025 @ 7:00 p.m. at 707 W. Acequia

   Thursday, October 23, 2025 @ 5:00 p.m. at 5000 W. Cypress Avenue, Joint VUSD Mtg

   Note: Meeting dates and times are subject to change, check posted agenda for correct details. In compliance with the American Disabilities Act, if you need special assistance to participate in meetings contact 713-4512.

   Written materials relating to an item on this agenda submitted to the Council after distribution of the agenda are available for public inspection in the Office of the City Clerk, 220 N. Santa Fe Street, Visalia CA 93292, during normal business hours.

Staff Report

File #: 25-0421 **Agenda Date:** 10/6/2025 **Agenda #:** 2.

Agenda Item Wording:
City of Visalia CORE Team Presentation - Receive a presentation from the City of Visalia CORE (City Organization Recognizing Employees) Team. The presentation includes the team's mission, structure, and a summary of CORE Team coordinated events and activities.

Prepared by: Nathan Garza, Conservation Technician, nathan.garza@visalia.gov, 559-713-4532, Ashley Cook, Human Resources Analyst, ashley.cook@visalia.gov, 559-713-4318, Lori Edep, Senior Accounting Assistant, lori.edep@visalia.gov, 559-713-4376, Dan Griswold, Fire Chief, dan.griswold@visalia.gov, 559-713-4220

Department Recommendation: Staff recommends the City Council receive the CORE Team presentation.

Summary:
City staff serving on the City of Visalia's CORE (City Organization Recognizing Employees) Team present on the CORE Team's mission, structure, and a summary of CORE sponsored and coordinated events and activities.

Background Discussion:
The City of Visalia Council has long supported and funded the CORE Team. The CORE is comprised of personnel from each City department and meets regularly to coordinate recognitions and activities. The CORE Team's purpose is to express appreciation to personnel, promote engagement, and enhance morale.

Fiscal Impact: The 2025-26 budget includes $28,700 for the CORE Team activities for the 700 full time and fluctuating number of part-time employees in the City organization.

We're honored to support the people who serve our city every day - with a little fun, a little heart, and a lot of teamwork!

Visalia City Council

Staff Report

Visalia City Council
707 W. Acequia
Visalia, CA 93291

File #: 25-0423 **Agenda Date:** 10/6/2025 **Agenda #:** 1.

Agenda Item Wording:
Authorization to read ordinances by title only.

File #: 25-0151 **Agenda Date:** 10/6/2025 **Agenda #:** 2.

Agenda Item Wording:
Membership Agreement - Authorize continued membership in the Tulare County Economic Development Corporation through December 2025 for Fiscal Year (FY) 2025/2026 in the amount of $30,000 while staff assesses current and alternative service options.

Deadline for Action: 10/6/2025

Submitting Department: Community Development

Contact Name and Phone Number:
Devon Jones, Economic Development Manager, devon.jones@visalia.gov, (559) 713-4190
Paul Bernal, Planning and Community Preservation Director, paul.bernal@visalia.city, (559) 713-4025

Department Recommendation:
Receive a report from the Tulare County Economic Development Corporation (TCEDC) and continue membership for FY 25/26 through December 2025 in the amount of $30,000, direct staff to assess current and other potential service options for the remainder of FY 25/26 and report back to Council on these potential options.

Background Discussion:
The TCEDC is providing the attached report for Fiscal Year (FY) 2024/25 activity and requesting continued membership for the City of Visalia for the FY 25/26 in the amount of $60,000 (budgeted in Economic Development division budget). In general, staff believes there is value in partnering in regional efforts to promote economic development. However, due to the City's own efforts to provide a high quality industrial park with many viable 'shovel ready' industrial sites, coupled with the efforts of a highly invested industrial development community of well-established speculative builders, property owners, local industrial real estate brokers, and the close partnership with the Visalia EDC and other strategic economic development partners such as the Tulare County WIB and the COS Training Resource Center, it is difficult to assert that all of the services TCEDC offers are necessary for continued growth in the industrial park. Currently, several other TCEDC member jurisdictions are scrutinizing the return on investment of TCEDC membership in its current configuration and with the current work program in place. It is Staff's understanding that several jurisdictions have not yet signed contracts or paid for the current fiscal year dues.

Given these issues, staff recommends working with other jurisdictions to determine what service alternatives may exist or if there were service modifications that TCEDC could provide to demonstrate more value. Given TCEDC has continued to provide services since the beginning of the fiscal year, and it will take some time to determine if there are feasible alternatives, staff would recommend paying the first half of the annual membership amount through the end of December 2025. Staff will return at a later date to seek Council authority to proceed with the remaining budget

for these services for the remainder of the FY.

TCEDC prospect inquiries are mostly industrial in nature, though TCEDC's real estate database (<https://tularecountyedc.giswebtechguru.com/>) markets commercial properties of various types and their broker and site selector network may also represent other types of projects such as retail. City staff works closely with TCEDC staff on prospect activity and ongoing marketing of the city. The report indicates some metrics pertaining to Visalia project leads, with a brief synopsis on those metrics as follows:

- Two shortlist projects include:
    - RFI 1136-24 which was a large distribution/warehousing use that was seeking 165 acres to build a 1.75M square foot facility. Ultimately, this prospect is now only considering the Southern US region, but staff made a valuable site selector contact in the process.
    - The second is RFI 1147-24 which is a waste to manufacturing company seeking 150K square foot of space. Staff is still in discussion with this prospect.
- There were three site tours, all of which were associated with RFI 1136-24. One took place in November 2024, another in January 2025, and the last in March 2025.
- The four assists included:
    - 1131-24A: Manufacturer represented by developer seeking introduction to City of Visalia
    - 139-24A: Nonprofit inquiry regarding real estate
    - 1150-24A: Retail real estate inquiry
    - 1151-24A: Biomass feedstock manufacturer

The attached report includes strategic goals for the coming fiscal year. Also attached to this report is a mock prospect response packet as provided by TCEDC. These are the packets of information that are sent on the participating jurisdiction's behalf in response to any prospect RFIs that may have eligible sites for the prospect to consider. The TCEDC's goal with these are to get any of the participating jurisdictions' sites 'short-listed.' Once short-listed, site selectors or brokers (or in some cases, company representatives themselves) then follow up with the TCEDC to get more in-depth information on those sites of interest or to set up site visits. At this point, typically city staff, community representatives or in some cases, brokers that represent the sites of interest, take over the process. In most cases, City staff work in tandem with the appropriate brokers and property ownership.

TCEDC membership for the entire FY 25/26 would be the same amount as this year, $60,000. This amount is currently budgeted in the Economic Development division budget. Last FY, the City made biannual payments of $30,000.

Fiscal Impact:
$30,000 from the Economic Development Division budget, budgeted at $60,000.

Prior Council Action:

- 06.17.2024 - Authorized continued membership,

- 08.07.2023 - authorized increase in membership cost to $60,000,
- 04.17.2023 - authorized continued membership

Other: N/A

Alternatives: Per Council direction

Recommended Motion (and Alternative Motions if expected):
I move to receive the update report from the TCEDC, to authorize staff to continue membership through December 2025 for Fiscal Year 2025/2026 in the amount of $30,000, and direct staff to assess current and alternative service options...end

WELCOME MESSAGE

SAMPLE

March 26, 2025
RE: Project Mockup

GREETINGS!

We are excited to submit sites in Tulare County for consideration of location for Project Mockup.

Our county is centrally located in California, halfway between Los Angeles and San Francisco with State Highway 99 & 65, Highway 198 & 190, ideal for transportation logistics. This proposal includes sites that would be well suited for your company, given our central location within the State.

We are very interested in learning more about your company. If you have any questions, or would like to discuss any of the sites proposed, we welcome and look forward to future discussion.

Sincerely,

Economic Development Manager
Tulare County Economic Development Corporation

Tulare County EDC

TULARE COUNTY **PROPOSED SITES**

01 1343 S MAIN ST PORTERVILLE, CA

Industrial freestanding facility on +/-2.28 acres with +/-42,000 SF. Facility offers recently remodeled +/-4,000 SF office and +/-38,000 SF insulated warehouse. This move-in erady building features multiple truck doors, (4) ground level roll up doors, a paved yard area, and direct Main Street exposure.

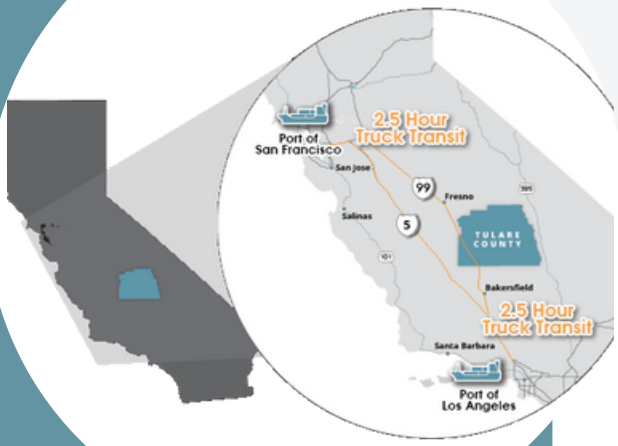
Tulare County EDC

WHO WE ARE

SUMMARY

The EDC is a non-for-profit corporation supported by private and public funding and dedicated to assisting companies desiring to locate or expand in California. In this role we are prepared to act as staff to your company in complete confidence and without obligation. We look forward to the opportunity of working with you.



LOCATION

Tulare County is recognized as one of the top three counties for agricultural production in the nation and a top exporter of products in the U.S. Our central location in California is ideal for freight distribution and it is possible to reach customers with next-day ground delivery service. Tulare County is equidistant to the Ports of Long Beach/L.A. and Oakland and can offer Foreign Trade Zone benefits through our subzone status with FTZ 226.

LABOR / EMPLOYMENT / TRAINING

Our workforce is loyal and dedicated and as diverse as our industries with many national companies posting their lowest turnover rates at their Tulare County operations. Our Workforce Development Agency provides companies with specialized training programs and offers recruitment, screening and hiring services at no cost.

INCENTIVES-STATE / FEDERAL / LOCAL

The EDC manages the California Business Incentive Zone that offers an array of incentives for companies considering a location in Tulare County. As a highlight, the following may be available to your company should you choose a location in Tulare County:

- Up to $10,000 local cash incentives to offset permitting costs or other hard costs associated with the project.
- The EDC will help in accessing state incentives eligible for your project such as the California Hiring Tax Credits and will provide consultative assistance in applying for Cal Competes Tax Credit, including providing any analysis that can assist in attaining the tax credits.

309 W. Main St, Suite 110, Visalia, CA 93291
P: 559.625.3100 | www.tularecountyedc.com
shawna@tularecountyedc.com

ADDITIONAL INCENTIVES

CALIFORNIA BUSINESS INCENTIVE ZONE

In 1998, the eight incorporated cities and county governments formed the ***California Business Incentive Zone (BIZ), the only one of its kind in California.*** The BIZ offers an unprecedented array of incentives for companies considering a location in Tulare County. The following represents our preliminary list of incentives available in Tulare County, pending due diligence of the proposed project and site location.

BIZ Investment Incentive:

Tulare County has California's only BIZ Investment Fund, which provides up to $10,000 for the company to use for permit application costs or other hard costs associated with the project. The EDC provides direct payment to help offset these project costs.

California Competes Tax Credit:

California provides a credit against state income taxes and the tax credit is negotiated with the California Competes Tax Credit Committee. The EDC has been successful in advocating for millions in tax credits for companies that have selected Tulare County as a final location and will facilitate the application on behalf of the company to access the maximum amount of credits available.

Sales & Use Tax Exemption:

The state provides a partial exemption of sales and use tax on manufacturing equipment and to modifications related to the manufacturing space. The EDC works closely with the state in accessing the tax exemption.

New Employment Hiring Credit:

The state provides a tax credit for hiring qualified employees that meet certain eligibility and wage criteria. The EDC's workforce development partners work to assist the company in maximizing the access of these tax credits.

Subsidized Employment:

Up to 100% wage reimbursement is available for qualified hires through our subsidized employment program.

Other employment related incentives:

The EDC's workforce development partners provide no-cost hiring assistance to the company and assist to maximize access to federal and state tax credits as well as local and state training funds.

Interest Free 5 Year Fee Deferral:

Our local cities provide an easy deferred payment plan for development costs which are interest free and typically paid over a five (5) year period. Each city negotiates their own deferral program.

Sales, Property and other tax sharing arrangements:

Our cities have provided tax sharing arrangements with companies depending on the revenue received to the city and the number of jobs created. If the facility is a point of sale, the city may consider negotiating sales tax sharing with the company.

Fast Track Permitting:

Projects have been fast tracked in our communities, including a 30 day expedited review for an 800,000 square foot distribution center. The cities of Tulare County are committed to meeting or exceeding the timelines established for this project.

Recycling Market Development Zone (RMDZ):

Tulare County is home to the Greater So. San Joaquin Valley RMDZ. The RMDZ provides attractive loans, help in locating feedstock, streamline permitting and other incentives to businesses located in designated RMDZ areas and that manufacture products using materials diverted from landfills.

Foreign Trade Zone:

Tulare County is included in U.S. Foreign Trade Zone (FTZ) No. 226. The FTZ is a designated area that is considered to be outside of U.S. Customs territory for the purpose of customs duty payments. Savings are realized in an FTZ through duty deferral, duty elimination, duty reduction and Merchandise Processing Fee Savings.

Project Manager:

During the site selection process, the company has access to a designated EDC project manager and following a final site selection, the City that is chosen would provide a dedicated staff person who would be available to the company and their construction team.

SAMPLE

THE CENTER OF CALIFORNIA

Tulare County is the centerpiece for California agriculture and its strength is demonstrated in the diversity of industries and businesses, from farming to food processing and from the manufacturing of packaging materials to advanced technologies. Tulare County is also a center for distribution throughout California and the western U.S., with major distribution facilities of companies including:

- Wal-Mart
- VF Outdoor
- VWR
- Patterson Logistics
- Best Buy
- Joann's Stores
- Millipore Sigma
- Candy.com
- Bueno Beverage Company
- UPS Distribution Hub
- Amazon
- Ace Hardware
- International Paper

GROUND TRANSPORTATION TO CALIFORNIA & THE WEST

- Due to its central location in California, both UPS and FedEx can guarantee next day ground delivery to most of California and northwest Nevada.
- UPS has expanded its Visalia hub to become the new Central Valley Regional hub for ground shipments. The expansion includes a new 450,000 sf facility in the Visalia Industrial Park.
- OnTrac, a regional delivery service in the Western U.S., consolidated facilities in Kings and Fresno counties to Visalia to become more efficient in their operations.
- Golden State Overnight recently completed a new 63,000 sf facility in Visalia to serve as its central distribution hub.
- National trucking companies such as Knight Transportation, Ruan and Gardner Trucking have substantial operations in the area to ensure that their customers are effectively served by a central location in California.

UTILITY SERVICES

WORLD CLASS FIBER OPTIC INFRASTRUCTURE

Service providers in Tulare County can offer an all-fiber network that is less than 5 years old, providing connectivity up to 100 Gbps. Direct connections to top tier data centers in Los Angeles and San Jose, as well as interconnection with most national providers ensures you will have connectivity to your corporate office or reliable and redundant Internet connections. Tulare County's robust fiber infrastructure can deliver the same high-quality telecommunication services and competitive rates that are typically only available in major metropolitan markets.

UTILITY SERVICES IN TULARE COUNTY

Tulare County offers reliable and efficient utility services to support business operations. The region is served by a robust network of electricity, natural gas, water, and wastewater services provided by local and regional providers. Businesses benefit from competitive rates, renewable energy options, and infrastructure designed to accommodate growth and innovation. With a focus on sustainability and service reliability, Tulare County ensures businesses have the resources needed to thrive.

OUR WORKFORCE

As a result of the close working relationships with employers located in Tulare County, the Workforce Investment Board of Tulare County (WIB) is knowledgeable of the skills required by these companies. Training programs have been developed that include industrial maintenance mechanic; programmable logical controllers; HVAC; forklift driver; industrial welding, and other manufacturing and processing related training. The WIB will work in conjunction with company officials and local community colleges to design and present specialized trainings specific to company standards.

SAMPLE SAMPLE

- On-the-Job Training – is a local wage reimbursement plan managed by the WIB that is available to businesses when they hire eligible candidates. The WIB will reimburse the company one dollar for every two spent.
- Incumbent Worker Training - a local WIB sponsored training that covers the costs of training for skills up-grades of current employees. The training can take place at the worksite or in a classroom setting.
- Upgrade On-the-Job Training - this program reimburses employers at 2:1 ratio for training incumbent workers as they train at a higher-level position. The employee must have received a promotion and increase in salary to qualify for this program. A locally provided WIB program, Upgrade OJT's provide the company with the opportunity to "grow their own" staff and promote from within.
- Employment Training Panel (ETP) – is a contractual program managed by the State of California and is funded by utilizing 1% of taxes paid by businesses in the state. ETP is used by business to cover the cost of training their current staff to upgrade their skills and allow the company to remain competitive.

WORKFORCE SERVICES

TULARE COUNTY WORKFORCE INVESTMENT BOARD, INC.

The Tulare County Workforce Investment Board Employment Connection Partners are ready to personally assist you with your business and employment needs.

One Contact Facilitator: To ensure that all resources are being provided.

Full Service at no Cost:

The partners of the Employment Connection provide all phases of recruitment and screening at no cost to the employer. Referrals for drug testing, as well as some advertising assistance is also available.

Customized Recruitment:

Designed to meet your company needs. Professional well-trained staff is available to manage candidate flow, handle the distribution and acceptance of employment applications and verify right-to-work documents.

Employee Referral:

We can refer a large pre-screened candidate pool that will meet your hiring requirements. We can also screen employees for state and federal hiring incentives.

Facilities:

Pre-employment testing facility and administration. Private offices are available for use during the interview process. Large capacity meeting and training rooms are available along with access to copiers, FAX, and Internet. Staff and facilities are also available during non-traditional hours.

Occupational Skills Training:

Educational Institutions are utilized to provide classroom instruction for participants in need of schooling prior to or during job placement. Schools are able to develop curriculum specific to the needs of the employer.

Workforce Demographics

Tulare County, situated in California's Central Valley, has a vibrant and diverse workforce that drives its economy. The workforce is central to the county's healthcare, agricultural, education, and manufacturing sectors. Understanding this workforce's composition, educational attainment, and employment trends is key to addressing challenges and leveraging opportunities for economic growth.

Labor

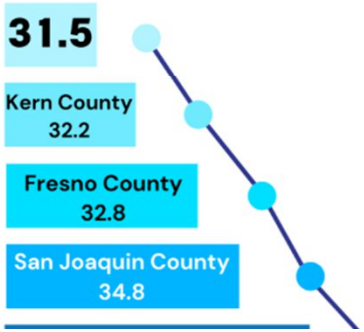
246,500
Tulare County
Labor Force

194,200 Employed

22,300 Unemployed

Population: Diversity in numbers

Tulare County is home to a vibrant and youthful workforce, with a median age of just 31.5 years. This dynamic, adaptable workforce fuels competitiveness and productivity across diverse industries. Our commitment is to build an innovative, inclusive economy that fosters growth and opportunity for all.



Tulare County Workforce.

One of our greatest assets.

Workforce Development

Tulare County is home to three community colleges with satellite campuses and two universities from the CSU system, within 1 hour from the county seat. Three private universities with satellite or online programs. 12 CSU campuses and 3 UC campuses within 210 miles.

Our workforce development partners work in tandem with companies and local community colleges to design and produce specialized trainings specific to any companies standards. They also provide no-cost hiring assistance and help maximize access to federal and state tax credits, as well as local and state training funds.

Governor's Office Announces new RFP in the Clean Energy Sector

ANNOUCEMENT

The CA Jobs First Council, in collaboration with the Governor's Office of Business & Economic Development and the Labor & Workforce Development Agency provided a Request for Proposal (RFP) for the California Regional Investment Initiative (RII).

Purpose: The RFP seeks proposals for implementing projects that support economic development and workforce initiatives under the **California Jobs First** framework. Up to $125 million in General State Funds are available through this RFP, with two review and award periods.

Objectives: To drive regional economic growth, support job creation, and enhance workforce development across California.

Eligibility: Organizations or entities capable of executing projects aligned with the state's economic and workforce goals.

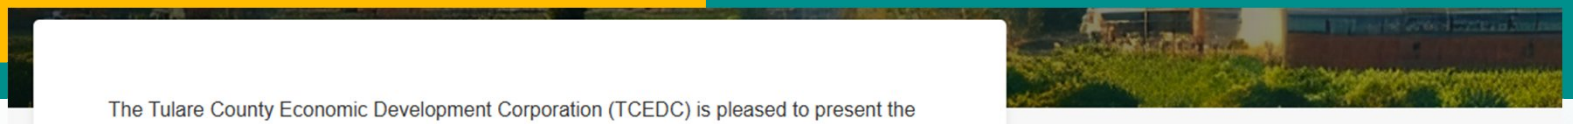
Funding & Implementation: The RFP outlines the available funding, project requirements, and the expected impact of selected initiatives.

- **Key Deadlines:** Specific submission deadlines, review periods, and implementation timelines are detailed within the document.
  - **Round 1**
    - Pre-Application Due: April 23, 2025
    - Full Application Due: May 28, 2025
  - **Round 2**
    - Notice of Intent Due: March 20, 2026
    - Pre-Application Due: April 17, 2026
    - Full Application Due: May 22, 2025

All applications should be submitted via email to regionalinvestment@gobiz.ca.gov by 5:00 PM PST on or before the due dates listed above.

For assistance with the application process, please send an email to regionalinvestment@gobiz.ca.gov and copy our grant team

24-29 CEDS UPDATE



The Tulare County Economic Development Corporation (TCEDC) is pleased to present the Comprehensive Economic Development Strategy (CEDS) for 2024. This strategic plan outlines our roadmap for fostering economic growth, enhancing workforce development, and promoting sustainable development within Tulare County.

Overview

The CEDS 2024 is a collaborative effort aimed at setting a clear vision for Tulare County's economic future. It serves as a blueprint for business expansion, infrastructure investment, and community development, ensuring that our county remains competitive and resilient in the evolving economic landscape.

Key Objectives

- **Economic Growth**: Implement strategies to attract new businesses and support the expansion of existing ones, thereby creating job opportunities and stimulating the local economy.
- **Workforce Development**: Enhance job training and educational programs to align with the needs of businesses, ensuring a skilled and adaptable workforce.
- **Sustainability**: Promote environmentally sustainable practices and support the growth of green industries within the county.
- **Resilience**: Develop plans to strengthen the county's ability to withstand and recover from economic disruptions.

Community Engagement

The development of the CEDS involved extensive engagement with community stakeholders, including local businesses, educational institutions, and residents. This inclusive approach ensures that the strategy reflects the diverse needs and aspirations of

Visalia City Council

Staff Report

File #: 25-0417 **Agenda Date:** 10/6/2025 **Agenda #:** 3.

Agenda Item Wording:
Purchase of Three (3) Diesel-Powered Solid Waste Trucks - Authorize the purchase of three (3) diesel-powered commercial front-load solid waste trucks from Haaker Equipment Company of Tulare through the Sourcewell Cooperative contract in the amount of $1,416,410.

Prepared by: Jason Serpa, Public Works Manager, jason.serpa@visalia.city, 713-4533 Nick Bartsch, Public Works Director, nick.bartsch@visalia.city, 713-4052

Department Recommendation: Staff recommends that the City Council authorize the purchase of three (3) Diesel-powered commercial front-load solid waste trucks from Haaker Equipment Company of Tulare, CA through the Sourcewell Cooperative contract (110223-MCN) in the amount of $1,416,410.

Summary:
In accordance with the replacement schedule set by the City's capital improvement program, the Solid Waste Division within the Public Works Department is seeking the authorization to replace two (2) commercial front-load solid waste trucks that were included in the FY 25/26 Budget. An additional growth truck is also being sought for purchase. The type and quantity of trucks to be purchased are as follows:

(3) Commercial Front Loader (VH0309)

Background Discussion:
In the past, City staff has recommended a mix of diesel and CNG-powered solid waste trucks to diversify the fleet in case of CNG outage and to lower costs. The goal of fleet diversification was to bring the fleet to a diesel to CNG ratio of 25% diesel power and 75% CNG power. As of today, the solid waste fleet is comprised of 49 CNG-powered and 15 diesel-powered trucks, which nearly satisfies the diversification. For this purchase, staff has been presented with three diesel-powered solid waste trucks that are already near production end and would not have the standard lead time of 8-12 months to be built. Staff expects these three trucks to be delivered by calendar year-end.

Haaker Equipment Company is the McNeilus solid waste body dealer in the area and will coordinate with Peterbilt (The City's uniform fleet chassis dealer) to install the truck bodies. The trucks recommended for purchase are already in production and are expected to be delivered with very little lead time. Solid waste is in need of front load backup capacity to have sufficient redundancy to operate while minimizing downtime and overtime. This purchase will assist in boosting the overall truck count to provide the backups needed for optimal efficiency.

Sourcewell Cooperative Purchasing (Sourcewell) helps the City save time and money by purchasing

from ready-to-use, competitively solicited contracts. Cooperative purchasing is "Procurement conducted by, or on behalf of, one or more public procurement units," as defined by the American Bar Association Model Procurement Code for State and Local Governments. Sourcewell streamlines the purchasing process by developing requests for purchase for national competitive solicitations that meet or exceed local requirements. Because Haaker Equipment Company is the McNeilus dealer in Tulare County, and McNeilus Trucks are already competitively bid by Sourcewell, the City is able to utilize that contract to obtain the Sourcewell cooperative price. This helps the City obtain truck and body manufacturers available through a local dealer, thus keeping maintenance costs down for fleet maintenance and repair.

The Visalia Solid Waste Division operates a fleet of 64 trucks, including: (20) commercial front-load trucks, (6) roll-off trucks, and (38) residential side-load trucks. The current replacement program for a solid waste truck is 10 years. As mentioned previously, the two trucks being replaced and the growth truck are included in the FY 25/26 budget. The trucks being replaced will have been in operation for nearly 11 years.

Over the last six fiscal years, the Solid Waste Division has replaced (57) refuse trucks, thus improving the City's fleet to more current standards and greater operational efficiency and effectiveness. The replacement schedule that pertains to this report and for the future is as follows:

FY 25/26: (3) trucks

After FY25/26, all non-backup Solid Waste trucks will be of model year 2020 or newer and have gone through a recent replacement cycle. The new replacement cycle is scheduled to begin in FY31/32.

Fiscal Impact: The City's capital improvement plan included $1,460,700 to purchase 3 replacement trucks for the fiscal year 25/26 (VH0309). Due to receiving a grant for a growth truck earlier than anticipated, it was used to replace one of the trucks on this replacement cycle. This purchase will fulfil the remaining two replacements and the growth truck, without additional appropriation needed.

This purchase will be (3) trucks and will be paid for by the Solid Waste Enterprise Fund (441). Any remaining funds, including proceeds from the sale of the old vehicles, will return to the Solid Waste Fund (441).

CIP Project #	Total Amount Budgeted	FY 25/26 Order	Surplus/Deficit
VH0309	$1,460,700	$1,416,410	$44,290

Prior Council Action:
May 20, 2019 - Award Purchase of 4 CNG refuse trucks to E.M. Tharp.
January 6, 2020 - Award Purchase of 13 CNG refuse trucks to E.M. Tharp.
May 18, 2020 - Award Purchase of 13 CNG refuse trucks to E.M. Tharp.
June 7, 2021 - Award Purchase of 6 Diesel refuse trucks to E.M. Tharp.
May 16, 2022 - Award Purchase of 2 Diesel refuse trucks to E.M. Tharp.
March 3, 2023 - Award Purchase of 7 Diesel refuse trucks to E.M. Tharp.
February 20, 2024 - Award Purchase of 5 Diesel refuse trucks to E.M. Tharp.
March 17, 2025 - Award Purchase of 5 CNG refuse trucks to E.M. Tharp.

April 7, 2025 - Award Purchase of 2 CNG refuse trucks to E.M. Tharp.

Other: N/A

Alternatives: Choose not to authorize the use of Sourcewell's national cooperative agreement with McNeilus dealer, Haaker Equipment Company. This is not recommended as there can be significant delays with the procurement of vehicles. This may result in higher maintenance costs, increased downtime, and additional overtime to keep older vehicles operating in the meantime.

Recommended Motion (and Alternative Motions if expected):
I move to authorize the City Manager to purchase three (3) Diesel-powered commercial front-load solid waste trucks from Haaker Equipment Company of Tulare, CA through the Sourcewell Cooperative contract in the amount of $1,416,410.

Environmental Assessment Status: N/A

CEQA Review: N/A

Deadline for Action: 10/6/2025

Sourcewell

Solicitation Number: RFP #110223

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and McNeilus Financial dba McNeilus Truck & Mfg., 524 East Highway St. Dodge Center, MN 55927 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Refuse Collection Vehicles with Related Equipment, Accessories and Services from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires December 28, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

DocuSign Envelope ID: 12F3549F-9DD3-4BB6-83B2-9FA322631DEA

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

DocuSign Envelope ID: 12F3549F-9DD3-4BB6-83B2-9FA322631DEA

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and

Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

DocuSign Envelope ID: 12F3549F-9DD3-4BB6-83B2-9FA322631DEA

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.

b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.

2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.

b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. *Termination*. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*
Workers' Compensation: As required by any applicable law or regulation.
Employer's Liability Insurance: must be provided in amounts not less than listed below:
Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.
Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for products liability-completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier.

D. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to "federal" should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier's Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to

laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

DocuSign Envelope ID: 12F3549F-9DD3-4BB6-83B2-9FA322631DEA

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to

the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Specifications

Table 1: Proposer Identity & Authorized Representatives

General Instructions (applies to all Tables) Sourcewell prefers a brief but thorough response to each question. Do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; respond "N/A" if the question does not apply to you (preferably with an explanation).

Line Item	Question	Response *	
1	Proposer Legal Name (one legal entity only): (In the event of award, will execute the resulting contract as "Supplier")	McNeilus Financial DBA McNeilus Truck & MFG	*
2	Identify all subsidiary entities of the Proposer whose equipment, products, or services are included in the Proposal.	N/A	*
3	Identify all applicable assumed names or DBA names of the Proposer or Proposer's subsidiaries in Line 1 or Line 2 above.	McNeilus Truck & Manufacturing	*
4	Provide your CAGE code or Unique Entity Identifier (SAM):	N/A	*
5	Proposer Physical Address:	524 East Highway St Dodge Center, MN 55927	*
6	Proposer website address (or addresses):	www.mcneiluscompanies.com	*
7	Proposer's Authorized Representative (name, title, address, email address & phone) (The representative must have authority to sign the "Proposer's Assurance of Compliance" on behalf of the Proposer and, in the event of award, will be expected to execute the resulting contract):	Jason Fritz Vice President of Sales 524 East Highway St Dodge Center, MN 55927 JFritz@mcneilusco.com 507-374-6321	*
8	Proposer's primary contact for this proposal (name, title, address, email address & phone):	Joseph Pisano Senior Refuse Sales Manager 524 East Highway St Dodge Center, MN 55927 JPisano@mcneilusco.com 507-374-6321	*
9	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Ryan Humphrey Senior Regional Sales Manager 524 East Highway St Dodge Center, MN 55927 RHumphrey@mcneilusco.com 507-374-6321	

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Since our founding in 1970 McNeilus has been a leading manufacturer of specialty vehicles in the vocational space, adding Refuse Collection Vehicles to our portfolio in 1989. Since then, we have manufactured refuse collection vehicles for fleet, municipal, and independent haulers throughout the Americas out of our Dodge Center, Minnesota based headquarters and factory. McNeilus offers products and services specific to refuse collection including a wide range of body types, parts, and service through a factory direct model. McNeilus has built a dedicated, direct-to-you parts, sales, and service network—backed by a comprehensive network of branch locations and service centers. With rigorously trained mobile technicians and certified service technicians operating across the continent, McNeilus has the flexibility to bring service to your fleet wherever and whenever. With Oshkosh Corporation as our parent company, we're partners in engineering and innovation, sharing technologies and know-how for a powerful competitive advantage. Which means you get world-class heavy-duty truck-building expertise, 850+ patents for new product innovations, and 1,350 global product developers advancing the industry together. We're not just devoted to the research and development of innovative concepts, products and practices including telematics, automation, and lighter, stronger vehicles. McNeilus is fully committed to thoroughly testing and proving them to help drive industry standards. We are constantly and continuously reducing the environmental impact of our products and production, improving workplace conditions, reducing costs, increasing value and being active in our communities. We have helped our customers and their communities become more environmentally friendly and control costs with CNG powered vehicles and Battery Electric Vehicle technology. Our commitment to our communities goes beyond the trucks we build. We're a big backer of the United Way in our local areas. We've teamed up to support Ronald McDonald House with a unique program called Cans for Kids. And we're proud supporters of education and research programs for both the construction and waste collection industries through the CIM and EREF. The Environmental Research and Education Foundation provides educational grants and scholarships and conducts scientific research dedicated to improving waste management practices. Proof that we're here for our communities now and on the road ahead.
11	What are your company's expectations in the event of an award?	When McNeilus is awarded the Sourcewell contract, our expectation as a leading manufacturer in the Refuse Collection Vehicle industry we would continue to leverage McNeilus's expertise with the resources and knowledge available through Sourcewell to better align with the needs of municipalities across North America. With a strong factory direct sales force, we are able to drive our team to continuing education events offered by SourceWELL like Getting to Know You, H20, Regional Accelerator Trainings and SourceWELL Universities. We anticipate further leveraging these synergies to accelerate municipal sales for McNeilus, and aid in our increased focused on Municipal Market Share.
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	McNeilus is a subsidiary of Oshkosh Corporation, which is a publicly traded company. We have attached our publicly accessible annual report from 2022, which is the most recent iteration of this report. This report along with any of the financial statements, SEC filings, earnings releases, webcast recording of earnings calls, and many other resources can be found at: https://investors.oshkoshcorp.com/financials/annual-and-quarterly-results/default.aspx The financials enclosed with this bid, and supporting information at the aforementioned website will demonstrate McNeilus's, along with Oshkosh Corporation's and our other subsidiaries to be financially sound.
13	What is your US market share for the solutions that you are proposing?	That information is not available to us because there are antitrust safe harbor parameters that the refuse collection vehicle industry does not meet. The requirements for us to continue to receive market share data: * Five participants * Not more than one participant can have 25% market share * Three of the participants cannot have more than 60 percent.
14	What is your Canadian market share for the solutions that you are proposing?	That information is not available to us because there are antitrust safe harbor parameters that the refuse collection vehicle industry does not meet. The requirements for us to continue to receive market share data: * Five participants * Not more than one participant can have 25% market share * Three of the participants cannot have more than 60 percent.
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No.

16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	We are a Manufacturer. As a manufacturer, we have a direct sales force in the United States and Canada directly employed by McNeilus. Our service capabilities consist of a mix of factory direct service locations and technicians, mobile technicians, and Authorized service and parts centers. With the exception of authorized service and parts centers, all individuals are employees of McNeilus.	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	• ISO 9001: 2018 • ANSI Z245 Accredited Standards Compliant	*
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	None	*

Table 3A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
19	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	As one of the leading manufacturers of mobile Refuse Collection Vehicles in North America we offer a full array of not only Refuse compaction bodies, but complimentary technologies assisting in the total collection of commercial and curbside refuse and recycling. McNeilus offers Residential Rear Load, Commercial Rear Load, Split Body Rear Load, Commercial Front Load, Residential Front Load, Automated Side Load, and Manual Side Load bodies. Additionally, cart tippers, commercial collection attachments, Latitude Residential Collection System for Residential Front Loaders, camera systems, ClearSky Telematics, Cart Seeker Automated Curbside Collection (AI Based), back up sensors, scales, organics collection packages, access to chassis, CNG Systems, and integration with EV Chassis through McNeilus's patented ePTO system. Also, McNeilus offers a full range of stocked replacement parts for McNeilus and other refuse body manufacturers, as well as warranty, service and support.
20	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	Subcategories include Front Load, Rear Load, Manual Side Load and Automated Side Load Refuse Collection Vehicles, their associated parts, and provide service for all bodies in the refuse industry.
21	If your proposal does not include the chassis as a turnkey solution, describe in detail, the process to assist the member to acquire the chassis.	While McNeilus offers access to chassis through our partner and stock truck program, McNeilus On Demand, this is not the only pathway to receiving a turnkey solution. McNeilus encourages all customers to work with their local chassis provider to supply chassis to be upfit with a McNeilus Refuse Body. This is a commonplace practice for McNeilus, and we have extensive relationships built with most OEM Chassis manufacturers to ensure seamless integration of body and chassis through the use of the unique codes. McNeilus holds regular integration meetings to ensure chassis are ordered appropriately to receive a McNeilus body, and continuously drive improvements. The McNeilus Factory Sales team would work with local chassis providers and municipalities to provide sample chassis specifications, review supplied chassis dealer specification, and provide feedback on any changes needed. Upon agreement McNeilus obtains sign off by all parties that the specifications are meeting all parties needs. Upon chassis completion and shipment to McNeilus's Dodge Center, MN Facility, it is then checked in and verified that all components were sent correct, and dimensions match the specification agreed upon. Once this validation occurs, the chassis is then ready to have the McNeilus body mounted on it.
22	If a hybrid/electric chassis option is not a part of your product offering, provide information on when a hybrid/electric option may be part of your offering.	As a body manufacturer and technology company, McNeilus has developed a patented ePTO solution that provides a unique ability to easily integrate with Battery Electric Chassis offerings. McNeilus has produced dozens of Refuse Bodies on Battery Electric Chassis to date, and has streamlined the process through manufacturing to simplify the integration effort in production to make this offering sustainable and scalable.

Table 3B: Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments
23	Front-load, side-load, rear-load, and multi-compartment refuse vehicles, including electric powered refuse vehicle bodies	(•) Yes ( ) No	Rear Load and Side Load Bodies are already integrated with Battery Electric Vehicles, other models are continuing to be developed and ready when market demands.
24	Wide range of chassis, including internal combustion, natural gas or propane Autogas, hybrid or alternative fuel, and electric powered	(•) Yes ( ) No	There will be access to McNeilus's stock and partner chassis pool, and McNeilus On Demand Complete Truck Program.
25	Technological, logistical or mechanical accessories designed to increase operator and vehicle safety	(•) Yes ( ) No	We offer a mix of technology and mechanical accessories that aid in operator and vehicle safety.
26	Maintenance services	(•) Yes ( ) No	Warranty and repair services.

Table 4: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
27	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	McNeilus recognizes the value in SourceWELL and its breadth of value-added benefits. Leveraging this relationship further and providing a competitive advantage to SourceWELL with a larger discount than other Cooperatives will help drive incremental growth.

Table 5: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
28	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	McNeilus will be taking a broad percentage discount approach for refuse collection bodies, and their corresponding options and parts. McNeilus will provide the most common options and parts as part of a published price list, but can price additional lower frequency options and parts by request. Chassis pricing will be passed through at the discounted price that McNeilus purchases for plus an administrative fee to cover things like flooring, and costs associated with transfer of paperwork. McNeilus, being a part of the larger Oshkosh Corporation family, gets a substantial discount at the Chassis Manufacturer level given the volume of chassis purchased annually as a company. This discount is typically, substantially more than any chassis dealer can pass along to individual customers. Chassis will be listed as Price Upon request due to the volatile nature of pricing we have seen over the last several years, in addition to the variation in options that can be selected on incoming chassis makes and models. Chassis will also be subject to any surcharges that are passed through from the chassis manufacturer and will be supported with documentation that supplied to McNeilus by the respective chassis manufacturer. Parts pricing will be subject to quarterly pricing updates as our previous annual pricing proved to be too volatile given supply chain constraints, rapidly rising costs from 2nd and 3rd tier suppliers, and quickly rising freight costs to get parts to McNeilus distribution centers. By listing the most common options and parts, this will provide a more user-friendly document to help SourceWELL members quickly get an estimated price for a complete body with options, or replacement parts. By working with one of McNeilus's factory direct sales team members, a SourceWELL member will be able to get a full quote worked up quickly and ensure all of their needs are met through a full specification review. Please see the attached pricing files for the specific priced items as listed above. McNeilus also partners with the largest refuse truck rental companies in the industry and can further assist in supporting rental needs as requested. By reaching out to a McNeilus factory sales team member, a SourceWELL member can easily get availability and pricing for a rental truck that meets the member's needs.
29	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	McNeilus is excited to offer SourceWELL members a Eight (8) percent discount off of MSRP for all Whole Goods, Options and Parts with the exception of extended warranties. Chassis pricing will be priced upon request, as well as requests for rentals, pending availability.

30	Describe any quantity or volume discounts or rebate programs that you offer.	McNeilus Factory Direct Sales team members, along with our leadership team, will consider additional discounts for SourceWELL members that order multiple units. Additionally, those recurring customers could also have access to discounts beyond the base discount offered above.	*
31	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	"Sourced" products or "nonstandard options" will be priced by McNeilus Factory Direct Sales Team Members upon request and will follow the above pricing structure of SourceWELL member discount percentage off of MSRP, unless otherwise covered in the above sections.	*
32	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Any taxes associated with the acquisition of any offered product, title, license, registration fees, or the like are not included in any McNeilus quotation, unless otherwise noted or where required by law. Additionally, requests for service technician training by the SourceWELL members will be offered at current rate less the SourceWELL Member Discount described above, and are not included in the base price of units, unless otherwise noted.	*
33	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Freight will be priced at current rates, and is subjective based on number of miles traveled, fuel costs, insurance rates, and other contributing factors. Customer Pick up for those customers choosing to do so, or providing their own logistics carrier is also available at no charge.	*
34	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	McNeilus has the ability to assist in coordination of Shipping and Delivery for Alaska, Hawaii, or any offshore delivery location. This requires coordination of different transit methods, for example most often the RCV is driven via driveaway service to a shipping port or marine transfer yard and then wrapped for cargo ship transit to final destination. This unique shipping and delivery requirements are priced on a case by case basis as required. Shipping expenses are not included in the base specifications cost.	*
35	Describe any unique distribution and/or delivery methods or options offered in your proposal.	As mentioned several times above, McNeilus uses a factory direct sales and distribution model including several factory owned service branches and parts distribution warehouses. McNeilus also recognizes the importance of on site service, and has a robust mobile service network by factory direct service technicians. Additionally, McNeilus has strategic Authorized service and parts distribution centers.	*

Table 6: Payment Terms and Financing Options

Line Item	Question	Response *	
36	Describe your payment terms and accepted payment methods.	All Orders will have Net 30 terms from date of delivery to FOB point. Checks, wires, and ACH payments are accepted directly between customer and McNeilus. No other payment methods accepted unless otherwise agreed upon in writing by McNeilus and End User customer.	*
37	Describe any leasing or financing options available for use by educational or governmental entities.	We partner with National Cooperative Leasing (Sourcewell Contract #011620-NCL) for turnkey packages best suited to municipal leasing opportunities.	*
38	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	McNeilus Factory Direct Sales Team Members use a web based quoting tool to build and develop SourceWELL Member body or "package" quotes (body and chassis), and share with the member a quote page containing price with option for signature, body specifications, terms and conditions and an optional data service agreement for those members interested in trialing or signing up for McNeilus' telematics solution ClearSky. SourceWELL members are also able to commit to a body order by providing McNeilus with PO reflecting the price that has been quoted to them referencing the SourceWELL contract number, and Quote number.	*
39	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	We do not accept P-Card for Body or turnkey body and chassis solutions at this time. P-Cards are accepted for parts and service solutions.	*

Table 7: Audit and Administrative Fee

Line Item	Question	Response *
40	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Being a Factory Direct Sales Force, McNeilus has a controlled and straightforward pathway to providing quotes, invoicing, and internal audit measures. With our direct sales force, all quotes that are quoted for municipal customers that identify themselves as SourceWELL Members are built by our sales team, and crosschecked for specification and pricing accuracy by sales leaders. We conduct SourceWELL pricing strategy trainings biannually, and have widened the number of approvers to allow for quicker turnaround times on quotes while still ensuring accuracy. Sales leaders working directly with our data management and finance teams identify and flag all SourceWELL quotes for audit to ensure that the SourceWELL fee is accurately applied, and marked for remittance in the appropriate quarter corresponding with delivery and payment of the body, package, or parts order. Additionally, in the event of any change orders, units being delivered are reviewed again by our finance team for any variation in price from time of original quote and time of delivery to ensure that the correct fee is remitted to SourceWELL.
41	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Monthly and quarterly sales numbers are shared with the sales team as well as corporate leadership specifically around municipal and SourceWELL performance. We use these numbers as coaching opportunities for those sales team members that are not seeing the growth goals expected, while also giving a platform for those who have been successful to share "wins" of how they utilized SourceWELL, and correctly positioned this contract with their municipal contacts. Additionally, using SourceWELL and McNeilus's quarterly touchpoints with sales leaders and supplier development staff, we get up to date information to understand how we are performing in the current year or quarter compared to years past. This helps to shape our sales road map and ensure that we are driving growth through this program and enhanced adoption across the country by our direct sales team. McNeilus anticipates more frequent touchpoints with not only sales leadership, but also the sales team members. A goal for 2024 and beyond will be to ensure all sales team members attend at least one SourceWELL hosted event locally to augment the biannual training conducted internally. Growth through the SourceWELL contract is the Key Performance Indicator that will be looked at most by McNeilus Leadership, specifically gaining incremental sales volume year over year through leveraging the resources available on the SourceWELL supplier website and their people.
42	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	McNeilus is proposing an administrative fee of 1.5% on body, options, and fuel systems, excluding the price of the chassis on those orders that are placed where the chassis is purchased directly from McNeilus. Parts orders will have a percentage based model of 1.5% on total parts purchased, excluding shipping charges.

Table 8: Industry Recognition & Marketplace Success

Line Item	Question	Response *
43	Describe any relevant industry awards or recognition that your company has received in the past five years	For eight consecutive years, Oshkosh Corporation has been recognized as one of the World's Most Ethical Companies by Ethisphere, and is one of only eight honorees in the industrial manufacturing category. Fortune's "World's Most Admired Companies" (2023) 2023 Computerworld's Best Places to Work in IT Forrester's Technology Strategy Impact Winner (2022) Builtin 2023 Best Places to Work Foundry's 2023 CIO 100 Award for the fifth consecutive year. Member of Dow Jones Sustainability Indices DiversityInc Top 50 Military Friendly Awarded 5 consecutive years 2022 Vet's Ready Employer, Gold Winner National Organization on Disability (2022)
44	What percentage of your sales are to the governmental sector in the past three years	8.6%
45	What percentage of your sales are to the education sector in the past three years	We do not differentiate between governmental and education sectors, as the education sector is a very small portion of our SLED sales. Therefore, this is included in the 8.6% number above.
46	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	Sourcewell: $8,506,835 in 2022, $6,307,660 in 2021, and $9,752,126 in 2020
47	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	None

Table 9: Top Five Government or Education Customers

Line Item 48. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *
Exercising option of not naming entity	Government	New York - NY	Refuse Collection Vehicles	155 Units	$15,393,297
Exercising option of not naming entity	Government	Georgia - GA	Refuse Collection Vehicles	45 Units	$5,850,011
Exercising option of not naming entity	Government	Texas - TX	Refuse Collection Vehicles	49 Units	$5,576,105
Exercising option of not naming entity	Government	New Jersey - NJ	Refuse Collection Vehicles	17 Units	$4,584,059
Exercising option of not naming entity	Government	Hawaii - HI	Refuse Collection Vehicles	27 Units	$3,531,609

Table 10: References/Testimonials

Line Item 49. Supply reference information from three customers who are eligible to be Sourcewell participating entities.

Entity Name *	Contact Name *	Phone Number *
Atlantic County Utility Authority	Matt Denafo	(609) 272-6950

Table 11: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
50	Sales force.	McNeilus offers a factory direct sales force, and sales process to all Sourcewell members. With this direct sales force only selling Refuse Collection Vehicles, parts and service related to these products Sourcewell members are getting experts helping them with the solutions they need. This also ensures a team of people intimately familiar with the Sourcewell pricing structure, contract, and knowledge of how to provide options to customers via the Sourcewell contract. In addition to our direct sales force of more than 25, McNeilus has recognized the importance of building out a robust sales operations team of over 15 that ensure order accuracy, timely communication, chassis and body compatibility, and quote auditing to ensure pricing accuracy consistent with the Sourcewell contract. Additionally supporting the sales team is a marketing team of four (4) that assist in creating collaterals, social media marketing, trade show support, and organizing virtual monthly, and in person bi annual national sales meetings aimed at providing the latest updates to our direct sales force.	
51	Dealer network or other distribution methods.	McNeilus currently does not have a dealer network as we have been a factory direct sales organization for over 50 years in the US and Canadian markets. With strategically located factory owned service branches and factory employed mobile service employees, Via this network, along with some strategic 3rd party Authorized Service Centers, McNeilus is well established to sell, service, and support all of our customers, especially Sourcewell members.	
52	Service force.	With the current mix of McNeilus branch locations and mobile technicians, as well as our partner authorized service center locations, we are ready to meet the needs of customers wherever they may be. We are continuously looking at areas that need more McNeilus service, Parts Warehousing, and mobile technicians and are evaluating where we can continue to grow the footprint to better serve our customers through traditional and nontraditional McNeilus methods. McNeilus currently employees about 75 technicians across the country between our nearly 15 company branch locations, and remote service technicians providing on customer site repairs, warranty, and diagnostic abilities. McNeilus also employs a team of remote (over the phone) factory direct, dedicated, troubleshooting technicians to aid customers in diagnosing and troubleshooting issues through dialing one of our McNeilus help lines.	
53	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Sourcewell members will contact a factory direct McNeilus regional sales manager seeking information or a quotation on a refuse collection vehicle. After discussing the customer needs, and potentially an in person review of existing equipment, a specification is set forth and the McNeilus factory direct regional sales manager will use our web based configurator to build the specification and generate a price to the Sourcewell member. All Sourcewell quotes will be reviewed by sales leadership for accuracy, and to ensure all portions of the Sourcewell contract are adhered to, including price and clearly stating the Sourcewell contract number on the quote. The quote and specification are then shared with the Sourcewell member. If the Sourcewell member is providing their own chassis, or a chassis from their local dealer, a chassis specification will be shared with the regional sales manager for a compatibility review to be done by McNeilus engineering and/or Sales Operation team member to ensure correct component placement, integration work is done by, and best possible body fitment. Upon acceptance, either the quote is signed and returned, or a customer issued PO is returned to the regional sales manager, and the documentation is submitted into our quoting tool for placement of the order into our build schedule. Communication will be consistent through the build process to ensure updates are provided, and Sourcewell members know when to expect their equipment so that they can plan accordingly.	

54	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Customers have several methods to contact our world class customer service. Sourcewell members who have placed an order for a unit already have established a rapport with one of our factory direct sales people. Upon delivery of a unit, our sales team members ensure proper delivery, perform any requested operator training, and ensure the Sourcewell member is comfortable with the parts ordering system, how to process a warranty claim, or how to connect with our technical support hotline. We have a newly launched e-commerce website (www.refuse.streetsmartparts.com) for our parts side of the business. This allows for on demand ordering of parts with a simple log in to our parts ordering system. Personalized trainings are offered by sales staff, or our parts staff on website navigation and account set up at no charge. We also support our parts ordering business through strategically located Customer Support Representatives (CSR) in each time zone to maximize the available hours by phone. McNeilus offers both paper and online warranty claims, as well as personalized training on the entire warranty process, online enrollment, and form completion. We have a clearly defined warranty policy, and offer strong guidance on claim submittal, and what all may be covered as well as provide no charge pick up of failed parts to be returned to McNeilus for inspection and quality reporting. McNeilus's service team are Refuse experts. They are strategically located across North America, with mobile service technicians located at these branches, as well as filling the gaps between the branches. We diagnose, repair, and perform service at customer locations wherever possible to help minimize downtime and reduce customer inconvenience.	*
55	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	McNeilus has a robust factory direct sales, service, and parts warehousing staff and branches augmented by Authorized service centers. As described above, and several times herein, McNeilus is a market leader across North America for premium refuse collection vehicle needs. Our factory direct staff gets regularly scheduled Sourcewell training, adheres to our quoting and ordering process, and provides hands on support with our customers directly. We are a North American company, headquartered in Dodge Center, MN. McNeilus has seen a tremendous amount of value in the Sourcewell contract over the past 8+ years, and sees the new award as a key to continued growth in the municipal market, and towards overall market share.	*
56	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	McNeilus being a part of Oshkosh Corporation is positioned well to serve Canada. McNeilus has direct sales staff headquartered out of Canada to support the entire country. We currently serve the government sector there now, and have a very strong presence with private haulers and large fleets.	*
57	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	None, We will be serving all of the US and Canada through this contract.	*
58	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We will be serving all participating entity sectors that have a need for refuse collection vehicles.	*
59	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There would be no specific contract requirements or restrictions that would apply to participating entities in Hawaii, Alaska or the US Territories.	*

Table 12: Marketing Plan

Line Item	Question	Response *	
60	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Sourcewell is and has been a cornerstone in our municipal strategy. We plan to continue to update our marketing material, social media marketing, and trade show marketing to highlight the partnership between McNeilus and Sourcewell. We currently have a page dedicated to national purchasing programs that can be found at: https://www.mcneiluscompanies.com/mcneilus-refuse-old/national-purchasing-programs/ . Here we highlight the Sourcewell advantage, a link to our contract page, and our contract award number. McNeilus plans to have quarterly strategy meetings, bi annual exposure of Sourcewell team members to our direct sales force, and include the Sourcewell Logo and awarded contract on marketing collaterals that are shared with all municipal customers. McNeilus has also set a performance goal for our direct sales force to more actively engage in local and national training events, to ensure the most up to date information on Sourcewell gets to our sales team, and continues to drive the selling behavior we see value in through our Sourcewell relationship and awarded contract. Attached in the document section are some samples of collaterals displaying the Sourcewell badging in the lower right side of shared documents with our municipalities.	*
61	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	McNeilus uses social media platforms to promote our products, services, and customers. Additionally, McNeilus is regularly sharing through these platforms community engagement, sustainability efforts, and promoting partnerships with many customers. With a large social media footprint, and dedicated marketing specialist that focuses on these avenues, there is additional opportunity to more publicly share McNeilus and Sourcewell's partnership, contract information, and competitive advantages of using these two well respected organizations together. McNeilus also has a dedicated area on our website demonstrating National cooperative purchasing contracts, and Sourcewell has prominent placement on this page with easy links to follow for more information. Followers & Engagement on Social media Platforms: LinkedIn: More than 11,000 followers and regular posts several times per week. Facebook: More than 6,100 followers, and more than 5,800 likes. Regular posts several times per week. Instagram: Nearly 2,500 followers, and more than 375 posts. Twitter: Over 385 followers and regular tweets several times per week.	*
62	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Over, nearly, the last decade Mcneilus has participated in the Sourcewell Contract, the partnership between our two organizations has grown incrementally year over year. Our factory direct sales team has received more training, support and information about Sourcewell and its competitive advantage it provides McNeilus and Sourcewell members with. The ease of finding contract information on the Sourcewell website, access to information from the competitive bid process, and accessibility of McNeilus's direct Sourcewell contacts has aided in helping those Members who may use the contract in other facets of their purchasing be comfortable using this platform for more substantial purchased like Refuse Collection Vehicles. McNeilus, with more resources actively engaged with Sourcewell, will continue to grow this fortuitous relationship and leverage the resources that Sourcewell offers to our factory direct sales team and prospective municipal customers. Future plans that are already in process are invitation to regional and national McNeilus Sales Meetings, and opportunities to speak directly with the McNeilus sales team on Quarterly or Biannual virtual team meetings. These are excellent opportunities to learn about any changes to the program, dedicated time to engage with Sourcewell staff directly, and an opportunity to facilitate "Best Practice" advice and feedback on challenges or headwinds the sales team encounters in the field Lastly, McNeilus proudly displays the Sourcewell flags at local, regional, and national tradeshows as part of our show kits for members to see that we are part of a premier cooperative purchasing program. SourceWELL is prominently placed on our dedicated municipal purchasing page on our company website (mcneiluscompanies.com), and has links to the "Sourcewell advantage" as well as a direct link to the contract page. We have also identified recently, at a Sourcewell supplier event, the strategic use of adding customer testimonials to this webpage and are already in progress of securing more of these success stories of how McNeilus and Sourcewell was able to solve a customer need through a strong partnership.	*
63	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do not offer a customer facing e-procurement site for any Refuse Collection Bodies for any customers. However, we do offer online parts ordering at our parts website (www.refuse.streetsmartparts.com), with the launch of a new ecommerce portal in the last 4 months. Sourcewell members would sign up for a login and password through the website, and can also receive training free of charge on how to navigate the site, set up payment information, and other pertinent information on use of the parts ordering portal.	*

Table 13: Value-Added Attributes

Line Item	Question	Response *
64	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Driver training is included and will be conducted by the RSM (Regional Sales Manager) that is assigned to the municipality. Driver training will be conducted upon delivery of the vehicle and request from the municipality. Parts and routine maintenance training is also included and provided by the RSM upon request. Technician/Service training is available upon request and is quoted separately based on training needs, location, number of technicians and product line training.
65	Explain key designs or processes your company takes to provide and promote safe operation of your equipment.	McNeilus uses proximity switches and sensors to ensure proper operation and execution of the body. McNeilus C.O.D.E. (Controls On Demand Environment) provides diagnostics at the operators' fingertips to alert them to any operation that is out of specification.
66	Describe how the equipment you propose simplifies the operation for end-users.	One of the newest innovations designed to simplify operation for the end-user is CartSeeker, an automated refuse can recognition system that utilizes sensors to identify refuse cans, determine the ideal alignment of the ASL (Automated Side Loader) arm and refuse can. This innovation is exclusive to McNeilus and is designed to shorten driver training, ensure safer can collection, reduce driver fatique and increase heads up operation of the RCV (Refuse Collection Vehicle). McNeilus C.O.D.E is another example of simplifying the operation for the end-user.
67	Describe any safety innovations on your equipment that are either exclusive or that you have introduced into the marketplace.	McNeilus utilizes integrated safety protocols written into the software and C.O.D.E. that ensure proper operation of the equipment. This product innovation is available on all Body Types except for the Atlantic Front Loader.
68	Describe any technological advances that your proposed products or services offer.	Dynamic Load Stabilizer for Front Load RCV's holds the carry can steady while the lift arm extends and retracts, reducing long-term wear & tear. McNeilus® EV Technology with exclusive ePTO technology is a self-contained system that is optimized and dedicated to powering body functions for consistent performance. A zero-emission game changer for your fleet with consistent body performance, no matter the chassis brand. CartSeeker™ Curbside Automation Offering a next-generation solution for everyday collection. Artificial Intelligence-enabled cart detection serving as an extra set of eyes to help save time and improve productivity. ClearSky™ by McNeilus The telematics and fleet management technology you need that provides real-time data to deliver performance, efficiency and safety across your entire fleet.
69	Describe any "green" initiatives or Environmental, Social, and Governance (ESG) that relate to your company or to your products or services, and include a list of the certifying agency for each.	McNeilus and Oshkosh have Environmental Policies and Procedures including, but not limited to an Environmental Protection Policy and an Energy Management Policy. At McNeilus, we are continuously improving how we make and distribute products to reduce the environmental impact of our products and production. An example of this is Carbon Free Steel which is already used in some of our products today. McNeilus works closely with SSAB who is already one of the world's most CO2-efficient steel companies. In partnership with SSAB, McNeius, built the first commercial vehicle in the U.S. with fossil-free steel. SSAB is now about to revolutionize iron-ore based steelmaking and aim to be the first in the world to deliver fossil-free steel to the market in 2026. McNeilus wants to offer customers the competitive advantage of a completely fossil-free value chain. McNeilus® EV Technology with exclusive ePTO technology is a self-contained system that is optimized and dedicated to powering body functions for consistent performance. A zero-emission game changer for your fleet with consistent body performance, no matter the chassis brand. Oshkosh, McNeilus continues to be an active member of the Dow Jones Sustainability Index (DJSI) and Oshkosh Corporation was Named to the Dow Jones Sustainability World Index for Fourth Consecutive Year in 2022. This Index is a widely recognized standard for measuring corporate environmental, social and governance (ESG) progress across industries and is comprised of global sustainability leaders identified by S&P Global through the Corporate Sustainability Assessment (CSA). Oshkosh achieved a 93rd percentile rating for its work on environmental matters, 96th percentile for its social initiatives and 93rd percentile for its economic programs. Oshkosh companies, participate in the Department of Energy's Better Buildings, Better Plants Program, voluntarily pledging to reduce our energy intensity by 20% over a 10year period. McNeilus has KPI's for waste and energy reduction and plans to meet these goals month over month which are tracked, recorded and shared throughout the company.
70	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	JUST Capital and CNBC, its media partner, recently released their list of America's Most JUST Companies and out of 951 companies, Oshkosh the parent company of McNeilus ranked 100th overall and 2nd in the Industry for Enviromental. Overall Oshkosh was ranked 4 of 23 within the Commercial Vehicle and Machinery Companies. The information referenced here can be found at https://justcapital.com/companies/oshkosh-corporation

71	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	None	*
72	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	McNeilus is an innovative company backed by Oshkosh Corporation, specializing in heavy duty equipment to the Vocational Market, including Refuce Collection Vehicles. Our coordination and partnerships with the other business units under Oshkosh Corporation helps us to leverage shared innovation and financial strength. McNeilus takes pride in being a direct to market sales organization that provides customers direct contact to the manufacturer. Whether it's an RCV, parts, service or training, the customer can streamline their needs and contact the manufacturer directly.	*

Table 14: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
73	Do your warranties cover all products, parts, and labor?	Yes, as described in the terms of our warranty documents provided.	*
74	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Base body warranty includes 12 months from in service date, except for major hydraulic components which is 24 months from in service date. There are several options for purchase of extended warranties.	*
75	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	For warrantied items that are under parts and labor coverage, McNeilus technicians travel time and mileage are covered as part of the warranty claim.	*
76	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	McNeilus covers all areas of the United States and Canada via factory direct technicians, factory owned service branches, authorized service centers, or authorized service technicians.	*
77	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	For non-McNeilus product installed and sold with a new unit, McNeilus warranty is limited to proven defects related to the installation. Otherwise, this would be passed on the the Original Equipment Manufacturer, unless otherwise stated in the warranty document supplied with this bid. McNeilus will aid in supporting the SourceWELL member to the best of our ability with managing claims within the warranty period.	*
78	What are your proposed exchange and return programs and policies?	We do not offer returns or exchanges on bodies or body/chassis sales. Standard parts may be returned with a restock fee. Custom parts will be evaluated to be returned on a case by case basis.	*
79	Describe any service contract options for the items included in your proposal.	McNeilus will work with the Sourcewell member upon request to customize a service contract tailored to fit the needs of the end user. Pricing is determined as related to each customer's individual requirements.	*

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Joseph Pisano, Sr. Refuse Sales Manager, McNeilus Financial, INC. DBA McNeilus Truck and Manufacturing

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

AMENDMENT #1
TO
CONTRACT # 110223-MCN

THIS AMENDMENT is effective upon the date of the last signature below and is by and between **Sourcewell** and **McNeilus Financial dba McNeilus Truck & Mfg.** (Supplier).

Sourcewell awarded a contract to the Supplier to provide Refuse Collection Vehicles with Related Equipment, Accessories, and Services to Sourcewell and its Participating Entities, effective December 23, 2023, through December 28, 2027 (Contract).

Supplier has changed its sales model to include dealers.

NOW, THEREFORE, the parties wish to amend the Contract as follows:

1. The Response to Line item 29 under "Table 5: Pricing and Delivery" in the Proposal is deleted in its entirety and replaced with the following:

   "The McNeilus discount offered to Sourcewell members has changed from an eight (8) percent to a three (3) percent discount off of MSRP for all whole goods and options with the exception of extended warranties. Chassis pricing will be priced upon request, as well as requests for rentals, pending availability. McNeilus is establishing a dealer network to build strategic relationships allowing us to harness the strength, experience and large footprint of we/l-established dealerships and enhance the overall customer experience. Our dealers will enhance sales, parts and service support, and bring more access to stock units on the ground along with connection to direct sales and support contacts."

2. The Response to line item 35 under "Table 5: Pricing and Delivery" in the Proposal is deleted in its entirety and replaced with the following:

   "McNeilus uses a combined factory direct and dealer sales and distribution model."

3. The Response to line item 50 under "Table 11: Ability to Sell and Deliver Service" in the Proposal is deleted in its entirety and replaced with the following:

   "McNeilus offers a combined factory direct and dealer sales force. With this sales force, Sourcewell members are getting experts helping them with the solutions they need. This also ensures a team of people intimately familiar with the Sourcewell pricing structure, contract and knowledge of how to provide options to customers via the Sourcewell contract."

4. The Response to line item 52 under "Table 11: Ability to Sell and Deliver Service" in the Proposal is deleted in its entirety and replaced with the following:

"With the expanding McNeilus dealer network, we are ready to meet the needs of customers wherever they may be. We are continuously working with our dealers to look at areas that need more McNeilus service and mobile technicians and are evaluating where we can continue to grow the footprint to better service our customers through traditional and nontraditional McNeilus methods. McNeilus also employes a team of remote (over the phone) factory direct, dedicated, troubleshooting technicians to aid dealers in diagnosing and troubleshooting issues through dialing one of our McNeilus help lines."

5. The Response to line item 53 under "Table 11: Ability to Sell and Deliver Service" in the Proposal is deleted in its entirety and replaced with the following:

   "Sourcewell members will contact a McNeilus dealer seeking information or a quotation on a refuse collection vehicle. After discussing the customer needs, and potentially an in-person review of existing equipment, a specification is set forth and the McNeilus dealer will use our web-based configurator to build the specification and generate a price to the Sourcewell member. All Sourcewell quotes will be reviewed by sales leadership for accuracy and to ensure all portions of the Sourcewell contract are adhered to, including price and clearly stating the Sourcewell contract number on the quote. The quote and specification are then shared with the Sourcewell member. If the Sourcewell member is providing their own chassis, or a chassis from their local dealer, a chassis specification will be shared with the dealer for a compatibility review to be done by McNeilus engineering and/or sales operations team members to ensure correct component placement, integration work is done and best possible body fitment. Upon acceptance, either the quote is signed and returned, or a customer issued PO is returned to the dealer, and the documentation is submitted into our quoting tool for placement of the order into our build schedule. Communication will be consistent through the build process to ensure updates are provided and Sourcewell members know when to expect their equipment so that they can plan accordingly."

Except as amended above, the Contract remains in full force and effect.

Visalia City Council

Staff Report

File #: 25-0418 **Agenda Date:** 10/6/2025 **Agenda #:** 4.

Agenda Item Wording:
Award a Contract for Welding, Fabrication, and Machine Work - Authorize the City Manager to award an annual contract for miscellaneous welding, fabrication, and machine work for City fleet vehicles to A & E Welding of Visalia in an amount not to exceed $55,000 annually, totaling $275,000 over the life of the contract, with an option to renew annually for up to (4) additional one-year terms.

Prepared by:
Danny Galindo, Public Works Manager, danny.galindo@visalia.city, (559) 713-4186
Nick Bartsch, Public Works Director, nick.bartsch@visalia.city, (559) 713-4052

Department Recommendation: Staff recommends that the City Council authorize the City Manager to award an annual contract for miscellaneous welding, fabrication, and machine work for City fleet vehicles to A & E Welding of Visalia in an amount not to exceed $55,000 annually, totaling $275,000 over the life of the contract, with an option to renew annually for up to (4) additional one-year terms.

Summary:
RFB 23-24-66 for miscellaneous welding, fabrication, and machine work for repairs and maintenance on City fleet vehicles was advertised in the newspaper on July 18, 2025, posted on Bidnet, and notifications were sent to all local vendors who provide these services.

In response to the RFB, the City's Purchasing division received (2) bids and are summarized below:

Company	Location	Total Bid Amount
A&E Welding	Visalia	$17,000
Weldcat Fabrication	Selma	$200,000

The total bid amount was calculated based on the bidder’s proposed hourly rates. A&E welding is a known vendor for these services and has performed well in the past. The term of this contract will be for one-year, with (4) renewable one-year extensions.

Background Discussion:
The Fleet Division has developed an annual contract for the welding, fabrication, and machine work for repairs and maintenance, which will be managed through the Fleet Maintenance Division. In some cases, due to the magnitude, nature and/or complexity of some repairs, it is impractical, or infeasible, for the City’s staff to perform the required welding or fabrication. Based on the volume of maintenance and routine repairs to the City-wide fleet, Staff has determined specialty fabrication and welding can be done more effectively and efficiently by a contractor at this time.

The City of Visalia Solid Waste division will be the primary department serviced by this vendor. Front-

loading and side-loading Solid Waste trucks utilize a metal-to-metal packer blade system and over time the weight of the unit causes extreme wear to the packer blade, floor, guides, and channels. Fleet maintenance will routinely have these metal parts serviced to extend the useful life of the vehicle.

Historical spending for these services:

FY22-23: $32,871
FY23-24: $54,239
FY24-25: $19,164

Based on prior spending and projected needs, the total cost is not expected to exceed $55,000 annually.

The current solicitation (RFB No. 23-24-66) continues this essential service. Bids were received and evaluated, with A&E Welding providing the most responsible and responsive proposal.

Fiscal Impact: Funding for welding, fabrication, and machine work for repairs and maintenance is budgeted annually in Fleet Operations (5012) to cover these costs.

Prior Council Action: On November 5, 2018 council approved a 5-year contract for these services to A&E Welding.

Other: N/A

Alternatives: None recommended

Recommended Motion (and Alternative Motions if expected):
I motion to authorize the City Manager to award an annual contract for miscellaneous welding, fabrication, and machine work for City fleet vehicles to A & E Welding of Visalia in an amount not to exceed $55,000 annually, totaling $275,000 over the life of the contract, with an option to renew annually for up to (4) additional one-year terms.

Environmental Assessment Status: N/A

BIDDING AGENCY:_____

EXHIBIT "A"
BID FORM
RFB NO. 23-24-66
Project: ANNUAL CONTRACT FOR
MISCELLANEOUS WELDING, FABRICATION & MACHINE WORK FOR REPAIRS AND MAINTENANCE ON CITY FLEET VEHICLES

TO: THE CITY OF VISALIA PURCHASING DIVISION:

In compliance with the City's Notice Inviting Sealed Bids No. 23-24-66 dated: 7/22/25, the undersigned BIDDER hereby proposes to furnish all materials, equipment, tools, labor appurtenances and incidentals required for the above stated project as set forth in the RFB, including all Exhibits and related contract documents therefore, and to perform all work in the manner and time prescribed therein.

BIDDER declares that this proposal is based upon careful examination of the Instructions to BIDDERs, and the contract requirements. If this bid is accepted for award, BIDDER agrees to enter into a contract with CITY at the unit and/or lump sum prices set forth in the following Bid Schedule.

BIDDER understands that a bid is required for the entire work and that final compensation under the contract will be based upon the actual quantities of work satisfactorily completed. It is agreed that all prices bid include all appurtenant expenses, taxes, royalties and fees. All bids will be checked for accuracy. In the case of discrepancies in amounts bid, unit prices shall govern over extended amounts.

BIDDER hereby agrees to execute a contract within ten (10) working days, or such further time as may be allowed in writing by the Purchasing Division, after receiving notification of the acceptance of this Bid, and it is hereby mutually understood and agreed that in case the BIDDER does not, said Purchasing Division may proceed to award the contract to others.

BIDDER agrees to commence the work on the start date agreed between BIDDER and Project Manager, only after the contract is fully executed and Notice to Proceed has been issued.

BIDDER further declares that he/she has not either directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with said bid.

Low Bid will be based on the lowest Total Annual Cost. The quantities given on the Bid Proposal form and any related contract documents are estimates only. They are given as a basis for comparison of Bids. The City of Visalia does not, expressly or impliedly agree that the actual amount of work will correspond therewith, and reserves the right to increase or decrease the amount of any class or portion of work, or to omit portion of the work, as the City deems necessary or advisable, at the prices Bid.

BIDDER has read and hereby agrees to the conditions stated in this proposal by affixing his/her signature on the Bid Form.

In the case of discrepancy in amounts bid, unit pricing shall prevail over extended amounts.

BIDDING AGENCY: _____

Low Bid will be based on the lowest Total Annual Cost. Compensation under this contract will be paid at the hourly rate listed for actual amounts of work completed.

Description: **Per specifications of RFB 23-24-66**	**Hourly Rate**		**Annual Estimate**		**Total Annual Cost**
Shop welding & fabrication services (Regular Time)	$ 85 00/100	x	200	=	$ 17000 00/100

WORKERS' COMPENSATION INSURANCE CERTIFICATE
(CALIF. LABOR CODE § 3700)

STATE OF CALIFORNIA)
) ss
CITY OF VISALIA)

I am aware of the provisions of Section 3700 of the Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work under this contract.

BIDDER'S STATEMENT ON PREVIOUS CONTRACTS SUBJECT TO EQUAL EMPLOYMENT OPPORTUNITY CLAUSE (EXECUTIVE ORDER 11246)

The BIDDER shall complete the following statement by checking the appropriate blanks:

The BIDDER has ✓ has not ____ participated in a previous contract subject to the Equal Employment Opportunity Clause prescribed by Executive Order 11246, as amended, of September 24, 1965.

The BIDDER has ✓ has not ____ submitted all compliance reports in connection with any such contract due under the applicable filing requirements; and that representations indicating submission of required compliance reports signed by proposed subBIDDERs will be awarded prior to award of subcontracts.

If the BIDDER has participated in previous contracts subject to the Equal Employment Opportunity Clause and has not submitted compliance reports due under applicable filing requirements, the BIDDER shall submit a compliance report on Standard Form 100, "Employee Information Report EEO-I" prior to award of the contract.

Note: Failure to complete the blanks may be grounds for rejecting the bid.

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE (EXECUTIVE ORDER 11246)

Equal Opportunity Clause

Unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Executive Orders 10925, 11114 or Section 204 of Executive Order 11246 of September 24, 1965, during the performance of each contract with the City of Visalia, the BIDDER agrees as follows:

1. The BIDDER will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin or political affiliation. The BIDDER will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, gender, national origin or political affiliation. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The BIDDER agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2. The BIDDER will, in all solicitations or advertisements for employees, placed by or on behalf of the BIDDER, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin or political affiliation.

3. The BIDDER will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or the workers' representative of the BIDDER's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice on conspicuous places available to employees and applicants for employment.

4. The BIDDER will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations and relevancy orders of the Secretary of Labor.

5. The BIDDER will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and relevant orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

6. In the event of the BIDDER's non-compliance with the non-discrimination clauses of this subcontract or with any of such rules, regulations or orders, this subcontract may be canceled, terminated or suspended, in whole, or in part and the BIDDER may be declared ineligible for further government contracts in accordance with the procedures authorized in accordance with Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or otherwise provided by law.

7. The BIDDER will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each SUBBIDDER or vendor. The BIDDER will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event the BIDDER becomes involved in, or is threatened with litigation with a SUBBIDDER or vendor as a result of such direction by the contracting agency, the BIDDER may request the United States to enter into such litigation to protect the interest of the United States.

1110 N. Cain St. Visalia, CA 93292

Address

List the names of all principals, partners, and/or trustees. For corporations, provide names of officers, directors and all stockholders owning more than 10% equity interest in corporation:

Robert Joubert 100%.

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES:_____ NO:__X__. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

The contractor or grant recipient named above hereby certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. The above named contractor or grant recipient will:

1. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations, as required by Government Code Section 8355(a).

2. Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b), to inform employees about all of the following:

   (a) The dangers of drug abuse in the workplace,

   (b) The person's or organization's policy of maintaining a drug-free workplace,

   (c) Any available counseling, rehabilitation and employee assistance programs, and

   (d) Penalties that may be imposed upon employees for drug abuse violations.

3. Provide as required by Government Code Section 8355©, that every employee who works on the proposed contract or grant:
   (a) Will receive a copy of the company's drug-free workplace policy statement, and

   (b) Will agree to abide by the terms of the company's statement as a condition of employment on the contract or grant.

4. At the election of the contractor or grantee, from and after the "Date Executed" and until _____ (NOT TO EXCEED 36 MONTHS), the state will regard this certificate as valid for all contracts or grants entered into between the contractor or grantee and this state agency without requiring the contractor or grantee to provide a new and individual certificate for each contract or grant. If the contractor or grantee elects to fill in the blank date, than the terms and conditions of this certificate shall have the same force, meaning effect and enforceability as if a certificate were separately, specifically, and individually provided for each contract or grant between the contractor or grantee and this state agency.

Attachment 1- General Contract Provisions

Attachment 2- Insurance Requirements

I. DEFINITIONS

For the purposes of RFB NO. 23-24-66, the following terms shall have the meanings indicated:

1. "City" means the City of Visalia
2. "City Council" means the Council of the City of Visalia
3. "Bidder", "Vendor", "Supplier", "Consultant", "Contractor" and "Subrecipient" are used interchangeably throughout this invitation to mean the person, firm, or corporation or other entity submitting a Bid in response to the Request for Bid.
4. "Bid" and "Proposal" are used interchangeably to mean an individual's or entity's offer in response to this Request for Bid.
5. "RFB" means Request for Bid No. 23-24-66.

II. INTRODUCTION

The City of Visalia Purchasing Division is soliciting Bids for an annual contract for miscellaneous welding, fabrication & machine work for repairs and maintenance on City of Visalia fleet vehicles. The successful bidder shall be located within a 50-mile radius of the City of Visalia.

The initial contract shall be for a twelve (12) month period and shall, at the City's option and upon mutually agreeable terms, be renewable annually thereafter for four (4) consecutive one-year periods. Bids are being sought from contractors who have a proven record of experience in providing the services required by this Invitation to Bid.

The successful bidder shall be responsible for providing all services necessary to fulfill the requirements of this Invitation to Bid upon receipt of the City's Notice to Proceed.

In an effort to encourage local businesses to provide goods and services to the City, Council has enacted a local preference. The local preference will apply to any business that has a business address within Tulare County for a minimum of six months. A Post Office Box will not be accepted as a business address. The City reserves the right to request proof of Tulare County address.

The local preference for bids consists of a match preference in which a local vendor whose bid is within 5% of the apparent low bidder will be given three (3) business days, from date notified, to match or beat the low bid. If there is more than one local vendor that is within the 5% range, the offer goes to the local vendor that is closest to the low bid.

The City hereby affirmatively ensures that Minority Business Enterprises and Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit proposals in response to this notice. Individuals and/or entities submitting bids/proposals to the City of Visalia will not be discriminated against on the basis of race, religion, color, national origin, ancestry, physical or mental disability, medical condition, genetic information, marital status, gender, gender identity or expression, sexual orientation, or military and veteran status in any consideration leading to the award of contract.

No qualified disabled person shall, on the basis of disability, be excluded from participating in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity leading to the award of a contract.

This Request for Bids is being issued by the City of Visalia Purchasing Division. Unless otherwise directed, all communications regarding this RFB should be directed to the Purchasing Division at (559) 713-4334. To prevent misinterpretations, the Purchasing Division prefers that all questions be sent by e-mail to purchasing@visalia.city.

Any revisions to the Invitation to Bid will be issued and distributed as addenda. Bidders are specifically directed not to contact any other City personnel for meetings, conferences, or technical

discussions related to this Invitation to Bid. Failure to adhere to this policy may be grounds for rejection of Bids.

The City of Visalia reserves the right to reject any or all bids.

III. INSTRUCTIONS

1. Fill out attached Bid Form (Exhibit "A") in ink or typewriting completely.

2. Cross out and initial mistakes in ink and place the correct response next to same.

3. Timely submit Bid in a sealed envelope addressed and marked as follows:

   To: City of Visalia Purchasing Division
   707 W. Acequia Avenue
   Visalia, California 93291

   From: Bidders Name & Mailing Address

   Marked: Miscellaneous Welding, Fabrication & Machine Work
   RFB NO. 23-24-66
   Deadline: August 26, 2025 @ 2:00 p.m.

   Delivery of Bid: When sending a bid via Fed Ex, UPS, etc., it is the responsibility of the Bidder to ensure that Bid is received during open office hours. Office Hours are 7:30am – 5:00pm Monday through Thursday. We are closed on Fridays and major holidays. Bids are not delivered or received when office is closed.

   The City utilizes an outside service for delivery and sorting incoming mail, and therefore, mailing a bid via U.S. Mail is not recommended as there could be a delay in receiving bids by the deadline. Bids must be received prior to the deadline. The City will not accept a postmark as evidence of delivery.

   Night Drop Box: If delivering a bid after hours, a Night Drop Box is located at Visalia City Hall, 707 W. Acequia Avenue, Visalia, CA 93291. Enter the west parking lot of the building off of Stevenson Street. The Drop Box is labeled "Night Drop" and is located on the building across from the bicycle racks. The Night Drop Box should only be utilized if City Offices are Closed. The Night Drop Box is checked prior to the bid deadline.

4. Submit each of the required Certifications, Affidavits, Statements and Questionnaires as well as optional waiver(s) to City with the sealed Bid. City will not consider Bids which are not accompanied by the required completed forms.

5. Inquiries: Instructions to Vendor, Specifications and Bid Forms may be inspected and obtained by visiting our web site at visaliapurchasing.org or by calling (559) 713-4334.

However, to prevent misinterpretations, the Purchasing Division would prefer that all questions be sent by email to purchasing@visalia.gov.

Questions regarding this RFB are due no later than Monday, August 11, 2025 at 4:00 p.m.

IV. SCOPE OF SERVICES/PROJECT

Contractor's Responsibilities:

1. Contractor shall provide onsite welding & fabrication services for aluminum, steel and stainless steel on an as-needed basis.

2. Contractor shall provide a written estimate of repairs within twenty-four (24) hours of notification of request. City of Visalia shall receive priority over other projects. Work must be started within 48 hours of vehicle delivery and completed within a predetermined and agreed upon time frame.

3. Contractor shall have the capability to store in their facility, vehicles such as Fire apparatus, Refuse trucks and dump body trucks, no exception. The contractor shall be responsible for any and all damages to the City owned vehicles which occurs while the vehicle is on the contractor's premises. The contractor agrees to keep the City owned vehicles in a secure area while they are on the contractor's premises and prohibit the use or operation of such vehicles by the contractor's officers, agents, employees, or subcontractors, except in connection with the repair of such vehicle.

4. Contractor shall have the capability of removing refuse bodies if needed for fabrication or repair.

5. The estimated quantities listed on the bid form are for the purposes of bidding. The City of Visalia does not guarantee a minimum amount of work.

6. Contractor shall not perform any additional services related to the contract for which payment is expected without the express written consent of the City of Visalia, prior to the time the extra services are performed or rendered.

7. Should a need arise for services which are not available from the Contractor, the City reserves the right to secure services from other sources to meet its immediate needs without prejudice of the contract.

8. Contractor agrees to bear all risks of loss, injury or destruction of goods or equipment incidental to providing these services which occurs prior to delivery to and acceptance by the City; and such loss, injury or destruction shall not release the vendor from any obligation hereunder.

Required Machinery & Equipment:

Contractor is required to possess, at a minimum, the listed items below, no exceptions:

1. Hydraulic press brake
2. Spot welder
3. Mig welder
4. Tig welder
5. Stick welder
6. Arbor press
7. Milling machines
8. Large throw lathe

V. PRE-BID MEETING AND CONTRACT MEETING

1. Non-mandatory pre-bid meeting. A non-mandatory pre-bid meeting will be held on Wednesday, August 6, 2025 at 10:30 a.m. and will be held at City Hall, 707 W. Acequia Ave. in Visalia, CA. Attendance at this meeting is not required to submit a bid in response to this RFB. Information regarding the project will be provided at that time. It shall be the responsibility of the Contractor t ohave acquired full knowledge of the scope of work and any problems or difficulties that may affect the work proposed.

2. Post Award Meeting. Subsequent to the award of the contract, the Contractor shall meet with the Project Manager prior to the start of work to discuss any problems or questions that may arise. Contractor shall contact the Project Manager within ten (10) days from date of Notice to Proceed to arrange this meeting.

City Project Manager:	Danny Galindo
Department:	Public Works, Fleet Division

VI. BID OPENING AND CONFIDENTIALITY

1. Bid Opening. Bids shall be opened publicly in the presence of attendees, if any, on Tuesday, August 26, 2025 at 2:00 p.m. at 707 W Acequia, Visalia CA, City Hall. The name of each Bidder and the amount of each Bid shall be open to public inspection at the Bid opening and after an award decision has been made. Other Bid information will not be available for public review during the evaluation phase.

2. Bid Confidentiality. The City favors full and open disclosure of all Bid records. The City will not expend public funds defending claims for access to, inspection of, or to be provided copies of any such records. By submitting a Bid, a Bidder agrees to indemnify and defend the City against all claims or actions brought against it to seek access to, or compel disclosure of, any records or documents in the City's possession.

   After the award, the City intends that its selection process will be open and public. Respondents are advised that the California Public Records Act ("PRA") provides that any person may inspect or be provided a copy of any identifiable public record or document that is not exempted from disclosure by the express provisions of the Act. The Federal Freedom of Information Act ("FOIA") contains a similar provision. Each Bidder shall clearly identify any information within its Bid that it intends to ask the City to withhold as exempt under either the PRA or FOIA. Any information contained in a Bidder's submission which the Bidder believe qualifies for exemption from public disclosure as "Proprietary" or "Confidential" must be identified as such at the time of first submission of Bidder's Bid to this RFB. Any failure to identify information contained in a Bidder's Bid to this RFB as "Proprietary" or "Confidential" shall constitute a waiver of Bidder's right to object to the release of such information upon request under either Act.

VII. AWARD

1. Most Responsive, Responsible Bidder. A Contract (substantially similar to that attached hereto as Exhibit "C" with Attachments 1-2) shall be awarded with reasonable promptness by appropriate written notice. Award shall be made to the most responsive, responsible Bidder whose Proposal meets the requirements and criteria set forth in this RFB, price and other factors considered, and whose Bid is determined to result in the optimum economic advantage to the City. A responsible Bidder is one who has the capability, financial capacity and integrity to perform the contract. A responsive Bidder is one who commits to all of the material terms, for example, price, quantity, quality and delivery, of this RFB. Contractor must return a

signed copy of the contract provided by the City with its Award Notice to City within ten (10) working days of receipt thereof.

2. Reservation of Rights. The City reserves the right to reject any item or items in the Bid; to waive informalities, technical defects, and minor irregularities in Bids received; and to select the Bid(s) deemed most advantageous to the City.

VIII. PROTESTS/APPEALS

Because it is essential that Bidders have confidence in the procurement procedures for soliciting and awarding contracts, it is the policy of the City to offer Bidders the opportunity to appeal award of contracts. The following procedures shall apply in regard to appeals:

1. Any actual Bidder who is aggrieved in connection with this RFB or award of a contract hereunder may protest to the City of Visalia Purchasing Division in writing within five (5) working days after such aggrieved Bidder knows, should have reasonably known, or could reasonably be expected to know of the facts giving rise thereto; and

2. Should identify only the areas regarding bid contradictions, procurement errors, quotation rating discrepancies, legality of procurement context, conflict of interest in the rating process and inappropriate or unfair competitive procurement grievance regarding the Bid process.

3. The City's Purchasing Division shall have the authority to settle and resolve each protest. The resolution will be provided to Bidder in writing within five (5) working days of receipt of the appeal unless the Bidder is notified more time is required.

4. Further levels of appeal may be made in accordance with the appeals provision contained in Chapter 5 of the City's "Purchasing and Contract Procedures" which is available through City's Purchasing Division.

IX. SPECIAL CONDITIONS

1. Complete Project. The successful Bidder shall be responsible for providing all materials, labor, equipment and services necessary to fulfill the requirements of this RFB.

2. Legal Responsibilities. It is the responsibility of Contractor to comply with all local, state, and federal laws and regulations which apply to this project. This includes, but is not limited to, compliance with Uniform Building, Plumbing, Mechanical, Electric, and Fire Codes. Contractor shall provide a safe working environment in compliance with the Occupational Safety and Health Act, and California Health and Safety Codes. Additionally, Contractor shall secure all necessary permits, licenses, and similar requirements to carry out the project. Contractor shall comply with all applicable labor laws, and ensure against discrimination.

X. GENERAL CONDITIONS

1. It is the policy of the City to provide equal opportunity to all candidates when selecting Bidders to provide public services. Bidders are expected to be equal opportunity employers.

   The City hereby affirmatively ensures that Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit a Bid in response to this notice and will not

be discriminated against on the basis of race, color, national origin, ancestry, disability, gender or religion in any consideration leading to the award of contract.

No qualified disabled person shall, on the basis of disability, be excluded from participating in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives or benefits from Federal financial assistance.

Bidder shall provide to the City a list of all instances within the last ten (10) years where a complaint was filed or pending against Bidder in a legal or administrative proceeding alleging that Bidder discriminated against its employees, subcontractors, vendors or suppliers. A description of the status or resolution of that complaint, including any remedial action taken is required.

2. Post-Closing Date Corrections are prohibited.

3. Bids will not be accepted unless signed in ink (not typed) in the appropriate space(s) by an authorized officer or employee of the Bidder.

4. Bids must be submitted on or before the Closing Date. Any Bids received after the Closing Date shall be returned, unopened, to the Bidder, provided the request number, opening date, and Bidder's return address are on the envelope.

5. Bids may be withdrawn prior to the Bid Closing Date by writing to the Purchasing Division.

6. Telegraphic, telephonic, electronic and facsimile Bids and withdrawal requests will not be accepted.

7. Prices submitted are considered accurate for a period of ninety (90) days and cannot be withdrawn after the Closing Date.

8. All Bids are the property of the City after submission.

9. City is not responsible for Bid errors and omissions.

10. Bids should be prepared in a straightforward, concise manner. Information provided which was not specifically requested will be considered only in City's discretion.

11. A written amendment or addenda issued by City's Purchasing Division is the only method which should be relied on with respect to changes to the RFB. Respondent is responsible to contact City's Purchasing Division prior to submitting a Bid to determine if any amendments were made to the RFB.

12. Any contract resulting from the RFB will be jointly administered by the City's Purchasing Division, and the Department requesting Bids.

13. Prior to conducting business in the City, a business tax certificate (license) must be obtained. Call 559-713-4326 for more information.

14. Bidder shall provide insurance as required by law and as indicated in the proposed contract.

15. Bidder shall maintain all personnel files and payroll records for employees used to implement the proposed contract.

16. Bidder shall withhold, pay and report all taxes and issue W-2 forms at the end of each calendar year for employees used to implement the proposed contract.

17. Pursuant to the City's Charter, all other things being equal, tie Bids shall be awarded to a local merchant to the extent quality and prices are equal. If neither is a local vendor, the Bid shall be awarded by the flip of a coin by the Purchasing Division in the presence of at least one witness.

18. The City may make such investigation of the Bidder and information in the Bid as it determines necessary. This may include the collection of criminal history information, contractual and business associations and practices, employment histories and reputation.

19. All California agencies may purchase off the Proposal submitted at the same prices, terms, conditions and specifications. The City of Visalia shall incur no responsibility in connection with another agency's purchase.

20. Each Bidder, will be required to submit Certifications, Affidavits, Assurances, Statements and Questionnaires which are attached in Exhibit "B".

21. The quantities given on the Bid Proposal form and any related contract documents are approximate only. They are given as a basis for comparison of Bids. The City of Visalia does not, expressly or impliedly agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of work, or to omit portion of the work, as the City deems necessary or advisable, at the prices Bid.

22. Bidders shall satisfy themselves by personal examination of the specifications and other contract documents and by any other means as they believe necessary, as to the actual physical conditions, requirements, and difficulties under which the project must be performed. The submission of a Bid shall be conclusive evidence that the Bidder has investigated, and is satisfied as to the conditions encountered, as to the character, quality, and quantities of work to be performed, and the materials to be furnished, and as to the requirements of the RFB and the City. No allowance shall subsequently be made because of lack of such examination or knowledge.

23. All Bidders are required to make a Bid on the complete Bid Form (Exhibit "A"). Contractor may be required to submit Proposals on alternate items. The City reserves the right to award to the contract based on the lowest combination or combinations of Proposal items and alternate proposed items.

24. No mention shall be made in the Proposal of sales tax, use tax or any other tax, as all amounts Bid will be deemed and held to include any such taxes, which may be applicable.

25. Only one Bid may be submitted as a "Prime Contractor" for the same work by any firm, individual, partnership, corporation or combination thereof. A Contractor submitting a Bid as a Prime Contractor may not also submit sub-Bids to other competing Prime Contractors. Reasonable grounds for believing that any individual, firm, partnership, corporation or combination thereof is interested in more than one Proposal for the work contemplated will cause the rejection of all Proposals in which such individual, firm, partnership, corporation or combination thereof is interested. A Contractor who is not submitting a Bid as a Prime Contractor may submit any number of sub-Bids to competing Prime Contractors.

26. The City of Visalia is not liable for any costs incurred by Bidder in responding to this Request for Bid.

27. The annual contract resulting from this invitation to bid will be administered by the Public Works Department. However, the City's Purchasing Division shall be the final

judge concerning issues or matters related to contract interpretation or problems regarding the terms, conditions or scope of the contract.

28. The initial contract term shall be for a twelve (12) month period and shall, at the City's option and with the consent of the CONTRACTOR, be extended annually thereafter for four (4) consecutive one-year periods. Contract shall be begin no later than 15 days from the receipt of annual contract.

29. All prices quoted in response to this Invitation to Bid shall be firm and fixed for twelve (12) months from the annual anniversary date of the agreement. In order to protect the interests of the City and to give the vendor a reasonable basis for bidding, a price adjustment feature is hereby incorporated into the specifications. Prices bid by vendor may be adjusted annually at time of contract renewal and upon mutual agreement of the parties to the contract to allow for price increases or decreases for labor and benefit rates, supplies and materials.

    It will be the responsibility of the contractor to request a price adjustment and to provide all documentation necessary. The request for price adjustment must be submitted to the project manager in writing a minimum of thirty (30) but no sooner than ninety (90) calendar days prior to the annual anniversary date of the agreement. Requests filed after this time period will not be considered.

    The unit prices for the ensuing contracts shall be based on the movement of the unadjusted figures of the **U.S. Bureau of Labor Statistics, Consumer Price Index (CPI) for all Urban Consumers (CPI-U U.S. City Average, All Items).** The contract unit prices may be changed in an amount equal to the percentage of movement for the most recent twelve-month period closest to the anniversary month of contract. In no instance shall the price increase exceed 5%. The contracts unit price changes as a result of this formula shall be binding on the contractor for the subsequent contract year. The adjustment of the unit bid price shall not be retroactive and shall apply only to changes incurred after approval.

30. This contract may be terminated without cause by the City, in whole or in part, by giving the Contractor fifteen (15) days written notice of the intent to terminate whenever the City determines that termination is in the best interest of the City.

    If the Contractor shall fail to provide services or perform satisfactorily the work required by the terms and conditions of the contract, or materially breaches any of its obligations under this agreement the City may terminate the contract, in whole or in part by written notice. Termination shall take effect ten (10) calendar days after the date of mailing said termination notice.

    Any assignment, subletting or transfer of the interest of the contractor, either in whole or in part, without the written consent of the City shall be cause for the City to immediately terminate the agreement for default.

    Notwithstanding any other provisions of this agreement, this agreement may be terminated by the City upon a single violation of this agreement.

31. EXECUTIVE ORDER N-6-22 – Russia Sanctions - On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection

of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

XI. POST AWARD RESPONSIBILITIES

1. Written Contract with City. A written agreement in a form similar to that attached to this Request for Bid as Exhibit "C" with Attachments 1-2 must be entered into between the City and the Contractor to whom the project is awarded. The Agreement forms the basis for the contractual obligation between the parties regarding the project. A contract will be provided with the Notice of Award and must be executed and returned to City within ten (10) working days of the date of award notification unless otherwise agreed.

2. Post-Award Responsibilities. Upon execution of the Agreement between the City and the Contractor, the Contractor shall immediately report all changes in its Articles of Incorporation, By-Laws, or Tax-Exempt status to the City.

3. Insurance. Contractor shall obtain and maintain the minimum insurance coverage outlined Exhibit "C", Attachment 2. Contractor shall provide evidence of such insurance to City's Purchasing Division prior to commencement of work.

Upon determination by the City that a contract has been entered and Contractor has provided all of the information that it is required to provide pursuant to this RFB, City will issue, in writing, a notice to proceed on the project to Contractor.

BIDDING AGENCY:_____

EXHIBIT "A"
BID FORM
RFB NO. 23-24-66
Project: ANNUAL CONTRACT FOR
MISCELLANEOUS WELDING, FABRICATION & MACHINE WORK FOR REPAIRS AND MAINTENANCE ON CITY FLEET VEHICLES

TO: THE CITY OF VISALIA PURCHASING DIVISION:

In compliance with the City's Notice Inviting Sealed Bids No. 23-24-66 dated: _____, the undersigned BIDDER hereby proposes to furnish all materials, equipment, tools, labor appurtenances and incidentals required for the above stated project as set forth in the RFB, including all Exhibits and related contract documents therefore, and to perform all work in the manner and time prescribed therein.

BIDDER declares that this proposal is based upon careful examination of the Instructions to BIDDERs, and the contract requirements. If this bid is accepted for award, BIDDER agrees to enter into a contract with CITY at the unit and/or lump sum prices set forth in the following Bid Schedule.

BIDDER understands that a bid is required for the entire work and that final compensation under the contract will be based upon the actual quantities of work satisfactorily completed. It is agreed that all prices bid include all appurtenant expenses, taxes, royalties and fees. All bids will be checked for accuracy. In the case of discrepancies in amounts bid, unit prices shall govern over extended amounts.

BIDDER hereby agrees to execute a contract within ten (10) working days, or such further time as may be allowed in writing by the Purchasing Division, after receiving notification of the acceptance of this Bid, and it is hereby mutually understood and agreed that in case the BIDDER does not, said Purchasing Division may proceed to award the contract to others.

BIDDER agrees to commence the work on the start date agreed between BIDDER and Project Manager, only after the contract is fully executed and Notice to Proceed has been issued.

BIDDER further declares that he/she has not either directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with said bid.

Low Bid will be based on the lowest Total Annual Cost. The quantities given on the Bid Proposal form and any related contract documents are estimates only. They are given as a basis for comparison of Bids. The City of Visalia does not, expressly or impliedly agree that the actual amount of work will correspond therewith, and reserves the right to increase or decrease the amount of any class or portion of work, or to omit portion of the work, as the City deems necessary or advisable, at the prices Bid.

BIDDER has read and hereby agrees to the conditions stated in this proposal by affixing his/her signature on the Bid Form.

In the case of discrepancy in amounts bid, unit pricing shall prevail over extended amounts.

BIDDING AGENCY: _____

Low Bid will be based on the lowest Total Annual Cost. Compensation under this contract will be paid at the hourly rate listed for actual amounts of work completed.

Description: **Per specifications of RFB 23-24-66**	**Hourly Rate**		**Annual Estimate**		**Total Annual Cost**
Shop welding & fabrication services (Regular Time)	$_____	x	200	=	$_____

*The following rates are requested for contract purposes only and will not be considered in your bid amount above.

Additional Bid Items	**Hourly Rate**
Shop welding & fabrication services (after hours)	$_____/hr
Shop welding & fabrication services (weekends & holidays)	$_____/hr

EXHIBIT "B-4"

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE (EXECUTIVE ORDER 11246)

Equal Opportunity Clause

Unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Executive Orders 10925, 11114 or Section 204 of Executive Order 11246 of September 24, 1965, during the performance of each contract with the City of Visalia, the BIDDER agrees as follows:

1. The BIDDER will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin or political affiliation. The BIDDER will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, gender, national origin or political affiliation. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The BIDDER agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2. The BIDDER will, in all solicitations or advertisements for employees, placed by or on behalf of the BIDDER, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin or political affiliation.

3. The BIDDER will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or the workers' representative of the BIDDER's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice on conspicuous places available to employees and applicants for employment.

4. The BIDDER will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations and relevancy orders of the Secretary of Labor.

5. The BIDDER will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and relevant orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

6. In the event of the BIDDER's non-compliance with the non-discrimination clauses of this subcontract or with any of such rules, regulations or orders, this subcontract may be canceled, terminated or suspended, in whole, or in part and the BIDDER may be declared ineligible for further government contracts in accordance with the procedures authorized in accordance with Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or otherwise provided by law.

7. The BIDDER will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each SUBBIDDER or vendor. The BIDDER will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event the BIDDER becomes involved in, or is threatened with litigation with a SUBBIDDER or vendor as a result of such direction by the contracting agency, the BIDDER may request the United States to enter into such litigation to protect the interest of the United States.

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES:_____ NO:_____. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)
_____	_____

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

STATE OF CALIFORNIA

DRUG-FREE WORKPLACE CERTIFICATION

STD.21 (REV.12-93)

CERTIFICATION

I, the official named below, hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the certification described below. I am fully aware that this certification, executed on the date below, is made under penalty of perjury under the laws of the State of California.

CONTRACTOR/BIDDER FIRM NAME	FEDERAL ID NUMBER
BY(Authorized Signature)	DATE EXECUTED
PRINTED NAME AND TITLE OF PERSON SIGNING	TELEPHONE NUMBER (Include Area Code) ( )
TITLE	
CONTRACTOR/BIDDER FIRM'S MAILING ADDRESS	

The contractor or grant recipient named above hereby certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. The above named contractor or grant recipient will:

1. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations, as required by Government Code Section 8355(a).

2. Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b), to inform employees about all of the following:

   (a) The dangers of drug abuse in the workplace,

   (b) The person's or organization's policy of maintaining a drug-free workplace,

   (c) Any available counseling, rehabilitation and employee assistance programs, and

   (d) Penalties that may be imposed upon employees for drug abuse violations.

3. Provide as required by Government Code Section 8355©, that every employee who works on the proposed contract or grant:
   (a) Will receive a copy of the company's drug-free workplace policy statement, and

   (b) Will agree to abide by the terms of the company's statement as a condition of employment on the contract or grant.

4. At the election of the contractor or grantee, from and after the "Date Executed" and until _____ (NOT TO EXCEED 36 MONTHS), the state will regard this certificate as valid for all contracts or grants entered into between the contractor or grantee and this state agency without requiring the contractor or grantee to provide a new and individual certificate for each contract or grant. If the contractor or grantee elects to fill in the blank date, than the terms and conditions of this certificate shall have the same force, meaning effect and enforceability as if a certificate were separately, specifically, and individually provided for each contract or grant between the contractor or grantee and this state agency.

AMERICANS WITH DISABILITIES ACT COMPLIANCE CERTIFICATE

By submission of a bid, the BIDDER certifies it will comply with the Americans with Disabilities Act, 42 U.S.C., 12101 et. seq., and will maintain compliance throughout the life of this Contract. By commencing performance of the Contract work, the selected BIDDER certifies to the Americans with Disabilities Act compliance.

TASK	COMPLETION DATE
Pay Contractor as work is completed and invoiced	As requested by Contractor

5. COMPENSATION:

CITY shall pay CONTRACTOR compensation for services as indicated in Paragraph 4 above; however, CITY shall pay not more than the following amount as total compensation under this Agreement, unless otherwise agreed in writing. Such sum shall be expended and paid by CITY on a reimbursement basis for services actually performed based on invoices, receipts, time sheets and similar documents presented by CONTRACTOR to CITY.

Total Compensation:	Not to exceed $xxx annually and not to exceed Contractor's stated bid prices
Source of Funds:	Local Revenues
Payment Schedule:	Within 30 days from date of invoice for completed work

6. CONTRACT PRICE ADJUSTMENTS:

All prices quoted in response to this Invitation to Bid shall be firm and fixed for twelve (12) months from the annual anniversary date of the agreement. In order to protect the interests of the City and to give the vendor a reasonable basis for bidding, a price adjustment feature is hereby incorporated into the specifications. Prices bid by vendor may be adjusted annually at time of contract renewal and upon mutual agreement of the parties to the contract to allow for price increases or decreases for labor and benefit rates, supplies and materials.

It will be the responsibility of the contractor to request a price adjustment and to provide all documentation necessary. The request for price adjustment must be submitted to the project manager in writing a minimum of thirty (30) but no sooner than ninety (90) calendar days prior to the annual anniversary date of the agreement. Requests filed after this time will not be considered.

The unit prices for the ensuing contracts shall be based on the movement of the unadjusted figures of the **U.S. Bureau of Labor Statistics, Consumer Price Index (CPI) for all Urban Consumers (CPI-U, U.S. City Average, All Items).** The contract unit prices may be changed in an amount equal to the percentage of movement for the most recent twelve-month period closest to the anniversary date of contract. **In no instance shall the price increase exceed 5%.** The contracts unit price changes as a result of this formula shall be binding on the contractor for the subsequent contract year. The adjustment of the unit bid price shall not be retroactive and shall apply only to changes incurred after approval.

IN WITNESS WHEREOF, this Agreement is executed on the day and year first above written.

GENERAL CONTRACT PROVISIONS

A. **Successors and Assigns**: This Agreement shall be binding upon and shall inure to the benefit of any successors to or assigns of the parties.

B. **Prohibition of Assignment**: Neither party shall assign, delegate or transfer their rights and duties in this Agreement without the written consent of the other party.

C. **Notices**: Notice shall be sufficient hereunder if personally served upon the City Clerk of the CITY or an officer or principal of the CONTRACTOR, or if sent via the United States Postal Service, postage prepaid, addressed as follows:

CITY OF VISALIA	CONTRACTOR
707 W. Acequia Ave.	_____
Visalia, CA 93291	_____
Attention: Purchasing	Attention: _____

D. **Independent Contractor:** It is understood and agreed by the parties herein that CONTRACTOR, in the performance of this Agreement, shall act as an independent contractor, and therefore shall obtain no rights to any fringe benefits that accrue to regular full-time CITY employees.

E. **Jurisdiction/Venue/Waiver Of Removal**: This Agreement shall be administered and interpreted under the laws of the State of California. Jurisdiction of litigation arising from this Agreement shall be in California. Any action brought to interpret or enforce this Agreement, or any of the terms or conditions hereof, shall be brought in Tulare County, California. The CONTRACTOR hereby expressly waives any right to remove any action to a county other than Tulare County as permitted pursuant to Section 394 of the California Code of Civil Procedure.

F. **Integration/Modification**: This Agreement and each of the documents and exhibits or attachments referenced herein, which are incorporated by reference, represents the entire understanding of the parties as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This Agreement may not be modified or altered except in writing signed by the parties, unless otherwise explicitly authorized.

G. **Conflict With Law**: If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void insofar as it is in conflict with said law, but the remainder of the Agreement shall be in full force and effect.

H. **Indemnification**: The CONTRACTOR waives any and all claims and recourse against the CITY, including the right of contribution of loss or damage to person or property arising from, growing out of, or in any way connected with or incidental to the CONTRACTOR's performance of this Agreement, except claims arising from the concurrent or sole negligence of the CITY or its officers, agents or employees. The CONTRACTOR will indemnify, hold harmless, and defend (at CITY's option) the CITY against any and all claims, demands, damages, costs, expenses, or liability arising out of the CONTRACTOR's performance of this Agreement except for liability arising out of the concurrent or sole negligence of the CITY or its officers, agents, or employees.

I. **Attorney's Fees**: In the event either party commences any action, arbitration or legal proceedings for the enforcement of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recovery of its attorney's fees and court costs incurred in the action brought thereon.

J. **Headings**: Section headings are provided for organizational purposes only and do not in any manner affect the scope or intent of the provisions thereunder.

K. **Firearms Prohibited:** Guns may not be carried by contractors /vendors/ consultants while working on City of Visalia premises without the expressed written approval of a City of Visalia Department Head, or an exemption in the contract. If a contractor/vendor/consultant is caught carrying a gun, without City permission, their contract will be terminated.

L. **Executive Order N-6-22 – Russia Sanctions:** On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

Exhibit "C"
Attachment 2

INSURANCE REQUIREMENTS

1. **CONTRACTOR Insurance.** CONTRACTOR, at its sole cost and expense, for the full term of this Agreement (and any extensions thereof), shall obtain and maintain at a minimum compliance with all of the following insurance coverage(s) and requirements. Such insurance coverage shall be primary coverage as respects CITY and any insurance or self-insurance maintained by CITY shall be in excess of CONTRACTOR's insurance coverage and shall not contribute to it.

2. **Subcontractor(s') Insurance.** If CONTRACTOR utilizes one or more subcontractors in the performance of this Agreement, CONTRACTOR shall obtain and maintain independent insurance as to each subcontractor or otherwise provide evidence of insurance coverage for each subcontractor equivalent to that required of CONTRACTOR.

3. **Types of Insurance and Minimum Limits.** The following types of insurance and minimum limits are required providing at least the following minimum coverage and limits of liability:

   a. **Worker's Compensation** written in accordance with the laws of the State of California providing coverage for any and all employees of CONTRACTOR in the minimum statutorily required coverage amounts;

   b. **Automobile Liability Insurance** for each of CONTRACTOR's vehicles used in the performance of this Agreement, including owned, non-owned (e.g. owned by CONTRACTOR's employees or contractors), leased or hired vehicles, in the minimum amount of $1,000,000 combined single limit per occurrence for bodily injury and property damage.

   c. **Comprehensive or Commercial General Liability Insurance** coverage in the minimum amount of $1,000,000 combined single limit, including coverage for:

      (1) bodily injury;
      (2) personal injury;
      (3) broad form property damage;
      (4) contractual liability;
      (5) cross-liability;
      (6) products and completed operations liability

4. **Other Insurance Provisions.**
   If any insurance coverage required in this Agreement is provided on a "Claims Made" rather than "Occurrence" form, CONTRACTOR agrees to maintain the required coverage for a period of three (3) years after the expiration of this Agreement (hereinafter "post agreement coverage") and any extensions thereof. CONTRACTOR may maintain the required post agreement coverage by renewal or purchase of prior acts or tail coverage. This provision is contingent upon post agreement coverage being both available and reasonably affordable in relation to the coverage provided during the term of this Agreement. For purposes of interpreting this requirement, a cost not exceeding 100% of the last annual policy premium during the term of this Agreement in order to purchase prior acts or tail coverage for post agreement coverage shall be deemed to be reasonable.

5. **Endorsements.**
   All required Automobile and Comprehensive or Commercial General Liability Insurance shall be endorsed to contain the following clauses:

a. The City of Visalia, its officers, agents, employees, representatives, and volunteers are added as additional insureds as respects operations and activities of, or on behalf of the named insured, performed under contract with the City of Visalia.

b. It is agreed that any insurance maintained by the City of Visalia shall apply in excess of and not contribute with insurance provided by this policy.

c. This insurance shall not be canceled, limited in scope or coverage, or non-renewed until after thirty (30) days prior written notice has been given to the City Clerk, City of Visalia, 707 W. Acequia, Visalia, CA, 93291

6. <u>Proof of Coverage</u>.

CONTRACTOR agrees to provide its insurance broker(s) with a full copy of these insurance provisions and provide CITY on or before the effective date of this Agreement with Certificate(s) of Insurance for all required coverages. Copies of all the required Endorsements shall be attached to the Certificate(s) of Insurance or other evidence of insurance acceptable to the City of Visalia, which shall be provided by CONTRACTOR's insurance company as evidence of the stipulated coverages. This Proof of Coverage shall then be mailed to the City of Visalia at the following address:

City of Visalia
707 W. Acequia
Visalia, CA 93291

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES:_____ NO:__X__. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

ANNUAL CONTRACT FOR MISCELLANEOUS WELDING, FABRICATION & MACHINE WORK FOR REPAIRS AND MAINTENANCE ON CITY FLEET VEHICLES
(City of Visalia Bid No. 23-24-66)

This Agreement, entered into and effective this _____ day of _____, 2025 ["Effective Date"], by and between the City of Visalia, hereinafter referred to as the "CITY", and A&E Welding Inc hereinafter referred to as the "CONTRACTOR", "BIDDER", or "SUBRECIPIENT".

R E C I T A L S

WHEREAS, CONTRACTOR is an corporation with a primary business address of 1110 N Cain St, Visalia, Ca 93292 and SSN or EIN: 22-3971868; and

WHEREAS, CITY is a municipal corporation and Charter Law City; and

WHEREAS, City of Visalia reviewed and evaluated responses to the Request for Bid and determined to award contract to CONTRACTOR for the Annual Project; and

WHEREAS, CONTRACTOR represents it is licensed, qualified and willing to complete the Project pursuant to terms and conditions of this Agreement.

NOW, THEREFORE, CITY and CONTRACTOR agree as follows:

1. TERM:
The term of this Agreement shall commence on the Effective Date and expire upon completion of all obligations of the parties, unless earlier terminated by the parties. The initial contract term shall be for a twelve (12) month period and shall, at the City's option and with the consent of the CONTRACTOR , be extended annually thereafter for four (4) consecutive one-year periods. Additionally, this Agreement may be terminated for convenience. In the event of termination or expiration of this Agreement, CONTRACTOR shall transfer to CITY any funds and/or accounts receivable on hand attributable to the use of CITY funds.

2. ATTACHMENTS INCORPORATED:
The following are attachments for this Agreement. Said attachments are incorporated into this Agreement as if included in full in the body:

ATTACHMENT#	DESCRIPTION OF ATTACHMENT
Attachment 1	General Contract Provisions
Attachment 2	Insurance Requirements
Attachment 3	City of Visalia Bid 23-24-66, Miscellaneous Welding, Fabrication & Machine Work For Repairs and Maintenance on City Fleet Vehicles
Attachment 4	CONTRACTOR's bid in response to Bid No. 23-24-66

3. CONTRACTOR SCOPE OF SERVICES and COMMITMENTS*:
CONTRACTOR shall provide the following services for the stated compensation on or before the stated completion dates ("Scope of Services"):

All work described in Scope of Services in Bid No. 23-24-66.

4. CITY COMMITMENTS:
CITY shall perform the following tasks on or before the stated completion dates:

TASK	COMPLETION DATE
Pay Contractor as items are delivered and invoiced	As requested by Contractor

5. COMPENSATION:

CITY shall pay CONTRACTOR compensation for services as indicated in Paragraph 4 above; however, CITY shall pay not more than the following amount as total compensation under this Agreement, unless otherwise agreed in writing. Such sum shall be expended and paid by CITY on a reimbursement basis for services actually performed based on invoices, receipts, time sheets and similar documents presented by CONTRACTOR to CITY.

Total Compensation:	Not to exceed $55,000.00 annually and not to exceed Contracto stated bid prices.
Source of Funds:	Local Revenues
Payment Schedule:	Within 30 days from date of invoice for delivered product

6. CONTRACT PRICE ADJUSTMENTS:

All prices quoted in response to this Invitation to Bid shall be firm and fixed for twelve (12) months from the annual anniversary date of the agreement. In order to protect the interests of the City and to give the vendor a reasonable basis for bidding, a price adjustment feature is hereby incorporated into the specifications. Prices bid by vendor may be adjusted annually at time of contract renewal and upon mutual agreement of the parties to the contract to allow for price increases or decreases for labor and benefit rates, supplies and materials.

It will be the responsibility of the contractor to request a price adjustment and to provide all documentation necessary. The request for price adjustment must be submitted to the project manager in writing a minimum of thirty (30) but no sooner than ninety (90) calendar days prior to the annual anniversary date of the agreement. Requests filed after this time will not be considered.

The unit prices for the ensuing contracts shall be based on the movement of the unadjusted figures of the **U.S. Bureau of Labor Statistics, Consumer Price Index (CPI) for all Urban Consumers (CPI-U, U.S. City Average, All Items).** The contract unit prices may be changed in an amount equal to the percentage of movement for the most recent twelve-month period closest to the anniversary date of contract. **In no instance shall the price increase exceed 5%.** The contracts unit price changes as a result of this formula shall be binding on the contractor for the subsequent contract year. The adjustment of the unit bid price shall not be retroactive and shall apply only to changes incurred after approval.

IN WITNESS WHEREOF, this Agreement is executed on the day and year first above written.

Staff Report

File #: 25-0433 **Agenda Date:** 10/6/2025 **Agenda #:** 5.

Agenda Item Wording:
Memorandum of Understanding with the County of Tulare - Authorize the City Manager to execute a Memorandum of Understanding with the County of Tulare for the Active Transportation Program funded Goshen-Visalia Corridor Connection Project, adopt Resolution 2025-71, and appropriate $1,100,000 from Fund (281) Transportation to be reimbursed by the County of Tulare for the design phase.

Prepared by:
Diego Corvera, Senior Civil Engineer, Diego.Corvera@Visalia.City, (559)713-4209
Chris Crawford, City Engineer, Chris.Crawford@Visalia.City, (559)713-4331
Jason Huckleberry, Engineering & Building Director, Jason.Huckleberry@Visalia.City, (559)713-4495

Department Recommendation:
Staff recommends the following:

1. City Council authorize the City Manager to execute a Memorandum of Understanding (MOU) with the County of Tulare for the Goshen-Visalia Corridor Connection Project;
2. Adopt resolution 2025-71 and;
3. Appropriate $1,100,000 from Fund (281) Transportation to be reimbursed by the County of Tulare for the design phase of the Goshen-Visalia Corridor Connection Project.

Summary:
City staff submitted the Goshen-Visalia Corridor Connection (GVCC) grant application in partnership with the County of Tulare during the Cycle 7 Active Transportation Program (ATP) in June 2024. It was a higher scoring application and the City was awarded the requested $34,608,000 to construct the GVCC project.

The MOU outlines City and County responsibilities in project development and delivery to construction. Each jurisdiction will be responsible for their respective fiscal portions of the project, the MOU establishes clear delineation between the County and City portions of the work as the City is the lead for project design and delivery across both jurisdictions.

Background Discussion:
In order to maximize the benefits of this project, the City partnered with the County of Tulare to include improvements within the Goshen Community that provide the residents of the Goshen Community safe access to the Goshen corridor. The estimated project cost of $43 million includes the cost of improvements within the Goshen Community.

This additional project scope was added as an explicit effort to make the Goshen Trail Reconstruction project more competitive for grant funding. This incorporation added a large, disadvantaged

community to benefit from the project outcomes as well as added constituents beyond City residents. This project expansion proved to make this application exceptional as it was ultimately awarded funding during the most competitive cycle of ATP funding to date (Cycle 7).

Cycle 7 saw a nearly 40% reduction in funding due to state budget needs in 2024. This made Cycle 7 the most competitive cycle to date as the amount available for funding was cut significantly. Despite this, the GVCC was fully funded, and the project scope augmentation was a major reason for it.

Goshen-Visalia Corridor Connection Project

The project will reconstruct the existing Class 1 multi-use trail from Mooney Blvd. to Miller Park Ct. and extend the trail from Miller Park Ct. to Camp Drive. The existing trail from Giddings to Akers was constructed in 1996 and the segment from Akers St. to Miller Park Ct. in 1998. The existing 8' wide deteriorated asphalt trail will be reconstructed and elevated from street grade to prevent future flooding and for additional safety. This project will include improvements to the intersections and railroad crossings, installation of curb and gutter where none exists, and additional landscaping and lighting to further improve the safety for users of this trail.

The improvements in the Goshen community will incorporate two-way cycle tracks connecting the community to the Goshen trail, community destinations and a local elementary school. Mini circle construction will be incorporated at major intersections and bulb out pedestrian ramps for traffic calming within the community.

Fiscal Impact:

The Goshen Visalia Corridor Connection project is funded through Active Transportation Program grant funds, County of Tulare matching funds, and City of Visalia matching funds through Measure R Trail funds, see below project budget.

MOU Funding Breakdown is provided for informational purposes only to provide a summarized estimate of the total estimated cost of the entire project, grant funds awarded, and estimated contribution amount from each agency.

MOU Funding Breakdown	
Project Budget	
Active Transportation Program Fundings	$34,608,000.00
City matching Funds (Measure R Trails)	$4,912,000.00
County matching Funds	$3,780,000.00
Total Project Funding	**$43,300,000.00**

Currently, staff recommends the appropriation of funds for the portion the County will contribute towards the design phase only.

Estimated Project Design Costs for County Portion	
PA & ED, PS&E Phase Consultant Fee	$944,025.00
Estimated City Staff Time	$75,000.00
Estimate Railroad Fee (Union Pacific Railro	$50,000.00

Estimate Railroad Fee (SJVR)	$15,000.00
Total Estimated Design Costs for County P	**$1,084,025.00**
Appropriate	$1,100,000.00

The $1,100,000 includes the amount for the design consultant to design the improvements located within the County of Tulare's jurisdiction, city staff time to administer the design contract and implement project tasks related to the County of Tulare's design portion of the project. As the project progresses to the construction phase, staff will return to Council to request an additional appropriation of funds to account for the portion of funds the County of Tulare will contribute towards the construction phase of the project.

Prior Council Action:
December 12, 2023
Railroad Reimbursement Agreement - Adopted Resolution 2023-58 authorizing City Manager to execute a reimbursement agreement with San Joaquin Valley Railroad for engineering services associated with the design of the Goshen Trail Reconstruction Project, authorize an additional appropriation of $75,000 from the Measure R Trailways and authorized an amendment to the Measure R Supplemental Agreement.

August 15, 2022
Adopted Resolution 2022-48 authorizing City Manager to execute reimbursement agreement with Union Pacific Railroad Company for the engineering services associated with the design of the Goshen Trail Reconstruction Project. (Project Number 3010-72000/CP8130-999)

May 2, 2022
Authorized the City Manager to enter a contract with 4Creeks for RFP 21-22-27 to prepare professional consulting services for the design of the Goshen Trail Reconstruction project in the amount not to exceed $1,269,306, authorized an additional appropriation of $650,000 from Measure R Trails (132) fund, and authorized an amendment to the Measure R Supplement Agreement. (Project number 3010-72000/CP8130-999)

August 17, 2020
Authorized City Manager to submit funding application for the 2021 Active Transportation Program Cycle 5 to Caltrans and Tulare County Association of Governments (TCAG).

Other: N/A

Alternatives: None recommended.

Recommended Motion (and Alternative Motions if expected):
Authorize the City Manager to execute a Memorandum of Understanding with the County of Tulare for the Active Transportation Program funded Goshen-Visalia Corridor Connection Project, adopt Resolution 2025-71, and appropriate $1,100,000 from Fund (281) Transportation to be reimbursed by the County of Tulare for the design phase.

Environmental Assessment Status: NEPA Environmental Assessment pending design.

CEQA Review: Pending Design

Deadline for Action: None

VISALIA Founded 1852

Resolution No. 2025-71

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF VISALIA AUTHORIZING MEMORANDUM OF UNDERSTANDING WITH THE COUNTY OF TULARE FOR THE GOSHEN-VISALIA CORRIDOR CONNECTION PROJECT

WHEREAS, on December 5, 2024, the California Transportation Commission (CTC) adopted the 2025 Active Transportation Program (ATP) Statewide and Small Urban and Rural components.

WHEREAS, the adopted program of projects for the Small Urban and Rural component included $16,870,000 for four projects. Within the Small Urban and Rural component, the CITY received $2,636,000 of its $34,608,000 request for the Goshen Visalia Corridor Connection Project (PROJECT).

WHEREAS, on June 26, 2025, CTC amended the PROJECT's programmed in the Small Urban and Rural component, adding $31,672,000 to the construction phase in fiscal year 2028-29, and $300,000 to the construction non-infrastructure phase in fiscal year 2025-26, for a total programmed amount of $34,608,000.

WHEREAS, the PROJECT improves the CITY's 5.6-mile Class 1 multi-use Goshen Trail (TRAIL), creating an active transportation spine. The PROJECT also adds traffic calming measures, sidewalk and Class IV bikes lanes within the Unincorporated Community of Goshen (COMMUNITY) creating a multi-modal network with connection to the TRAIL's network spine, establishing connectivity from a disadvantaged community to the neighboring City.

WHEREAS, the TRAIL is exceptional in its location as it connects the COMMUNITY and the CITY's industrial park to Downtown Visalia with minimal interruptions and traverses many living and working spaces, giving the project extraordinary potential for high and varied use for commuting, school trips, exercising, and recreation.

WHEREAS, improvements within the COMMUNITY will provide multi-modal connections with traffic safety enhancements to the TRAIL, opening non-vehicular connections to medical services, employment, and schools located in the CITY.

WHEREAS, the current conditions of the TRAIL and corridors within the COMMUNITY are in disrepair with many low spots with poor drainage causing flooding to occur, minimal trees providing comfort during warm weather, and minimal lighting, or public amenities.

WHEREAS, a primary safety concern along the TRAIL is lack of separation from adjacent roadway in areas due to missing landscaping buffers, curbs and gutters. The PROJECT addresses the need for a safe, aesthetically pleasing, and convenient infrastructure for all commuters and non-vehicular travel.

WHEREAS, the PROJECT will reconstruct the TRAIL into a 10-ft wide multi-use trail, with protected intersection crossings distance, close multiple gaps, install a traffic circle, and improve four corridors within the COMMUNITY. Improvements address flooding, traffic safety, and railroad crossing safety as well as lack of facilities within the Goshen Community.

WHEREAS, the PROJECT is a high priority for the COUNTY, as it will provide much-needed traffic safety improvements in the Disadvantaged Community of Goshen, and essential connectivity to the CITY. This project truly embodies the goals of the ATP as it provides safe, convenient transportation options for students, the unhoused population, and other vulnerable community members who do not have access to vehicles through the addition of bike lanes and pedestrian friendly road safety improvements.

WHEREAS, the PROJECT includes the construction of 2.2 miles of Class IV bike lanes, 2.2 miles of sidewalk, 18 intersection modifications, 7 railroad crossing improvements, 40,000-feet of curb and gutter, 5.4 miles of trail reconstruction, and 0.2 miles of new trail.

WHEREAS, federal funds will be used to fund this PROJECT, therefore both PARTIES must adhere to relevant Federal Requirements and Regulations throughout the PROJECT term.

NOW, THEREFORE, BE IT RESOLVED, that that the City Council of the City of Visalia:

The Visalia City Manager is authorized on behalf of the City of Visalia to sign the Memorandum of Understanding with Tulare County for the Goshen-Visalia Corridor Connection Project, with any such additional non-substantive changes as the City Manager deems appropriate.

PASSED AND ADOPTED: LESLIE CAVIGLIA, CITY MANAGER

STATE OF CALIFORNIA)
COUNTY OF TULARE) SS.
CITY OF VISALIA)

I, Leslie Caviglia, City Manager of the City of Visalia, certify the foregoing is the full and true Resolution 2025-71 passed and adopted by the Council of the City of Visalia at a regular meeting held on October 6, 2025.

Dated: LESLIE CAVIGLIA, CITY MANAGER

By: Reyna Rivera, Chief Deputy City Clerk

Memorandum of Understanding

Between

The City of Visalia

and

County of Tulare

for the Goshen-Visalia Corridor Connection Project

This Memorandum of Understanding ("MOU") is entered into this _____ day of _____2025 (the "Effective Date"), by and between the CITY OF VISALIA ("CITY") and the COUNTY OF TULARE ("COUNTY"), collectively hereinafter referred to as the "PARTIES," or individually as the "PARTY".

I. RECITALS

A. **WHEREAS**, on December 5, 2024, the California Transportation Commission (CTC) adopted the 2025 Active Transportation Program (ATP) Statewide and Small Urban and Rural components.

B. **WHEREAS**, the adopted program of projects for the Small Urban and Rural component included $16,870,000 for four projects. Within the Small Urban and Rural component, the CITY received $2,636,000 of its $34,608,000 request for the Goshen Visalia Corridor Connection Project (PROJECT).

C. **WHEREAS**, on June 26, 2025, CTC amended the PROJECT's programmed in the Small Urban and Rural component, adding $31,672,000 to the construction phase in fiscal year 2028-29, and $300,000 to the construction non-infrastructure phase in fiscal year 2025-26, for a total programmed amount of $34,608,000.

D. **WHEREAS,** the PROJECT improves the CITY's 5.6-mile Class 1 multi-use Goshen Trail (TRAIL), creating an active transportation spine. The PROJECT also adds traffic calming measures, sidewalk and Class IV bikes lanes within the Unincorporated Community of Goshen (COMMUNITY) creating a multi-modal network with connection to the TRAIL's network spine, establishing connectivity from a disadvantaged community to the neighboring City.

E. **WHEREAS**, the TRAIL is exceptional in its location as it connects the COMMUNITY and the CITY's industrial park to Downtown Visalia with minimal interruptions and traverses many living and working spaces, giving the project extraordinary potential for high and varied use for commuting, school trips, exercising, and recreation.

F. **WHEREAS**, improvements within the COMMUNITY will provide multi-modal connections with traffic safety enhancements to the TRAIL, opening non-vehicular connections to medical services, employment, and schools located in the CITY.

DRAFT

G. **WHEREAS**, the current conditions of the TRAIL and corridors within the COMMUNITY are in disrepair with many low spots with poor drainage causing flooding to occur, minimal trees providing comfort during warm weather, and minimal lighting, or public amenities.

H. **WHEREAS**, a primary safety concern along the TRAIL is lack of separation from adjacent roadway in areas due to missing landscaping buffers, curbs and gutters. The PROJECT addresses the need for a safe, aesthetically pleasing, and convenient infrastructure for all commuters and non-vehicular travel.

I. **WHEREAS**, the PROJECT will reconstruct the TRAIL into a 10-ft wide multi-use trail, with protected intersection crossings distance, close multiple gaps, install a traffic circle, and improve four corridors within the COMMUNITY. Improvements address flooding, traffic safety, and railroad crossing safety as well as lack of facilities within the Goshen Community.

J. **WHEREAS**, the PROJECT is a high priority for the COUNTY, as it will provide much-needed traffic safety improvements in the Disadvantaged Community of Goshen, and essential connectivity to the CITY. This project truly embodies the goals of the ATP as it provides safe, convenient transportation options for students, the unhoused population, and other vulnerable community members who do not have access to vehicles through the addition of bike lanes and pedestrian friendly road safety improvements.

K. **WHEREAS**, the PROJECT includes the construction of 2.2 miles of Class IV bike lanes, 2.2 miles of sidewalk, 18 intersection modifications, 7 railroad crossing improvements, 40,000-feet of curb and gutter, 5.4 miles of trail reconstruction, and 0.2 miles of new trail.

~~L. **WHEREAS**, the terms of this MOU are contingent upon the project's successful award of grant funding.~~

M. **WHEREAS**, federal funds will be used to fund this PROJECT, therefore both PARTIES must adhere to relevant Federal Requirements and Regulations throughout the PROJECT term.

II. PURPOSE

The CITY is the lead agency and was awarded grant funding for the collaborative PROJECT between the COUNTY and CITY. The PARTIES desire to enter into this MOU to memorialize the procedures, responsibilities, and actions of each PARTY to address the design, construction, right of way acquisition, maintenance and general impacts of the PROJECT.

III. DEFINITIONS

A. CEQA (California Environmental Quality Act), is the act (California Public Resources Code, sections 21000 et seq.) that requires state and local agencies to identify the significant environmental impacts of their actions and to avoid or mitigate those significant impacts, if feasible.

DRAFT

B. CONSTRUCTION, as referred to in this MOU, is the project phase of completing the construction of PROJECT. Work includes, but is not limited to construction contract administration, construction inspection, materials testing, construction survey, traffic detour, construction engineering, utility relocation, changes and modifications of plans and specifications for PROJECT necessitated by unforeseen or unforeseeable field conditions encountered during construction of PROJECT, construction contingencies, and all other necessary work after advertisement of PROJECT for construction bids to cause PROJECT to be constructed in accordance with said plans and specifications approved by PARTIES.

C. IMPLEMENTING AGENCY, as referred to in this MOU, is defined as the PARTY responsible for managing the scope, cost, and schedule of a project phase to ensure completion of said phase.

D. JURISDICTION, as referred to in this MOU, is defined as the area within the geographic boundary of CITY and the unincorporated areas of COUNTY.

E. NEPA (National Environmental Policy Act) is the act that requires federal agencies to assess the environmental effects of their proposed actions prior to making decisions.

F. PRELIMINARY ENGINEERING, as referred to in this MOU, is the project phase consisting of the preparation of plans, specifications, and cost estimates for PROJECT. Work includes, but is not limited to, topographic survey, environmental surveys and document preparation, hydraulics analysis, soils report, traffic index and geometric investigations, civil and structural design, utility engineering, and all other necessary work prior to advertisement of PROJECT for construction bids.

G. RIGHT-OF-WAY, as referred to in this MOU, is defined as the project phase of acquiring real property interests for PROJECT.

IV. RESPONSIBILITIES

Upon successful notification of award, CITY will enter into an agreement with the California Department of Transportation (Caltrans). The CITY will notify the COUNTY when the MOU is executed and a Notice to Proceed has been received. The CITY and COUNTY will coordinate efforts for all phases of the PROJECT.

A. **Environmental Findings and Approvals/Permits**
   a. CITY is the CEQA Lead Agency for the PROJECT and Caltrans is the NEPA Lead Agency for the PROJECT.
   b. CITY will determine the type of CEQA documentation and NEPA documentation (per the approval of Caltrans) needed for the PROJECT and will cause that documentation to be prepared in accordance with CEQA and NEPA Requirements.
   c. CITY will ensure that qualified personnel remain available to help resolve environmental issues within and perform any necessary work to ensure that the PROJECT remains in environmental compliance.

DRAFT

d. COUNTY will review, comment, and concur on all environmental documentation (including, but not limited to, studies, reports, public notices and public meeting materials, determinations, administrative drafts, final environmental documents, and revalidation) at appropriate stages of development prior to approval and public availability. The COUNTY will provide any comments to the CITY within 10 working days of receiving documents from the City.
e. If CITY makes any changes to the CEQA and/or NEPA documentation, CITY will allow COUNTY to review, comment, and concur on those changes prior to the CITY'S approval at the appropriate stages of development prior to public availability. The COUNTY will provide any comments to the CITY within 10 working days of receiving documents from the City
f. PARTIES will attend all environmental-related public meetings (if any).
g. CITY with the support of the COUNTY is responsible for coordinating, obtaining, implementing, renewing, and/or amending the PROJECT's permits, agreements, and/or approvals whether they are identified in the PROJECT'S scope of work or become necessary while completing the PROJECT.

B. **Preliminary Engineering and Design**

a. CITY is the PRELIMINARY ENGINEERING IMPLEMENTING AGENCY for the PROJECT and will request reimbursement for costs from COUNTY for costs incurred for PRELIMINARY ENGINEERING for PROJECT components in COUNTY's JURISDICTION.
b. COUNTY will make available to CITY all necessary COUNTY regulations, policies, procedures, manuals, standard plans, and specifications required for the construction of PROJECT when requested by CITY.
c. CITY will prepare utility conflict maps identifying the accommodation, protection, relocation, or removal of any existing utility that conflicts with construction of the PROJECT.
d. CITY will determine the cost to positively identify and locate, accommodate, protect, relocate, or remove any utility facilities, whether inside or outside the PARTIES' rights-of-way in accordance with federal and California laws and regulations.
e. COUNTY will delegate authority to CITY to act on behalf of COUNTY on all utility relocation related matters.
f. CITY will coordinate with the railroad company that owns and/or operates tracks within the PROJECT area including but not limited to the submission of permit applications. Where tracks are located within PARTIES' jurisdiction, COUNTY will authorize CITY to act on COUNTY behalf on all railroad company related matters.
g. COUNTY will review the plans, specifications, and estimates at major submittal milestones prepared by CITY and will provide comments for the portion of the project under their jurisdiction. COUNTY will provide any comments to the CITY within 20 working days of receiving documents for major milestone submittals.

C. **Right-of-Way**

a. CITY will be the RIGHT-OF-WAY IMPLEMENTING AGENCY. Parties agree that this Agreement is intended to comply with California Streets and Highways Code section 1810, providing consent by COUNTY of CITY acquiring, by purchase or

DRAFT

eminent domain, if necessary, property outside CITY boundaries in the unincorporated area of the COUNTY to connect or widen the streets in the unincorporated area with the area in the CITY. Parties further acknowledge that alternatively, this MOU should be considered an agreement between CITY and COUNTY to jointly exercise, pursuant to Government Code section 6502 and Code of Civil Procedure section 12410.140, their respective power of eminent domain to allow CITY to acquire, by eminent domain, if necessary, the RIGHT OF WAY needed to implement the PROJECT. Parties acknowledge this Agreement is not intended to create a separate joint entity but is intended as an agreement to jointly exercise powers of right of way acquisition, including by eminent domain, for any areas that would not be considered streets under Streets and Highways Code section 1810.

b. As RIGHT-OF-WAY IMPLEMENTING AGENCY, CITY is responsible for all RIGHT-OF-WAY work.
c. For RIGHT_OF_WAY acquisitions occurring in COUNTY JURISDICTION, CITY will provide plats and legal descriptions of each respective property to COUNTY once the PROJECT is completed.
d. The selection of personnel performing RIGHT-OF-WAY work will be in accordance with federal and California laws and regulations.
e. If CITY acquires any RIGHT-OF-WAY within COUNTY'S JURISDICTION, CITY will first acquire it in its own name and then transfer the RIGHT-OF-WAY to COUNTY after completion of the PROJECT. Title to the RIGHT-OF-WAY within COUNTY'S JURISDICTION will ultimately be vested in the COUNTY. COUNTY'S acceptance of title will occur after the Right-of-Way Closeout activities are complete.
f. COUNTY agrees to reimburse CITY for any property taxes charged on property acquired by CITY for this PROJECT that are in the unincorporated area and intended to be owned by COUNTY.
g. CITY will request reimbursement from COUNTY for costs incurred to acquire RIGHT-OF-WAY occurring in COUNTY JURISDICITON.
h. RIGHT-OF-WAY conveyances must be completed within 180 days after filing of the NOTICE OF COMPLETION unless PARTIES mutually agree to other arrangements in writing.

D. **Construction**

a. CITY is the CONSTRUCTION IMPLEMENTING AGENCY.
b. CITY will advertise, open bids, award, and approve the construction contract in accordance with the California Public Contract Code, California Labor Code, and Federal guidelines.
c. CITY will not advertise the construction contract for PROJECT until COUNTY accepts the final plans, specifications, and estimate package.
d. CITY will submit within 3 business days upon determination of lowest bidder, an updated construction cost estimate to the COUNTY for review. COUNTY shall review and communicate any comments to the CITY within 3 business days. If the updated construction estimate exceeds the construction estimate as described in the application, each party may seek to reduce construction costs in the form of the substitution of construction materials. Each party will have 10 business days to communicate material changes from the date the updated

DRAFT

construction cost estimate is provided. Material changes are allowed to the extent that it will not result in the redesigning of plans. Any substitution of construction materials to lower the cost of construction will be determined prior to the award of the construction contract.

e. COUNTY will grant to CITY, at no cost to CITY, permission to occupy public roads in COUNTY and any temporary RIGHT-OF-WAY that the COUNTY owns or has an easement for, that is necessary for the construction of PROJECT.
f. CITY will implement changes to the construction contract through contract change orders.
g. CITY will require the construction contractor to furnish payment and performance bonds naming CITY as obligee, and COUNTY as additional obligee and to carry liability insurance in accordance with the PROJECT's specifications.
h. Upon completion of the PROJECT, each PARTY will operate and maintain in good condition and at their own expense, all improvements constructed as part of PROJECT within their respective JURISDICTION.
i. CITY will file the NOTICE OF COMPLETION upon PROJECT'S written acceptance by COUNTY and approval by CITY Council.
j. Upon approval of the NOTICE OF COMPLETION by CITY Council, the warranty period of one (1) year begins. PARTIES hereby agree that all work completed as part of this PROJECT is subject to the above warranty period. If there is a defect in such work, the CITY, on behalf of the COUNTY, will cause the contractor that performed the adjustment services to undertake necessary corrective action.
k. The CITY and COUNTY have agreed to retain a construction management and inspection consultant to oversee the CONSTRUCTION phase of the PROJECT. The cost of the consultant's services will be shared proportionally between the agencies, based on the construction costs within each agency's jurisdiction. However, both the CITY and COUNTY acknowledge that, if either agency has qualified and available staff to perform these services at the time construction begins, this option will be revisited and discussed prior to the start of construction. Utilizing internal staff may be considered as a cost-saving measure. If the agencies are unable to reach an agreement on using internal resources, they agree to proceed with hiring a consultant to provide construction management and inspection services.
l. CITY and COUNTY may each separately charge for time spent by qualified and available staff when spent overseeing construction contracts, inspecting work, measurements needed for the preparation of pay estimates, and for all time spent working on the PROJECT. These charges may also be applied against any applicable local match requirements to the extent permissible under the grant funding.

V. FUNDING

A. The CITY will be the recipient of ATP funds and is responsible for requesting reimbursement from Caltrans for PROJECT-related expenses.
B. The CITY will request reimbursement from the COUNTY for expenses relating to PROJECT within the COUNTY jurisdiction. Each PARTY will be responsible for financing the agreed local match requirement of the PROJECT costs incurred within their respective JURISDICTION.

DRAFT

C. The PARTIES are expected to comply with the guidelines and regulations associated with the ATP and the Caltrans Local Assistance Procedures Manual (LAPM) required to process Federal and State funded local transportation projects. This includes adhering to the program accountability requirements set forth in the Senate Bill 1 Accountability and Transparency Guidelines.
D. The COUNTY will reimburse the CITY in instances when the CITY acts as the COUNTY's Agent at a cost-recovery rate. CITY will submit copies of applicable cost recovery rates to COUNTY as part of PRELIMINARY ENGINEERING and will provide updated rates if those cost recovery rates change.
E. CITY and COUNTY seeking reimbursement of indirect costs must follow the Federal Highway Administration guidelines and requirements to establish an Indirect Cost Rate Proposal. The Indirect Cost Rate Proposal can be requested for review by each respective party upon request.
F. CITY will invoice COUNTY every 30 days and provide supporting documentation with each invoice. COUNTY will provide payment within 30 days and if there is a dispute, the COUNTY will provide it in writing to the CITY within 15 days to attempt to resolve the issue. If the COUNTY fails to provide payment within 30 days after receipt of the payment request from the CITY for an undisputed payment request, the CITY may at its discretion assess a penalty of 2%.
G. CITY will notify COUNTY in writing if project costs are projected to exceed the anticipated project costs as described in awarded application of $43,300,000 within 30 days to confirm how the overage will be addressed.
H. The ATP funds awarded for the construction phase is $34,308,000. The COUNTY may request reimbursement from the CITY for costs eligible for reimbursement in the construction phase. Costs incurred prior to the authorization date of construction funds are not eligible for reimbursement. The reimbursement of federal funds in the construction phase is limited to the amounts approved on the Authorization to Proceed or E-76 and by the federal share as a specified percentage. The parties shall be responsible for financing costs exceeding the ATP funds for costs incurred within their respective JURISDICTION. The COUNTY must submit their final request for reimbursement to the CITY within 60 days following the filing of the PROJECT notice of completion.

I. If either agency requests additional work during the design or construction phase that falls outside the scope of the originally awarded application, they will be responsible for covering all the additional costs associated with that work within their respective jurisdiction.

J. The execution of this MOU commits both the CITY and the COUNTY to funding and completing the PROJECT to the satisfaction of the CTC consistent with grant requirements and intent.

IV. NO RIGHTS IN THIRD PARTIES

Nothing in the provisions of this MOU is intended to create duties or obligations to or rights in third parties that are not parties to this MOU or to affect the legal liability of either PARTY to the MOU by imposing any standard of care with respect to the maintenance of the COUNTY's property different from the standard of care imposed by law.

DRAFT

VII. INDEMNIFICATION

A. Neither COUNTY nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by CITY under or in connection with any work, authority, or jurisdiction delegated to CITY under this MOU. It is understood and agreed that, pursuant to Government Code Section 895.4, CITY shall fully indemnify and save harmless COUNTY and its officers and employees from all claims, suits or actions of every name, kind and description brought for or on account of injury (as defined by Government Code section 810.8) occurring by reason of anything done or omitted to be done by CITY under or in connection with any work, authority, or jurisdiction delegated to CITY under this MOU.

B. Neither CITY nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by COUNTY under or in connection with any work, authority or jurisdiction delegated to COUNTY under this MOU. It is understood and agreed that, pursuant to Government Code Section 895.4, COUNTY shall fully indemnify and save harmless CITY and its officers and employees from all claims, suits, or actions of every name, kind and description brought for or on account of injury (as defined by Government Code section 810.8) occurring by reason of anything done or omitted to be done by COUNTY under or in connection with any work, authority, or jurisdiction delegated to COUNTY under this MOU.

VIII. SEVERABILITY AND CONSTRUCTION

If any provision of this MOU is held to be illegal, invalid, or unenforceable under present or future laws effective during the term hereof, such provision shall be fully severable. This MOU shall be construed and enforced as if such illegal, invalid, or unenforceable provision had never been a part of the MOU, and the remaining provisions shall remain in full force and effect unaffected by such severance, provided that the severed provision(s) are not material to the overall purpose and operation of this MOU.

VI. DURATION OF UNDERSTANDING

This AGREEMENT shall be effective upon date of signature and remain in effect until the CITY's submission of the final project report and closeout reimbursement request to Caltrans. The CITY or COUNTY may choose to terminate the MOU through mutual agreement or amended it only by written document signed of both PARTIES.

VII GENERAL CONDITIONS

A. Notice. All notices relative to this AGREEMENT shall be given in writing and shall be personally served or sent by first class mail and be effective upon personal service or by depositing such notice in the United States mail. The Parties shall be addressed as follows, or at any other address as later designated by a Party:

CITY: City of Visalia
Attn: Chris Crawford, City Engineer
315 E. Acequia Avenue
Visalia, CA 93291

DRAFT

Tulare County: County of Tulare
Attn:
5961 S. Mooney Blvd
Visalia, CA 93277

Either party may change its address for the purpose of this Paragraph by giving written notice of such change to the other Party in the manner provided for in this Paragraph.

B. Entire Agreement. This Agreement sets forth the entire agreement between the Parties and supersedes all other oral or written representations. This Agreement may be modified only in writing approved by both Parties. All exhibits and recitals to this Agreement are hereby incorporated herein by reference.

C. No Joint Powers Agency. Except as noted above for RIGHT-OF-WAY acquisition authority, this Agreement is not intended to create a joint power agreement or joint powers agency, or partnership between the participants. Parties agree that their respective employees shall not be considered employees of the other Party under this Agreement.

D. Dispute Resolution. If a dispute arises between the Parties, then they agree to meet and confer in an attempt to resolve the matter. If no resolution is reached, then parties agree to seek non-binding mediation of the dispute. If resolution is still not reached, then parties may seek formal arbitration or have the matter heard by a court of appropriate jurisdiction

E. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the undersigned PARTIES have executed this AGREEMENT on the day and year first written above:

Visalia City Council

Staff Report

File #: 25-0434 **Agenda Date:** 10/6/2025 **Agenda #:** 6.

Agenda Item Wording:
Design Amendment - Request for City Council to approve design amendments #2 & #3 in the amount of $267,520.19 and $1,303,444.00 respectively to 4Creeks for the Goshen-Visalia Corridor Project Phase 1 and the Goshen-Visalia Corridor Connection Project, appropriate $750,000 from the Measure R Trailways Fund and amend the Measure R Supplement Agreement.

Prepared by:
Diego Corvera, Senior Civil Engineer, Diego.Corvera@Visalia.City, (559)713-4209
Chris Crawford, City Engineer, Chris.Crawford@Visalia.City, (559)713-4331
Jason Huckleberry, Engineering & Building Director, Jason.Huckleberry@Visalia.City, (559)713-4495

Department Recommendation:
Staff recommends that the City Council authorize the following :

1. Amendment #2 for $267,520.19 for the Goshen-Visalia Corridor Project Phase 1 - Giddings St to Mooney Blvd to 4Creeks and;
2. Amendment #3 for $1,303,444.00 for Goshen-Visalia Corridor Connection Mooney Blvd to Camp Dr and Improvements in the Goshen Community to 4Creeks.
3. The additional appropriation of $750,000 from the Measure R Trailways Fund (132).
4. The amendment to the Measure R Supplement Agreement.

Summary:
City staff submitted the Goshen-Visalia Corridor Project (GVC) in Cycle 6 of the Active transportation program (June 2022) and it was unsuccessful in the statewide component but was funded as a Phase 1 Giddings St to Mooney Blvd through the MPO component in December 2022. The City was awarded $3,000,000 to construct phase 1 of the GVC project. This corresponds to amendment #2 for an increase of $267,520.19 to the design efforts for this segment in order to meet railroad requirements, traffic signal updates, design additions and to update the consultant fee. This project is anticipated to go to construction in Spring 2027.

City staff submitted the Goshen-Visalia Corridor Connection (GVCC) grant application In partnership with Tulare County during the Cycle 7 Active Transportation Program in June 2024. It was a higher scoring application and the City was awarded the requested $34,608,000 to construct the GVCC project. This corresponds to amendment #3 for an increase to the existing design contract with 4Creeks by $1,303,444 to cover scope expansion for the City project and to incorporate the design cost for the improvements in the Goshen Community. This project is anticipated to go to construction in Summer 2029.

A Memorandum of Understanding (MOU) will be executed with the County of Tulare as part of the GVCC project (Staff report 25-0433). The MOU outlines City and County responsibilities in project development and delivery to construction. Each jurisdiction will be financially responsible for their

respective portion of the project. The MOU speaks to clear delineation between the County and City portions of the work. The consultant shall perform no work on the County portions of the project until an MOU has been executed.

Background Discussion:

Goshen Visalia Corridor (GVC) Project-Phase 1

The Goshen Visalia Corridor (GVC) Project was submitted to the State Active Transportation Program in Cycle 6 (June 2022) as a safe route to school, bike and pedestrian improvement, and multi-modal connectivity project. The original Goshen Corridor project scope extended from Giddings St to Camp Dr, comprising a 6-mile trail reconstruction project that would serve as a robust east to west multi modal connector route between the City of Visalia and the Community of Goshen. This application was not successful at the state level so it was resubmitted at the local TCAG level.

For the re-submittal at the TCAG/ MPO level, the City of Visalia proposed a phase 1 segment of the overall corridor; beginning at the far east end of the trail starting at Giddings St and terminating at Mooney Blvd. This first 0.5-mile phase of the Goshen Visalia Corridor project will focus on improvements within a disadvantaged community segment of North Visalia. This first phase will establish a safe, direct, and multi modal path for the northerly Visalia community to access the City's downtown area, its park and recreation facilities, as well as ensuring a safe route to school for the adjacent Green Acres Middle School and Creekside Community Day School along Mooney Blvd.

The original design budget for phase 1 of the GVC project was estimated at $280,000 based on the mileage of this segment of trail. This was an underestimate due to the number of intersections that require modifications and railroad coordination efforts. See below amendment #2 breakdown:

Amendment #2:

GVC Phase 1 Segment - Amendment #2 Breakdown	
Amendment #2	
1.0 Fee Schedule increase	$76,170.19
2.0 Additional Civil Scope (City of Visalia ar	$191,350.00
Total Estimated Amendment Costs:	**$267,520.19**

These contract amendments were approved by change order committee on September 10th, 2025.

Goshen-Visalia Connection Corridor (GVCC) Project

The Goshen-Visalia Connection Corridor (GVCC) project was submitted to the Active Transportation Program in Cycle 7 (June 2024). As part of this project the City partnered with the County of Tulare to include improvements within the Goshen Community as part of the proposed project to provide the residents of the Goshen Community safe access to the Goshen corridor. The estimated project cost of $43 million includes the cost of improvements within the Goshen Community.

This additional project scope was added as an explicit effort to make the Goshen Trail Reconstruction project more competitive for grant funding. This incorporation added a large, disadvantaged community to benefit from the project outcomes as well as added constituents beyond the City

residents. This project expansion proved to make this application exceptional as it was ultimately awarded funding during the most competitive cycle of ATP funding to date (Cycle 7).

The project will reconstruct the existing Class 1 multi-use trail from Mooney Blvd. to Miller Park Ct. and extend the trail from Miller Park Ct. to Camp Drive. The existing trail from Giddings to Akers was constructed in 1996 and the segment from Akers St. to Miller Park Ct. in 1998. The existing 8' wide deteriorated asphalt trail will be reconstructed and elevated from street grade to prevent future flooding and for additional safety. This project will include improvements to the intersections and railroad crossings, installation of curb and gutter where none exists, and additional landscaping and lighting to further improve the safety for users of this trail.

The improvements in the Goshen community will incorporate two-way cycle tracks connecting the community to the Goshen trail, community destinations and a local elementary school. Intersection median circle construction will be incorporated at major intersections and bulb out pedestrian ramps for traffic calming within the community.

Amendment #3:

GVCC Segment	
Amendment #3	
1.0 Additional Civil Scope (City of Visalia ar	$359,419.00
2.0 Goshen Community Segment	$944,025.00
Total Estimated Amendment Costs:	**$1,303,444.00**

These contract amendments were approved by change order committee on September 10th, 2025.

Fiscal Impact:

Design for the GVC Phase 1 Project and design for the City's portion of the Goshen-Visalia Connection Corridor (GVCC) Project is funded by the Measure R Trailways Fund. The Measure R Trailways Fund (132) will fund Amendment #2 in the total amount of $267,520.19 and Amendment #3, item no. 1 in the amount of $359,419. Amendment #3, item no. 2 in the amount of $944,025.00, will be reimbursed by the County of Tulare.

Below is the budget summary for the design phase of the Goshen Trail Reconstruction Project, this table outlines the City responsible portion of design.

Goshen Trail Reconstruction Project - Design & ROW Phase (CP8130)	
Project Design Budget	
Measure R Trailways (132)	$1,725,000
Total Project Funding	**$1,725,000**
Estimated Project Design Budget	
Design Consultant - 4Creeks (Base)	$956,906
Optional or Fix-fee Tasks	$312,400
Amendment #1 Renderings for Cycle 7 AT	$15,000

Amendment #2, 1.0 Fee Schedule increase	$76,170.19
Amendment #2, 2.0 Additional Civil Scope requirements)	$191,350.00
Amendment #3, 1.0 Additional Civil Scope requirements)	$359,419.00
Staff Time Estimate & Misc. (Project Man Drawing)	$380,000
Union Pacific Railroad Company (Reimbur	$100,000
San Joaquin Valley Railroad (Reimburseme	$80,740
Total Estimated Design Costs:	**$2,471,985.19**
Remaining Cost for Construction Additional Appropriation Request - Me (132)	($746,985.19) $750,000

Staff recommends the additional appropriation of $750,000 from the Measure R Trailways Fund to fund the design amendments and additional associated staff time costs for the City portion of work. An amendment to the Measure R Supplemental Agreement is needed to increase the amount of Measure R Trailways fund authorized to be utilized towards this project.

Design for the County's portion of the Goshen-Visalia Connection Corridor (GVCC) Project will be reimbursed by the County of Tulare. The County will reimburse the city for Amendment #3, item no. 2 in the amount of $944,025.

County Funded Design Portion	
Amendment #3, 2.0 Goshen Community P	$944,025.00
Total Costs:	**$944,025.00**

A separate Council agenda item, file no. 25-0433, for the approval of the Memorandum of Understanding (MOU) with the County to implement the GVCC Project will include the appropriation of the $944,025 plus additional funding to cover staff time for the County's design portion.

Prior Council Action:
December 12, 2023
Railroad Reimbursement Agreement - Adopted Resolution 2023-58 authorizing City Manager to execute a reimbursement agreement with San Joaquin Valley Railroad for engineering services associated with the design of the Goshen Trail Reconstruction Project, authorize an additional appropriation of $75,000 from the Measure R Trailways and authorized an amendment to the Measure R Supplemental Agreement.

August 15, 2022
Adopted Resolution 2022-48 authorizing City Manager to execute reimbursement agreement with Union Pacific Railroad Company for the engineering services associated with the design of the Goshen Trail Reconstruction Project. (Project Number 3010-72000/CP8130-999)

May 2, 2022
Authorized the City Manager to enter a contract with 4Creeks for RFP 21-22-27 to prepare professional consulting services for the design of the Goshen Trail Reconstruction project in the amount not to exceed $1,269,306, authorized an additional appropriation of $650,000 from Measure R Trails (132) fund, and authorized an amendment to the Measure R Supplement Agreement. (Project number 3010-72000/CP8130-999)

August 17, 2020
Authorized City Manager to submit funding application for the 2021 Active Transportation Program Cycle 5 to Caltrans and Tulare County Association of Governments (TCAG).

Other: N/A

Alternatives: None recommended.

Recommended Motion (and Alternative Motions if expected):
I move to approve design amendments #2 & #3 in the amount of $267,520.19 and $1,303,444.00 respectively to 4Creeks for the Goshen-Visalia Corridor Project Phase 1 and the Goshen-Visalia Corridor Connection Project, appropriate $750,000 from the Measure R Trailways Fund and amend the Measure R Supplement Agreement.

Environmental Assessment Status: NEPA Environmental Assessment pending design.

CEQA Review: Pending Design

City of Visalia

Memo

To: Change Order Committee
From: Diego Corvera
Date: 09/08/2025
Re: Goshen Trail Reconstruction – Contract Amendment No. 2 (CP8130, PO3126)

Request:
CIP Engineering Division is requesting Change Order Committee to approve a design contract amendment in the amount of **$267,520.19**.

Background:
The City of Visalia entered into an agreement with 4Creeks in the amount of $1,269,306.00 on June 1st, 2022, for the consultant to provide engineering design services and to prepare the improvement plans, specifications, and estimates for the Goshen Trail Reconstruction Project (CP8130, Purchase Order PO3126). The project scope includes reconstruction of the existing trail, intersection modifications to improve multimodal safety, incorporation of benches, lighting and landscaping.

On June 7, 2024, a contract amendment in the amount of **$15,000** was approved for 4Creeks to complete three renderings depicting the proposed improvements along the Goshen Trail and the improvements in the Goshen Community. These rendering were used to submit for the Active Transportation Grant Program in cycle 7 (Summer 2024).

This memorandum requests authorization of Contract Amendment #2 for the following additional services not previously included in the project scope.

Amendment #2:
Fee Schedule Amendment (original contract) - **$76,170.19**
This amendment seeks to adjust project's billing rates from the 2022 rates to new current 2025 rates consistent with the City of Visalia active On-call engineering contract. The original project did not include an inflator or rate increase in the scope and original proposed schedule was ambitious and not feasible as railroad coordination would delay the design process. Early coordination with the railroad was initiated to meet the design schedule as close as possible but the initial Railroad team was changed after 8-months of coordination and project overview and information that was transferred started over with a new team with the Railroad. This was a significant delay to the design effort and a major contributor to extending the project timeline.

Additions to Civil Scope – Task 17 (Fixed Fee) - **$191,350.00**
4Creeks will provide additional design services for a protected intersection at W. Murray Avenue and N. Giddings Street, changes to the geometric design concepts related to trail alignment, curb and gutter improvements and install maintenance vehicle access in all quadrants of at-grade intersections. They will also include traffic signal modifications at the following intersections:

- Mooney Blvd and Goshen Ave
- Divisadero Street and Goshen Ave
- Hall St and Murray Avenue

This additional scope from the City came from the Cycle 7 ATP grant application process (Spring-Summer 2024). During the application process for the construction funding for the project, further safety design recommendations and multimodal network connection strategies were scoped in order to make the project more competitive for funding. These additions were accounted for in the project budget and grant award.

Total for Amendment #2: **$267,520.19**
Upon approval of amendment No. 2, the total contract amount will be **$1,551,826.19**

4CREEKS

August 22, 2025

Mr. Diego Corvera, PE, LCI
Senior Civil Engineer
City of Visalia – Engineering Department
315 E. Acequia Avenue
Visalia, CA 93291

Subject: Goshen Trail Reconstruction Project – Contract Amendment 2
4Creeks Project No. 22080

Dear Mr. Corvera,

We have prepared a scope of work and fee for the additional services required for the Goshen Trail Reconstruction Project (Camp Drive to Giddings Street). It is 4Creeks' understanding that, due to funding constraints at the time, the original 6.1-mile Goshen Trail Reconstruction Project was divided into two separate segments. Segment 1 extends from Mooney Boulevard to Giddings Street, and Segment 2 spans from Camp Drive to Mooney Boulevard. While both segments are included under the original agreement, they will be delivered as separate projects.

It is also our understanding that the County of Tulare is proposing significant improvements within the Community of Goshen. These improvements will be incorporated with Segment 2 (Camp Drive to Mooney Boulevard), creating a joint project between the County and the City. Contract Amendment 3 will outline the additional scope of work and associated fee for that joint project. Contract Amendment 2, which is the subject of this request, includes the following two components:

1. Fee Schedule Amendment (Original Contract)
2. Segment 1 (Mooney Boulevard to Giddings Street) – Additional Scope of Work

Fee Schedule Amendment (Original Contract)

This contract amendment seeks to adjust the project's billing rates from our 2022 rates to our rates for our current 2025 City of Visalia On-Call Engineering agreement. As you may be aware, industry-wide increases in labor costs, materials, and other overhead expenses have led us to review our billing rates. Since the start of the Goshen Trail Reconstruction project in 2022, we have increased our billing rates without passing the increase to the City. However, the project was originally scheduled to be completed in 2022 and due to additions to the project scope and significant delays in coordination with various outside agencies, the project continues. Please note that the City and 4Creeks met with outside agencies to determine an appropriate schedule

and budget and believed them to be appropriate. Unfortunately, circumstances beyond our control changed the schedule significantly. After careful consideration, we find it necessary to adjust our fee schedule and are requesting our current contract be amended to use this new fee schedule, effective August 1, 2025.

The updated fee schedule reflects reasonable and industry-standard adjustments to ensure that we continue to provide the expertise, responsiveness, and technical excellence that this project requires. We have attached a copy of our contracted fee schedule (Attachment A), as well as our revised fee schedule for your review (Attachment B). **The revised fee schedule is the same as we use currently under the City of Visalia On-Call Engineering agreement.**

Understanding that moving directly to the 2025 City of Visalia On-Call Engineering rates would represent a substantial budget increase, we instead propose a project budget adjustment based on a 3% annual escalation applied from 2022 through 2025. Attachment C summarizes the work completed through July 2025 and identifies the percentage of work remaining under the original agreement. This percentage was applied to the originally estimated hours to calculate the hours still required to complete the original contracted scope of work. The escalated rates were then applied to these hours to determine the cost impact of the revised fee schedule.

Beginning in January 2026, the billing rates will also escalate annually at 3%, consistent with the City's On-Call Engineering agreement, providing a predictable framework for project expenditures through the anticipated completion in 2028. Attachment D details the resulting fee adjustment, with task-by-task adjustments also summarized in Table 1, Fee Schedule Amendment (Original Contract).

Accordingly, while we request authorization to begin invoicing at the current City of Visalia On-Call Engineering rates, the project budget increase is limited only to the phased 3% annual escalations. **This results in a significantly reduced adjustment, approximately 68.6% lower than the increase that would have resulted from applying the current on-call rates directly.**

To summarize, we have attached the following for your review:

- **Attachment A** – Original contracted fee schedule (2022).
- **Attachment B** – Current 2025 On-Call City of Visalia fee schedule (proposed rates beginning August 1, 2025).
- **Attachment C** – Summary of work completed through July 2025 and calculation of remaining hours under the original scope.
- **Attachment D** – Fee adjustment breakdown with budget escalations through 2028, including task-by-task impacts as summarized in Table 1.

Table 1
Fee Schedule Amendment (Original Contract)

Task	Description	Billing Type	Fee Differential
Phase 1 – Preliminary Engineering			
01a	Project Management	Fixed Fee	$3,910.41
01b.1	Railroad Coordination	Fixed Fee	$2,232.63
01b.2&b.3	Railroad Coordination (3rd Party Railroad Consultant Assistance)	Fixed Fee	$1,095.44
02	Project Initiation	Fixed Fee	$0.00
03.1	Topographic Survey – Draft Utilities	T&M	$310.62
03.2	Draft Topo ROW	T&M	$2,385.88
03.3	ROW Legal Descriptions	T&M	$1,340.94
03.4	Preliminary Title Report	T&M	$1,241.61
04	Preliminary Right of Way Activities	Fixed Fee	$0.00
05	Geometric Design Concepts & Basis of Design	Fixed Fee	$129.96
06a	Environmental Technical Studies	Fixed Fee	$0.00
06b	Environmental Commitment Record	Fixed Fee	$403.45
07	Geotechnical Engineering	Fixed Fee	$0.00
08a	Utility Application	Fixed Fee	$672.60
08b	Utility Redlines	Fixed Fee	$3,871.45
08c	Utility Finalization	Fixed Fee	$1,329.20
09	Subsurface Exploration	Fixed Fee	$8,341.37
10	Civil Engineering Design	Fixed Fee	$38,833.44
11	Architectural Landscape & Irrigation Design	Fixed Fee	$4,129.15
12	Additional Hydraulic Engineering Study (Removed from Original Agreement)	Fixed Fee	$0.00
13	Architectural Landscape Features Design	Fixed Fee	$1,035.50
14	Bidding Services Assistance	Fixed Fee	$157.05
15	Construction Assistance	Fixed Fee	$4,749.49
16	Renderings for Cycle 7 ATP (Architectural)	Fixed Fee	$0.00
Phase 2 – Right-of-Way			
02.1	Right-of-Way Estimates	Cost + FF	$0.00
02.2	Appraisals	Cost + FF	$0.00
02.2a	Appraisal Review	Cost + FF	$0.00
02.3	Acquisitions	Cost + FF	$0.00
02.3a	Title/Escrow Services	Cost + FF	$0.00
02.3b	Right-of-Way Certification	Cost + FF	$0.00
Total Fee Adjustment Based on Updated Fee Schedule			**$76,170.19**

Segment 1 – Additional Scope of Work

Based on our current understanding, the additional scope of work for Segment 1 (Mooney Boulevard to Giddings Street) includes the following items:

Phase 1 – Task 17: Additions to Civil Scope

To align with updated direction from the City and UPRR, 4Creeks will perform the following additional scope of work items. These tasks were not included in the original agreement and will require additional funding. While some of these items were discussed and preliminary design efforts began earlier in the project, they were never formally added to the agreement, nor was a change order issued. Because the project scope continued to evolve based on feedback from both the City and UPRR, 4Creeks deferred submitting a change order until further comments and requirements from each agency were received, ensuring a clearer understanding of the full scope of work.

- **Design a protected intersection at Murray Avenue and Giddings Street**, including:
  - Raised protected intersection curb islands and mountable truck aprons.
  - Traffic signal modifications for updated vehicle and pedestrian detection and signal phasing.
  - Fully ADA-compliant accessible pedestrian signal locations.
  - Updated geometrics and pavement delineation layouts to meet City guidelines and industry standards for protected intersections.
  - Verification of truck turning movements to ensure compatibility with revised geometry.

- **Design traffic signal modifications,** including railroad requirement upgrades, at the following intersections:
  - Mooney Boulevard and Goshen Avenue.
  - Divisadero Street and Goshen Avenue/Murray Avenue.
  - Hall Street and Murray Avenue.

- **Design additional sidewalk and curb ramp improvements** from original scope of work per City direction, to include the following:
  - Bicycle ramp and sidewalk transition north of the railroad tracks on the east side of Mooney Boulevard.
  - Bicycle ramp on the west side of Leslie Street, north of the railroad crossing, including SCE coordination for necessary guy wire relocation .
  - Southwest and southeast curb ramps at Divisadero Street and Goshen Avenue/Murray Avenue.
  - Southeast curb ramp at Divisadero Street and Switzer Avenue and raised channelizer median on Switzer Avenue and signing and pavement delineation revisions to disallow westbound left turns from Switzer Avenue onto Divisadero Street.

  - Northeast curb ramp at Murray Avenue and Giddings Street, and sidewalk transition 50' eastward to connect to existing sidewalk.
  - Curb, gutter, and sidewalk improvements on the east and west sides of Giddings Street to the north of the railroad crossing, including one (1) bicycle ramp.

- **Revise trail alignment and cross-section** per latest City comments (revised after original Basis of Design comments provided by the City), including:
  - Providing a minimum 1' separation of the trail from remaining existing trees to preserve as many trees as possible.
  - Providing a minimum 1' separation of the trail from the proposed fence, to be located on the existing railroad right-of-way, if feasible.
  - Incorporating 390' of new curb and gutter between Mooney Boulevard and Leslie Street, including the replacement of one (1) storm drain inlet.

- **Design maintenance vehicle access points** at each at-grade intersection, as required by UPRR, to include the following:
  - Two (2) maintenance drive approaches on Mooney Boulevard, including coordination with SCE on necessary guy wire relocation for the drive approach on the east side of the roadway.
  - One (1) maintenance drive approach on Leslie Street.
  - One (1) maintenance drive approach on Divisadero Street.
  - One (1) maintenance drive approach on Giddings Street.

  It should be noted that UPRR has requested four (4) maintenance drive approaches at each crossing location: one on each side of the roadway, both north and south of the railroad tracks. However, based on existing site conditions, there does not appear to be adequate space to accommodate all four requested approaches. Therefore, we are currently including only the approaches identified above.

- **Prepare cost estimate** for the Cycle 7 ATP application. This was completed in addition to the renderings approved by Contract Amendment 1.

The above **Task 17** services will be provided for a **Fixed Fee of $191,350.00.**

Total Contract Amendment 2 = $267,520.19.

Exclusions

- Any work not specifically listed in this scope of services.

We understand the importance of budget planning and are happy to discuss this requested fee adjustment and contract amendment if you have any questions or concerns. Please feel free to give us a call to discuss.

Sincerely,

Lisa M. Wallis-Dutra, PE 71262, TE 1888, PTOE, RSP
Principal Traffic Engineer

Matthew D. Ainley, PE 66233
Principal-In-Charge

Memo

To: Change Order Committee
From: Diego Corvera
Date: 09/08/2025
Re: Goshen Trail Reconstruction – Contract Amendment No. 3 (CP8130, PO3126)

Request:
CIP Engineering Division is requesting Change Order Committee to approve a design contract amendment in the amount of **$1,303,444.00**

Background:
The City of Visalia entered into an agreement with 4Creeks in the amount of $1,269,306.00 on June 1st, 2022, for the consultant to provide engineering design services and to prepare the improvement plans, specifications, and estimates for the Goshen Trail Reconstruction Project (CP8130, Purchase Order PO3126). The project scope includes reconstruction of the existing trail, intersection modifications to improve multimodal safety, incorporation of benches, lighting and landscaping.

On June 7, 2024, a contract amendment in the amount of **$15,000** was approved for 4Creeks to complete three renderings depicting the proposed improvements along the Goshen Trail and the improvements in the Goshen Community. These rendering were used to submit for the Active Transportation Grant Program in cycle 7 (Summer 2024).

On September 10th, 2025, a contract amendment #2 in the amount of **$267,520.19** was approved for 4creeks to update their design scope based on additions from City staff and railroad requirements. This amendment also incorporated updated schedule of fees for the remainder of work on the subject project.

This memorandum requests authorization of Contract Amendment #3 for the following additional services not previously included in the project scope.

Amendment #3:
Added Fee Task 01a – Project Management - **$20,189.00**
This additional fee is necessary as the project was split between phase 1 (Giddings St to Mooney Blvd) and phase 2 (Mooney Blvd to Goshen Community)

Added Fee Task 01b.1 – Railroad Coordination - **$54,892.00**
Due to the project being split into two phases, additional effort is needed to coordinate with the railroad representatives.

Additions to Civil Scope – Task 18 (Mooney Blvd to Camp Dr) (Fixed Fee) - **$284,338.00**
4Creeks will provide additional design services for a protected intersection at the following Goshen Ave intersections:

- Camp Drive
- American Street
- Plaza Drive
- Kelsey Street

- Shirk Street
- Akers Street

Changes to the geometric design concepts related to trail alignment, curb and gutter improvements and install maintenance vehicle access in all quadrants of at-grade intersections. This will also include traffic signal modifications at the following intersections along Goshen Ave:

- Plaza Drive
- Kelsey Street
- Shirk Street
- Akers Street
- Demaree Street

Two additional curb ramp/returns at Demaree (northwest & northeast corners).

This additional scope from the City came from the Cycle 7 ATP grant application process (Spring-Summer 2024). During the application process for the construction funding for the project, further safety design recommendations and multimodal network connection strategies were scoped in order to make the project more competitive for funding. These additions were accounted for in the project budget and grant award.

Goshen Community Design

Task 01a Project management - **$98,125.00**
Project Management of the design efforts with the Goshen Community segment of the project.

Task 01b Railroad coordination - **$56,959.00**
Railroad coordination efforts will mirror the efforts outlined in the City portion of the design work.

Task 02 Project Initiation - **$17,634.00**
This will involve coordination with City and County staff to understand design deliverables for the Goshen Community portion of the project.

Task 03 Topographic Survey (optional) (T&M) - **$59,740.00**
4Creeks will be responsible for developing design topographic survey with all site conditions necessary to develop a final constructable design.

Task 04 – Right-of-way Acquisition Legal Descriptions and Exhibits (optional) - **$4,917.00**
Optional task to produce legal descriptions and/or exhibits as needed for ROW needs for the project. Currently budgeted for three (3) properties, it can be increased if needed.

Task 05 – Geometric Design Concepts & Basis of Design - **$66,491.00**
4Creeks will work with City and County staff to review design concepts to ensure the design is meeting grant deliverables and jurisdiction expectations.

Task 06 – Environmental Commitment Record - **$4,697.00**
4Creeks will coordinate with the City of Visalia as the grant recipient on all environmental mitigation requirements and incorporate all recommendations in an ECR that will be made part of the construction documents for the Goshen design.

Task 07 – Field Exploration & Geotechnical Engineering Services - **$27,773.00**
4Creeks with Krazan & Associates will produce a geotechnical report that will outline soil conditions, provide soil composition, R-values and FDR/Lime treated soil recommendations.

Task 08 – Utility Coordination - **$34,149.00**
4Creeks will coordinate with all existing utilities and coordinate any relocations or conflicts that arise during the design phase of work.

Task 09 – Subsurface Exploration (Optional) - **$17,661.00**
Design stage potholing to identify during any underground conflicts with proposed design. This is optional as deep foundation structures will be limited with this project therefore potholing for conflicts may not be necessary.

Task 10 – Civil Engineering Design - **$462,370.00**
4Creeks will design the Goshen Community improvements based on the grant concepts provided and attached. Design will be consistent with industry standards and will be reviewed at 30%, 60%, 90% & 100% completion points with City and County staff.

Task 11 – Bidding Services (Optional) **- $2,921.00**
4Creeks staff will be available to assist with bidding questions, addenda, and supporting exhibit as necessary during the construction bidding phase.

Task 12 – Construction Services (Optional) - **$39,068.00**
4Creeks staff will be available to assist with construction of the project within the limits of the designer of record. This includes but is not limited to attending the pre-construction meeting, answering RFI's, preparing as-builts, and record drawings.

Task 13 – Right-of-way Services (Optional a-f) – **$51,520.00**
4Creeks and Bender Rosenthal, Inc will provide right-of-way services for Goshen Community project as needed to construct the proposed improvements.

Total for Amendment #3: **$1,303,444.00**
Upon approval of amendment No. 2, the total contract amount will be **$2,855,270.19**

4CREEKS

August 22, 2025

Mr. Diego Corvera, PE, LCI
Senior Civil Engineer
City of Visalia – Engineering Department
315 E. Acequia Avenue
Visalia, CA 93291

Subject: Goshen Trail Reconstruction Project – Contract Amendment 3
4Creeks Project No. 22080

Dear Mr. Corvera,

We have prepared a scope of work and fee for the additional services required for the Goshen Trail Reconstruction Project. It is 4Creeks' understanding that, due to funding constraints at the time, the original 6.1-mile Goshen Trail Reconstruction Project was divided into two separate segments. Segment 1 extends from Mooney Boulevard to Giddings Street, and Segment 2 spans from Camp Drive to Mooney Boulevard. While both segments are included under the original agreement, they will be delivered as separate projects.

It is also our understanding that the County of Tulare is proposing significant improvements within the Community of Goshen. These improvements will be incorporated with Segment 2 (Camp Drive to Mooney Boulevard), creating a joint project between the County and the City. Contract Amendment 3, which is the subject of this request, outlines the additional scope of work and associated fee for that joint project. Contract Amendment 3 is divided into the following two components:

1. Segment 2 (Camp Drive to Mooney Boulevard) – Additional Scope of Work.
2. Phase 3 – Goshen Community Improvements.

Segment 2 (Camp Drive to Mooney Boulevard) – Additional Scope of Work

Based on our current understanding, the additional scope of work for Segment 2 (Camp Drive to Mooney Boulevard) includes the following items:

Phase 1 (to be added to Phase 1 of the original agreement)

Task 01a – Project Management

Additional project management effort is needed for Segment 2 of the project due to the extended project timeline and the City's decision to separate the work into two distinct projects. This separation will require additional coordination with City staff, utility companies, and stakeholders, as well as the development of separate schedules, deliverables, and approvals. As

a result, the overall level of effort to manage the project effectively and maintain clear communication for both projects has increased beyond what was originally anticipated.

The above **Phase 1 Task 01a** additional services will be provided for a **Fixed Fee of $20,189.00.**

Task 01b.1 – Railroad Coordination
Additional coordination with the railroad agencies is required due to the project now being split into two separate segments. This change necessitates duplicating efforts previously anticipated as a single coordination process, including scheduling and attending an additional field meeting with railroad representatives, updating submittals, and responding to separate sets of comments and requirements. Each project segment must now independently address railroad review and approval processes, resulting in increased time and effort beyond the original scope.

The above **Phase 1 Task 01b.1** additional services will be provided for a **Fixed Fee of $54,892.00.**

Task 18 – Segment 2 Additions to Civil Scope
To align with new direction from the City and UPRR, 4Creeks will perform the following additional scope of work items, which were not included in the original agreement and will require additional funding:

- **Design protected intersections** at the following Goshen Avenue intersections:
  - Camp Drive.
  - American Street.
  - Plaza Drive.
  - Kelsey Street.
  - Shirk Street.
  - Akers Street.

  The intersections shall include the following:
  - Raised protected intersection curb islands and mountable truck aprons.
  - Updated geometrics and pavement delineation layouts to meet City guidelines and industry standards for protected intersections.
  - Verification of truck turning movements to ensure compatibility with revised geometry.

- **Design traffic signal modifications,** including railroad requirement upgrades, at the following Goshen Avenue intersections:
  - Plaza Drive.
  - Kelsey Street.
  - Shirk Street.
  - Akers Street.
  - Demaree Street.

- **Revise trail alignment and cross-section** per latest City comments (revised after original Basis of Design comments provided by the City), including:
    - Providing a minimum 1' separation of the trail from remaining existing trees to preserve as many trees as possible.
    - Providing a minimum 1' separation of the trail from the proposed fence, to be located on the existing railroad right-of-way, if feasible.

- **Design two additional curb ramps/returns** at Demaree Street (northwest and northeast corners).

- **Design maintenance vehicle access points** at each at-grade intersection, as required by UPRR.

The above **Phase 1 Task 18** services will be provided for a **Fixed Fee of $284,338.00.**

Subtotal Contract Amendment 3 for Phase 1 Additions = $359,419.00.

Phase 3 – Goshen Community

It is our understanding that additional improvements within the Community of Goshen will be added to Segment 2 (Camp Drive to Mooney Boulevard) and designated as Phase 3 items of work. Because the majority of this work is located within the jurisdiction of the County of Tulare, the project will become a joint effort between the County and the City of Visalia. **The Phase 3 scope of work will include tasks similar to those in Phases 1 and 2 of the original agreement but will be based on the attached Goshen Visalia Corridor Project (GVCP) layout sheets (L1 through L10) provided by the City.** We understand that this additional work will include the following items:

Task 01a – Project Management

Project Management for Phase 3 will include the same types of coordination, scheduling, progress monitoring, and client communication performed under Phase 1. Additional effort will be required to manage the expanded scope of work, coordinate between the City of Visalia and the County of Tulare, and oversee the design team's delivery of Phase 3 tasks. This work represents an increase in project duration and complexity, necessitating an additional fee to cover the extended management hours and resources required.

The above **Phase 3 Task 01a** services will be provided for a **Fixed Fee of $98,125.00.**

Task 01b – Railroad Coordination

Railroad coordination for Phase 3 will be similar in scope to the work performed under Phase 1, including communication with UPRR, submittal of plans for review, and compliance with railroad requirements. Additional coordination will be necessary due to the expanded project limits and the need to address additional railroad locations within the Community of Goshen. This will

include scheduling and attending meetings with UPRR, facilitating a field review, and incorporating railroad comments into the design. The increased level of effort and extended timeline will require an additional fee to cover the added coordination hours and resources.

The above **Phase 3 Task 01b.1** services will be provided for a **Fixed Fee of $56,959.00.**

Task 02 – Project Initiation

For Phase 3, 4Creeks will coordinate with the City and County to confirm the scope of work, schedule, budget, and resources needed to complete the work. Efforts will include conducting a site visit of the Goshen Community to evaluate existing conditions, identifying design issues and potential improvements, and preparing for and leading a Phase 3 Kick-Off meeting with the City and County. This task will establish clear roles, responsibilities, and coordination procedures for all parties, ensuring an organized and efficient start to Phase 3.

The above **Phase 3 Task 02** services will be provided for a **Fixed Fee of $17,634.00.**

Task 03 – Topographic Survey (Optional)

4Creeks will perform topographic field survey and right-of-way drafting services for roadway segments within the Community of Goshen to support preparation of the Phase 3 design plan set. Survey limits will include the following roadway segments identified in the attached GVCP layout sheets (L1 through L10):

- venue 308 – cul-de-sac east of State Route 99 to Effie Drive.
- Avenue 308 – Camp Drive to American Street.
- Effie Drive – Avenue 308 to Goshen Avenue.
- Goshen Avenue (Avenue 304) – Effie Drive to Camp Drive.
- Camp Drive – Avenue 310 to Avenue 308.
- American Street – Avenue 308 to Goshen Avenue.

The topographic survey will include, but not be limited to:

- Roadway improvements (curb, gutter, crown, edge of pavement at 50' stations).
- Observable utilities.
- Landscape areas and adjacent ground shots.
- Tie-in to local benchmark system.
- Tie-in to adjacent centerline or property line monuments for baseline control of site.
-

Based on field data, 4Creeks will prepare a boundary and right-of-way drawing for the project site limits based on record information, found/observed field data, and controlling monuments. A digital model of the existing ground surface will also be developed.

The above **Phase 3 Task 03 (optional)** services will be performed on a **Time and Materials Basis for an estimated fee of $59,740.00.**

Task 04 – Right-of-Way Acquisition Legal Descriptions and Exhibits (Optional)
It is unknown at this time how many legal descriptions and survey plats will be required within the Goshen Community. Based on information provided by City/County staff, it is anticipated three (3) properties may be needed. As a result, we will provide legal descriptions as needed/required, on a per description basis. 4Creeks will prepare legal descriptions and survey plats. Our understanding is that the City/County will provide property deeds, title reports, and easements. It is our understanding that our subconsultant, Bender Rosenthal, will be responsible for providing right of way acquisition services and coordinating with property owners.

The above **Task 04 (optional)** services will be billed on a per legal description basis at a cost of $1,500.00 each. For the purposes of this Fee Proposal, we have assumed three (3) legal descriptions totaling $4,500.00. **Assuming the appropriate project escalation for multi-year contracts, the three (3) legal descriptions total $4,917.00.**

Task 05 – Geometric Design Concepts & Basis of Design
For Phase 3, 4Creeks will work with the City of Visalia and the County of Tulare to establish and finalize the preliminary basis of design for improvements within the Community of Goshen. This effort will address major issues and constraints, evaluate existing right-of-way, and develop conceptual geometric layouts in compliance with applicable state, federal, and City standards. The preliminary design will be reviewed and refined based on utility coordination, potholing, and geotechnical findings to ensure it meets agency expectations and is ready to advance into the PS&E phase.

The above **Phase 3 Task 05** services will be provided for a **Fixed Fee of $66,491.00.**

Task 06 – Environmental Commitment Record
For Phase 3, 4Creeks will prepare and maintain the Environmental Commitment Record (ECR) for the Goshen Community improvements through completion of contract documents. This will include coordinating with the County to obtain Caltrans environmental documents, recording and tracking all mitigation and enhancement commitments, and incorporating them into the contract documents. The final ECR will be delivered to the City and County with the completed contract package.

The above **Phase 3 Task 06** services will be provided for a **Fixed Fee of $4,697.00.**

Task 07 – Field Exploration & Geotechnical Engineering Services
For Phase 3, 4Creeks' subconsultant, Krazan & Associates, will perform field exploration and geotechnical engineering services within the Community of Goshen project limits. For this investigation, Krazan plans to drill 18 borings to a depth of 5 to 10 feet or auger refusal. Furthermore, 10 samples will also be collected for laboratory R-Value testing. Prior to drilling operations, necessary permits from the County of Tulare and/or City of Visalia will be obtained and Underground Services Alert (USA) will be notified. All fieldwork will be done under the

supervision of a Geotechnical Engineer or Senior Geologist. Recommendations for lime treated subgrade will be included. The results of field exploration, laboratory testing, and engineering analysis will be presented in a formal report for use in the Phase 3 design.

The above **Phase 3 Task 07** services will be provided for a **Fixed Fee of $27,773.00.**

Task 08 – Utility Coordination
4Creeks will coordinate with utility companies affected by the Goshen Community improvements to ensure utility information is accurately incorporated into the design and final construction plans. Work will include early utility research, obtaining plats and record drawings, conducting site visits, and developing conflict maps to identify and resolve potential issues, particularly at intersections. Coordination will follow LAPM Chapter 13 (Right of Way) and Chapter 14 (Utility Coordination) requirements, including Buy America compliance. 4Creeks will assist the County and/or City in preparing required Caltrans exhibits, conflict resolution plans, liability determinations, and utility agreements, as well as updating the topographic base map with potholing results. Final deliverables will include utility plans in the PS&E package and preparation of the Right of Way Utility Clearance Memorandum. Ongoing updates will be provided at monthly project coordination meetings to maintain schedule.

The above **Phase 3 Task 08** services will be provided for a **Fixed Fee of $34,149.00.**

Task 09 – Subsurface Exploration (Optional)
4Creeks will coordinate potholing in the Goshen Community project limits during the preliminary design stage to identify and mitigate potential conflicts. To begin, the necessary encroachment permits will be obtained from the County and/or the City. 4Creeks will also verify pothole locations with the agencies. Traffic control plans will be submitted for approval and implemented throughout the process. It is assumed traffic control will require shoulder work only.

For this proposal, we have assumed a per working day rate for hydro-vac excavation services to visually verify the utility location, depth, and type of existing underground utilities. One working day assumes a 3-person crew for the utility potholing contractor, eight working hours, and 3 hours of travel from port to port. It is assumed an estimated eight to 10 potholes can be completed per working day. 4Creeks will provide coordination and supervision of the potholing contractor for 50% of the working day.

The above **Task 09 (optional)** services will be billed on a per working day basis at a cost of $17,147.00 per day. For the purposes of this Fee Proposal, we have assumed one (1) working day totaling $17,147.00. **Assuming the work would be completed within the first year of the project and the appropriate project escalation for multi-year contracts applied, each working day would total $17,661.00.**

Task 10 – Civil Engineering Design

Using the finalized Geometric Design Concept & Basis of Design for Phase 3 (Task 4), the 4Creeks' Team will submit construction documents that conform to current regulations and guidelines in accordance with the County's and City's Standard Plans and Specifications, Caltrans Standards (including the LAPM, Chapter 12, Plans, Specifications, & Estimate), Railroad Specifications, and applicable AASHTO geometric design guidelines. The 4Creeks' Team will design improvements to stay within existing right-of-way or right-of-way identified to be obtained. The design will also include transition details from private property to the new improvements. The 4Creeks' Team will also actively research and consider potential alternatives to assist the County and/or City in reducing project costs to remain within the defined construction budget.

The 4Creeks' Team will not begin final design until after approval of the final environmental document. Commitment mitigation measures in the environmental documents will be incorporated into the appropriate contract documents.

Documents will be submitted to the County and City for review at 30%, 60%, 90%, and 100% completion points. The project documents will include the work involved for Segment 2 (Camp Drive to Mooney Boulevard) of the original Goshen Trail Reconstruction Project, as well as the improvements within the Goshen Community. It is anticipated that the County and City will provide a full PS&E review at each submittal stage of the project and will provide their comments to 4Creeks. The 4Creeks' Team will then review and revise the PS&E documents per the applicable comments received.

It is assumed the civil improvements will generally include the following within the Goshen Community project limits as shown on the GVCP layout sheets (L1 through L10):

- 48 ADA-compliant curb ramps.
- 112 drive approaches.
- Approximately 19,210 lineal feet of curb, gutter, and sidewalk.
- Approximately 11,780 lineal feet of a Class IV Separated Bikeway (Cycle Track).
- Curb extensions at the following corners:
    - Northeast and southeast corners of Camp Drive and Avenue 308.
    - Northwest and northeast corners of Avenue 308 and Road 70.
    - Northwest and northeast corners of Avenue 308 and Commercial Road.
    - Southwest and southeast corners of Avenue 308 and Farr Road.
    - All four corners of Avenue 308 and Road 72.
    - Northwest and northeast corners of Avenue 308 and Coyote Court.
    - Northwest and northeast corners of Avenue 308 and Eagle Street.
- Corner islands at the following corners:
    - Southwest and southeast corners of Avenue 308 and Robinson Road.
    - Southwest and southeast corners of Avenue 308 and Road 70.
    - Southwest and southeast corners of Avenue 308 and Commercial Road.

  - Southwest and southeast corners of Avenue 308 and Road 71.
- Raised intersection traffic circle at Avenue 308 and Commercial Road (not a roundabout).
- Railroad crossing safety improvements at the Goshen Avenue crossing west of Camp Drive.
- Approximately 51 streetlights.
- Storm drain main and approximately 16 storm drain inlets.
- Signing and pavement delineation.

The following will be submitted to the City and/or County at 30%, 60%, 90%, and 100% completion points:

- Full-sized plans - electronic PDF file.
- Specifications - electronic PDF file (beginning at 60% submittal).
- Cost estimates - electronic PDF file.
- Design calculations - electronic PDF file.
- Electronic copy of specifications in MS Word format (beginning at 60% submittal).
- 4Creeks response to comments and tracking - electronic PDF.
- Electronic copy of plans in AutoCAD Civil 3D (submitted at 100% completion point only).

The above **Phase 3 Task 10** services will be provided for a **Fixed Fee of $462,370.00.**

Task 11 – Bidding Services (Optional)
As an optional service, 4Creeks will assist the City during the bidding phase by preparing clarifications, addenda, and supporting exhibits as needed to address bidder questions. This effort will help ensure that contractors have a clear understanding of the project requirements, resulting in accurate and competitive bids for construction.

The above **Phase 3 Task 11 (optional)** services will be provided for a **Fixed Fee of $2,921.00.**

Task 12 – Construction Services (Optional)
As an optional service, 4Creeks will provide construction-phase support, which may include attending the preconstruction meeting, participating in project meetings, reviewing technical submittals, responding to Requests for Information (RFIs), and preparing as-built record drawings in AutoCAD from contractor-provided redlines. This support will help ensure the project is constructed in accordance with the approved plans and meets the City's intended outcomes.

The above **Phase 3 Task 12 (optional)** services will be provided for a **Fixed Fee of $39,068.00.**

Task 13 – Right-of-Way Services (Optional)
Our right-of-way consultant, Bender Rosenthal, Inc. (BRI), will provide right-of-way services for Phase 3. Based on information obtained from the County/City, it is anticipated three (3) properties may be needed. It is not anticipated that relocation assistance or condemnation support will be required.

It is anticipated that BRI will follow a similar scope of work as outlined in Phase 2 of the original agreement, assuming right-of-way needs for three (3) properties. These optional right-of-way services will be provided on a Cost-Plus Fixed Fee basis, and their associated fees are listed below:

Task 13a Project Management and Coordination = $8,280.00.
Task 13b Appraisal Services = $15,870.00.
Task 13c Appraisal Review Services = $5,175.00.
Task 13d Acquisition Services = $12,075.00.
Task 13e Title/Escrow Services = $7,245.00.
Task 13f Right-of-Way Certification = $2,875.00

The above **Phase 3 Task 13** services will be provided for a **Cost-Plus Fixed Fee of $51,520.00.**

Subtotal Contract Amendment 3 for Phase 3 (Goshen Community) Additions = $944,025.00.

Total Contract Amendment 3 for Phase 1 (Segment 2) Additions + Phase 3 (Goshen Community) Additions = $1,303,444.00.

Our fee proposal for Contract Amendment 3 is based on the currently approved fee schedule under the City of Visalia's On-Call Agreement, which incorporates a 3% annual escalation for multi-year contracts. As requested by Chris Crawford, the budgets reflect this escalation applied through the anticipated duration of the project.

The timelines for task completion are aligned with the schedule provided in the City's Active Transportation Program grant application, as summarized below:

- Baseline Agreement – 12/01/2025
- PA&ED – 01/05/2028
- Right of Way Certificate – 08/01/2028
- Ready to List – 04/01/2029
- Begin Construction – 07/01/2029
- End Construction – 07/01/2030

For example, the Project Management task is anticipated to span the life of the project, with the annual escalation applied proportionally to the work expected in each year. This adjustment is intended to reasonably account for increases in labor, materials, and operational costs over time, ensuring the budget remains aligned with market conditions throughout project delivery.

The fee proposal for Contract Amendment 3 is also shown in the following table.

Contract Amendment 3 Fee Proposal

Task	Description	Billing Type	Cost
Segment 2 (Camp Drive to Mooney Boulevard) – Additional Scope of Work			
Phase 1 (to be added to Phase 1 of the original agreement)			
01a	Project Management	Fixed Fee	$20,189.00
01b.1	Railroad Coordination	Fixed Fee	$54,892.00
18	Segment 2 Additions to Civil Scope	Fixed Fee	$284,338.00
	Subtotal Segment 2 (Camp Drive to Mooney Boulevard) Phase 1		**$359,419.00**
Phase 3 Goshen Community			
01a	Project Management	Fixed Fee	$98,125.00
01b	Railroad Coordination	Fixed Fee	$56,959.00
02	Project Initiation	Fixed Fee	$17,634.00
03	Topographic Survey (Optional)	T&M	$59,740.00
04	Right-of-Way Acquisition Legal Descriptions and Exhibits (Optional)	Per Legal Description	$4,917.00
05	Geometric Design Concepts & Basis of Design	Fixed Fee	$66,491.00
06	Environmental Commitment Record	Fixed Fee	$4,697.00
07	Field Exploration & Geotechnical Engineering Services	Fixed Fee	$27,773.00
08	Utility Coordination	Fixed Fee	$34,149.00
09	Subsurface Exploration (one day assumed)(Optional)	Per Working Day	$17,661.00
10	Civil Engineering Design	Fixed Fee	$462,370.00
11	Bidding Services Assistance (Optional)	Fixed Fee	$2,921.00
12	Construction Assistance (Optional)	Fixed Fee	$39,068.00
13.0	Right-of-Way Services (Optional)		
13a	Project Management and Coordination (Optional)	Cost + FF	$8,280.00
13b	Appraisal Services (Optional)	Cost + FF	$15,870.00
13c	Appraisal Review Services (Optional)	Cost + FF	$5,175.00
13d	Acquisition Services (Optional)	Cost + FF	$12,075.00
13e	Title/Escrow Services (Optional)	Cost + FF	$7,245.00
13f	Right-of-Way Certification (Optional)	Cost + FF	$2,875.00
	Subtotal Phase 3 - Goshen Community		**$944,025.00**
	Total Contract Amendment 3		**$1,303,444.00**

Exclusions

- Any work not specifically listed in this scope of services.

Assumptions

- It is our understanding that while the majority of the work in the Goshen Community falls within the jurisdiction of the County of Tulare, a small portion along American Street lies within the City of Visalia. We anticipate that work in these separate areas will be tracked independently to ensure each agency can maintain accurate accounting of project funding for its respective jurisdiction. 4Creeks will coordinate directly with each agency to determine the most effective method for tracking these amounts.

We value our partnership with the City and are happy to review any aspect of this contract amendment with you. Please don't hesitate to reach out if you have any questions or would like to discuss details further.

Sincerely,

Lisa M. Wallis-Dutra, PE 71262, TE, PTOE, RSP
Principal Traffic Engineer

Matthew D. Ainley, PE 66233
Principal-In-Charge

Visalia City Council

Staff Report

File #: 25-0435 **Agenda Date:** 10/6/2025 **Agenda #:** 7.

Agenda Item Wording:
Fiscal Year 2024-25 Cape Seal Notice of Completion - Authorize the City Manager to file a Notice of Completion for the Fiscal Year 2024-25 cape seal project.

Prepared by:
Danny Galindo, Public Works Manager, danny.galindo@visalia.city, 713-4186
Nick Bartsch, Public Works Director, nick.bartsch@visalia.city, 713-4052

Department Recommendation: Staff recommends that the City Council authorize the City Manager to file a Notice of Completion for the FY 24-25 cape seal project (1410-72000/CP0247-999).

Summary:
The FY 24-25 cape seal project, funded through Measure N, was successfully completed by VSS International within the approved budget and timeline with one change order. The contractor was directed to apply 1,594.87 square yards of Micro-Surfacing at the unit price of $2.40 per square yards on a portion of the Riggin Avenue (Mooney to Conyer) project for a total of $3,827.68. The change order was reviewed and approved by the City's Change Order Committee on September 17, 2025.

The project treated approximately 9 miles (226,724 square yards) of residential and collector streets throughout the city. This preventative maintenance effort is part of the City's ongoing pavement preservation program aimed at extending roadway lifespan. Staff requests Council authorization for the City Manager to file a Notice of Completion.

Background Discussion:
The City currently utilizes multiple pavement preservation methods including, but not limited to, reclamite, cape seal, and crack seal. The streets are analyzed through the City's pavement management program to determine cost-effective maintenance recommendations, while optimizing the expenditures of limited fiscal resources.

This annual cape seal project was based on a project list developed from the pavement management program in combination with field investigations. To increase the longevity of pavement surfaces, it is imperative for the City to perform the appropriate preventative maintenance treatment to streets at the proper time. Performing a cape seal treatment at this life-stage of the selected streets is beneficial as it extends the overall pavement life at a relatively inexpensive cost. Without this type of treatment, as streets deteriorate further, future maintenance and eventual replacement becomes more expensive and more time-consuming.

This iteration of the cape seal project was performed throughout the City as shown in the attached map. The project sealed approximately 9 miles of streets which amounted to an area of 226,724 square yards. The contractor, VSS International of West Sacramento, CA, completed the FY 24-25 cape seal project within the contract time frame and budget. The project was publicized through the

City's social media and the contractor's own notification process, which minimized resident complaints.

Fiscal Impact:
The FY 24-25 Cape Seal construction project (CIP 1410-72000/CP0247-999) was funded by Measure N (Fund 141) with a total project budget of $1,748,468.56.

Below is a breakdown of all the costs associated with this project:

Project Summary: FY 24-25 cape seal project, CP0247 (Measure N)

Project Budget:	**$1,748,468.56**
Project Costs:	
Construction Cost:	$1,698,325.00
Change Order No. 1:	$3,827.68
Construction Mgmt & Inspection:	$2,067.00
Total Project Cost	**$1,704,219.68**
Approximate Funding Remaining (Measure N)	$44,248.88

Prior Council Action: May 19, 2025 City Council authorized the City Manager to award the construction contract for the FY 24-25 Cape Seal Project to VSS International in the amount of $1,698,325.

Other: N/A

Alternatives: None recommended

Recommended Motion (and Alternative Motions if expected):
I move to authorize the City Manager to file a Notice of Completion for the FY 24-25 Cape Seal Project.

Environmental Assessment Status: N/A

CEQA Review: N/A

Deadline for Action: 10/6/2025

Contractor Disclosure Form

DISCLOSURE STATEMENTS

The following disclosure and statement apply to the Bidder/Proposer/Contractor/Consultant/Vendor/Supplier or Company:
1. submitting a bid or proposal in response to a solicitation by City of Visalia; or
2. as Awardee of a contract/purchase order which is subject to approval by the Visalia City Council.

OWNERSHIP DISCLOSURE

VSS International, Inc.
Name of Bidder/Proposer/Contractor/Consultant/Vendor/Supplier or Company

3785 Channel Drive, West Sacramento, CA 95691
Address

List the names of all principals, partners, and/or trustees. For corporations, provide names of officers, directors and all stockholders owning more than 10% equity interest in corporation:

VSS International, Inc. - Corporation in CA
Jeffrey Reed, Owner - 100%
Jeff Roberts, President
Jordan Reed, Secretary/ Treasurer

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also known as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract?

YES:____ NO: ☑ If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

File #: 25-0437 **Agenda Date:** 10/6/2025 **Agenda #:** 8.

Agenda Item Wording:
Authorization to Accept the Office of Traffic STEP Grant - Authorize the Visalia Police Department to accept the Selective Traffic Enforcement Program Fiscal Year 2025-26 Grant in the amount of $190,000 awarded by the California Office of Traffic Safety, appropriate $40,000 from the General Fund and authorize the Chief of Police to execute the Grant Agreement.

Prepared by:
Police Chief Jason Salazar, 559-713-4215, jason.salazar@visalia.gov
Financial Analyst Liz Ybarra, 559-713-4250, liz.ybarra@visalia.gov
Police Lieutenant Mike Short, 559-713-4573, mike.short@visalia.gov
Police Sergeant Henry Martinez, 559-713-4232, henry.martinez@visalia.gov

Department Recommendation:
Authorize the Visalia Police Department to accept the Selective Traffic Enforcement Program (STEP) FY 2025-26 Grant in the amount of $190,000 awarded by the California Office of Traffic Safety (OTS), appropriate $40,000 from the General Fund and authorize the Chief of Police to execute the Grant Agreement. The Grant is effective 10/1/2025 - 9/30/2026.

Summary:
The Visalia Police Department has been awarded the STEP Grant for more than 10 years and has used the funds to enhance its traffic enforcement and educational efforts including but not limited to: Driving Under the Influence (DUI) checkpoints and saturation patrols, distracted driver, motorcycle safety, pedestrian/bicycle enforcement operations, and several educational presentations. The Grant has also funded equipment and provided the resources necessary to effectively complete DUI enforcement details.

Background Discussion:
With various strategies, traffic safety and DUI enforcement are aggressively targeted through checkpoints, saturation details, traffic enforcement, distracted driving operations, motorcycle details, and traffic safety education. The goal of the STEP Grant is to provide support and funding to reduce the number of persons killed or injured in traffic collisions, decrease alcohol-related collisions, increase DUI enforcement efforts, and raise public awareness about the dangers and consequences of drinking and driving. Operations are conducted in areas with disproportionately high numbers of traffic collisions.

In the FY 2023-24 Grant year (10/01/23-09/30/24), the Visalia Police Department responded to four alcohol-related traffic fatalities and 61 alcohol-related injury collisions. In total, the department addressed 17 fatal traffic collisions and 579 injury collisions. During that Grant year, the Department was awarded $170,000, which funded 19 DUI enforcement operations, 31 traffic safety enforcement operations, and training for 39 officers in DUI detection and enforcement.

In the 2024-25 Grant year (10/01/24-09/30/25), the Visalia Police Department responded to three alcohol-related traffic fatalities and 32 alcohol-related injury collisions. In total, the department addressed nine fatal traffic collisions and 437 injury collisions. During this Grant year, the Department was awarded $200,000, which funded 21 DUI enforcement operations, 25 traffic safety enforcement operations, and training for officers in DUI detection and enforcement.

For the 2025-26 Grant year, the STEP Grant will provide the Visalia Police Department funding for six DUI/DL checkpoints, 12 DUI saturation details, eight traffic enforcement operations, 10 distracted driving operations, four motorcycle safety operations, three pedestrian and bicycle enforcement operations, two traffic safety presentations, and two collaborative DUI enforcement operations. The Department also received funding for DUI checkpoint supplies.

The City of Visalia has experienced a steady increase in drivers and vehicles. This Grant funding will provide additional resources to enhance enforcement and educational efforts, ultimately improving roadway safety.

Fiscal Impact: The STEP Grant is budgeted annually and currently has a budget of $150,000 in the Traffic Division 2103. An additional $40,000 in appropriations is required. The General Fund will be reimbursed by the Grant.

Prior Council Action: N/A

Other: N/A

Alternatives: Not to authorize the Visalia Police Department to submit the STEP Grant application.

Recommended Motion (and Alternative Motions if expected):
Authorize the Visalia Police Department to accept the Selective Traffic Enforcement Program FY 2025-26 Grant in the amount of $190,000 awarded by the California Office of Traffic Safety, appropriate $40,000 from the General Fund and authorize the Chief of Police to execute the Grant Agreement.

Environmental Assessment Status: N/A

CEQA Review: N/A

Deadline for Action: 10/6/2025

Attachments: Draft Grant Agreement.

1. GRANT TITLE
Selective Traffic Enforcement Program (STEP)

2. NAME OF AGENCY
Visalia

3. Grant Period
From: 10/01/2025
To: 09/30/2026

4. AGENCY UNIT TO ADMINISTER GRANT
Visalia Police Department

5. GRANT DESCRIPTION
Best practice strategies will be conducted to reduce the number of persons killed and injured in crashes involving alcohol and other primary crash factors. The funded strategies may include impaired driving enforcement, enforcement operations focusing on primary crash factors, distracted driving, night-time seat belt enforcement, special enforcement operations encouraging motorcycle safety, enforcement and public awareness in areas with a high number of bicycle and pedestrian crashes, and educational programs. These strategies are designed to earn media attention thus enhancing the overall deterrent effect.

6. **Federal Funds Allocated Under This Agreement Shall Not Exceed: $190,000.00**
Allocation is contingent upon availability of federal funds.

7. TERMS AND CONDITIONS: The parties agree to comply with the terms and conditions of the following which are by this reference made a part of the Agreement:
- Schedule A – Problem Statement, Goals and Objectives and Method of Procedure
- Schedule B – Detailed Budget Estimate and Sub-Budget Estimate (if applicable)
- Schedule B-1 – Budget Narrative and Sub-Budget Narrative (if applicable)
- Exhibit A – Certifications and Assurances
- Exhibit B* – OTS Grant Program Manual
- Exhibit C – Grant Electronic Management System (GEMS) Access

*Items shown with an asterisk (*), are hereby incorporated by reference and made a part of this agreement as if attached hereto. These documents can be viewed at the OTS home web page under Grants: www.ots.ca.gov.

We, the officials named below, hereby swear under penalty of perjury under the laws of the State of California that we are duly authorized to legally bind the Grant recipient to the above described Grant terms and conditions.
IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto.

8. **Approval Signatures**

1. PROBLEM STATEMENT

Describe the city, county, or jurisdiction this grant will impact.

Visalia, the county seat of Tulare County, California, is a growing city with a population exceeding 143,000. It serves as the regional hub for Tulare and Kings counties, featuring a diversified economy with a strong focus on agriculture, food processing and distribution, light manufacturing, and industrial/commercial distribution. Notable distribution centers in Visalia include JoAnn Stores, VF Corporation, Jostens, VWR, Amazon, UPS, and California Dairies. Additionally, the city is a major retail destination, with a trade area catering to over 630,000 consumers. Visalia's industrial and retail sectors provide employment to thousands of individuals from the city and surrounding areas, with the daytime population increasing to approximately 160,000 due to its workforce and retail draw.

The Visalia Police Department is a full-service organization employing 165 sworn officers and additional civilian support staff. Beyond the Patrol Division, the department operates several specialized units to enhance community service. These units include the Traffic Unit, Special Enforcement Unit, Youth Services, Violent Crimes, Property Crimes, Narcotics, SWAT, Crime Lab, Unmanned Aerial Vehicle, and Crisis Negotiation Team. The department is also supported by the Citizen Volunteer program (VIPs), which supplements its operations. The Visalia Police Department maintains an overwhelmingly positive relationship with the community it serves, where traffic safety concerns consistently rank as a top priority for residents.

Describe the problem(s) to be addressed, supported by current and relevant crash data. (most recent calendar year data/stats).

In recent years, Visalia has experienced a significant increase in traffic-related incidents. In 2024, the Visalia Police Department responded to 2,876 traffic crashes, underscoring the city's ongoing road safety challenges. Key statistics from 2024 include 54 pedestrian crashes, 39 bicycle crashes, 24 motorcycle crashes, and 168 DUI-related crashes. Fatalities resulting from these incidents remained consistent with 2023 figures, totaling 14 fatal crashes and 15 fatalities. DUI and speeding were contributing factors in 42.8% of these fatal crashes.

Between January 2022 and December 2024, the department responded to 35 fatal injury crashes and 1,202 injury crashes. DUI and speeding were primary factors in 28.5% of fatal crashes and 18.7% of injury crashes during this period. Notably, 8 of the 35 fatalities (22.85%) involved bicyclists and pedestrians, while 239 of the 1,202 injury crashes (19.8%) involved these vulnerable groups. Although pedestrians and bicyclists account for nearly a quarter of injury and fatal crashes over the last three years, the data highlights that these incidents often result from a combination of factors, including excessive speed and impaired driving. This data underscores the ongoing challenges in reducing traffic-related injuries and fatalities across all demographics. The department remains committed to proactive enforcement and safety initiatives, focusing on high-risk areas and vulnerable road users. Addressing issues such as impaired driving, speeding, and distracted driving requires consistent and continuous enforcement. This grant year, the department has re-evaluated the allocation of resources and enforcement hours to maximize visibility, productivity, and effectiveness by targeting times and locations where incidents are most common based on data. Additionally, an increase in traffic enforcement operations and DUI enforcement details will help address the ongoing concerns reflected in this data.

Define the target population the grant intends to serve and how they are affected by the problem(s).

The primary target population for this grant includes all road users in Visalia—motorists, motorcyclists, bicyclists, and pedestrians. These groups are directly affected by traffic safety issues, as evidenced by the rising number of traffic incidents and fatalities over the last three years. Of the 14 fatal crashes in 2024, 5 involved pedestrians, 3 involved motorcyclists, and the remainder were motorists, 3 of whom were impaired. Traffic injuries and fatalities particularly impact the economically active and commuting population, who rely on these roads for daily commutes and access to city services and amenities. Ensuring the safety of this demographic is crucial for maintaining both the economic vitality and quality of life in Visalia.

2. PERFORMANCE MEASURES

A. Goals:

1. Reduce the number of persons killed in traffic crashes.

2. Reduce the number of persons injured in traffic crashes.
3. Reduce the number of pedestrians killed in traffic crashes.
4. Reduce the number of pedestrians injured in traffic crashes.
5. Reduce the number of bicyclists killed in traffic crashes.
6. Reduce the number of bicyclists injured in traffic crashes.
7. Reduce the number of persons killed in alcohol-involved crashes.
8. Reduce the number of persons injured in alcohol-involved crashes.
9. Reduce the number of persons killed in drug-involved crashes.
10. Reduce the number of persons injured in drug-involved crashes.
11. Reduce the number of persons killed in alcohol/drug combo-involved crashes.
12. Reduce the number of persons injured in alcohol/drug combo-involved crashes.
13. Reduce the number of motorcyclists killed in traffic crashes.
14. Reduce the number of motorcyclists injured in traffic crashes.
15. Reduce hit & run fatal crashes.
16. Reduce hit & run injury crashes.
17. Reduce nighttime (2100 - 0259 hours) fatal crashes.
18. Reduce nighttime (2100 - 0259 hours) injury crashes.

B. Objectives:	**Target Number**
1. Issue a news release announcing the kick-off of the grant by December 31st. The kick-off news releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, for approval 7 days prior to the issuance date of the release.	1
2. Participate and report data (as required) in the following campaigns; Quarter 1: National Pedestrian Safety Month, National Walk to School Day, National Teen Driver Safety Week, NHTSA Winter Mobilization; Quarter 3: National Distracted Driving Awareness Month, National Motorcycle Safety Month, National Bicycle Safety Month, National Click it or Ticket Mobilization; Quarter 4: National Speed Prevention Campaigns, NHTSA Summer Mobilization, National Child Passenger Safety Week, and California's Pedestrian Safety Month.	12
3. Develop (by December 31) and/or maintain a "DUI BOLO" program to notify patrol and traffic officers to be on the lookout for identified repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. Updated DUI BOLOs should be distributed to patrol and traffic officers monthly.	12
4. Send law enforcement personnel to the NHTSA Standardized Field Sobriety Testing (SFST) (minimum 16 hours) POST-certified training.	5
5. Send law enforcement personnel to the NHTSA Advanced Roadside Impaired Driving Enforcement (ARIDE) 16 hour POST-certified training.	5
6. Send law enforcement personnel to SFST Instructor training.	1
7. Conduct DUI/DL Checkpoints. A minimum of 1 checkpoint should be conducted during the NHTSA Winter Mobilization and 1 during the Summer Mobilization. To enhance the overall deterrent effect and promote high visibility, it is recommended the grantee issue an advance press release and conduct social media activity for each checkpoint. For combination DUI/DL checkpoints, departments should issue press releases that mention DL's will be checked at the DUI/DL checkpoint. Signs for DUI/DL checkpoints should read "DUI/Driver's License Checkpoint Ahead." OTS does not fund or support independent DL checkpoints. Only on an exception basis and with OTS pre-approval will OTS fund checkpoints that begin prior to 1800 hours. When possible, DUI/DL Checkpoint screeners should be DRE- or ARIDE-trained.	6
8. Conduct DUI Saturation Patrol operation(s).	12
9. Conduct Traffic Enforcement operation(s), including but not limited to, primary crash factor violations.	8
10. Conduct highly publicized Distracted Driving enforcement operation(s) targeting drivers using hand held cell phones and texting.	10
11. Conduct highly publicized Motorcycle Safety enforcement operation(s) in areas or during events with a high number of motorcycle incidents or crashes resulting from	4

unsafe speed, DUI, following too closely, unsafe lane changes, improper turning, and other primary crash factor violations by motorcyclists and other drivers.	
12. Conduct highly publicized pedestrian and/or bicycle enforcement operation(s) in areas or during events with a high number of pedestrian and/or bicycle crashes resulting from violations made by pedestrians, bicyclists, and drivers.	3
13. Conduct Traffic Safety educational presentation(s) with an effort to reach community members. Note: Presentation(s) may include topics such as distracted driving, DUI, speed, bicycle and pedestrian safety, seat belts and child passenger safety.	2
14. Participate in highly visible collaborative DUI Enforcement operations.	2
15. Send law enforcement personnel to DUI Checkpoint Planning and Management training.	1

3. METHOD OF PROCEDURE

A. Phase 1 – Program Preparation (1st Quarter of Grant Year)

- The department will develop operational plans to implement the "best practice" strategies outlined in the objectives section.
- Conduct all training needed to implement the program, in the first quarter.
- Purchase all grant related supplies and materials to implement the program, in the first quarter.
- Items with a unit cost of $5,000 more (including tax and shipping) must comply with Buy America.
- In order to develop/maintain the "DUI BOLOs," research will be conducted to identify the "worst of the worst" repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The DUI BOLO may include the driver's name, last known address, DOB, description, current license status, and the number of times suspended or revoked for DUI. DUI BOLOs should be updated and distributed to traffic and patrol officers at least monthly.
- Implementation of the STEP grant activities will be accomplished by deploying personnel at high crash locations.

Media Requirements

Issue a news release approved by the OTS PIO announcing the kick-off of the grant by December 31 and after the grant is signed and executed, but no sooner than October 1, the start of the grant year. The kick-off release must be approved by the OTS PIO. If you are unable to meet the December 31 deadline to issue a kick-off press release, communicate reasons to your OTS grant coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Send all PowerPoint presentations, online presentations and trainings for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Certified training courses are EXEMPT from the approval process.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the OTS grant coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, news releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator when any material is distributed to the media and public, such as a news release, educational material, or link to social media post.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator.
- News releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event

highlights or announcements, event invites) are EXEMPT from the OTS PIO approval process. The OTS PIO and your OTS grant coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).

- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are EXEMPT from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator with the embargoed date and time or with "INTERNAL ONLY: DO NOT RELEASE" message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult the OTS PIO and copy your OTS grant coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any news releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received OTS PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- For additional guidance, refer to the OTS Grants Materials Approval Process Guidelines and OTS Grants Media Approval Process FAQs on the OTS website.
- Contact the OTS PIO or your OTS grant coordinator for consultation when changes from any of the above requirements might be warranted.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

1. Prepare and submit grant claim invoices (due January 30, April 30, July 30, and October 30)
2. Prepare and submit Quarterly Performance Reports (QPR) (due January 30, April 30, July 30, and October 30)

- Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
- Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
- Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
- Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the "Final Evaluation" section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary

of the grant's accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

FUND NUMBER	CATALOG NUMBER (CFDA)	FUND DESCRIPTION	TOTAL AMOUNT
405e DDL-26	20.616	Distracted Driving Laws	$25,000.00

BUDGET NARRATIVE
PERSONNEL COSTS
DUI/DL Checkpoints - Overtime for grant funded law enforcement operations conducted by appropriate department personnel.
DUI Saturation Patrols - Overtime for grant funded law enforcement operations conducted by appropriate department personnel.
Collaborative DUI Enforcement - Overtime for grant funded Collaborative DUI Enforcement operations conducted by appropriate department personnel
Benefits for 164AL OT @ 7.50% - Claimed amounts must reflect actual benefit costs for overtime hours charged to the grant. Workers Compensation 6.05% Medicare 1.45%
Traffic Enforcement - Overtime for grant funded law enforcement operations conducted by appropriate department personnel.
Motorcycle Safety Enforcement - Overtime for grant funded law enforcement operations conducted by appropriate department personnel.
Pedestrian and Bicycle Enforcement - Overtime for grant funded law enforcement operations conducted by appropriate department personnel.
Traffic Safety Educational Presentations - Overtime for grant funded traffic safety educational presentations conducted by appropriate department personnel.
Benefits for 402PT @ 7.50% - Claimed amounts must reflect actual benefit costs for overtime hours charged to the grant. Workers Compensation 6.05% Medicare 1.45%
Distracted Driving Enforcement - Overtime for grant funded law enforcement operations conducted by appropriate department personnel.
Benefits for 405e OT @ 7.50% - Claimed amounts must reflect actual benefit costs for overtime hours charged to the grant. Workers Compensation 6.05% Medicare 1.45%
TRAVEL EXPENSES
In State Travel - Costs are included for appropriate staff to attend conferences and training events supporting the grant goals and objectives and/or traffic safety. Local mileage for grant activities and meetings is included. Anticipated travel may include the OTS Traffic Safety Law Enforcement Forum. All conferences, seminars or training not specifically identified in the Budget Narrative must be approved by OTS. All travel claimed must be at the agency approved rate. Per Diem may not be claimed for meals provided at conferences when registration fees are paid with OTS grant funds.
CONTRACTUAL SERVICES
-
EQUIPMENT
-
OTHER DIRECT COSTS
DUI Checkpoint Supplies - On-scene supplies needed to conduct sobriety checkpoints. Costs may include 28" traffic cones, MUTCD compliant traffic signs, MUTCD compliant high visibility vests (maximum of 10), traffic counters (maximum of 2), generator, gas for generators, lighting, reflective banners, electronic flares, PAS Device Supplies, PAS Calibration Supplies, heater, propane for heaters, fan, anti-fatigue mats, and canopies. Additional items may be purchased if approved by OTS. The cost of food and beverages will not be reimbursed.
INDIRECT COSTS
-

STATEMENTS/DISCLAIMERS

There will be no program income generated from this grant.

Nothing in this "agreement" shall be interpreted as a requirement, formal or informal, that a particular law enforcement officer issue a specified or predetermined number of citations in pursuance of the goals and objectives here under.

The OTS grant funded activities must be separate from the CHP Cannabis Tax Fund Grant Program activities and maintained under separate accounting/tracking/other codes (example: the same DUI checkpoint may not be funded by both the CHP and the OTS).

Benefits for personnel costs can only be applied to straight time or overtime hours charged to the grant.

Appendix A to Part 1300—Certifications and Assurances for Highway Safety Grants (23 U.S.C. Chapter 4 or Section 1906, Public Law 109-59, as amended by Section 25024, Public Law 117-58)

The officials named on the grant agreement, certify by way of signature on the grant agreement signature page, that the Grantee Agency complies with all applicable Federal statutes, regulations, and directives and State rules, guidelines, policies, and laws in effect with respect to the periods for which it receives grant funding. Applicable provisions include, but are not limited to, the following:

GENERAL REQUIREMENTS
The State will comply with applicable statutes and regulations, including but not limited to:

- 23 U.S.C. Chapter 4—Highway Safety Act of 1966, as amended;
- Sec. 1906, Public Law 109-59, as amended by Sec. 25024, Public Law 117-58;
- 23 CFR part 1300—Uniform Procedures for State Highway Safety Grant Programs;
- 2 CFR part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards;
- 2 CFR part 1201—Department of Transportation, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

NONDISCRIMINATION
(applies to subrecipients as well as States)

The State highway safety agency [and its subrecipients] will comply with all Federal statutes and implementing regulations relating to nondiscrimination ("Federal Nondiscrimination Authorities"). These include but are not limited to:

- *Title VI of the Civil Rights Act of 1964* (42 U.S.C. 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- *49 CFR part 21* (entitled *Non-discrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964*);
- *28 CFR 50.3* (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);
- *The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970,* (42 U.S.C. 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- *Federal-Aid Highway Act of 1973, (23 U.S.C. 324 et seq.), and Title IX of the Education Amendments of 1972,* as amended (20 U.S.C. 1681-1683 and 1685-1686) (prohibit discrimination on the basis of sex);
- *Section 504 of the Rehabilitation Act of 1973,* (29 U.S.C. 794 *et seq.*), as amended, (prohibits discrimination on the basis of disability) and 49 CFR part 27;
- *The Age Discrimination Act of 1975,* as amended, (42 U.S.C. 6101 *et seq.*), (prohibits discrimination on the basis of age);
- *The Civil Rights Restoration Act of 1987*, (Pub. L. 100-209), (broadens scope, coverage, and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the
Federal aid recipients, subrecipients and contractors, whether such programs or activities are Federally-funded or not);
- *Titles II and III of the Americans with Disabilities Act* (42 U.S.C. 12131-12189) (prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing) and 49 CFR parts 37 and 38

The preceding statutory and regulatory cites hereinafter are referred to as the "Acts" and "Regulations," respectively.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:
   "The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT order 1050.2A) [1] in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
   a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
   b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the

form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
    a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
    b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub- grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. The person(s) signing below is/are authorized to sign this ASSURANCE on behalf of the Recipient.

THE DRUG-FREE WORKPLACE ACT OF 1988 (41 U.S.C. 8103)

The Subgrantee will provide a drug-free workplace by:
- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace, and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing a drug-free awareness program to inform employees about:
    1. The dangers of drug abuse in the workplace;
    2. The grantee's policy of maintaining a drug-free workplace;
    3. Any available drug counseling, rehabilitation, and employee assistance programs;
    4. The penalties that may be imposed upon employees for drug violations occurring in the workplace;
    5. Making it a requirement that each employee engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- c. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—
    1. Abide by the terms of the statement;
    2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction;
- d. Notifying the agency within ten days after receiving notice under subparagraph (c)(2) from an employee or otherwise receiving actual notice of such conviction;
- e. Taking one of the following actions, within 30 days of receiving notice under subparagraph (c)(2), with respect to any employee who is so convicted—
    1. Taking appropriate personnel action against such an employee, up to and including termination;
    2. Requiring such employee to participate satisfactorily in a drug abuse assistance or

rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

f. Making a good faith effort to continue to maintain a drug-free workplace through implementation of all of the paragraphs above.

POLITICAL ACTIVITY (HATCH ACT)
(applies to subrecipients as well as States)

The State will comply with provisions of the Hatch Act (5 U.S.C. 1501-1508), which limits the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

CERTIFICATION REGARDING FEDERAL LOBBYING
(applies to subrecipients as well as States)

CERTIFICATION FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

   This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31,
   U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

RESTRICTION ON STATE LOBBYING
(applies to subrecipients as well as States)

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (*e.g.,* "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION
(applies to subrecipients as well as States)

INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded,** as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website
(*https://www.sam.gov/*).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY TIER COVERED TRANSACTIONS

1. The prospective primary tier participant certifies to the best of its knowledge and belief, that it and

its principals:

a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;
b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

2. Where the prospective primary tier participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

INSTRUCTIONS FOR LOWER TIER PARTICIPANT CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded,** as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website
(*https://www.sam.gov/*).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of

records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BUY AMERICA
(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

CERTIFICATION ON CONFLICT OF INTEREST
(applies to subrecipients as well as States)

GENERAL REQUIREMENTS

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
    a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
    b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in
organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above. Past interest shall be limited to within one year of the date of award. Key personnel shall include any person owning more than a 20 percent interest in a recipient, and the officers, employees or agents of a recipient who are responsible for making a decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE
(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

POLICY ON SEAT BELT USE

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at *www.trafficsafety.org*. The NHTSA website (*www.nhtsa.gov*) also provides information on statistics, campaigns, and program evaluations and references.

POLICY ON BANNING TEXT MESSAGING WHILE DRIVING

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or rented vehicles, Government-owned, leased or rented vehicles, or privately-owned vehicles when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

INSTRUCTIONS FOR ADDING OR UPDATING GEMS USERS

1. Each agency is allowed a total of **FIVE (5) GEMS Users.**
2. GEMS Users listed on this form will be authorized to login to GEMS to complete and submit Quarterly Performance Reports (QPRs) and reimbursement claims.
3. Complete the form if adding, removing or editing a GEMS user(s).
4. The Grant Director must sign this form and return it with the Grant Agreement.

File #: 25-0438 **Agenda Date:** 10/6/2025 **Agenda #:** 9.

Agenda Item Wording:
Ordinance Adoption - Second reading and adoption of:

1. Ordinance No. 2025-10 approving Change of Zone No. 2024-03, a request to change the zoning designation on APN: 098-050-038 from Multi-family Residential (R-M-3) to Service Commercial (C-S) for a 9.42-acre parcel, and the change of zoning on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062 from R-1-5 (Single-Family Residential 5,000 sq. ft. minimum site area) to Multi-family Residential (R-M-3) for parcels measuring a total of 11.89 -acres (Ordinance No. 2025-10 required).
2. Ordinance No. 2025-11 approving Conditional Zoning Agreement No. 2024-04, a request by Derrel's Mini Storage to establish conditions for a storage facility on APN: 098-050-038; and, for the Housing Authority of Tulare County to establish conditions for a multi-family development of at least 238 dwelling units on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062 (Ordinance No. 2025-11 required).

Prepared by:
Josh Dan, Senior Planner, (559) 713-4003, josh.dan@visalia.city
Paul Bernal, Planning and Community Preservation Director, (559) 713-4025, paul.bernal@visalia.city

Department Recommendation:
Conduct the second reading and adopt the following:

1. Ordinance No. 2025-10 for Change of Zone No. 2024-03.
2. Ordinance No. 2025-11 for Conditional Zoning Agreement No. 2024-04.

Summary:
On September 14, 2025, the City Council held a public hearing to consider General Plan Amendment (GPA) No. 2024-02, Change of Zone No. 2024-02, and Conditional Zoning Agreement No. 2024-04. The project was a request to change both general plan land use and zoning designations on APN: 098-050-038 from High Density Residential / Multi-family Residential (R-M-3) to Service Commercial (C-S) for a 9.42-acre parcel, and from Low Density Residential / R-1-5 (Single-Family Residential 5,000 square feet minimum site area) to High Density Residential / Multi-family Residential (R-M-3) for 11.89-acres on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062. Additionally, a conditional zoning agreement was introduced establishing conditions that only a storage facility be constructed on APN: 098-050-038; and, for the Housing Authority of Tulare County to establish conditions for a multi-family development of at least 238 dwelling units on their property.

No persons spoke in opposition at the City Council meeting, and Council voted (4-0) to conduct the First Reading of Ordinance Nos. 2025-10 and 2025-11 for Change of Zone No. 2024-03 and Conditional Zoning Agreement No. 2024-04, respectively.

The second reading of the Ordinances are the final action the City Council takes in order for Change of Zone No. 2024-03 and Conditional Zoning Agreement No. 2024-04 to take effect. Following the second reading and Council adoption, the ordinances will go into effect 30 days following adoption of the second reading.

Background Discussion:
The recommendation to land use and zoning designations for both sites will facilitate the removal of an auto dismantling and towing storage yard development and permit the development of a 55-building mini-storage facility, built in two phases, measuring a total of 210,035 square feet of mini-storage building area located at 1700 East Goshen Avenue, which is an expansion of the existing mini-storage facility. In order to facilitate the mini-storage expansion, four parcels measuring 11.89 acres and owned by the Housing Authority of Tulare County will be included in the request to help offset the loss of residential capacity by rezoning their site from R-1-5 to R-M-3, which meets the needs of the Housing Authority property based on their desire to develop their site with a higher unit count. The Housing Authority site is located on the northwest corner of East Goshen Avenue and North Lovers Lane, about 0.75 miles east of the mini-storage expansion project along Goshen Avenue.

The proposed project is consistent with California Government Code Sec. 66300 - Housing Crissi Act of 2019, Government Code Sec. 65863 - No Net Loss Law, the City's Land Use Element of the General Plan, Housing Element, and Zoning Ordinance. Specifically, the entitlements will allow for an alternative land use plan on an underdeveloped infill location in the northeast quadrant of the city that will still provide for a low-intensity land use based on limiting the development of the Derrel's Mini Storage future expansion site to only a private mini-storage facility, no other C-S uses would be permitted, and future multi-family residential dwelling units for the Housing Authority site based on a required unit count as specified in the Conditional Zoning Agreement. Additionally, the land uses will provide a suitable buffer between the existing service commercial land uses, major streets and state highway, and existing and future residential neighborhoods.

Fiscal Impact: None.

Prior Council Action:
- On September 14, 2025, Council voted (4-0) to conduct the First Reading of Ordinance No. 2025-10 for Change of Zone No. 2024-03 and Ordinance No. 2025-11 for Conditional Zoning Agreement No. 2024-04.

Other:
The Planning Commission conducted a public hearing on July 14, 2025, to consider the change of zone, general plan amendment, conditional zoning agreement, and variance for the entire project. The Planning Commission approved the variance for setbacks, based on the findings in the report and resolution, and recommended approval to the City Council the general plan amendment, change of zone, and conditional zoning agreement request.

Alternatives: None.

Recommended Motion (and Alternative Motions if expected):
I move to approve the second reading of:

1. Ordinance No. 2025-10 for Change of Zone No. 2024-03, and,

2. Ordinance No. 2025-11 for Conditional Zoning Agreement No. 2024-04.

Environmental Assessment Status: An Initial Study and Negative Declaration were prepared for the proposed project. Initial Study and Negative Declaration No. 2024-45 disclosed that environmental impacts are determined to be not significant. Staff concludes that Initial Study and Negative Declaration No. 2024-45 adequately analyzes and addresses the proposed project and reduces environmental impacts to a less than significant level.

CEQA Review: An Initial Study and Negative Declaration were prepared for the proposed project. Initial Study and Negative Declaration No. 2024-45 disclosed that environmental impacts are determined to be not significant. Salem Engineering Group conducted both a Phase I and II Environmental Site Assessment which found that soil and soil vapor at the project site did not pose a potential risk to human health or the environment. No engineering controls (i.e. VOC vapor barrier) are required to protect current or future building occupants. However, only “out of an abundance of caution”, recommendation was proposed by SALEM for preparation of a Soil Management Plan (SMP) which should be distributed to construction personnel prior to conducting grading or excavation activities. The SMP will establish protocols for handling, sampling, storage, and disposal of any suspected hydrocarbon-affected soils generated during construction activities. The SMP is not required in order to avoid a significant impact and is therefore not a mitigation measure, though the applicant may voluntarily choose to proceed with its preparation. Staff concludes that Initial Study and Negative Declaration No. 2024-45 adequately analyzes and addresses the proposed project and reduces environmental impacts to a less than significant level.

Deadline for Action: 10/6/2025

ORDINANCE NO. 2025-10

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF VISALIA APPROVING CHANGE OF ZONE NO. 2024-03: A REQUEST BY DERREL'S MINI STORAGE TO CHANGE THE ZONING DESIGNATION ON APN: 098-050-038 FROM MULTI-FAMILY RESIDENTIAL (R-M-3) TO SERVICE COMMERCIAL (C-S) FOR A 9.42-ACRE PARCEL, AND THE CHANGE OF ZONING ON APN(S): 098-050-013, 098-050-060, 098-050-061, AND 098-050-062 FROM R-1-5 (SINGLE-FAMILY RESIDENTIAL 5,000 SQ. FT. MINIMUM SITE AREA) TO MULTI-FAMILY RESIDENTIAL (R-M-3) FOR PARCELS MEASURING A TOTAL OF 11.89-ACRES. THE DERREL'S MINI STORAGE PROJECT SITE IS LOCATED AT 1700 E. GOSHEN AVENUE (APN: 098-050-038) WHILE THE HOUSING AUTHORITY OF TULARE COUNTY SITE IS LOCATED ON THE NORTHWEST CORNER OF EAST GOSHEN AVENUE AND NORTH LOVERS LANE (APN(S): 098-050-013, 098-050-060, 098-050-062, AND 098-050-061)

WHEREAS, Change of Zone No. 2024-03 is A request by Derrel's Mini Storage to change the zoning designation on APN: 098-050-038 from Multi-family Residential (R-M-3) to Service Commercial (C-S) for a 9.42-acre parcel, and the change of zoning on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062 from R-1-5 (Single-Family Residential 5,000 square foot minimum site area) to Multi-family Residential (R-M-3) for parcels measuring a total of 11.89-acres. The Derrel's Mini Storage project site is located at 1700 E. Goshen Avenue (APN: 098-050-038) while the Housing Authority of Tulare County site is located on the northwest corner of East Goshen Avenue and North Lovers Lane (APN(s): 098-050-013, 098-050-060, 098-050-062, and 098-050-061); and,

WHEREAS, the Planning Commission of the City of Visalia, after duly published notice, held a public hearing before said Commission on July 14, 2025; and,

WHEREAS, the Planning Commission of the City of Visalia considered the Change of Zone in accordance with Section 17.44.070 of the Zoning Ordinance of the City of Visalia based on evidence contained in the staff report and testimony presented at the public hearing, and recommended approval of said Change of Zone; and,

WHEREAS, the Planning Commission of the City of Visalia adopted Resolution No. 2024-53 recommending approval of Change of Zone No. 2024-03; and,

WHEREAS, the City Council of the City of Visalia, following a period of ten (10) days after published notice, held a public hearing for Change of Zone No. 2024-03 on September 15, 2025.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Visalia approves Change of Zone No. 2024-03, based on the following specific findings and evidence presented:

1. That the proposed Change of Zone is consistent with the intent of the General Plan and Zoning Ordinance, and is not detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.
2. That the proposed Change of Zone from 9.42 acres of R-M-3 (Multi-family Residential) to C-S (Service Commercial) and 11.89 acres of R-1-5 (Single-family Residential) to R-M-3 (Multi-family Residential) will not impose new land uses or development that will adversely affect the subject site or adjacent properties.
3. That the proposed zoning designations under the proposed Change of Zone results in zoning and land uses that suitably buffer and provide an efficient transition between the existing commercial and residential zoning and uses surrounding the site.
4. That Conditional Zoning Agreement No. 2024-04 will limit the allowed uses of the Service Commercial designation to only a mini-storage facility, which provides a compatible land use adjacent to the residential zoning designations of Single-family Residential (R-1-5) and Multi-family Residential (R-M-2).
5. That an Initial Study was prepared for the project including the Change of Zone, consistent with CEQA, which disclosed that environmental impacts are determined to be not significant and therefore Negative Declaration No. 2024-45 be adopted for this project.

BE IT FURTHER RESOLVED, that the City Council of the City of Visalia approves Change of Zone No. 2025-03, as shown on Attachment “A” of this Ordinance, on the real property described herein, in accordance with the terms of this ordinance and under the provisions of Section 17.44.090 of the Ordinance Code of the City of Visalia.

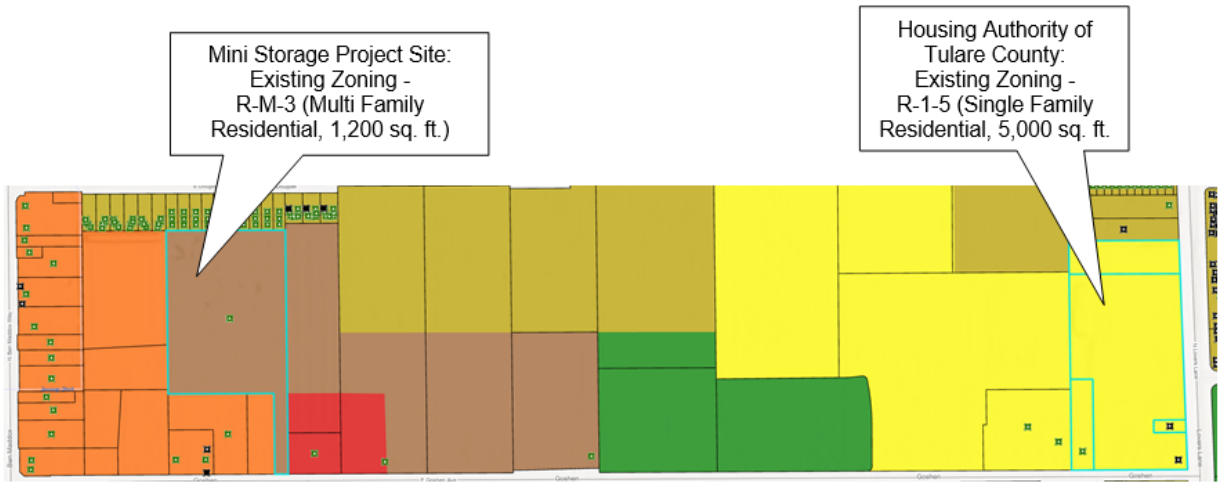
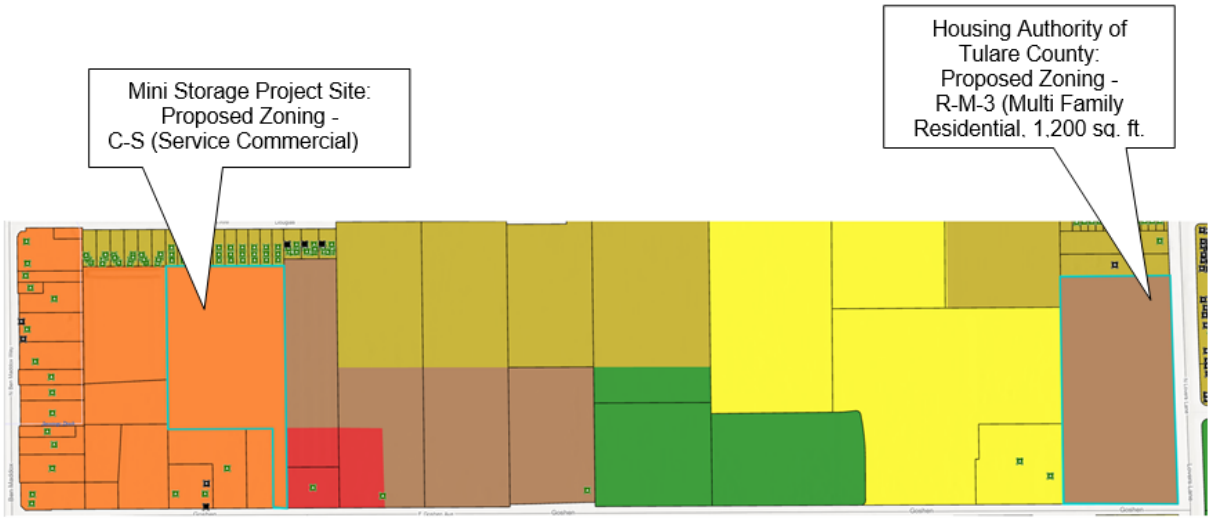
AN ORDINANCE OF THE CITY COUNCIL
AMENDING THE ZONING MAP AS FOLLOWS

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VISALIA:

Section 1: The Zoning Map is hereby amended as follows:





Section 2: This property and Zoning Map of the City of Visalia is hereby amended to show said property changes.

Section 3: This Ordinance shall take effect thirty days after passage hereof.

ORDINANCE NO. 2025-11

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF VISALIA RECOMMENDING APPROVING CONDITIONAL ZONING AGREEMENT NO. 2024-04: A REQUEST BY DERREL'S MINI STORAGE TO ESTABLISH CONDITIONS FOR A STORAGE FACILITY ON APN: 098-050-038; AND, FOR THE HOUSING AUTHORITY OF TULARE COUNTY TO ESTABLISH CONDITIONS FOR A MULTI-FAMILY DEVELOPMENT OF AT LEAST 238 DWELLING UNITS ON APN(S): 098-050-013, 098-050-060, 098-050-061, AND 098-050-062. THE DERREL'S MINI STORAGE PROJECT SITE IS LOCATED AT 1700 E. GOSHEN AVENUE (APN: 098-050-038) WHILE THE HOUSING AUTHORITY OF TULARE COUNTY SITE IS LOCATED ON THE NORTHWEST CORNER OF EAST GOSHEN AVENUE AND NORTH LOVERS LANE (APN(S): 098-050-013, 098-050-060, 098-050-062, AND 098-050-061)

WHEREAS, Conditional Zoning Agreement No. 2024-04 is A request by Derrel's Mini Storage to establish conditions for a storage facility on APN: 098-050-038; and, for the Housing Authority of Tulare County to establish conditions for a multi-family development of at least 238 dwelling units on APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062. The Derrel's Mini Storage project site is located at 1700 E. Goshen Avenue (APN: 098-050-038) while the Housing Authority of Tulare County site is located on the northwest corner of East Goshen Avenue and North Lovers Lane (APN(s): 098-050-013, 098-050-060, 098-050-062, and 098-050-061).; and

WHEREAS, The Planning Commission of the City of Visalia, after duly published notice, held a public hearing before said Commission on July 14, 2025 considered Conditional Zoning Agreement No. 2024-04 in accordance with Section 17.60.030 and Section 1760.050 of the Zoning Ordinance of the City of Visalia and on the evidence contained in the staff report and testimony presented at the public hearing; and

WHEREAS, The Planning Commission adopted Resolution No. 2024-54, recommending that the City Council approve Conditional Zoning Agreement No. 2024-04, adopting the requested operational conditions to limit the Derrel's Mini Storage site to establish conditions for a storage facility on APN: 098-050-038; and, for the Housing Authority of Tulare County to establish conditions for a multi-family development of at least 238 dwelling units; and,

WHEREAS, The City Council of the City of Visalia, after duly published notice, held a public hearing on September 15, 2025, and considered Conditional Zoning Agreement No. 2024-04 in accordance with Section 17.60.040 and Section 1760.050 of the Zoning Ordinance of the City of Visalia and on the evidence contained in the staff report and testimony presented at the public hearing; and,

WHEREAS, an Initial Study was prepared which disclosed that no significant environmental impacts would result from this project; and

WHEREAS, the City Council of the City of Visalia finds as follows:

1. That Conditional Zoning Agreement No. 2024-04 will facilitate land use compatibility by limiting the allowed uses within the Service Commercial zoning designation on the property to a mini-storage facility, which provides a compatible land use adjacent to the residential zoning designations of Single-family Residential (R-1-5) and Multi-family Residential (R-M-2).
2. That Conditional Zoning Agreement No. 2024-04 will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.

3. That an Initial Study was prepared for the project including the Conditional Zoning Agreement, consistent with CEQA, which disclosed that environmental impacts are determined to be not significant and therefore Negative Declaration No. 2024-45 be adopted for this project.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VISALIA:

That Conditional Zoning Agreement No. 2019-07 is approved as contained in Exhibit “A” of this Ordinance.

CONDITIONAL ZONING AGREEMENT NO. 2024-04

THIS AGREEMENT made this _____ day of _____ 2025, by _____, hereinafter called the "First Party" and the CITY OF VISALIA, a political subdivision of the State of California, hereinafter called, "Second Party."

WITNESSETH

WHEREAS, First Party is the owner of real property, herein called the "Property" situated in the City of Visalia, which Property is described in Item (d) of Exhibit I of this Agreement; and

WHEREAS, the Property is now zoned as specified in Item (a) of Exhibit I; and

WHEREAS, First Party has applied for a rezoning of the Property pursuant to which application the Property is being rezoned from its present classification to the classification or classifications specified in Item (b) of Exhibit I; and

WHEREAS, hearings have been held upon said application before the City Council of the City of Visalia, State of California, and after having considered the matter presented, it has been determined that certain conditions to the rezoning of said real property must be imposed so as not to create any problems inimical to the health safety and the general welfare of the City of Visalia and its residents.

NOW, THEREFORE, IT IS MUTUALLY UNDERSTOOD AND AGREED that inasmuch as the rezoning specified in Item (b) of Exhibit I is being granted, the rezoning shall be subject to the conditions specified in the following paragraphs:

1. That Exhibit I, as completed and attached hereto, are incorporated into and made a part of this Agreement with the same force and effect as if fully set forth herein.

2. That First Party shall comply with the additional conditions, if any, specified in Item (e) of Exhibit I of this Agreement.

3. In the event First Party, and successor in interest of First Party, or any person in possession of the property described in Item (d) of Exhibit I violates or fails to perform any of the conditions of this Agreement within thirty (30) days after notice thereof as provided in Paragraph 4, the City Council of the Second Party may instruct the City Attorney of Second Party to institute legal proceedings to enforce the provisions of this Agreement.

4. Notice of violation of provisions of this Agreement shall be sent to First Party at the address specified in Item (c) of the Exhibit I and to the street address of the property described in Item (c) of Exhibit I. Any subsequent title holder, any lien holder, or party in possession of the property shall also receive notice of such violation at an address other than as specified in Item (c) of Exhibit I by which the notice is to be sent, with reference to this Agreement and the Resolution authorizing its execution.

5. Each and every one of the provisions of this Agreement herein contained shall bind and inure to the benefit of the successor in interest of each and every party hereto, in the same manner as if they had herein been expressly named.

6. Zoning of the property as indicated in Item (b) of Exhibit I shall not be consummated until such time as the Agreement has been recorded in the office of the Tulare County Recorder.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the day and year first above written.

EXHIBIT I
CONDITIONAL ZONING AGREEMENT NO. 2025-04

(a)The properties are now zoned:

R-M-3 (Multi-family Residential, 1,200 square foot minimum site area per dwelling) and R-1-5 (Single-family Residential, 5,000 square foot minimum lot size).

(b)The zoning reclassification of the properties are from its present zoning to:

C-S (Service Commercial) and R-M-3 (Multi-family Residential, 1,200 square foot minimum site area per dwelling).

(c) Notice to First Party pursuant to Paragraph No. 4, shall be addressed to:

_____

_____

_____

(d)"Property" as used in this Agreement, includes:

APN: 098-050-038
1700 East Goshen Avenue

And,

APN(s): 098-050-013, 098-050-060, 098-050-061, and 098-050-062
Located on the northwest corner of East Goshen Avenue and North Lovers Lane.

(e)The additional conditions with which First Party shall comply, pursuant to Paragraph No. 2, of this Agreement, are as follows:

A. That the site located at APN: 098-050-038 shall only be developed in accordance with a mini-storage facility as depicted per the site plan provided in Exhibit "A", and that no other "permitted" and/or "conditionally permitted" uses in the C-S zone, as identified in Chapter 17.25.030 Uses in the Commercial, Mixed Use, Office, and Industrial Zones, shall be allowed on this site.

B. That the four Housing Authority of Tulare County parcels (APN(s): 098-050-013, 098-050-060, 098-050-062, and 098-050-061) shall be developed as one cohesive residential development plan that requires a minimum residential unit count of 238 units.

C. That the applicant be required to implement and abide by the guidelines of the Soils Management Plan (SMP) provided by Salem Engineering Group.

Staff Report

File #: 25-0440 **Agenda Date:** 10/6/2025 **Agenda #:** 10.

Agenda Item Wording:
Award Contract for Engineering Services Related to the Design of Digester 9 - Authorize the City Manager to award a contract to Carollo in the amount of $3,873,767 for professional services related to the design of Digester 9 at the Visalia Water Reclamation Facility.

Prepared by: Rehana Cale, Senior Project Manager (559) 713-4176, rehana.cale@visalia.city; Ben Litwack, Public Works Manager (559) 713-4716, ben.litwack@visalia.city

Department Recommendation: Staff recommends that the City Council authorize the City Manager to award a contract to Carollo for design and engineering services in the amount of $3,873,767 under RFP-24-25-07 - Professional Services to Design Digester 9 at the Visalia Water Reclamation Facility.

Summary:
Professional Services to Design Digester 9 falls under CP0789 for Anaerobic Digestion Capacity Expansion (near-term) and is budgeted at $4,200,000 for Fiscal Year 2025/26. The Request for Proposals for Professional Services to Design Digester 9, RFP 24-25-07, was sent out on June 6, 2025 and the submission deadline was initially July 17, 2025; this deadline was extended via an addendum issued on July 10, 2025, to close on July 31, 2025.

Carollo was determined to be the most qualified proposer after reviewing submittals and conducting interviews. Staff recommends awarding the design and engineering services contract to Carollo in the amount of $3,873,767 for RFP-24-25-07.

Background Discussion:
The Water Reclamation Facility (WRF) has, and is currently experiencing, capacity and operational challenges in its solids handling processes due to aging infrastructure, existing and projected increased flows and constituent loadings, and operational limitations of existing systems. In response, the City contracted with Carollo in 2023 to conduct a condition assessment and development of both a near-term Facility Plan and a 20-year Master Plan. Carollo identified $70 million in near-term projects, including upgrades to sludge systems, UV disinfection capacity, and construction of a new anaerobic digester (Digester 9).

On June 26, 2024, Council adopted the updated Master Plan, that included these projects. On June 2, 2025, Council approved updates to the Fiscal Year 2025/26 Wastewater Capital Improvement Program (CIP) Budget, and appropriated $24,760,000 from the Wastewater Fund (431).

RFP 24-25-07 for Professional Services to Design Digester 9 was advertised beginning June 6, 2025 and the RFP closed on July 31, 2025. The project received the following 2 proposals:

Proposer's Name	Location

Carollo Engineering	Fresno, CA
Blackwater Engineering	Fresno, CA

Proposals were evaluated based on the following criteria, which also included interviewing each proposer after proposals were submitted:

Criteria	**Explanation**	**Weight**
Merit of Proposals Submittal / Presentation	•Proposals submittal thoroughness	15
Knowledge and Expertise of Personnel/Firm	• Capability of personnel • Firm qualifications • Adequacy of Staff to perform the work • Firms' expertise demonstrated by examples of similarly completed plans.	25
Understanding of Project	•Knowledge of project, requirements	20
Timeline	•Ability to meet City schedule	20
Record of Past Performance	• References • Ability to work effectively with City staff, other public agencies and related parties. • Demonstrated ability to complete work tasks within project timelines and budget. • Any design recognition	20
Total Points Possible		100

Carollo's Fee Proposal for Design and Engineering services for Digester 9 is available as an attachment for reference. Please note: the engineering design work will be performed under a Fixed Fee, and the construction support and commissioning related tasks will be billed as needed. The current estimated construction cost of this project is $38,700,000. Carollo's proposed costs to complete the design and provide support during construction and commissioning phases fall well within industry standards.

Carollo's proposal was determined to be the most qualified for this project based upon the aforementioned criteria, and as a result, staff recommends that Council authorize the City Manager award a contract to Carollo for design and engineering services in the amount of $3,873,767 related to RFP-24-25-07 - Professional Services to Design Digester 9 at the Visalia Water Reclamation Facility.

Fiscal Impact: The total cost of this contract to Carollo is $3,873,767. Funds are budgeted in the Wastewater Fund (431) in the Capital Improvement Program under CP0789 - Anaerobic Digestion Capacity Expansion (near-term).

Prior Council Action:
April 3, 2023 - Council approved a contract with Carollo to perform a Condition Assessment, Facility Plan, and Master Plan Update for the WRF.
December 18, 2023 - Council approved Contract with Carollo for engineering services related to the

identified near-term projects.
February 20, 2024 - Council received a report and presentation on the Facility Plan, Condition Assessment, and Master Plan update for the WRF
June 2, 2025 - Council approved updates to the Fiscal Year 2025/26 Wastewater Capital Improvement Program (CIP) Budget, and appropriated $24,760,000 from the Wastewater Fund (431). The Anaerobic Digestion Capacity Expansion (near-term), CP0789, was included in the budget update, comprising of $4,200,000 of the $24,760,000 budgeted for Fiscal Year 2025/26.

Other: N/A

Alternatives: Not recommended.

Recommended Motion (and Alternative Motions if expected):
I move to authorize the City Manager to award a contract to Carollo in the amount of $3,873,767 related to RFP-24-25-07- Professional Services to Design Digester 9 at the Visalia Water Reclamation Facility.

Environmental Assessment Status: N/A

CEQA Review: Notice of exemption 2024-41 was prepared for the updated Master Plan and submitted on 9/6/2024, and received no responses.

Deadline for Action: 10/6/2025

Subject: Proposal –Design Services for Visalia's Water Reclamation Facility Digester 9
RFP No. 24-25-07

Dear Selection Committee:

Over the last two years, the City of Visalia has worked with Carollo Engineers to evaluate the Water Reclamation Facility (WRF), identify deficiencies, and implement necessary improvements. Carollo is familiar with your plant and its needs, having successfully delivered the Master Plan, Facility Plan, and Solids Handling Improvements design. The Digester 9 project will add much-needed capacity to the digestion facilities and set you up for long-term flexibility in your solids handling operations. Carollo is qualified to deliver this critical project given our familiarity with the WRF and our extensive experience designing and implementing digestion facilities. We understand the big picture and offer you:

- A familiar, proven team to provide continuity between your current and future projects. We have delivered the design and are currently working with you on the bidding and construction of the Solids Handling Improvements project. Much of our team from that project, including Reace, John, and several of our discipline lead engineers and subconsultants, will continue to work on this project. We will leverage our familiarity with the site and the City's processes to provide a seamless transition to begin working quickly and efficiently on this project.
- Industry experts with direct experience in digestion technologies and ancillary facilities. In addition to our team that is familiar to you, we have added experts to serve in key roles. This project is more than just the addition of a new digester; it requires a holistic approach to deliver digestion facilities that will provide much-needed flexibility to your existing solids handling system. This includes modifying the digester feed and sludge transfer pumping strategy, integrating sludge heating and boiler capacity into the existing system, navigating permitting requirements, and developing a construction sequence that minimizes disruptions to current operations. Our team members have worked on dozens of projects developing cost-effective, high-performing digestion solutions, and we will work diligently to design and deliver a project that will serve the City's needs within the constraints of your existing facilities.

Carollo has reviewed the Scope of Work in the RFP and is experienced with and capable of performing all tasks as described. We look forward to the opportunity to work with you; our team is ready to get started on this important project. If you have any questions, please reach out to John at 559-490-4372 | jwitter@carollo.com or Reace at 559-696-4961 | rfisher@carollo.com.

Sincerely,

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE

Equal Opportunity Clause
Unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Executive Orders 28925, 11114 or Section 204 of Executive Order 11246 of September 24, 1965, during the performance of each contract with the City of Visalia, the contractor agrees as follows:

1. The vendor will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin or political affiliation. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, gender, national origin or political affiliation. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2. The vendor will, in all solicitations or advertisements for employees, placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin or political affiliation.

3. The vendor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or the workers' representative of the contractors' commitments under Section 202 of Executive order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The vendor will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations and relevancy orders of the Secretary of Labor.

Vendor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and relevant orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

5. In the event of the vendor's non-compliance with the non-discrimination clauses of this subcontract or with any of such rules, regulations or orders, this subcontract may be canceled, terminated or suspended, in whole, or in part and the vendor may be declared ineligible for further government contracts in accordance with the procedures authorized in accordance with Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or otherwise provided by law.

6. The vendor will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each Subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event the contractor becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interest of the United States.

Certification on Non-Segregated Facilities
The contractor hereby certifies that it does not or will not maintain segregated facilities not permit its employees to work at locations where facilities are segregated on the basis of race, color, religion, gender, national origin or political affiliation.

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES:_____ NO:_X___. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

STATE OF CALIFORNIA
DRUG-FREE WORKPLACE CERTIFICATION
STD.21 (REV.12-93)

CERTIFICATION

I, the official named below, hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the certification described below. I am fully aware that this certification, executed on the date below, is made under penalty of perjury under the laws of the State of California.

CONTRACTOR/BIDDER FIRM NAME	FEDERAL ID NUMBER
Carollo Engineers,Inc.	86-0899222
BY(Authorized Signature)	DATE EXECUTED July 14, 2025
PRINTED NAME Reace Fisher	TELEPHONE NUMBER (Include Area Code) (559) 696-4961
TITLE Associate Vice President	
CONTRACTOR/BIDDER FIRM'S MAILING ADDRESS 1401 Fulton Street, Suite 802, Fresno, CA 93721	

The contractor or grant recipient named above hereby certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. The above named contractor or grant recipient will:

1. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations, as required by Government Code Section 8355(a).

2. Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b), to inform employees about all of the following:

   (a) The dangers of drug abuse in the workplace,

   (b) The person's or organization's policy of maintaining a drug-free workplace,

   (c) Any available counseling, rehabilitation and employee assistance programs, and

   (d) Penalties that may be imposed upon employees for drug abuse violations.

3. Provide as required by Government Code Section 8355©, that every employee who works on the proposed contract or grant:

   (a) Will receive a copy of the company's drug-free workplace policy statement, and

   (b) Will agree to abide by the terms of the company's statement as a condition of employment on the contract or grant.

4. At the election of the contractor or grantee, from and after the "Date Executed" and until September 2028 (NOT TO EXCEED 36 MONTHS), the state will regard this certificate as valid for all contracts or grants entered into between the contractor or grantee and this state agency without requiring the contractor or grantee to provide a new and individual certificate for each contract or grant. If the contractor or grantee elects to fill in the blank date, than the terms and conditions of this certificate shall have the same force, meaning effect and enforceability as if a certificate were separately, specifically, and individually provided for each contract or grant between the contractor or grantee and this state agency.

IRAN CONTRACTING ACT CERTIFICATION

(Public Contract Code Section 2200 et seq.)

As required by California Public Contract Code Section 2204, the Contractor certifies subject to penalty for perjury that the option checked below relating to the Contractor's status in regard to the Iran Contracting Act of 2010 (Public Contract Code Section 2200 et seq.) is true and correct:

☒ The Contractor is not:

(1) Identified on the current list of persons and entities engaged in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203; or

(2) A financial institution that extends, for 45 days or more, credit in the amount of $20,000,000 or more to any other person or entity identified on the current list of persons and entities engaging in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203, if that person or entity uses or will use the credit to provide goods or services in the energy sector in Iran.

○ The City has exempted the Contractor from the requirements of the Iran Contracting Act of 2010 after making a public finding that, absent the exemption, the City will be unable to obtain the goods and/or services to be provided pursuant to the Contract.

○ The amount of the Contract payable to the Contractor for the Project does not exceed $1,000,00 over the life of the contract (up to 5 years).

Signature:_____ Printed Name: Reace Fisher

Title: Associate Vice President Agency Name: Carollo Engineers, Inc.

Date: July 14, 2025

Note: In accordance with Public Contract Code Section 2205, false certification of this form shall be reported to the California Attorney General and may result in civil penalties equal to the greater of $250,000 or twice the Contract amount, termination of the Contract and/or eligibility to bid on contracts for three years.

B. Proposed Program Approach

B Proposed Program Approach

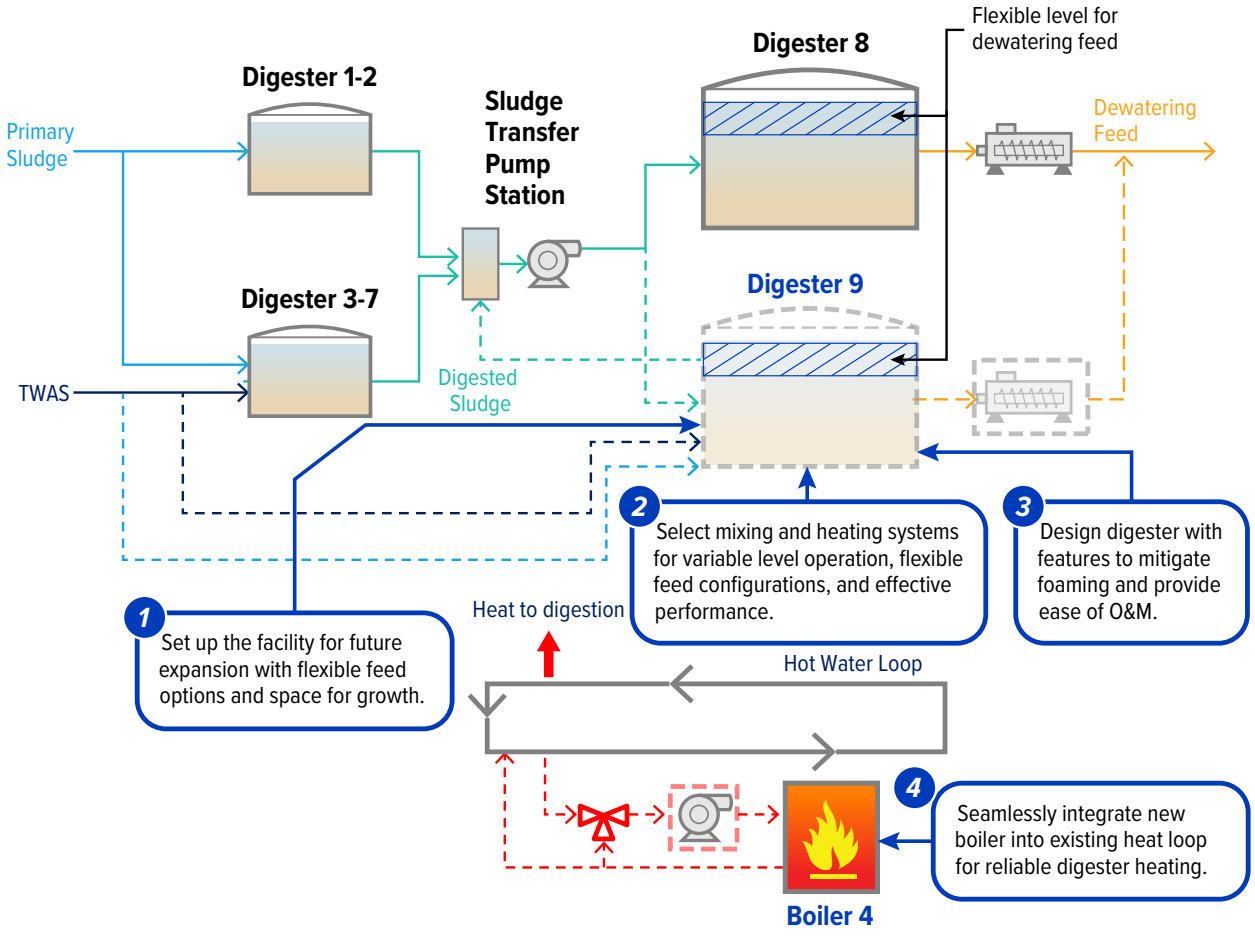
The WRF is limited in its ability to reliably digest the solids load at the plant and lacks flexibility to perform the necessary cleaning and maintenance of existing digesters. Carollo's team will design a facility that provides much-needed capacity and flexibility to serve the WRF into the future.

Project Overview

The City's goal for this project is clear: build a ninth digester and ancillary facilities to give you the capacity and redundancy you need to reliably digest solids and perform cleaning and maintenance on your existing facilities. This project offers the City not only the opportunity to add a new digester, but to also set up your digestion facility for further expansion and improvements in the future.

The schematic below illustrates some of our initial technical ideas about specific elements of the new digester design. These ideas, which focus on providing redundancy, flexibility, ease of O&M, and facilitating future expansion, are further described in the subsequent discussions.

Carollo's team offers a blend of plant familiarity and process expertise to effectively and efficiently design the right project for the City.



1 Set up the facility for future expansion with flexible feed options and space for growth

A layout designed for future demands

The average annual influent flow to your facility is expected to almost double in the next 20 years. That's why it's critical for this design to consider digestion requirements beyond Digester 9 and to include thoughtful layout of the facility to allow for future growth. We will first confirm your flows and loads, redundancy and reliability criteria, future improvement plans, and issues that impact O&M and performance. As part of this process, we will also confirm the recommendations from Carollo's 2024 Master Plan to allocate space for Digester 10 and a dedicated sludge storage/dewatering feed tank in the future that would allow all digesters to operate in parallel at their maximum side water depth. Based on your feedback, we will develop a site plan that best uses the open area to the west of Digester 8. This could include leaving space for a future Digester 11, as shown in the figure to the right, that could replace the capacity of some of your existing aging digesters if that is determined to be beneficial in the future.

In addition to laying out the site for future expansion, it's also important to provide flexibility in digester feeding and withdrawal. Currently, Digesters 1-2 digest primary sludge while Digesters 3-7 digest primary sludge and TWAS. The partially digested sludge from Digesters 1-7 is then pumped to Digester 8 for final digestion and transfer to the dewatering system. However, this setup doesn't provide flexibility to be able to take Digester 8 offline. As shown in the process schematic on the previous page, we recommend adding piping to directly feed primary sludge and TWAS to Digester 9 and piping to route digested sludge from Digester 9 to the Sludge Transfer Pump Station. This provides flexibility for either Digester 8 or 9 to operate as a sludge storage digester, providing redundancy to be able to take either digester offline for maintenance. Our team is already familiar with your yard piping and will identify the preferred routing and tie-in locations for digester feed and sludge transfer piping and our digestion experts will develop a construction sequence that minimizes disruptions to plant operations.

Our site layout will consider digestion needs beyond Digester 9 so that you are setup for future expansion. In this figure we have shown a possible configuration with space allocated for future Digesters 10 and 11 and a dedicated sludge storage tank.

2 Select mixing and heating systems for variable level operation and effective performance

Mixing

Proper mixing is key to digester health and performance. Carollo has extensive experience evaluating mixing technologies and will work with you to select the right technology for Digester 9.

Digester 1-8 currently use Vaughan's Rotamix system with chopper pumps, floor mounted mixing nozzles, and one wall mounted nozzle for foam mitigation similar to the system that Carollo recently designed for the City of Burlingame. There are several possible enhancements that we could consider for Digester 9 if desired:

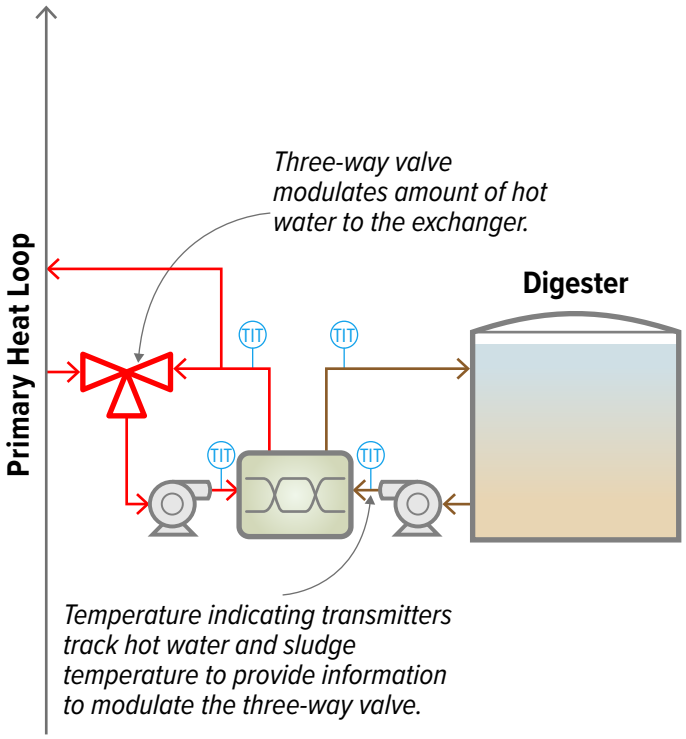
- **Pump with VFD:** We worked with Oro Loma Sanitary District to add VFDs to two of their mixing pumps to allow them to optimize the mixing rate, reduce foaming potential, and save energy cost. Mixing rate control is especially critical for a variable level digester. Typically, pump mixing systems are designed to turnover the digester every 3-4 hours. Without a VFD, the turnover rate will increase as the level in the tank decreases which can cause foaming and unnecessary energy expense. A VFD allows you to dial in the pump speed and maintain the target turnover even as the volume in the tank varies.
- **Engineered piping and nozzle system:** Rather than specifying a vendor-packaged pump mixing system like Rotamix, Carollo can also design a pump mixing system like we recently did for variable level digesters at Inland Empire Utilities Agency RP-1. The design would include a chopper pump (with or without a VFD) and strategically placed nozzles. A key advantage of the engineered system is that each leg of the system can be isolated with valves, providing flexibility for mixing. Also, Carollo's design maintains lower velocities at the nozzles than vendor-designed systems, reducing the chances of foaming events.

If interested, other technologies such as Ovivo's low energy LM mixers or Anaergia's high solids impeller mixers, both of which Carollo designed for the City of South San Francisco, can also be evaluated to determine which is optimal for you.

Heating

The heating requirements for Digester 9 will vary depending on whether it is fed primary sludge and TWAS directly or if it is fed partially digested sludge from Digester 1-7 that has already been heated to mesophilic temperatures. If direct feeding of Digester 9 is desired, we will consider both conditions when sizing the heat exchanger and associated recirculation systems to provide flexibility for either operation.

The existing digesters use spiral heat exchangers. We will also evaluate tubular heat exchangers, which are less susceptible to clogging. For either technology we will design a secondary heat loop with instrumentation to automatically maintain a setpoint digester temperature while also limiting the hot water temperature and the change in sludge temperature across the exchanger to help mitigate sludge baking onto the heat exchanger and vivianite formation.



We will design a secondary heat loop system sized for flexible digester feed and with provisions to mitigate sludge baking onto the heat exchanger and vivianite formation.

3 Design digester with features to mitigate foaming and provide ease of O&M

Provide large access manways and sampling ports

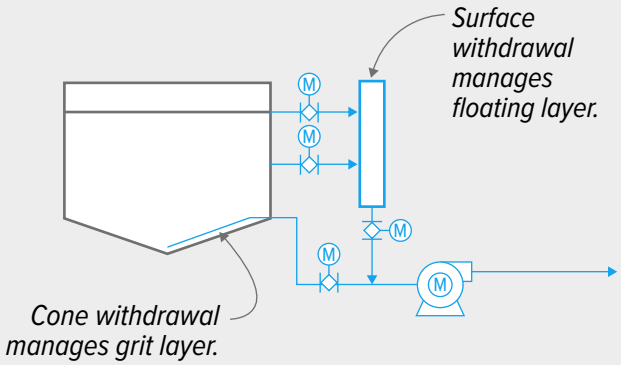
Simple features such as isolation provisions, gas piping purge ports, sampling ports, and optimally placed and sized access manways on the top and side walls of the digesters can go a long way in the operation and maintenance of a digester. We will work with you to understand the features of your existing digesters that you like and discuss areas for improvements with the goal of providing a system that can be easily operated and maintained.

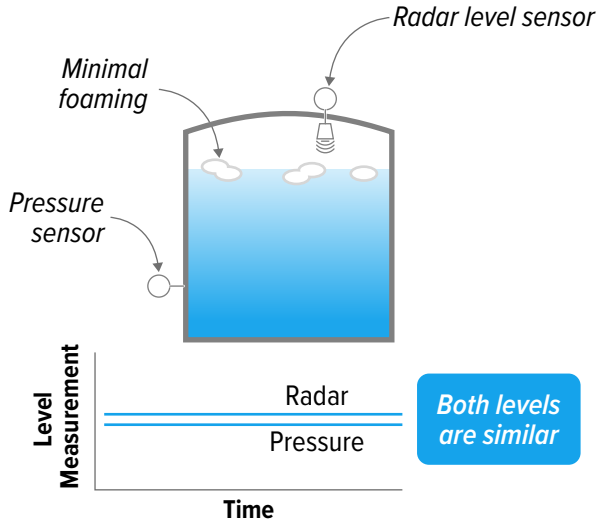
Install redundant level measurement to detect foaming early

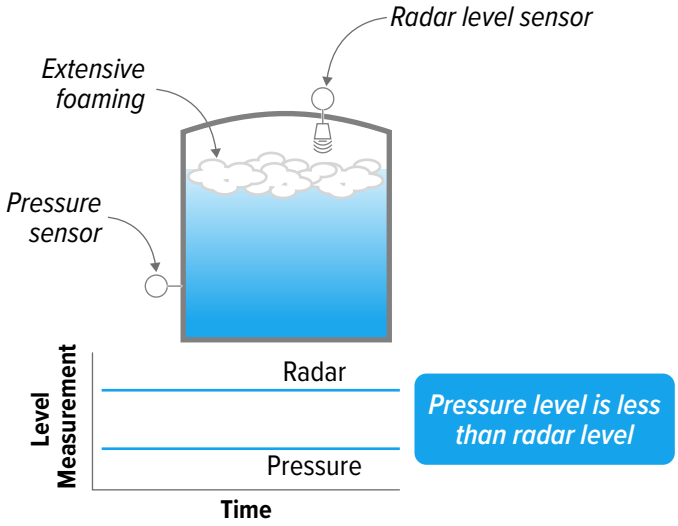
Our design will incorporate two types of level instrumentation, a pressure sensor and a radar level sensor, used in conjunction to detect foaming events so that they can be addressed quickly. The pressure sensor, which is mounted low on the side of the tank, measures the pressure exerted by the water column while the radar sensor, which is mounted on the top of the tank, measures the surface level. As shown in the diagram below, the two instruments will provide a similar measurement when there is minimal foaming. However, when foaming occurs, the pressure instrument will have a lower reading because the foam is less dense than the sludge. An alarm can be provided to notify operations staff when the two readings differ, allowing for process intervention.

Sludge withdrawal

Our digester design will include features to maximize the usable digester volume such as a standpipe and cone withdrawal. The standpipe, which would be designed with multiple connection points to accommodate the variable level, allows for filaments, foam, and scum to be frequently removed from the surface of the digester. The cone withdrawal allows for grit that would typically accumulate at the bottom of the cone to also be frequently removed. We will include flexibility and access to be able to waste sludge to the newly designed digester cleaning pond. Motorized valves on the standpipe and the piping to the dewatering feed pumps will allow for bottom and surface withdrawal to occur at preprogrammed intervals.







4 Seamlessly integrate new boiler into existing heat loop for reliable digester heating

A. Evaluate existing and future heating requirements to right-size your boiler.

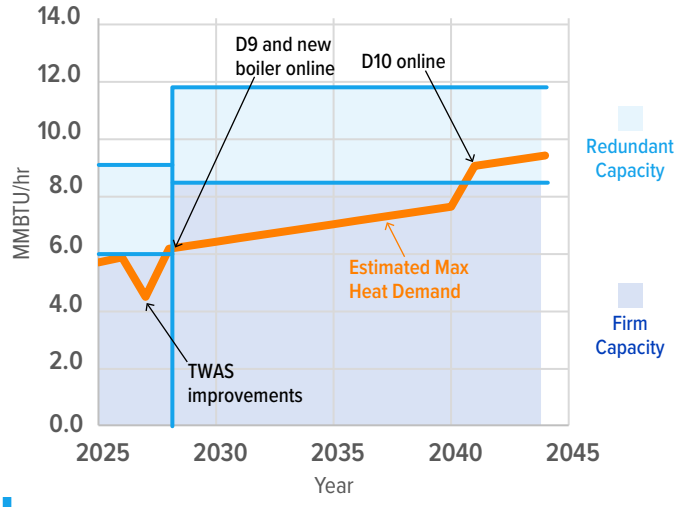
B. Select cost effective boiler type and location considering future growth.

C. Design boiler to seamlessly tie into your existing heat loop.

D. Permit boiler for beneficial use of digester gas.

A. Right-size boiler

Boiler 3 is over 25 years old and has significant corrosion and piping defects. Additionally, Digester 9 will increase the sludge heating requirements. Therefore, a new boiler is needed to maintain sufficient firm capacity for your facility. The first step to expanding your digester heating capacity is to select the right size boiler. We will accomplish this by comparing projected heat demands with the capacity of existing Boilers 1-3 as we have in the figure below. We will also work with you to understand your boiler redundancy requirements for both max month and average conditions as well as consider options for replacing the capacity of aging Boiler 3.



We will estimate your current and future digester heat demands to right size your new boiler to provide the capacity and redundancy for reliable digester heating.

B. Select boiler type and location

We will consider firebox, Scotch Marine fire-tube, and flexible watertube boilers and select the one that best meets your requirements for cost, footprint, and O&M preferences.

Our goal is to set up your new boiler facility such that it can be easily expanded as your plant influent continues to grow. For example, the capacity evaluation in Step A may indicate that the new facility should be designed with space to accommodate future installation of a second new boiler to address redundancy requirements and possible decommissioning of aging Boiler 3. As a potential cost saving option, we can also consider designing an outdoor boiler facility protected by a canopy as we recently did for IEUA RP-1.

C. Integrate into your heat loop

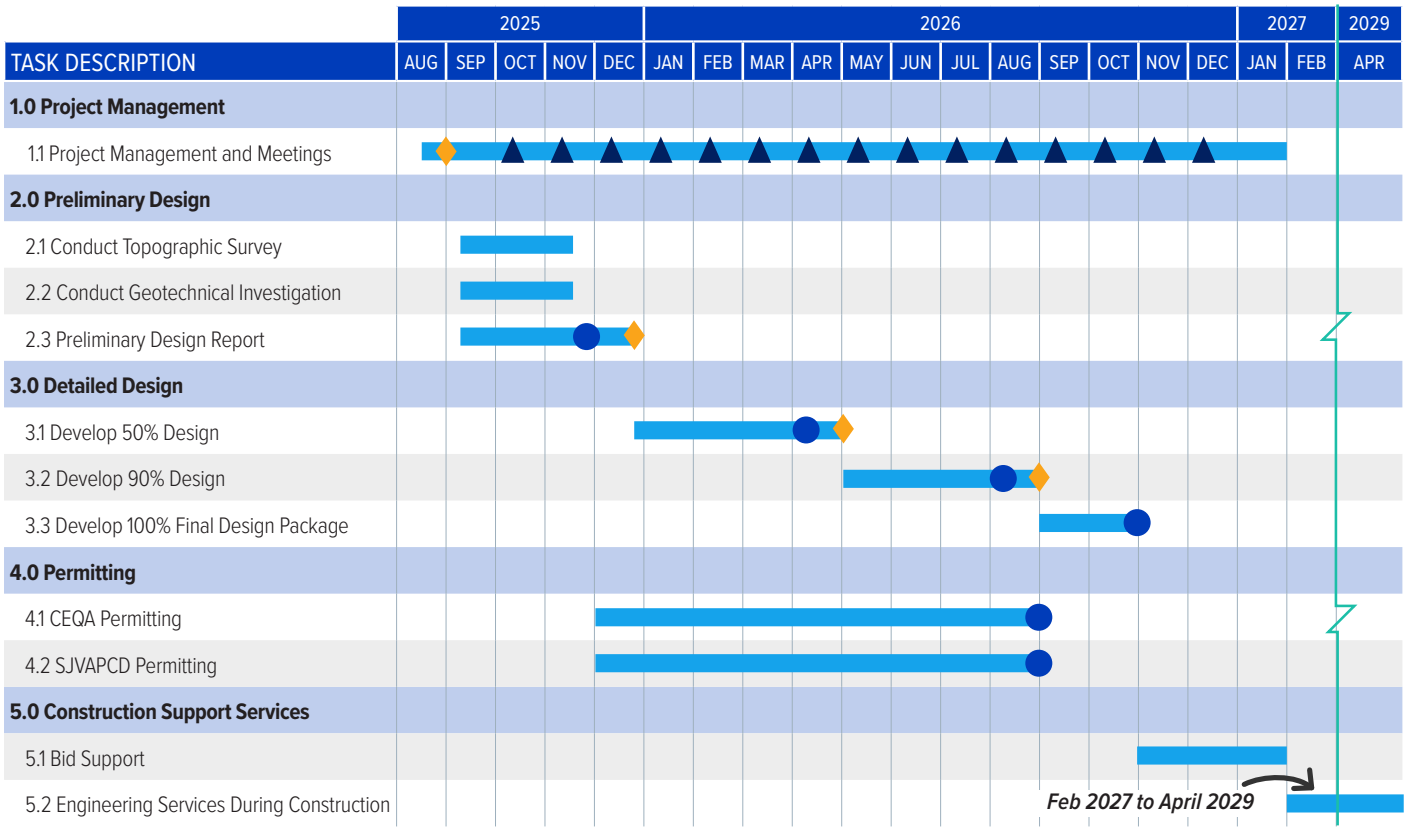
The new boiler will not only serve the new digester but will integrate into the heat loop serving your entire digestion facility. First, we will confirm that the existing primary heat loop pumps have sufficient capacity to meet the heating demands of the entire system. Then, we will design a secondary heat loop, similar to the secondary loops that you have for Boilers 1–3. Our team includes Darrell Buhman who has extensive experience expanding heating systems. We will work with you to develop a construction sequence that limits downtime of the existing heat loop, so that your existing digester heatings systems stay up and running.

D. Permit for digester gas

Currently you have limitations on operating your existing boilers with digester gas, in part because of permitting restrictions. That's why we've included air permitting expert, Courtney Mizutani, to navigate the SJVAPCD to obtain the Authority to Construct for the digester, and receive approval for flexible operation of a new boiler. Designing and permitting the new boiler for both natural gas and digester gas will save energy costs, reduce emissions, and provide operational flexibility.

Schedule

The schedule below was developed based on our current understanding of the level of effort required to deliver this project. Our team is ready to begin working on this project immediately and will work with you to meet your schedule requirements.



Exceptions

Carollo has reviewed the RFP and the draft agreement and requests the following changes which were effectuated in the April 26, 2024 agreement with the City of Visalia for the Near Term Solids Handling Improvement Project.

Exceptions:

- **XII, A:**
  - In the 4th line: Strike “or consequential damages.”
  - In the 4th line, replace “errors or omissions” with “recklessness or willful misconduct.”
- **XII, B:**
  - In the 2nd line, strike “or consequential damages.”
  - Add to end of sentence: “In no event shall the cost to defend charged to Consultant exceed Consultant’s proportionate percentage of fault.”

Requested Additions:

- **XI, add new section D:**
  - **“D.** CITY-Provided Information and Services: The CITY shall furnish the CONSULTANT available studies, Reports and other data under the control of the CITY and pertinent to the CONSULTANT's services; obtain or authorize the CONSULTANT to obtain or provide additional reports and data as required; furnish to the CONSULTANT services of others required for the performance of the CONSULTANT's services hereunder upon request by CONSULTANT and agreement by the CITY, and the CONSULTANT shall be entitled to use and rely upon all such information and services provided by the CITY or others in performing the CONSULTANT's services under this Agreement.”
- **XII, add new sections after “C”:**
  - **“D.** Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither the CITY nor the CONSULTANT, their respective officers, directors, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for any remote or speculative breach of contract damages that the breaching party could not have reasonably foreseen when entering into this Agreement. To the extent this Agreement is considered a "Construction Contract" as defined by California Civil Code section 2783, CONSULTANT's duty to indemnify CITY under this or any other provision of the Agreement shall not apply when to do so would be prohibited by California Civil Code section 2782.
  - **E.** The CONSULTANT shall not be responsible for warranties, guarantees, fitness for a particular purpose, breach of fiduciary duty, loss of anticipated profits or for economic, incidental or consequential damages to the CITY or any third party arising out of breach of contract, termination, or for any other reason whatsoever. Additionally, the CONSULTANT shall not be responsible for acts and decisions of third parties, including governmental agencies, other than the CONSULTANT's subconsultants, that impact project completion and/or success.”
- **Section XIV, add new sections A-C:**
  - “**A. Standard of Care:** The CONSULTANT shall perform the services required hereunder in accordance with the prevailing standard of care by exercising the skill and ability ordinarily required of consultants performing the same or similar services, under the same or similar circumstances, in the State of California.
  - **B. Estimates and Projections:** The CONSULTANT has no control over the cost of labor, materials, equipment or services furnished by others, over the incoming water and/or wastewater quality and/or quantity, or over the way the CITY's plant and/or associated processes are operated and/or maintained. Data projections and estimates are based on the CONSULTANT's opinion based on experience and judgment. The CONSULTANT cannot and does not guarantee that actual costs and/or quantities realized will not vary from the data projections and estimates prepared by the CONSULTANT and the CONSULTANT will not be liable to and/or indemnify the CITY and/or any third party related to any inconsistencies between the CONSULTANT's data projections and estimates and actual costs and/or quantities realized by the CITY and/or any third party in the future.
  - **C. Third Parties:** The services to be performed by the CONSULTANT are intended solely for the benefit of the CITY. No person or entity not a signatory to this Agreement shall be entitled to rely on the CONSULTANT's performance of its services hereunder, and no right to assert a claim against the CONSULTANT by assignment of indemnity rights or otherwise shall accrue to a third party as a result of this Agreement or the performance of the CONSULTANT's service hereunder.”

Scope of Work

1.0 – PROJECT MANAGEMENT

1.1 – Project Management and Meetings

Carollo will provide project administration and management necessary to perform the planning, execution, monitoring, and reporting of the project elements.

Carollo will lead monthly meetings with City staff and key project team members to provide updates on progress and address any issues or concerns.

Carollo will lead a kickoff meeting with the City and the project team to review the scope and schedule. The project team will present and seek feedback on key design elements.

Deliverables:

- Monthly invoices and associated progress letter reports, including budget and schedule updates.
- Kickoff and monthly meeting agendas and minutes.

Assumptions:

- The design phase of the project has a duration of 14 months.
- The kickoff meeting will include travel for three key expert team members to attend in person and other key project team members will attend remotely as necessary.
- Monthly progress meetings will be held remotely and will be attended by the Project Manager, Project Engineer, and other key team members, as necessary.

2.0 – PRELIMINARY DESIGN

2.1 – Conduct Topographic Survey

Carollo will contract with a subconsultant to provide surveying professional services. Surveying subconsultant will develop a topographic map of the proposed project site to serve as a base map for the design and to determine elevations of the existing surface and critical infrastructure. Ground control surveys will be performed, and temporary benchmarks will be established at the project site. Mapping will be performed based on a specified horizontal and vertical datum. Carollo Senior Professionals will review the surveying deliverable for accuracy and incorporation into future design deliverables.

2.2 – Conduct Geotechnical Investigation

Carollo will contract with a subconsultant to provide professional geotechnical services. Geotechnical consultant will perform borings onsite within the proposed project area and develop a draft and final report to determine site conditions and recommendations for the site grading and subgrade requirements. Senior Professionals will review the draft geotechnical report and provide feedback for incorporation into a final geotechnical report.

2.3 – Preliminary Design Report

Carollo will develop a Preliminary Design Report (PDR) to serve as the basis for developing the detailed design of the digester and ancillary facilities. The historical data analysis and future projections completed as part of the 2024 Master Plan will be used as the basis for sizing digestion facilities. The Digester 9 tank will be similar in size and configuration as Digester 8. The PDR will include the following elements:

- Evaluation and recommendation of equipment.
  - » Digester 9 mixing system.
  - » Digester 9 sludge heating system.
  - » Boiler 4 type, capacity, and integration with existing hot water loop.
  - » Digester 9 digested sludge transfer pumps.
  - » Digester 9 ferric chloride feed system.
  - » Digester 9 features, including cover type, gas equipment, manway access, and coating system.
- Recommend digester feed and dewatering feed strategy for new Digester 9 and integration with Digester 8.
- Identify tie in locations for key utilities including primary sludge, thickened waste activated sludge, digested sludge, hot water return and supply, digester gas, ferric chloride, and electrical power.
- Confirm MCC/boiler building type and approximate layout.
- Identify key project components and develop the proposed layout.
- 30% construction cost estimate.

In addition, the PDR will include the following 30% drawings:

- Design criteria and equipment sizing.
- Process flow diagram.
- Overall site layout.

- Preliminary equipment and building layouts.
- Civil site plan and preliminary yard piping plans for major utilities.
- Electrical one line diagram.
- Process and instrumentation diagrams.

Construction cost estimates will be prepared based on quantity takeoffs, estimating guides, equipment manufacturers' quotes, and construction cost estimates of similar facilities. Contingencies for general estimating, general conditions, contractor overhead and profit, escalation to the midpoint of construction, and annual cost escalation will be included in the construction cost estimate. The 30% cost estimate is anticipated to be a Class 4 estimate as defined by the Association for the Advancement of Cost Engineering International, which has an expected accuracy of between -30% and +50%.

Deliverables:

- Draft and Final Preliminary Design Report (pdf).
- Comment response log.
- 30% construction cost estimate.

Assumptions:

- Digester 9 will be similar in size and configuration to the existing Digester 8, but will include piping modifications to be directly fed primary sludge and thickened waste activated sludge.
- Digester 8 facilities, including feed and transfer piping, sludge heating, and sludge mixing, will not need to be modified.
- Primary sludge and thickened waste activated sludge pumping systems will not need to be modified.
- The existing ferric chloride storage and feed pump system will not need to be modified.
- The existing hot water piping will not need to be rehabilitated.

3.0 – DETAILED DESIGN

3.1 – Develop 50% Design

Carollo will provide a 50 percent design submittal, which will include the following information:

- Design criteria.
- Process flow diagram.
- Site plan.
- Paving and grading and yard piping plans.
- Structural plans and sections for the digester, control building, and major equipment pads.
- Mechanical plans and sections for major equipment.
- Electrical one-line diagram and electrical equipment elevations.
- Electrical site plans.
- Process and instrumentation diagrams.
- Draft specifications for major mechanical equipment and equipment control descriptions.

Carollo will perform an internal quality control check of the 50% design deliverable in parallel with the City's review of the submittal.

Carollo will prepare a construction cost estimate based on the 50% design drawings. Construction cost estimates will be prepared based on quantity takeoffs, estimating guides, equipment manufacturers' quotes, and construction cost estimates of similar facilities. Contingencies for general estimating, general conditions, contractor overhead and profit, escalation to the midpoint of construction, and annual cost escalation will be included in the construction cost estimate. The 50% cost estimate is anticipated to be a Class 3 estimate as defined by the Association for the Advancement of Cost Engineering International, which has an expected accuracy between -20% and +30%.

Carollo will prepare for and lead a 50% design review workshop to present progress on the design and discuss any feedback from the City. The workshop will include travel for three team members to attend in person and other key project team members will attend remotely as necessary.

In addition, Carollo will provide a response to all City review comments and shall provide the City with any potential construction cost increase estimates and gain City approval of additional costs prior to performing design modifications on that comment.

Deliverables:

- 50% design drawings (three hard copies at half-size, 11x17).
- 50% design specifications (one hard copy).
- 50% construction cost estimate.
- 50% design review workshop agenda and minutes.
- Comment response log.

Assumptions:

- The City will review 50% deliverable and provide any feedback to be incorporated within three weeks of submittal.

- The project will follow CSI MF95 format utilizing Divisions 01 through 17.
- The project will follow Carollo's CAD standards.

3.2 – Develop 90% Design

Carollo shall provide a 90% design submittal, which shall be a complete set of contract documents. Additionally, the 90% deliverable shall have incorporated applicable internal and City review comments from the 50% design review. The 90% deliverable shall include all draft specifications required for the project. The City's front-end specifications will be reviewed by Carollo's risk management team to suggest changes to mitigate risk during bidding and construction. The front-end specifications will be supplemented as necessary with Carollo's specifications to provide a complete bidding package. The project team will update the front-end specifications with project specific information.

Carollo will perform an internal quality control check of the 90% design deliverable in parallel with the City's review of the submittal.

Carollo will prepare a construction cost estimate based on the 90% design drawings. Construction cost estimates shall be prepared based on quantity takeoffs, estimating guides, equipment manufacturers' quotes, and construction cost estimates of similar facilities. Contingencies for general estimating, general conditions, contractor overhead and profit, escalation to midpoint of construction, and annual cost escalation shall be included in the construction cost estimates. The 90% cost estimate is anticipated to be a Class 2 estimate as defined by the Association for the Advancement of Cost Engineering International, which has an expected accuracy between -15% and +20%.

Carollo will prepare for and lead a 90% design review workshop to present progress on the design and discuss any feedback from the City. The workshop will include travel for three team members to attend in person and other key project team members will attend remotely as necessary.

In addition, Carollo will provide a response to all City review comments and shall provide the City with any potential construction cost increase estimates and gain City approval of additional costs prior to performing design modifications on that comment.

Deliverables:

- 90% design drawings (three hard copies at half-size, 11x17).
- 90% design specifications (three hard copies).
- 90% construction cost estimate.
- 90% design review workshop agenda and minutes.
- Comment response log.

Assumptions:

- The City will review 90% deliverable and provide any feedback to be incorporated within three weeks of submittal.
- The project will not need to be approved by the City's Building Safety Division.
- The City will provide its front-end specifications to be incorporated into the deliverable one month prior to the project team submitting the 90% deliverable.

3.3 – Develop 100% Final Design Package

Carollo shall provide 100% design drawings and specifications suitable for bidding. The bid set deliverable shall have incorporated applicable internal and City review comments from the 90% design review.

Carollo will perform an internal quality control check of the 100% design deliverable prior to submitting to the City. The 100% design deliverable will be stamped and digitally signed by professional engineers registered in the state of California.

If no major project elements are added after the 90% design deliverable, the 90% construction cost estimate will serve as the engineer's estimate for the basis of bidding. It will be discussed at the 90% design review workshop if there are review comments that warrant a change in the design and update to the construction cost estimate.

Deliverables:

- 100% design drawings (pdf).
- 100% design specifications (pdf).

4.0 – PERMITTING

Carollo will assist the City in obtaining the necessary permit approvals from regulatory agencies to construct the digester and ancillary facilities. Carollo will respond to comments and make necessary revisions to design documents as required by the regulatory agencies. The anticipated permitting requirements include CEQA and San Joaquin Valley Air Pollution Control District approvals.

4.1 – CEQA Permitting

The construction of a new digester and ancillary facilities is a project that is anticipated to trigger compliance with the California Environmental

Quality Act (CEQA). It is anticipated that the project will apply for a Categorical Exemption. Carollo will hire a subconsultant to develop and submit the necessary applications.

Deliverables:

- Draft and Final Categorical Exemption application (pdf).

Assumptions:

- The City will pay for any filing or processing fees required for approval.

4.2 – SJVAPCD Permitting

The San Joaquin Air Pollution Control District (SJVAPCD) will need to issue an Authority to Construct for the digester improvements. Additionally, the new boiler will require completion of a supplemental form, Boilers, Steam Generators, Dryers, and Process Heaters. The boiler will be permitted to run on natural gas or digester gas to provide flexibility in future operations. Carollo will hire a subconsultant to develop and submit the necessary applications. The Authority to Construct will have to be finalized during construction, because it requires input from the contractor to provide the make, model, and serial number for the specific unit that is to be installed at the site. Carollo and the subconsultant will develop a schedule with milestones to progress the permitting process, so as to not be on the critical path for substantial completion of the construction project.

Deliverables:

- Draft and Final Authority to Construct application and supplemental boiler form (pdf).

Assumptions:

- The City will pay for any filing or processing fees required for approval.
- The new boiler will be less than 5.0 MMBTU/hr.
- The new digester can tie in to the current digester gas pipeline network without any additional permitting requirements of the existing gas handling equipment.
- The new boiler can tie in to the current hot water loop without any additional permitting requirements of the existing boilers.

5.0 – CONSTRUCTION SUPPORT SERVICES

5.1 – Bid Support

The Consultant will attend one pre-bid meeting for the prospective bidders on the City's behalf.

During the bid period, Consultant will respond to questions from prospective bidders and provide written response. Verbal or written questions requiring clarification of the contract documents will be resolved by issuing addenda.

Deliverables:

- Response to bidder questions and updated drawings and specifications, as necessary.
- Conformed drawings incorporating changes by addenda following bidding (three hard copies of half-size (11x17) drawings and specifications).

Assumptions:

- The scope of work covers support for a single bid period.
- The Consultant will respond to 60 bidders' questions and update 20 drawings and 10 specifications.
- The City will complete the following tasks:
  - » Manage printing, advertising, and sale of contract documents during the bid period.
  - » Issue bid packages to prospective bidders and maintain bid tabs.
  - » Answer procedural questions from prospective bidders.
  - » Compile and distribute addenda to prospective bidders.
  - » Open and tabulate bids.
  - » Issue Notice of Award and Notice to Proceed to successful bidders.

5.2 – Engineering Services During Construction

Consultant's scope of work to provide engineering services during construction (ESDCs) includes the following activities:

- Project management.
- Preparation of conformed drawings.
- Attending bi-weekly construction progress meetings including site visits and observation by design engineers to support construction work (25 online and 25 in-person).
- Response to requests for information (RFIs) (up to 200).
- Provision of design clarifications as needed (up to 10).
- Submittal review (up to 400).
- Assistance in review of change orders (up to 10).
- Start-up and training assistance.
- Update Operations and Maintenance manual for the new process.
- Preparation of record drawings.

Deliverables:

- Monthly invoices and associated progress letter reports.
- RFI responses.
- Design clarifications, as needed.
- Submittal and resubmittal review responses.
- Change order request review comments.
- O&M manual (three bound hard copies).
- Record drawings (one hard copy, full size 22x34).

Assumptions:

- ESDC will last for the duration of construction, which will be 24-months.
- The City will contract with another firm to provide construction management of the project.

C. Staff Qualifications and Related Experience

Staff Qualifications and Experience

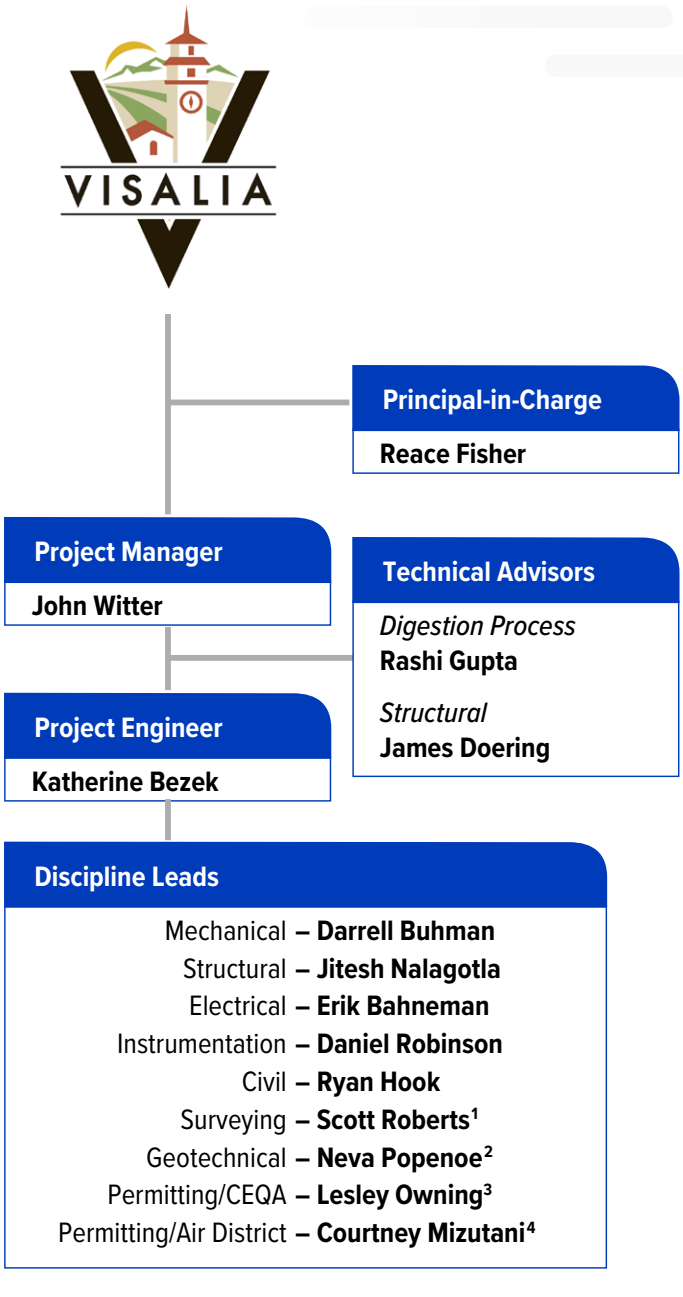
The Right Team for Visalia

We believe that project staffing is a critical factor in project success. The Carollo team, shown in the organization chart below, brings the right mix of plant knowledge and technical expertise needed to deliver the City a successful design project for Digester 9 and ancillary facilities.

Our project manager, **John Witter**, is based in our Fresno office and brings nine years of wastewater treatment experience. He will be the main point of contact and will be responsible for the performance of our team, client coordination, and overall project success. Project engineer **Katherine Bezek** will work closely with John, leveraging her solids handling design experience to lead the day-to-day activities to confirm the City receives high-quality deliverables that meet scope and schedule. Principal-in-charge **Reace Fisher** brings more than 16 years of experience working on wastewater treatment and infrastructure projects throughout the valley. In addition, Reace has hands-on experience working with your team. John and Reace are familiar with the City, having worked on your Water Reclamation Facility Solids Handling Improvements design project.

To enhance our team, we have included the following subconsultants: Westwood Professional Services (surveying), BSK Associates (geotechnical), HELIX Environmental Planning, Inc. (permitting/CEQA), and Mizutani Environmental (permitting/air district).

Our team's experience is highlighted on the following pages. They are committed to this project and will not be substituted without prior written approval from the City. Resumes that include education, credentials, and related experience are provided in the Appendix.



SUBCONSULTANT:

1. **Westwood Professional Services**
2. **BSK Associates**
3. **HELIX Environmental Planning, Inc.**
4. **Mizutani Environmental**

Proposed Key Team Members

John Witter, PE

PROJECT MANAGER

John has nine years of experience in wastewater treatment planning, design, and engineering services during construction. He has experience coordinating teams of discipline design engineers and CAD staff on a variety of wastewater treatment plant improvement projects, including the Visalia Solids Handling Improvements, King City WWTP Upgrade, and City of Fresno Sidestream Treatment projects. He has also played key roles in biosolids master planning, analyzing digestion processes and developing implementation plans for year-round biosolids management. This work has included biosolids master plans for the City of Fresno, Sacramento Area Sewer District, and Ironhouse Sanitary District. John is familiar with your facilities and procedures, having worked on your Water Reclamation Facility UV Spot Check Bioassay and UV Operations Plan, and most recently serving as project engineer and assistant project manager for the City's Water Reclamation Facility Solids Handling Improvements Design project.

Katherine Bezek, PE

PROJECT ENGINEER

Katherine has nine years of experience with a focus on solids system evaluation and design. She has led digester capacity evaluations, digester layout alternatives studies, digester mixing alternatives analyses, and designs of new and rehabilitated tanks, and will work alongside your staff to efficiently design a system that meets your expectations. Katherine's recent digester experience includes projects for Inland Empire Utilities Agency, Oro Loma Sanitary District, Union Sanitary District, and the City of Burlingame. As project engineer, Katherine will support John, and manage the internal day-to-day activities of Carollo's design team and subconsultants.

Reace Fisher, PE

PRINCIPAL-IN-CHARGE

Reace has more than 16 years of experience working with wastewater treatment facilities throughout the Central Valley. He specializes in condition assessment for aging facilities and integration of new improvement projects to help support ongoing treatment facility success. He is familiar with the City's facilities, practices, and team, having served as the project manager for your Water Reclamation Facility Master Plan Update and Solids Handling Improvements design project. As principal-in-charge, Reace will oversee all project aspects, maintaining clear communication lines between the design team and City staff to continue our successful relationship.

Proposed Key Team Members

Rashi Gupta, PE

TECHNICAL ADVISOR – DIGESTION PROCESS

- Rashi has 23 years of experience and is Carollo's National Solids Treatment Practice Lead. She is a national expert in all things related to solids—from sludge thickening and dewatering to digestion and biosolids management—and is very knowledgeable about the latest industry trends and solutions. Rashi will lead optimization efforts, guide technical analyses, lead peer reviews, and participate in key meetings to produce a thorough and efficient design. Rashi's recent digester experience includes projects for South San Francisco, Burlingame, and Union Sanitary District.

James Doering, PE, SE

TECHNICAL ADVISOR – STRUCTURAL

- James serves as Carollo's Chief Structural Engineer and has 31 years of structural design experience, including structural analysis and design, seismic retrofit, rehabilitation, review, and assessment for a variety of structures, such as wastewater and water treatment facilities, pump stations, reservoirs, tanks, clarifiers, large pipe supports, retaining walls, and operations and maintenance facilities. He served a key role as the lead designer to successfully deliver the City of Tulare J Street, Alpine, and Cartmill water storage tanks. In addition, he has worked on numerous projects involving wastewater digesters, including those for San Luis Obispo Los Osos Water Reclamation Facility, the cities of Santa Maria and Santa Barbara, and the Eastern Municipal Water District.

Discipline Leads

Darrell Buhman, PE

MECHANICAL

- Darrell has 21 years of experience managing projects and implementing plant process heating systems, standby generators, cogeneration and digester gas conditioning systems, and RNG projects for wastewater treatment facilities. He has recently completed work on multiple digester heating system projects, including projects for Metro Water Recovery in Colorado, County of Hawaii Hilo, the City of Oxnard, and Oro Loma Sanitary District.

Jitesh Nalagotla, PE

STRUCTURAL

- Jitesh has 27 years of experience in structural design of water, wastewater, industrial, and commercial projects. He oversees the structural design and evaluation of water and wastewater treatment infrastructure. Jitesh has extensive experience in seismic design of large new structures, as well as seismic evaluation and retrofit of existing structures. He was the lead structural engineer for the recent Solids Handling Improvements Design project.

Discipline Leads

Erik Bahneman, PE

ELECTRICAL

- Erik has 17 years of experience in the design of electrical, instrumentation, and control systems for water and wastewater projects, including switchgear, motor controls, instrumentation, and SCADA systems. He has coordinated electrical work with civil, structural, and mechanical work during both the design and construction phases on several multi-discipline projects. Recent digester work includes projects for the cities of Burlingame and South San Francisco. In the past five years, he has been involved in digester-related projects worth over $50 million in construction costs. Erik was the lead electrical engineer for the recent Solids Handling Improvements Design project.

Daniel Robinson, PE

INSTRUMENTATION

- Daniel brings 25 years of I&C experience in the water/wastewater industry, including 480VAC electrical distribution systems, variable frequency drives, reduced voltage soft starters, full-voltage motor control design, PLC and control panel design, and process instrumentation. His recent digester work includes the solids improvements for Clean Water Services in Oregon. Daniel was the lead instrumentation engineer for the recent Solids Handling Improvements Design project.

Ryan Hook, PE

CIVIL

- Ryan has 23 years of civil engineering experience. He has served as construction manager, lead inspector, design engineer, project engineer, and civil engineer. Ryan's expertise includes planning, analysis, design, and construction of wastewater treatment facilities, wastewater pump stations and pipelines, as well as preparation and review of plans and specifications. Ryan was the lead civil engineer for the recent Solids Handling Improvements Design project.

Subconsultants

Scott Roberts, PLS

Westwood Professional Services

SURVEYING

- Scott has more than 15 years of land surveying experience, including direct work with the Carollo team and surveying support for digester and sewer facility projects across Central California. Scott has a strong background in public infrastructure projects and is highly proficient in AutoCAD Civil 3D, Trimble GNSS & Robotic Total Stations, Trimble Business Center, Trimble RealWorks, and Terrestrial LiDAR. His responsibilities span project management, topographic and boundary surveys, utility locating, construction staking, elevation certification, laser scanning, legal descriptions, and GIS mapping.

Subconsultants

Neva Popenoe

BSK Associates

GEOTECHNICAL

- Neva has over 20 years of geotechnical engineering and materials testing experience. She manages geotechnical investigations, including developing the scope and budget, field classification of soils, sampling, design, and report preparation and review. Her design experience includes retaining walls, sound walls, roadway embankments, recycled water and surface water facilities, and pavement structural sections. She also performs field inspection and testing, data analysis, laboratory testing, and construction special inspections.

Lesley Owning

HELIX Environmental Planning, Inc.

PERMITTING/CEQA

- Lesley is a principal planner with 13 years of experience in providing CEQA compliance. Lesley is skilled at developing CEQA compliance approaches that streamline the environmental review process for complex projects involving numerous agencies. She has prepared CEQA documentation for a wide range of project types including water/wastewater; institutional facilities; land development, transportation; parks and recreation; and renewable energy.

Courtney Mizutani, PE

Mizutani Environmental

PERMITTING/AIR DISTRICT

- Courtney has over 35 years of experience specializing in air permitting for municipal water reclamation facilities. Courtney has successfully permitted scores of new sources, as well as followed evolving air regulations at the local and state level as they relate to municipal facilities. She takes a collaborative approach to working with facility staff and the regulators, seeking to streamline the permit process wherever possible.

Subconsultants Help Meet all Project Requirements

Westwood Professional Services
Established in 1972, Westwood is a full service, multi-discipline professional engineering firm. They have developed land surveying expertise, conducting thousands of surveys each year. Westwood has supported over 60 projects in Tulare County, including work directly for the City of Visalia. For the City, they have successfully contributed to key projects such as Oak Street Improvements, Bridging Horizons Inclusive Park, and Riverway Sports Park.

BSK Associates
Founded in 1966, BSK Associates offers geotechnical and environmental consulting, construction observation, materials testing, special inspections, and analytical laboratory services. They have offices and laboratories throughout California; their Fresno, Bakersfield, Livermore, and Rancho Cordova offices feature Caltrans and AASHTO accredited soils and materials laboratories.

HELIX Environmental Planning, Inc.
Since 1991, HELIX has been helping clients comply with federal, state, and local environmental laws and regulations; investigate natural and cultural resources; and design and construct sustainable projects. In-house services include CEQA and NEPA compliance; regulatory permitting; biological studies, cultural resource studies, landscape architecture, and air quality/greenhouse gas and noise studies.

Mizutani Environmental
Mizutani Environmental has been providing air permitting services to municipal clients across California since 1995. They work to support municipal clients in all areas related to air regulatory compliance and in all stages of project development. They have a proven track record for successfully permitting new projects, and resolving air regulatory concerns.

Related Experience

Firm Background and History

Carollo is a national, full-service environmental engineering firm that has exclusively served the water and wastewater industries for more than 92 years. We remain responsive to the needs of our clients as the industry leader in the planning, permitting, design, construction, and operations of facilities and infrastructure that reliably convey and treat water across the U.S.

Carollo's reputation is based upon client service and a continual commitment to quality. We currently maintain 50+ offices in North America with staff numbers exceeding 1,600 employees, including more than 850 registered engineers. We recruit nationwide and hire technical staff who have extensive background and training specific to this field.

Digester Experience

Carollo has extensive experience with evaluation and design of anaerobic digestion facilities and ancillary systems. Our digester evaluations have included space planning and capacity sizing analysis to optimize layout within existing and new treatment facilities.

Over the years, we have remained abreast of the latest innovations, including technologies, heating systems, piping configurations, and automation to help clients improve digestion and to comply with current regulations and design standards. The table below lists Carollo's relevant project experience that share similar scope elements as your design project for Digester 9 at the City's Water Reclamation Facility. See the following pages for additional details on the bolded projects.

30'–125'
Digester diameters size range

Digester Improvements Project

Burlingame, California

The project included evaluating the condition of existing assets and rehabilitating and expanding the digestion system. Evaluation phase included flow and load projections, digester sizing, cover and mixing type investigation, and layout planning in a constrained site.

Carollo then designed the rehabilitation of two digesters, including cover retrofit, concrete and coating repairs, and mixing and heating system improvements. The design also included a new digester with a concrete cover, pump mixing system with surface foam suppression control, and new heat exchangers, sludge recirculation and transfer pumps, and heating loop housed in a new digester control building.

Carollo is currently assisting the City with securing funding through an SRF loan, and the project is anticipated to bid in Q4 of 2025.

Relevance to Visalia:

- Provisions in design to allow new digester to be fed directly or as the second digester in series.
- Digesters designed with pump mixing systems with foam suppression.

DESCRIPTION

Evaluation/condition assessment, design, funding assistance

PLANT CAPACITY

4.4 mgd

NAME OF OWNER

Low Bid: TBD

STATUS OF COMPLETION

95% Design: 2023
Final Design and Bid: 2025 (anticipated)

RP-1 Liquid and Solids Capacity Recovery/ Solids Thickening

Ontario, California

Carollo designed a solids system expansion to increase capacity from 40 to 60 mgd. Carollo evaluated thickening improvements, six digester mixing technologies to provide the most cost-effective mixing that meets O&M needs, and heat exchanger types to provide the required capacity and address concerns about vivianite buildup. Carollo also investigated digester heating system capacity and performed an alternatives analysis on three types of boilers and three site location options to determine a long-term plan for digester heating needs.

The project included three new acid-phase digesters, heating system retrofits to an existing methane digester, a new boiler, and a new thickening facility with options to co-thicken or separately thicken primary and secondary sludges in nine new rotary drum thickeners.

The project also included detailed construction sequencing and tie-ins to enable smooth process integration into the existing digester gas, digester feed, and digested sludge transfer systems. Decisions regarding the sequencing, system controls, and technologies were made in close collaboration with the Agency's staff to see that O&M concerns were met and that all of the plant's treatment processes would be uninterrupted during construction. Carollo is now providing construction services for the project.

Relevance to Visalia:

- Design of new digesters and rehabilitation of existing digester.
- Digester heating system and boiler design, with integration into existing heat loop.
- Digester mixing and heat exchanger evaluations and designs.
- Incorporation of O&M staff input into sequencing, design, and technology selections.

DESCRIPTION

Designed solids system expansion, detailed construction sequencing, construction services

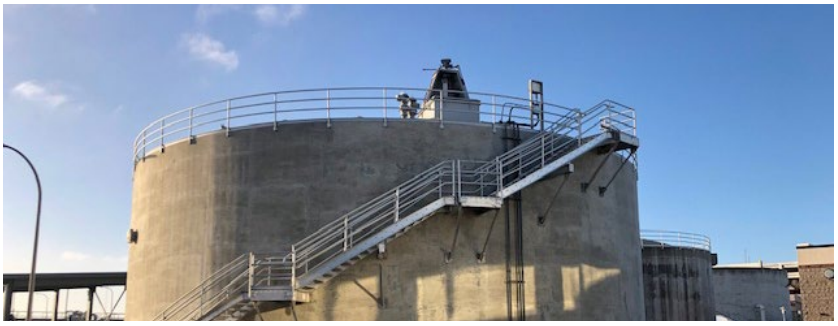
Construction: Ongoing



Water Quality Control Plant Wet Weather and Digester Improvements

South San Francisco, California

Carollo's digestion work on this project began with a structural condition assessment and preliminary design, and an evaluation of digester mixing, roof, and heating system options. The assessment showed that replacement of two existing digesters with new digesters was necessary while a third existing digester could be rehabilitated to meet seismic requirements.

The evaluation included capital and life-cycle cost analyses, non-economic parameters important to the City, reference checks, and site visits. Our subsequent cost-based evaluations led the City to change their original design intent.

The final project included replacement of two existing digesters with one new high solids digester with Anaergia's submersible mixers, and rehabilitation of a third existing digester to meet seismic requirements and improve system reliability. An Ovivo LM mixer was provided for the retrofitted digester. The digester heating system modifications included replacement of an existing, corroded boiler and retrofits to heating system piping and valves to create a true primary/secondary heat loop configuration and improve heating system control.

Relevance to Visalia:

- Digester process evaluation, preliminary design, final design, and services during construction.
- Digester mixing technology evaluation.
- Expansion of existing digester heat loop including new boiler, hot water loop piping, and sludge heat exchangers.

DESCRIPTION

Condition assessment, preliminary and final design, digester evaluation

D. Proposed Fee Structure

Proposed Fee Structure

Carollo's proposed fee structure is provided in a separate, sealed envelope, as requested in the RFP.

E. Conflict of Interest

Conflict of Interest

Carollo is familiar with applicable conflict of interest laws and requirements. Neither our firm nor any of its employees involved on this project are aware of any conflict of interest that would preclude working on this project. Carollo, at all times, conducts its professional and business activities in a manner to prohibit conflict of interest on the part of the firm and its employees. We foresee no circumstances in which a conflict could arise.

CITY OF VISALIA, CA
REQUEST FOR PROPOSALS
RFP-24-25-07

PROFESSIONAL SERVICES TO DESIGN DIGESTER 9

ADDENDUM NO. 1

Issued: July 10, 2025

Submittals Due: **Thursday, July 31, 2025, at 3:00pm**

Addendum No. 1 is being issued to extend the deadline for submitting proposals in response to this RFP and provide responses to questions that have been received. This addendum must be signed and submitted with bid.

ITEM 1: EXTENSION OF DEADLINE FOR SUBMITTING PROPOSALS

The deadline for submitting proposals in response to this Request for Proposals has been extended. Proposals are due no later than:

Thursday, July 31, 2025 at 3:00pm

ITEM 2: QUESTIONS/RESPONSES

Q. 1 Is there any flexibility on the design schedule? It will be very difficult to have all work completed by 6/1/26.

Response: The design completion date shall be changed to November 1, 2026.

Q. 2 In the RFP there is a document referenced and we would like to know if the city can provide that document, this document is the "TM 4 of Carollo's Facility Plan"

Response: Please see Attachment 1 of this Addendum.

Q.3 Can the deadline be extended for two weeks?

Response: See above

Q.4 Can the Digester 8 civil drawings be available for review:?

Response: Please see Attachment 2a, 2b, and 2c of this Addendum

ITEM 3: PROPOSER CONFERENCE ATTENDANCE SHEETS

The sign-in sheets from the two mandatory proposer conferences have been included with this Addendum as Attachment 3

Attachments:

Attachment 1	-	TM4 Plans
Attachment 2a	-	Digester 8 Plans
Attachment 2b	-	Digester 8 Yard Piping 1
Attachment 2c	-	Digester 8 Yard Piping 2
Attachment 3	-	Mandatory Proposer Conference Sign-In Sheets

END OF ADDENDUM NO. 1

/s/ Purchasing Division

Resumes

John R. Witter, PE

John Witter has nine years of experience and is a professional engineer who specializes in wastewater treatment plant planning, design, and engineering services during construction. His experience ranges from detailed analyses developing robust process solutions to managing design teams delivering detailed drawings and specifications for a variety of wastewater treatment and solids handling processes.

EDUCATION

MS Environmental Engineering, University of Illinois, 2015

BS Civil Engineering, University of Illinois, 2014

LICENSES

Civil Engineer, California

PROFESSIONAL AFFILIATIONS

California Water Environment Association, Central San Joaquin Section, Student and Young Professionals Chair

RELEVANT EXPERIENCE

> **Project engineer for the City of Visalia, California, Water Reclamation Facility Solids Handling Improvements Design.** The project included completing predesign and final design to address solids handling capacity issues and improve performance, while providing better access for long-term maintenance. This project will result in increased capacity and performance of solids handling processes, including improved thickening performance resulting in increased digester capacity, increased dewatering capacity, increased sludge drying capacity, and improved maintenance flexibility for thickening conveyance and digestion.

> **Project manager for the City of Fresno, California, North Fresno Water Reclamation Facility (NFWRF) Expansion Feasibility Study.** The NFWRF treats wastewater from a residential development to recycled water quality standards and discharges off-spec effluent and waste sludge to the Regional Wastewater Reclamation Facility. John oversaw a team of engineers to analyze historical data, perform a condition assessment, and evaluate alternative treatment technologies to identify treatment plant upgrades to expand capacity to satisfy growth within the service area.

> **Project engineer for Sacramento Area Sewer District (SacSewer), formerly Regional San, California, Biosolids Management Plan.** The project included solids flows and loads analysis, alternatives screening, and financial and non-financial evaluation for digestion, dewatering, and biosolids recycling alternatives.

> **Project engineer for the Ironhouse Sanitary District, California, Biosolids Master Plan.** The project included evaluating solids projections, regulatory review, land application vulnerability analysis, and biosolids technology and management alternatives analysis.

> **Design manager for the City of King City, California, Wastewater Treatment Plant Upgrade Project.** The project consists of designing an upgrade from the 1.3-mgd pond treatment plant to a 1.7-mgd treatment facility that includes a new headworks, grit removal, oxidation ditches, secondary clarifiers, return activated sludge/waste activated sludge pump station, solids dewatering, and equalization basin. The land disposal system was updated to provide new spray fields and percolation ponds. A new access road to the site was also required to allow 365 days/year access. Carollo assisted with funding applications, permitting, and design services.

> **Staff engineer for the City of Fresno, California, RWRF Biosolids Master Plan**. The City has historically produced Class B biosolids through mesophilic anaerobic digestion and hauled biosolids offsite to composting facilities or land-application sites. The City was interested in evaluating various solids handling processes and biosolids end-use alternatives. John analyzed historical data to project solids flows and loads then determined the capacity and performance of current and future solids handling processes. John evaluated

biosolids alternatives and presented process overview, capital and O&M costs, non-financial and sensitivity analysis, and an implementation plan for the recommended alternative to project stakeholders.

> **Staff engineer for the City of Visalia, California, Water Reclamation Facility UV Spot-Check Bioassay project**. Set up the dosing and injection testing system on an 18-mgd capacity UV system. Took samples at various testing conditions for laboratory analysis to determine matching UV system performance with field conditions.

> **Staff engineer for the City of Visalia, California, UV Operations Plan**. Responsible for developing Title 22 reports and Notice of Intent under the General Order for the use of disinfected tertiary recycled water. Developed the UV Operations Plan, which included system overview, operational configurations, dosing control strategy, and alarm set points that were used as the basis to test the system for compliance.

> **Project engineer for the City of Fresno RWRF Waste Gas Flare Design project.** The City combusts digester gas through an enclosed waste gas flare as an emissions control measure. The San Joaquin Valley Air Pollution Control District adopted stricter nitrous oxide (NOx) emissions for waste gas flares, necessitating upgrades for the RWRF. John was responsible for establishing design criteria to size new infrastructure, coordinate with flare vendors to ensure installed technology met new regulations, and managed the design disciplines to implement a coordinated design. John worked with the City Planning and Development Department to receive the necessary approvals and permits to progress the project into construction. He provided bidding and construction support, responding to addenda, and reviewing and coordinating responses for RFIs and submittals. He attends recurring construction progress meetings to ensure construction moves forward as smoothly as possible in a timely manner.

> **Design manager for the City of Fresno, California, Regional Wastewater Reclamation Facility Deammonification Sidestream Treatment Design**. Developed a pilot work plan and provided oversight and coordination between the City and Veolia for the successful operation of a five month long ANITA™ Mox pilot. Led the coordination of project team members for the design of a 1.6 mgd ANITA™ Mox sidestream treatment facility. Conducted detailed design of filtrate and wash water piping modifications, sidestream equalization basins, deammonification reactors, chemical feed facility, and support building. Evaluated struvite precipitation potential and incorporated struvite mitigation design features. Led value engineering efforts to reduce the estimated construction costs by over 30%. Coordinated with City and Veolia staff to develop sole source justification and pre-procurement documents for the ANITA™ Mox package.

> **Operator for the City of Delano, California, Paradise Colony Fixed-Bed (FXB) Biological Nitrate Treatment Pilot Project**. Responsible for mobilization and demobilization, daily operations and maintenance, and equipment and process troubleshooting, sampling, and data analysis. The project tested the lower bound of operational limits of the FXB system with intermittent, on-demand operation.

Reace P. Fisher, PE

Reace Fisher has over 16 years of experience in wastewater design, pump station design, wastewater collection system design, wastewater treatment facilities planning, recycled water master planning, and infrastructure master planning.

RELEVANT EXPERIENCE

> **Project manager for the City of Visalia, California, Water Reclamation Facility Solids Handling Improvements Design.** The project included completing predesign and final design to address solids handling capacity issues and improve performance, while providing better access for long-term maintenance. This project will result in increased capacity and performance of solids handling processes, including improved thickening performance resulting in increased digester capacity, increased dewatering capacity, increased sludge drying capacity, and improved maintenance flexibility for thickening conveyance and digestion.

> **Engineer for the Sacramento Regional County Sanitation District, California, EchoWater Project Nitrifying Sidestream Treatment Project**. The project involved design of a 4.26-mgd nitrifying sequencing batch reactor facility to treat supernatant from anaerobically digested sludge. The ammonia-laden effluent is used to provide odor control for large interceptors that feed the facility.

> **Project manager for the City of Visalia, California, WRF Facility Plan and Master Plan Update.** The project included completing a facility plan to address near-term facility improvements required to maintain capacity and condition of the plant. In addition, process modeling was performed to plan for future capital improvement projects necessary to maintain growth in the City and allow for additional industrial users. This project resulted in the discovery of critical solids handling improvements that were causing problems in the solids process.

> **Project engineer for the City of Modesto, California, West Trunk Rehabilitation**. Carollo evaluated the best rehabilitation method for the City's 54- to 60-inch West, 45-inch Lakewood, 30-inch Santa Rosa, and 18-inch Emerald trunk sewers, as well as the 60-inch pressure Sutter outfall. All sewers dealt with corrosion associated with a hydrogen sulfide attack. The project involves design of the selected rehabilitation alternative for each sewer. Project components include hydraulic modeling to determine capacity impacts of cured-in-place pipe (CIPP) vs sliplining, CIPP lining of 15,730 feet of 18- to 60-inch trunk sewers, close coordination with EJ Gallo to prevent operational issues on Santa Rosa Avenue, and development of unique bypass pumping plans for in-plant rehabilitation and rehab of pressure facilities.

> **Project engineer for Digester Condition Assessment at the City of Fresno, California, Fresno-Clovis Regional Wastewater Reclamation Facility**. The project included planning, design, and construction for two of Fresno's older digesters. Along with structural support, digesters were inspected externally and internally for structural repairs and operational improvements. Responsible for preparation of rehab design drawings and specifications, project management.

> **Project engineer for design of a dump station for collection system cleaning trucks at the City of Fresno, California, Fresno-Clovis Regional**

Reace P. Fisher, PE

Wastewater Reclamation Facility. Performed analysis on the existing site and a problematic area that was deleted in a pipeline project within the wastewater treatment facility. Developed a unique, improved design that solves the problems of time consumption for operators and harmful debris entering the treatment system.

> **Project engineer for design of reclamation wells at the City of Fresno, California, Fresno-Clovis Regional Wastewater Reclamation Facility**. Worked with a consultant to perform analysis on existing core samples, and developed an improved well design to eliminate infiltration to the groundwater table. Worked with the contractor and well specialist to confirm proper well construction.

> **Project engineer for design of catwalk structures at the City of Fresno, California, Fresno-Clovis Regional Wastewater Reclamation Facility**. The project involved design of multiple catwalk structures to resolve a safety hazard around the power generation facility. Performed a preliminary analysis, investigated possible retrofit areas, provided design of safety platforms to solve existing problems, and assisted with structural calculations to adapt the existing structure.

> **Project engineer for the 600-hp raw sewage pump at the City of Fresno, California, Fresno-Clovis Regional Wastewater Reclamation Facility**. Responsible for project management and technical services for interpretation of plans and specifications for technical plant support, planning and coordination between the contractor and wastewater staff, and analysis of pump data from factory and site testing.

> **Project engineer for Digester Condition Assessment at the City of Porterville, California**. The project included planning, inspections, design, and construction for two of Porterville's four digesters. Along with structural support, digesters were inspected externally and internally for structural repairs and operational improvements. Both digesters had failed due to overloaded gas system and issues with the flare. This resulted in the floating dome of the digesters to fail. Digesters were blasted, cleaned, and rehabilitated with an updated design for the dome and gas capture system. Responsible for preparation of rehab design drawings and specifications, project management.

> **Pump station design lead for the City of Paso Robles, California, Recycled Water Distribution System Design**. The project involved preliminary design confirmation, final design, and bidding services. The system included approximately 49,000 feet of pipeline ranging in diameter from 6 inches to 24 inches, 1-MG storage tank, and pump station.

> **Engineer for the Sacramento Regional County Sanitation District, California, EchoWater Project Flow Equalization Project (FEQ).** The $130 million FEQ will provide an additional 110 MG of storage capacity for the facility. Additional features include roller-compacted concrete lined basins, spillways and interconnections structures, 84-inch-diameter final effluent distribution pipeline, underdrain pump station, and basin wash-down system. The wash-down system consists of manual and automated water cannons for efficient wash-down of the over 60 acres of basin area. The pump station includes four vertical turbine pumps with a capacity of 8,000 gpm.

Katherine J. Bezek, PE

Katherine Bezek, a design engineer with Carollo Engineers, has nine9 years of experience in wastewater treatment projects across the entire implementation cycle - master planning, design, and engineering services during construction. Her primary area of focus is in biosolids management including evaluation and design of solids thickening and digestion facilities and their related support systems. Her experience includes:

RELEVANT EXPERIENCE

> **Solids area design lead for the Inland Empire Utilities Agency (IEUA), California, RP-1 Liquids and Solids Capacity Recovery/Solids Thickening Project.** The project included the preliminary and final designs to recover solids handling capacity to 61 mgd from the current 42 mgd with three new acid-phase digesters, a new thickening facility with 9 RDTs, and rehabilitation and/or expansion of various existing unit processes including DAFTs, the boiler facility, and methane phase-digesters. Preliminary design responsibilities included leading the evaluation of replacing existing digester mixing systems, alternatives analysis for new digester mixing and heating systems, and projection of digester heating requirements and boiler capacity. Final design responsibilities included leading the design of a new thickening facility, new acid phase digesters, and existing DAFT rehabilitation.

> **Project engineer for Union Sanitary District's (USD), California, Primary Digester No. 8 Feasibility Study.** This project evaluated the feasibility of constructing a new Primary Digester No. 8 in the area currently occupied by Primary Digesters No. 1 through 3 or in the area adjacent to Primary Digester No. 7. For each location alternative, conceptual layout of the new digester and planning level process flow diagrams, existing facilities requiring relocation, construction sequencing steps, construction cost, and implementation schedule were provided to help to District evaluate their advantages and considerations. Responsibilities include process data analysis, development of sequencing plans and schedules, and alternatives analysis.

> **Project engineer for the City of Burlingame, California, Digester Equipment Building and Digester No. 2 Project Preliminary Design.** The project includes design of a new digester with pump mixing, a new digester with pump mixing, and a new digester equipment building to house new sludge recirculation and heating systems and a new electrical room. Responsibilities included leading the preliminary design phase including equipment sizing, site and building layout, and cost estimating.

> **Project engineer for the Ora Loma Sanitary District Digester Rehabilitation Project.** This ongoing project began with an alternatives evaluation which resulted in a two-phase design project. The first phase, which is currently in design, includes a new thickening facility to improve sludge thickness and, thus, digester capacity and a new dual membrane gas storage system mounted at grade. The second phase will include a new digester and a redundant gas storage system. Responsibilities have included process data evaluation and projections, alternatives analysis, cost estimating, and design of new thickening and gas storage facilities.

Katherine J. Bezek, PE

> **Project engineer for the Union Sanitary District, California, WAS Thickener Replacement Project at the Alvarado Wastewater Treatment Plant in Union City, California.** The project includes evaluation of thickening technologies, and preliminary and final design for a retrofitted thickening facility with new polymer, thickened sludge conveyance, HVAC, electrical and other ancillary systems. Responsibilities include alternatives analysis and facilitation of technology selection, equipment sizing, building layout, and cost estimating.

> **Project engineer for the City of Manteca, California, Sludge Thickener & Dewatering Unit No. 3 Preliminary Design.** This project includes the design of a new RDT co-thickening facility for PS and WAS, conversion of existing DAFT tanks to sludge blending tanks, and addition of a third dewatering centrifuge to an existing facility. Responsibilities included leading the preliminary design phase including process data evaluation and projections, thickening technology alternatives analysis, site and building layout, and cost estimating.

> **Design engineer for the City of Fargo, North Dakota, Final Design Improvements Project Phase IIB.** The project involved final design of solids treatment upgrades including a new primary digester, a new thickening facility, updates to the existing digester facility, conversion of digester gas flaring to recovery using compressed natural gas, and conversion of an existing tank to a centrate equalization tank. Responsibilities included leading the design of the new solids thickening facility with three thickening centrifuges and their ancillary systems.

> **Design engineer for Treasure Island Wastewater Treatment Plant and Recycled Water Facility Project for the San Francisco Public Utilities Commission (SFPUC), California.** Responsibilities included the conceptual design of new solids storage, thickening, and truck loading facilities for this greenfield plant. The conceptual design documents have been used by a design/build team for delivery for the final constructed facility.

> **Staff engineer for the Union Sanitary District, California, Alvarado Wastewater Treatment Plant Solids System/Capacity Assessment.** The plant's influent flows have been steadily decreasing while influent TSS and BOD mass loading rates have been increasing. This project involved an assessment of existing capacity and ways to increase solids treatment capacity, optimize solids processes, achieve energy neutrality, and produce Class A biosolids. An evaluation of potential regulatory changes was also included. Responsibilities included development of a framework to assess the feasibility of energy neutral plant operations, hydraulic modeling for alternatives assessments, and cost estimating.

> **Design engineer for the Primary Digester No. 3 Rehabilitation Project for the Union Sanitary District, Union City, California.** The project included the evaluation and proceeding recommendations for rehabilitation and repair of an existing digester. Responsibilities included assisting with drawing and specification development and engineering services during construction.

Rashi Gupta, PE

Rashi Gupta, a vice president and project manager with Carollo Engineers, has 23 years of experience in delivering sustainable solutions for biosolids management and wastewater treatment throughout her career. Rashi is Carollo's Wastewater Practice Director, which allows her to remain current on leading wastewater technologies including changes within the biosolids management field.

Her responsibilities as project manager and process specialist on solids-related projects across the country have taken her from the initial planning phase through design to start-up after construction. She also leads applied research projects for solids processes to assess the best ways to integrate innovation into facilities. From this experience, Rashi has become a national expert in all things related to solids – from thickening and dewatering to digestion and subsequent practices to beneficially use biogas and biosolids.

RELEVANT EXPEIRENCE

> **Process specialist for the City of Burlingame, California, Digester Equipment Building and Digester No. 2 Predesign Project.** This project included evaluation of replacing two existing digesters with a new digester and a new sludge storage tank. Sizing of the new digester and sludge storage tank was based on a review of the plant's past 5 years of process data to estimate effective volume needed to a design capacity of 4 mgd. Various site layouts were then developed to fit the new digesters and an associated digester equipment building around another digester and gravity thickener. The preliminary design includes a new 55-ft diameter digester, rehabilitation of an existing pump mixing systems for both digesters, and a new digester equipment building to house new sludge recirculation and heating systems and a new electrical room. Rashi is leading the design effort.

> **Project engineer for the Improvements to Anaerobic Digesters Nos. 1-3, Omnivore Cost Evaluation study, and final design at the City of South San Francisco, California, Water Quality Control Plant.** The original project included the replacement of two existing digesters with new digesters and rehabilitation of a third existing digester to meet seismic requirements and improve system reliability. The preliminary design phase of this project included an evaluation of digester mixing technologies, digester roof, and heating system options as well as finalization of the required rehabilitation necessary for the single digester being upgraded. Rashi conducted the evaluation and developed the subsequent report for the City. The final project includes design for the replacement of two existing digesters with one new high solids ("Omnivore") digester and rehabilitation of a third existing digester to meet seismic requirements and improve system reliability. Replacement of existing mixing system with a linear motion mixer was provided for the retrofitted digester. Modifications to the digester heating and sludge transfer systems are also included as part of overall system improvements. She is responsible for the final design of the Omnivore and conventional digestion system at the plant.

> **Project manager for the City of Oxnard, California, Evaluation of Anaerobic Digester Nos. 1 and 3 Improvements project.** This project includes evaluation of 9 types of

Rashi Gupta, PE

AWARDS

Induction into Select Society of Sanitary Sludge Shovelers (5S) by the California Water Environment Association

Spotlight Volunteer Award from the Santa Ana River Basin Section of CWEA

digester mixing alternatives, assessment of digester heating needs and required modifications, evaluation of different heat exchangers, and development of operational improvements to optimize the digestion system.

> **Subject matter expert/solids system lead for the WIFIA-funded RP-1 Liquid and Solids Capacity Recovery Project for the Inland Empire Utilities Agency in Chino, California.** Her responsibilities include oversight of the preliminary and final design of the multi-phase digestion system and new solids thickening facilities that will provide solids treatment capacity for the equivalent of 60-mgd influent flow to the plant. Preliminary design included evaluation of various digester mixing and heating systems, and final design includes incorporation of the new system elements into the plant's existing solids processing systems. Project elements include new acid-phased digesters, rotary drum thickening for separate or co-thickening of primary and waste activated sludge, rehab of dissolved air flotation thickeners for scum thickening, rehabilitation of existing digesters, new boilers and heating system modifications, and acid digester gas treatment for hydrogen sulfide removal.

> **Project engineer for the San Jacinto Regional Water Reclamation Facility Title 22 Tertiary and Plant 2 Facilities Expansion for the Eastern Municipal Water District, California.** The project expanded plant capacity to 14-mgd average annual flow through the expansion of the digestion and solids handling facilities as well as the replacement of the existing headworks, addition of a new liquid treatment train, and expansion of the tertiary treatment facilities. Her primary design responsibilities included two new 80-ft diameter digesters with Rotamix mixing systems, chopper pump-based sludge recirculation and heating systems, heating and feed system modifications for three existing digesters, a new sludge storage tank, a boiler facility and primary heating system for the digesters, primary sludge and scum pump stations, a digested sludge transfer pump station, and a waste activated sludge thickening facility with rotary drum thickeners. As part of preliminary design, she also analyzed the modifications required for an existing sludge pasteurization system to meet Class A biosolids requirements.

Subject matter expert/solids system lead for Phases 1 and 2 of the Hilo WWTP Rehabilitation Project for County of Hawaii. Her responsibilities include preliminary and final design of the solids processes for this wholesale upgrade of the plant. Solids system project elements include new thickening, dewatering, cake storage and truck loadings systems in a new solids handling building; three new digesters and control buildings with new boilers, digester mixing and sludge heating recirculation systems, sludge transfer system, hot water pumps; sludge blending; snail removal from sludge streams; and digester gas conditioning.

> **Process engineer for Union Sanitary District's (USD) Primary Digester No. 8 Feasibility Study** which evaluated the feasibility of constructing a new Primary Digester No. 8 in multiple areas of the plant and evaluated repurposing opportunities for Primary Digesters No. 1 through 3.

> **Solids process engineer for the Anaerobic Digester No. 4 and FOG Receiving Facility Project for the Dublin San Ramon Services District in Dublin, California.**

James A. Doering, PE, SE

James Doering, a registered structural and civil engineer, is Carollo's structural lead engineer in Southern California. He manages structural design and evaluations for large and small projects. He has 31 years of experience in structural analysis, design, seismic retrofit, rehabilitation, review, and assessment for a variety of structures, such as wastewater and water treatment facilities, pump stations, reservoirs, tanks, clarifiers, large pipe supports, retaining walls, operations and maintenance facilities, office buildings, parking structures, post tensioned concrete structures, retail shopping centers, and warehouses.

> **Lead structural engineer for the County of San Luis Obispo Los Osos Water Reclamation Facility.** The project included a new 3-mgd wastewater treatment plant with headworks, oxidation ditch, secondary clarifiers, equalization pond, digester, solids handling, blower building, electrical building, and administrative/ maintenance facilities. Challenges at the site included high seismicity and expansive soils.

> **Structural engineer for El Estero Wastewater Treatment Plant Digester Nos. 1 and 2 Rehabilitation for the City of Santa Barbara, California.** The project included identification of cracks at the interior of the digesters requiring repairs/sealing and preparation of associated details and repair procedures. The interior concrete was also repaired and coated with a polyurethane spray-on liner.

> **Structural engineer for the Phase II Wastewater Treatment Plant Expansion for the City of Santa Maria, California.** Facility additions included a 145-foot diameter primary clarifier, trickling filter, anaerobic digester, digester control building, sludge drying beds, and a bar screen addition to the existing headworks.

> **Structural engineer for the Planning Analysis for West Point Digestion Capacity for King County, Washington.** The study involved a seismic resiliency evaluation of (6) 100-ft diameter prestressed concrete digesters and (2) digester control buildings. The digesters were evaluated per ACI 350 and AWWA D110. The buildings were evaluated per ASCE 41-17, Tier 1. A thermal analysis was also conducted to evaluate performance if the digesters were converted from mesophilic to thermophilic operation. Findings and recommendations were summarized in a report.

> **Structural engineer for the Seismic Resiliency Program and AK Warren Seismic Evaluation for Los Angeles County Sanitation Districts in Carson, California.** The scope of work included the development of a seismic evaluation program to be applied to the Districts' facilities, including 72 structures at the AK Warren WRF following ASCE 41 and ACI 350 procedures. Structures evaluated included process buildings, basins, digesters, surge towers, and solids storage facilities. The scope of work also includes the development of conceptual mitigation and risk scoring to prioritize identified mitigation projects.

> **Structural engineer for the PS15-06 Seismic Evaluation of Plant 1 and 2 Facilities for Orange County Sanitation District in Orange County, California.** The scope of work included evaluating more than 60 structures following ASCE 41 and ACI 350 procedures. Structures included single and multi-story process

"Without a doubt James Doering added a tremendous value to the Carollo team and was absolutely a contributing factor to the overall success of these critical projects at the EWPCF."

- James Kearns, Capital Projects Manager, Encina Wastewater Authority, referring to the EWPCF Influent Junction Structure Rehab and Ocean Outfall-Landfall Inspection projects

and admin/service buildings, as well as, digesters, aeration basins, surge towers, and gas holders. Both ground shaking and the response to ground deformations due to liquefaction were evaluated to identify vulnerabilities. Conceptual structural and geotechnical mitigation strategies were then developed and prioritized to assist the District with implementation into their Master Plan.

> **Structural engineer for the Veolia Water West Operating Services/City of Palm Springs, California, Wastewater Treatment Plant Upgrade.** The project included a new 22 mgd capacity headworks with Parshall flume and influent pump station, two new 100-ft diameter primary clarifiers with FRP launders, a primary sludge pump station, an elevated sludge degritting facility, odor control, replacement of the existing Digester No. 2 floating steel dome with a new fixed steel dome, and an electrical building.

> **Structural engineer for the Moreno Valley Regional Water Reclamation Facility Preliminary Treatment and Acid-Phase Anaerobic Digestion project for the Eastern Municipal Water District, California.** Design included headworks and influent pump station modifications, grit basin, acid-phase digester, methane-phase digester, boiler facility (concrete masonry unit (CMU) building), electrical buildings, and other process-related structures and modifications.

> **Structural engineer for the J.B. Latham Wastewater Treatment Plant Digester No. 3 Upgrades for the South Orange County Wastewater Authority, California.** The project included rebuilding of the interior concrete surface at the upper walls and bottom of the roof slab with shotcrete and the provision of a protective liner.

> **Structural engineer for the final design of the Southeast Water Reclamation Plant Solids Handling Improvements Project for the City of Lubbock, Texas.** The project included replacement of existing belt press facilities with new rotary drum thickeners and centrifuges along with replacement of existing fiberglass-reinforced plastic (FRP) chemical storage tanks inside of an existing 21,000-square-foot Concrete Masonry Unit (CMU) building with precast concrete double-tee roof framing.

> **Structural engineer and value engineer team member for the San Jacinto Regional Water Reclamation Facility, Title 22 Tertiary Upgrade and Plant 2 Expansion for the Eastern Municipal Water District, California.** The project included primary and secondary clarifiers, aeration basins, a blower building, a waste activated sludge (WAS) thickening building with four rotary drum thickeners supported on elevated concrete piers, biofilters, chlorine contact basins, digesters, filter canopies, 10,000-square-foot operations and administration building, electrical buildings, flocculation basins, and other process-related structures.

> **Structural engineer for the City of Tulare, California, J Street and Alpine Vista Water Storage Tank Improvements.** The project involved planning, preliminary and final design, and engineering services during construction of two 2-MG concrete potable water storage tanks and two wells. The storage tanks are designed to supply the flow needed between the peak day and peak hour demand to mitigate low pressure issues.

Darrell L. Buhman, PE

Darrell Buhman has 21 years of Mechanical engineering experience in a variety of technical and leadership roles. He has served as the lead design process mechanical engineer, technical advisor, and quality control reviewer for cogeneration and digester gas conditioning systems, plant process heating systems utilizing both combined heat and power systems and dual-fuel boilers, cooling towers, standby generators, process heat recovery, and gas handling projects including waste gas burners and gas compression. Darrell has also provided technical guidance in a variety of ways for biogas upgrading to renewable natural gas projects.

As a technical leader, Darrell has supervised and mentored junior and mid-level engineers in process mechanical energy work and provided quality control reviews and acted as technical advisor on a variety of energy design projects. As Carollo's Mechanical Division lead, Darrell sets the direction of the discipline, develops talent, and oversees standards development.

RELEVANT EXPERIENCE

> **Technical advisor for the City of Burlingame, California, WWTF Digester Improvements Project.** This project included preliminary design of a new digester with pump mixing, a new sludge storage tank, and a new digester equipment building. Evaluation of the existing heat loop and cogen system was completed to size new heat exchangers and sludge circulation pumps. Darrell was the technical advisor and reviewer for the digester gas handling system modeling and heat loop system upgrades.

> **Technical reviewer for the City of Oxnard, California, heat reservoir upgrades technical memorandum and associated heat demand calculations.** The project calculated current and future heat demands and then evaluated the current digester heating system's ability to meet the current and future heat demands by utilizing the existing cogeneration engines and sludge heat exchangers. Duties included coordinating with City staff, providing responses to the City's comments, and integrating the client's comments.

> **Lead mechanical engineer for the San Francisco Public Utilities Commission (SFPUC) CS-235 Southeast Plant biosolids digester facilities and cooling tower area.** Darrell provided design drawings, process and instrumentation drawings, and control narratives for a new three-cell cooling tower and associated water circulation system designed to provide cooling water to several new digester sludge heat exchangers at the facility. The cooling tower has a total capacity of 1,800 tons and the cooling water system was designed to circulate 2,500 gallons per minute with constant-speed centrifugal pumps in a duty/standby configuration. The cooling towers cool sludge via the heat exchangers that underwent a thermal hydrolysis process to enhance digestion.

> **Peer technical reviewer for the Central Contra Costa Sanitary District's preliminary design of a biosolids improvements project, California.** Darrell reviewed the cogeneration, digester gas handling, and heating predesign documents.

> **Mechanical engineering technical advisor and lead mechanical engineer for the County of Hawaii's Hilo WWTP Digestion, Solids Handling, and Headworks Improvement Project, HI.** The portion of the project that Darrell was involved in included the addition of

two new digesters and a digester control building. Darrell oversaw the design of the boilers, heat loop, sludge heat exchangers, digester gas conveyance, and waste gas burner systems.

> **Lead mechanical engineer and design manager for the City of Meridian, Idaho, Digester 6 Expansion Project.** Darrell was the lead mechanical engineer responsible for the design of the biogas handling system and sludge heating system for a new digester facility.

> **Lead mechanical engineer for the City of Loveland, Colorado, digester and heating system upgrades.** Darrell designed the new plant heating system using two new dual fuel boilers, concentric tube heat exchangers for sludge heating, and the waste gas burner and gas handling system for this digester addition.

> **Technical advisor and quality control reviewer for the St Joseph, MO digester gas compression design.** The design included compression of digester gas for use in the thermal dryer, as well as a review of the gas mixing system design. Darrell was the mechanical technical advisor and QC reviewer for the project.

> **Lead mechanical engineer for Metro Water Recovery's Cogeneration Equipment Replacement Project, Colorado.** This project replaced the existing digester gas-fueled turbine cogeneration facility with a new biogas upgrade system for pipeline injection and a new hot water boiler facility. The cogeneration system provided most of the plant's process and building heat, so four new high-temperature hot water boilers (300 deg F design temperature) were designed by Darrell to provide heat to the biogas upgrade skid, digesters, and building mechanical systems. Darrell also designed a heat recovery from the biogas upgrade system via industrial water to water heat pumps, where the waste heat is used to heat the digester process.

> **Lead mechanical engineer for the Metropolitan Wastewater Management Commission (MWMC) Water Pollution Control Facility (WPCF), Oregon, Digester Complex Expansion**. Darrell designed an entirely new digester gas conveyance system and a new plant heating system as part of the addition of a fourth digester at the WPCF in Eugene. The existing plant heating system, boiler, and gas system was demolished and replaced with an updated modern layout and larger capacity systems. The new digester utilized draft tube mixers with jacket heat exchangers for sludge heating.

> **Lead mechanical engineer for the City of Gresham, Oregon, Gas Handling and Heat Loop Upgrades.** Darrell designed a new plant heating system that accommodated both the current heating demands at mesophilic digestion temperatures and future heating demands at thermophilic temperatures if the plant updates its digestion temperature in the future. Darrell was responsible for the new waste gas burner design and new digester gas handling system.

> **Mechanical engineer for the City of Medford, Oregon, Regional Water and Reclamation Facility Cogeneration and Gas Conditioning Project.** This project included the demolition of an existing 340-kW cogeneration system and replacement with a new 750 kW cogeneration system, along with a new digester gas conditioning system to pressurize the digester gas and remove hydrogen sulfide, moisture, and siloxanes.

Jitesh K.R. Nalagotla, PE

Jitesh Nalagotla, a senior engineer with Carollo, has 27 years of experience in structural design of water, wastewater, industrial and commercial projects. Since joining Carollo, he has overseen the structural design and evaluation of several water and wastewater projects. Jitesh has extensive experience in seismic design of large new structures, as well as seismic evaluation and retrofit of existing structures. Jitesh's core strengths include problem solving and teamwork.

RELEVANT EXPERIENCE

> **Structural engineer for the City of Visalia, California, Water Reclamation Facility Solids Handling Improvements Design.** The project included completing predesign and final design to address solids handling capacity issues and improve performance, while providing better access for long-term maintenance. This project will result in increased capacity and performance of solids handling processes, including improved thickening performance resulting in increased digester capacity, increased dewatering capacity, increased sludge drying capacity, and improved maintenance flexibility for thickening conveyance and digestion.

> **Structural engineer for the City of Fresno, California, Regional Water Reclamation Facility Sidestream Treatment.** The project involves piloting, designing, and providing engineering services during construction for an ANITA™ Mox system. Responsible for design of all structures, including concrete basins, monorail systems, concrete walkways and a single-story equipment building.

> **Structural engineer for the City of Santa Rosa, California, Laguna Treatment Plant Disinfection Improvements.** The project included design of a 70-mgd UV system for that will meet California Title 22 standards to classify it as the largest low-pressure, high-output UV system in the U.S. at the time of construction. Responsible for engineering services during construction support, including responses to requests for information, shop drawing review, and preparation of design clarification documents.

> **Structural engineer for the Cities of Reno and Sparks, Nevada, Truckee Meadows Water Reclamation Facility Disinfection and Filtration Process Expansion.** The primary goal of this project is to evaluate and provide recommendations for process improvements and capacity expansion for the tertiary filters and disinfection facility. The new filtration system and UV disinfection systems must be capable of consistently producing effluent that meets the current and future effluent limitations, as well as Nevada Category A or B reuse standards under both normal and upset secondary effluent conditions. Responsible for seismic evaluation of existing structures, including filter building, chlorine contact tank, and chemical building, as well as design of all new structures.

> **Structural engineer for the City of Hayward, California, Main Switchgear (MSB) Electrical Distribution Rehabilitation.** The project involved switchgear replacement inside the existing cogeneration building, which required retrofitting to cost-effectively house the new switchgear. Responsible for design of all retrofits.

> **Structural engineer for the City of Turlock, California, Regional Water Quality Control Facility Chemical System Upgrades.** The project involved converting the disinfection system from chlorine gas to sodium hypochlorite and rehabilitating the aluminum

chlorohydrate and sodium bisulfite systems. Responsible for design of all structural rehabilitation and repairs.

> **Structural engineer for the Marin Municipal Water District, California, Richmond-San Rafael Bridge Emergency Water Intertie.** Responsible for engineering services during construction support and design of all structures, including a pile foundation system for a welded steel water storage tank.

> **Structural engineer for the Truckee Donner Public Utility District, California, Water Storage Tank Rehabilitation.** The project included seismic analysis and condition assessment of 31 steel water storage tanks ranging in capacity from 0.3 MG to 1 MG, as well as design for rehabilitation and seismic retrofit of 1 tank. Responsible for seismic evaluation of all the 31 water storage tanks, repairs, and rehabilitation of two water storage tank including an elevated steel water tank.

> **Structural engineer for the Truckee Donner Public Utility District, California, Prosser Lakeview and Ski Run Tanks Rehabilitation.** The project included an evaluation of Ski Run and Prosser Lakeview tanks that identified all areas of tank repair, rehabilitation, and replacement; preparation of recommendations regarding coating, required modifications/updates, and budget level cost estimates; and preparation of a preliminary design report with proposed alternatives and bidding documents for tank rehabilitation and repairs, including coating for the options selected by the District. Responsible for repairs and rehabilitation of the water tanks.

> **Structural engineer for the City of Pleasanton PFAS Treatment and Wells Rehabilitation.** The project's overall goal was to rehabilitate Wells 5, 6, and 8 to implement PFAS treatment and extend their useful life as reliable, locally controlled sources of water for the City. Responsible for design of all structures.

> **Structural engineer for the City of Ukiah, California, Recycled Water Project, which includes 17,510 feet of 12- and 16-inch PVC pipe, booster pump station, and storage pond.** Preliminary design included coordination with customers for demands and turnout locations, utility investigation, geotechnical investigation, and topographic survey. Responsible for design of all structures, including rehabilitation of an existing earth basin containing organic material with a reinforced concrete liner, foundation system, and embankment supported on pile foundations for a railcar pedestrian bridge.

> **Structural engineer for the Santa Cruz County Sanitation District, California, Rodeo Gulch Pump Station Capacity Analysis and Improvements.** The project involved a capacity evaluation of the Rodeo Gulch Pump Station, an alternatives analysis for capacity upgrades, and final design of the selected alternative. Responsible for design of all structures.

> **Structural engineer for the Alameda County Flood Control and Water Conservation District, California, Zone 7 Water Agency Chain of Lakes Centralized PFAS Treatment Facility.** The project involved design of a centralized PFAS treatment plant for three groundwater wells. The centralized treatment plant is a 7,100-gpm system that consists of granular activated carbon or ion exchange.

Erik M. Bahneman, PE

Erik Bahneman has 17 years of experience in the design of electrical, instrumentation, and control systems for water and wastewater projects, including switchgear, motor controls, instrumentation, and supervisory control and data acquisition (SCADA) systems. His experience includes the coordination of electrical work with civil, structural, and mechanical work, during both the design and construction phases of a project.

RELEVANT EXPERIENCE

> **Lead electrical engineer for the City of Visalia, California, Water Reclamation Facility Solids Handling Improvements Design.** The project included completing predesign and final design to address solids handling capacity issues and improve performance, while providing better access for long-term maintenance. This project will result in increased capacity and performance of solids handling processes, including improved thickening performance resulting in increased digester capacity, increased dewatering capacity, increased sludge drying capacity, and improved maintenance flexibility for thickening conveyance and digestion.

> **Electrical engineer for the City of Burlingame, California, Wastewater Treatment Facility and Master Plan.** Led the electrical and instrumentation evaluations for the plant's two anaerobic digesters, digested sludge storage tank, digester equipment building, and gravity thickener, and developed replacement improvements for the plant's main switchgear and various solids handling control panels.

> **Electrical engineer for the West County Wastewater, California, Carriage Hills, D'Avila, La Honda, and Tara Hills Lift Stations Upgrades.** Various improvements at each lift station included upgrades to electrical system including service modifications, new standby generators, sequencing evaluations, hazardous area evaluations, ventilation, pump and variable frequency drive replacement, new electrical gear replacement, site security communication system, and instrumentation.

> **Electrical engineer for the Sacramento Area Sewer District, California, Sailor Bar Pump Station Rehabilitation.** The project involved replacement of a wet-pit/dry-pit wastewater pump station with a new submersible station. A configuration of two separate wet wells and four pumps was selected to increase redundancy in an environmentally sensitive location. Other challenges included liquefiable soils, high turndown ratios between average and peak flows, dual force mains, transient surge protection, location in the 100-year floodplain, and construction sequencing to limit bypass pumping requirements.

> **Lead electrical engineer for the Sacramento Regional County Sanitation District, California, EchoWater Project $400 million Tertiary Treatment Facilities Project (TTF).** TTF will provide filtration and disinfection of secondary effluent to a level equivalent to Title 22 requirements for tertiary disinfected recycled water for unrestricted reuse. TTF includes a 330-mgd filter influent pump station, 217 mgd of granular media filters, backwash equalization and treatment, chemical feed systems, covered disinfection contact basin, three electrical substations, and a new area control center.

> **Lead electrical engineer for the West County Wastewater District,**

Erik M. Bahneman, PE

California, Electrical Replacement. Designed the replacement and relocation of an existing 480V switchgear lineup serving the majority of the plant's motor control centers. Developed a detailed construction sequencing plan designed to minimize the disruption to plant operations, and contributed to a plan for replacing the majority of the plant's motor control centers.

> **Electrical engineer for the City of Modesto, California, Tertiary Treatment Plant Phase II Biological Nutrient Removal engineering services during construction.** The 12.6-mgd project included a primary effluent pump station, rotary drum fine screens, three new nitrifying/denitrifying aeration basins, turbo blowers, mixed liquor fine screens, six membrane bioreactors, 80-mgd return activated sludge pump station, in-channel UV system, and effluent and utility water pump station.

> **SCADA engineer for the City of Patterson, California, Wastewater Treatment Plant.** Developed a new Inductive Automation SCADA application to replace the existing Wonderware graphics and incorporate the older facility, which had no previous networking. The pre-existing look and feel were blended with the improved features of Inductive Automation for a seamless transition to a higher quality product that displayed more information in clearer fashion.

> **Instrumentation engineer for the Placer County Sewer Maintenance District, California, Wastewater Treatment Plant Upgrade and Expansion.** Designed instrumentation upgrades for most of the plant facility, including new facilities for biological removal of nutrients and a new ultraviolet disinfection system. Authored specifications including complete, detailed control strategies for plant processes, and wrote addendums for electrical specifications.

> **Electrical engineer for three projects completed for the City of Livermore, California, Water Reclamation Plant (WRP).** These include the Aeration Tank Modifications, Hypochlorite Mixer Relocation, and Electrical Design Guidelines that developed electrical standards for use on design projects at the WRP.

> **Electrical and instrumentation engineer for the City of Arcata, California Arcata Wastewater Treatment Plant Improvements Final Design, Phase I.** The project consisted of the final design for replacement and new treatment processes including headworks, pond improvements, wetlands improvements, pump stations, a new oxidation ditch and secondary clarifiers for nutrient removal, and a new UV disinfections step.

> **Engineer for the Clark Regional Wastewater District, Washington, Discovery Corridor Wastewater Transmission System (DCWTS) Phase I engineering services during construction.** The DCWTS was constructed to convey flows from the City of Ridgefield Wastewater Treatment Facility (WWTF) to the Clark Regional Salmon Creek WWTF. This included upgrade of three pump stations and construction of one new pump station, seven miles of parallel 14- and 20-inch-diameter force mains, and 3,400 feet of 24-inch gravity sewer pipe. The 7.2-mgd Pioneer Canyon Pump Station was designed to accommodate multi-directional pumping via future force main.

LICENSES

Electrical Engineer, California

Daniel S. Robinson, PE

Daniel Robinson has 25 years of electrical and control systems experience in the water and wastewater industry. His experience includes supervising engineering teams, training new engineers, and developing engineering standards. Along with proficiency in AutoCAD Electric, Excel, Access, and SharePoint, Mr. Robinson's engineering skills include 480VAC electrical distribution systems; variable frequency drives (VFDs), reduced voltage soft starter (RVSS), and full-voltage (FV) motor control design; programmable logic controller (PLC) and industrial control panel design; control system architecture; serial, Ethernet, and radio communication; process instrumentation requirements; water/wastewater treatment processes; project management; UL, NEC, NEMA, and NFPA 70E requirements; and relay and ladder logic.

RELEVANT PROJECTS

> **Lead instrumentation engineer for the City of Visalia, California, Water Reclamation Facility Solids Handling Improvements Design.** The project included completing predesign and final design to address solids handling capacity issues and improve performance, while providing better access for long-term maintenance. This project will result in increased capacity and performance of solids handling processes, including improved thickening performance resulting in increased digester capacity, increased dewatering capacity, increased sludge drying capacity, and improved maintenance flexibility for thickening conveyance and digestion.

> **Electrical and instrumentation engineer for the Rock Creek Advanced Wastewater Treatment Facility Digester Improvements Final Design for Clean Water Services, Oregon.** Design for modifications to the existing digesters at the Rock Creek AWTF.

> **Instrumentation and controls engineer for the Sacramento Regional County Sanitation District, California, EchoWater Project Nitrifying Sidestream Treatment Project (NST).** NST uses sequencing batch reactors to treat high ammonia loads being returned to the Sacramento Regional Wastewater Treatment Plant from the solids storage basins. The high nitrate NST effluent will then be used for odor control in the influent interceptor to offset the cost of sodium hypochlorite. The project includes influent and effluent pumping, sequencing batch reactors, effluent flow equalization, lime feed for alkalinity control, aeration blowers, and associated electrical and instrumentation systems. NST must interface with several other EchoWater projects, including Site Preparation, Flow Equalization, Disinfection Chemical Storage, and Biological Nutrient Removal/Primary Effluent Pump Station.

> **Electrical/instrumentation engineer for Clean Water Services, Oregon, Rock Creek Advanced Wastewater Treatment Facility Gravity Thickeners.** The project involved construction of four new gravity thickeners in an operating plant and included relocation of an existing major 480V ductbank, addition of sections to an existing MCC for new VFD and FV motor controls, addition of a new control panel with an Allen-Bradley ControlLogix PLC, integration into the existing plant SCADA, and instrumentation for flow, level, pressure, and temperature. The project also included modifications to existing solids processes and systems with complex sequencing of installation and startup to not interrupt treatment plant operation.

Daniel S. Robinson, PE

> **Instrumentation and controls engineer for the City of Roseville, California, Dry Creek Wastewater Treatment Plant MCC and Switchgear Replacement Design-Build project.** The project includes replacement of five motor control centers and one switchgear at the City's Dry Creek Wastewater Treatment Plant. Carollo is providing design and engineering services during construction to the lead design-builder, Auburn Constructors.

> **Instrumentation and controls engineer (I&C) for the City of Roseville, California, Pleasant Grove Wastewater Treatment Plant UV Replacement.** The project included evaluation of UV alternatives, CFD modeling, design, engineering services during construction, start up and commissioning, and regulatory support and permit modifications for Title 22 recycled water production and wet weather discharge to surface water. Responsible for assisting the lead I&C engineer with the initial phase of the I&C design, attending local meetings, and site inspection.

> **Electrical/instrumentation engineer for the Tahoe-Truckee Sanitation Agency, California, Sewer Master Plan and Condition Assessment.** The project assessed the condition of the Water Reclamation Plant with the goal of developing a capital improvement plan for the next 25 years.

> **Electrical/instrumentation engineer for design and engineering services during construction for the City of San Mateo, California, Wastewater Treatment Plant Process Control System Upgrade and Collection System SCADA Integration.** The project includes replacement of most of the PLC control panels in the plant with a modern Allen-Bradley ControlLogix PLC control system, replacement of the existing SCADA system with a new SCADA system that includes remote view nodes located in all of the major process areas of the plant, and installation of a new fiber optic backbone communication network extending the PLC network, SCADA network, and business network throughout the entire plant. The installation of the new control system will be done in phases with complex sequencing to reduce facility downtime and ongoing City and contractor coordination.

> **Managed the City of Reno, Nevada, Reno/Stead Water Reclamation Facility Expansion.** The project consisted of a headworks, oxidation ditch, aeration basin, secondary clarifier, tertiary filters, chlorine contact basin, and effluent structure. The project included 15KV main switchgear, 5KV switchgear with ATS and power distribution, 480V power distribution with SPD and power monitors; MCCs with 18-pulse VFDs, 6-pulse VFDs, and non-reversing starters with electronic overload and smart relay controls; control panels with Modicon Quantum PLCs and Modicon HMI; MB+ fiber optic ring communications to a new Wonderware SCADA system; field instrumentation including flow, level, pressure, dissolved oxygen, oxidation reduction potential, and hazardous gas monitoring; coordination of intrinsically safe requirements; and power, control, and communication interconnection diagrams, testing, training, and final documentation.

Ryan A. Hook, PE

Ryan Hook has 23 years of civil engineering work experience, including planning, design, and construction of wastewater treatment facilities, wastewater pump stations and pipelines, potable water pump stations and pipelines, structural design of buildings, and soil percolation testing for septic systems.

RELEVANT EXPERIENCE

> **Lead civil engineer for the City of Visalia, California, Water Reclamation Facility Solids Handling Improvements Design.** The project included completing predesign and final design to address solids handling capacity issues and improve performance, while providing better access for long-term maintenance. This project will result in increased capacity and performance of solids handling processes, including improved thickening performance resulting in increased digester capacity, increased dewatering capacity, increased sludge drying capacity, and improved maintenance flexibility for thickening conveyance and digestion.

> **Civil engineer for the City of Roseville, California, Pleasant Grove Wastewater Treatment Plant Phase I Expansion.** Design included adding new primary sedimentation basins, new oxidation ditch, new secondary clarifier, fine screens structure downstream of the secondary clarifiers to remove fruit labels, two new digesters with a digester control building, and new thickening building. Designed yard piping, paving, and grading for the new improvements.

> **Civil engineering discipline technical advisor for the Sacramento Regional County Sanitation District, California, EchoWater Project Flow Equalization Project (FEQ).** The $130 million FEQ will provide an additional 110 MG of storage capacity for the Sacramento Regional Wastewater Treatment Plant. Additional features include roller-compacted concrete lined basins, spillways and interconnections structures, 84-inch-diameter final effluent distribution pipeline, underdrain pump station, and basin washdown system.

> **Lead civil engineer for the Sacramento Regional County Sanitation District, California, EchoWater Project Nitrifying Sidestream Treatment Project (NST).** NST uses sequencing batch reactors to treat high ammonia loads being returned to the Sacramento Regional Wastewater Treatment Plant from the solids storage basins. The high nitrate NST effluent will then be used for odor control in the influent interceptor to offset the cost of sodium hypochlorite. The project includes influent and effluent pumping, sequencing batch reactors, effluent flow equalization, lime feed for alkalinity control, aeration blowers, and associated electrical and instrumentation systems.

> **Project manager for the West County Wastewater, California, Carriage Hills, D'Avila, La Honda, and Tara Hills Lift Station Upgrades.** Various improvements at each lift station included pump replacement, wet well concrete rehabilitation, evaluation of bypass capabilities, pump hoist systems, new standby generators, electrical system upgrades, ventilation, site security communication system, and instrumentation.

> **Project manager for the Sacramento Area Sewer District, California, Sailor Bar Pump Station Replacement.** The project involved replacement of a wet-pit/dry-pit wastewater pump station with a new submersible station. A configuration of two separate wet wells

and four pumps (two duty, two standby) was selected to increase operational redundancy in an environmentally sensitive location. Other challenges included liquefiable soils, high turndown ratios between average and peak flows, dual force mains, transient surge protection, raising the site out of the 100-year floodplain, and construction sequencing to limit bypass pumping requirements.

> **Design engineer for the Sacramento Regional County Sanitation District, California, EchoWater Project Return Activated Sludge Pumping Project (RAS).** Assisted with development of project sequencing for the $32 million RAS, which replaces existing return activated sludge pumps with new pumps designed to deliver the higher flow and head conditions required by the new biological nutrient removal (BNR) process. RAS will have a capacity of more than 200 mgd and includes 48 pumps located at 24 secondary sedimentation tanks. Preliminary design included an in-depth implementation plan to allow construction of improvements while minimizing the impact on the operation of the existing plant, as well as a completion schedule to allow timely commissioning of the new BNR facility.

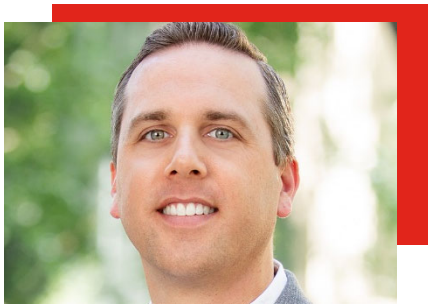
> **Project manager for engineering services during construction of the City of Yuba City, California, Vactor Dump Station.** The City uses vactor trucks to clean out each of its 17 wastewater lift stations and the influent well at the treatment facility. A temporary dumping station was being used to allow vactor trucks to empty their waste, which was time consuming, and haulers had to actively scrape screens to decant water. The new vactor dump station allows vactor trucks to directly dump their waste onto grating that drains to a manhole to return the screened water to the headworks. The structure and grating were designed to allow a front loader to scrape the screenings off of the grating.

> **Project engineer for the El Dorado Irrigation District, California, El Dorado Hills Wastewater Treatment Plant Phase III Expansion,** which increased the capacity of the treatment plant to 8.4 mgd. The project consisted of numerous modifications and additions to the existing treatment facility, including adding two biological nutrient removal basins and two aeration basins. Responsible for the biological nutrient removal and aeration basin designs. Assigned tasks to subordinate engineers and drafters and coordinated work with other consultants and subconsultants. During construction, answered requests for information and fielded questions at the jobsite to minimize impacts to the construction schedule and budget.

> **Design engineer and lead inspector for the City of Roseville, California, Dry Creek Wastewater Treatment Plant Chlorine Conversion to UV Disinfection.** This project replaced a chlorine gas disinfection system with ultraviolet disinfection to disinfect the final effluent prior to discharge into Dry Creek and added on-site sodium hypochlorite generation to disinfect recycled water. Performed yard piping, paving, and grading designs during the design phase of the project. Duties during construction included full-time inspection, answering requests for information, submittal review, maintaining as-built contract documents, and coordinating inspections with other inspectors and subconsultants.

Scott Roberts, PLS

Land Surveyor



Scott supports public improvement projects with professional surveying. He is skilled in AutoCAD Civil 3D, Trimble GNSS & Robotic TS, Trimble Business Center, Trimble RealWorks, and Terrestrial LiDAR. His responsibilities include project management, topographic/boundary surveying and mapping, underground utility locating, construction staking, elevation certificates, laser scanning, legal descriptions, and GIS.

PROJECT EXPERIENCE

BRIDGING HORIZONS INCLUSIVE PARK
Visalia, CA | Project Surveyor
Westwood is currently supporting the City of Visalia with the development of Bridging Horizons Inclusive Park. Funded by the Prop 68 program, this park project will improve the open space acreage to population ratio and provide local residents with additional access to both open space and recreational amenities. Bridging Horizons Inclusive Park's purpose-driven design concept ensures that no child, adult, or senior will be excluded from taking part in recreation and active living. Scott is serving as Project Surveyor for this project.

RIVERWAY SPORTS PARK PHASE VI
Visalia, CA | Project Surveyor
Westwood is delivering civil engineering, land surveying, and landscape architecture services for the design of Riverway Sports Park Phase VI. Funded by the 2018 Parks Bond Act Per Capita Grant, this project focuses on designing and constructing an off-leash dog park. Additionally, it involves converting a temporary overflow parking lot into a permanent facility. Key improvements include the design of the parking lot, exit road, landscaping, sidewalks, bike routes, and a roundabout.

DELTA DIABLO DIGESTER DRAIN BASIN REHABILITATION
Pittsburg, CA | Project Surveyor
Scott served as Project Surveyor for this Delta Diablo Water District capital improvement project in Pittsburg, CA and was responsible for project management and quality control. The project was to develop plans for the rehabilitation of an existing digester basin that has been severely deteriorated from years of use. Westwood established survey control for surveying and construction, performed detailed topographic surveys of the basin and surrounding area, and dipped several gravity structures in the vicinity. The project involved several safety and coordination challenges as the facility has strict security and safety protocols. Westwood worked closely with facility operators so field crews could access the facility and obtain the necessary safety orientation and verify proper use of PPE.

CCID SUBSIDENCE MONITORING NETWORK
Merced and Madera Counties, CA | Technical Lead
Scott worked with a team of surveyors in the establishment and ongoing monitoring of a subsidence benchmark network for the Central California Irrigation District. The initial phases of the project involved siting, setting, and measuring a network of benchmarks along dozens of miles of irrigation canals. This data was adjusted and used to generate benchmark datasheets for each individual benchmark, including information such as the district's mile post, standardized photos, descriptions, and recovery information. Scott was the technical lead on the benchmark data collection/organization and prepared the benchmark datasheets. Scott also performed quality control checks of digital level data, and performed field surveys to capture digital level and RTK-GNSS observation data for the benchmarks both initially and during multiple subsequent monitoring cycles.

MEMORIAL PARK WASTEWATER TREATMENT AND INFRASTRUCTURE REPLACEMENT PROJECT
San Mateo County, CA | Project Surveyor
Westwood provided land surveying services for this wastewater treatment and infrastructure replacement project. Scott served as Project Surveyor. Services included topographic surveying and mapping. Westwood performed a topographic survey and mapping of the sanitary sewer system and wastewater treatment plant.

ORCHARD RUN WATER TREATMENT PLANT IMPROVEMENT PROJECT
Scotts Valley, CA | Project Surveyor
Scott served as Project Surveyor and provided survey support services for the Orchard Run Water Treatment Plant Improvement Project in Scotts Valley, CA. Westwood provided surveying services including topographic and boundary surveys, mapping of underground utilities, and other survey work to support the design of utility and site improvements at the plant.

PUMP STATIONS 18 AND 20
Redwood City, CA | Project Surveyor
Westwood provided land surveying services for this sanitary sewer pump station improvement project in Redwood City, CA. Scott served as Project Surveyor. Services included topographic mapping and record boundary surveys to support the design of sanitary sewer pump station improvements at Pump Station 18 and Pump Station 20.

RALSTON AVENUE SEWER IMPROVEMENT PROJECT
Belmont, CA | Project Surveyor
Westwood provided land surveying services for this sewer improvement project. Scott served as Project Surveyor. Services included performing topographic surveying and mapping for the project limits where improvement work is recommended, spanning a 10-foot corridor centered on the existing sewer alignment with shots taken each 50’ for profile generation; providing street centerlines per monumentation (if existing) and record centerline adjustment; locating all surface facilities/utilities and USA marked utilities; providing the location, rim, invert, and pipe diameter of accessible storm drain inlets, storm drain manholes, and sanitary sewer manholes; and providing the location, rim, and top of nut elevations for water valves.

SEWER PUMP STATIONS 9, 42, AND 55
Turlock, CA | Project Manager
Westwood performed topographic field and office surveying to provide critical information for the design of pump station improvements at three locations in Turlock, CA. For Pump Station 9, Pump Station 42, and Pump Station 55, Westwood completed topographic surveys. Scott served as Project Manager.

SLUDGE LAYDOWN AREA
Turlock, CA | Project Manager
Westwood provided land surveying services to support the design of a paved laydown area for dried sludge in Turlock, CA. Services included topographic surveying and mapping and construction staking. Scott served as Project Manager.

SOUTH AREA GROUP TRANSMISSION PIPELINE AND SEWER PUMP STATION
Folsom, CA | Project Surveyor
Westwood provided land surveying services to support the design of a pipeline in Folsom, CA. Services included survey control, topographic surveying and mapping, utility surveys, infill topographic surveying and mapping, GIS right-of-way validation, and land description packages. Scott served as Project Surveyor.

TURLOCK REGIONAL WATER QUALITY CONTROL FACILITY
Turlock, CA | Project Manager
Westwood provided land surveying services for the design of an equalization basin overflow system at the Turlock Regional Water Quality Control Facility. Services included topographic surveying and mapping. Scott served as Project Manager.

Neva M. Popenoe, PE, GE – Fresno Branch Manager

Professional Background:

Ms. Popenoe has over 20 years of geotechnical engineering and materials testing experience within the City of Visalia and Tulare County. She has worked on a variety of projects including highways, railroad and river bridges; flexible and rigid pavements; residential, commercial, and industrial developments; schools and hospitals; pipelines; power facilities; solar installations; impoundments; landfills; and forensic studies. She is responsible for managing and conducting geotechnical investigations including developing the scope of work and budget, site reconnaissance, field classification of soils, sampling, design, and report preparation and review. She has performed geotechnical investigations for over 100 bridges in the State of California for Caltrans, local cities and counties. In addition to bridge foundations, her design experience on these projects includes retaining walls, sound walls, roadway embankments recycled water and surface water facilities, and pavement structural sections. She also performs field inspection and testing, data analysis, laboratory testing, and construction special inspections.

Relevant Experience:

Sludge Transfer Station Fresno WWTP, Fresno, CA - Assisted in providing geotechnical recommendations for shoring recommendations for proposed sludge transfer station associated with WWTP improvements.

Tertiary Treatment and Disinfection Facility, Fresno, CA - 9/2011 to 3/2012 - Conducted a geotechnical investigation for a proposed Tertiary Treatment and Disinfection Facility, which is being developed at the Fresno Wastewater Treatment Plant. Recommendations included construction considerations, bearing, settlement, lateral earth pressures, resistance to lateral loads, information for pipe design, pavement, and slope stability.

Mendota Sewer, Mendota, CA - Performed geotechnical field investigation for a 30-inch diameter gravity sewer extending approximately 2.9 miles to the Mendota wastewater treatment plant.

City of Fresno, North Avenue Trunk Replacement at BNSF and UPRR Lines, Fresno, CA – Ms. Popenoe served as geotechnical engineer-of-record and Project Manager. The replacement and realigning of the existing sewer trunk to include a 66-inch pipeline with a trenchless crossing of BNSF and UPRR railroad lines, Fresno Irrigation District (FID) Fresno Colony Canal No. 24, and Golden State Boulevard. The proposed crossing is approximately 16 feet below grade with 84-inch casing, using trenchless technology for the installation.

Wellhead Treatment – Well 22, Ceres, CA - Ms. Popenoe served as the senior engineer and project manager for the geotechnical investigation for the wellhead treatment improvement project. Design included mat foundations for GAC vessels and other equipment.

Qualifications

Registrations:

Geotechnical Engineer, California, 3024

Civil Engineer, California, 73818

Education:

BS, Civil Engineering, California Polytechnic State University, San Luis Obispo, 2005

Experience:

BSK Associates
Fresno Branch Manager, 2023 - Present

Senior Engineer, 2017 to 2023

Fresno State University
Civil Engineering Adjunct Instructor, 2019 to 2023

Kleinfelder
Project Manager, 2005 to 2017

Professional Affiliations:

ASCE Fresno Branch:
Past President

APWA Central California:
Vice President

1,2,3-Trichloropropane (TCP) Comprehensive Remediation Design/Build Project, Atwater, CA – Ms. Popenoe served as the senior engineer for the geotechnical investigation for five wellhead treatment facilities. Design included mat foundations for GAC vessels and other equipment, retaining walls and ringwall foundation systems for backwash tanks. BSK served as the geotechnical engineer and construction materials testing consultant for this design-build project.

Wellhead Treatment for TCP, Turlock, Tulare and Kingsburg, CA – Ms. Popenoe served as the senior engineer for the geotechnical investigation for seven wellhead treatment facilities. Design included mat foundations for GAC vessels and other equipment, retaining walls and ringwall foundation systems for backwash tanks.

Pipeline, Soults Mutual Water Company, Tulare County, CA – Ms. Popenoe served as the geotechnical project engineer for the design and construction of the Pipeline System. The pipeline transports water from the existing city well and connects to the existing water main at City property. The pipeline consists of an 8- to 12-inch diameter PVC and ductile-iron pipe water transmission pipeline. The pipeline required trenchless excavations at the canal and at SR 137.

City of Fresno Recycled Water Project, Fresno, CA 2017-2018 – Senior engineer for various phases of the pipeline design and construction. The project includes over 4 miles of recycled water mains throughout south Fresno, with several trenchless crossings.

City of Fresno Surface Water Project, Fresno, CA 2009-2017 – Senior engineer for various phases of the pipeline design and construction. The project includes over 4 miles of surface water transmission lines throughout Fresno, with several trenchless crossings. Design includes soil cement fill recommendations to protect the pipe at the creek crossing from potential scour.

Recharge Fresno Project, Fresno, CA – Geotechnical Engineer for the City's $500,000,000 project, which included new water infrastructure pipelines and water system facilities that captures, treats and delivers water to the City, including surface water from the Sierra Nevada Mountains. Ms. Popenoe partnered with the designers for the geotechnical investigations for the over 40 miles of pipeline, trenchless crossings, and a new surface water treatment facility.

Comanche Tank, Bakersfield, CA - ***11/2005 to 4/2007*** - Conducted a geotechnical investigation for a 2.3 million-gallon prestressed concrete storage tank supported on ringwall footings. The water storage tank is about 127 feet in diameter and 26 feet in height and was partially buried.

Fargo Avenue Storage Tanks, Hanford, CA - ***2/2006 to 3/2006*** - Conducted a geotechnical investigation for two, one million-gallon welded steel water storage tanks and a booster pump station. The storage tanks are expected to be about 80 feet in diameter and 28 feet in height and are anticipated to be supported on a ringwall foundation system.

Water Reservoirs/Pump Stations, Turlock, CA - ***1/2007 to 6/2007*** - Conducted a geotechnical investigation for a 1.2-million gallon welded steel water storage tank and an approximately 2,500 square foot booster pump station.

Conduit F Pipeline, Bakersfield, CA - ***11/2006 to 12/2006*** - Conducted a geotechnical investigation for an approximately 3.5 mile pipeline. The pipe was expected to be an 18- to 36-inch PVC and cement-mortar coated steel.

EDUCATION
Bachelor of Science, Environmental Economics & Policy; Minor-City and Regional Planning, University of California, Berkeley, 2013

Geographic Information System Certified, San Francisco State University, 2015

PROFESSIONAL AFFILIATIONS
Association of Environmental Professionals

LESLEY OWNING

Principal Planner

Ms. Owning is a Principal Planner with 13 years of experience in the provision of California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA) documentation for a variety of project types including water/wastewater; restoration; parks and recreation; transportation; infrastructure improvement; renewable energy; and residential, commercial, and mixed-use land development. Ms. Owning develops CEQA review and strategy plans early in the project planning phase and prepares project site constraints analyses. She has managed many controversial projects by maintaining thorough administrative records for projects that are anticipated to face legal challenges, leading response to comments for projects that have generated hundreds of public comments, and providing public agency support through project appeal hearings. Ms. Owning stays abreast of recent CEQA case law and changes to the State CEQA Guidelines and requirements through on-going education and participation in professional environmental planning groups and conferences. Ms. Owning also provides environmental compliance support through overseeing the implementation of mitigation monitoring and reporting programs throughout project construction.

City of Manteca Wastewater Quality Control Facility Sidestream Treatment and Ultraviolet Rehabilitation (2025). Principal Planner for the senior technical review of a Categorical Exemption prepared for the City of Manteca Wastewater Quality Control Facility (WQCF) Sidestream Treatment and Ultraviolet Rehabilitation Project in the City of Manteca, San Joaquin County. Role included identification of the appropriate CEQA documentation necessary for implementation of the proposed project and conducting senior technical review of the draft Categorical Exemption and supporting documentation prepared in-house. The proposed project includes the construction of a new sidestream facility, ultraviolet (UV) disinfection facility, and electrical building at the City's existing WQCF and is exempt per Class 1, 3, and 32 exemptions. Work performed for Carollo Engineers with the City of Manteca as the lead agency.

City of Manteca Wastewater Quality Control Facility Sludge Thickener and Dewatering Unit No. 3 (2024). Principal Planner for the senior technical review of a Categorical Exemption prepared for the City of Manteca WQCF Sludge Thickener and Dewatering Unit No. 3 Project in the City of Manteca, San Joaquin County. Role included identification of the appropriate CEQA documentation necessary for implementation of the proposed project and conducting senior technical review of the draft Categorical Exemption and supporting documentation prepared in-house. The proposed project includes the construction of improvements to the waste activated sludge (WAS) thickening and sludge dewatering systems at the City's existing WQCF and is exempt per Class 1, 2, 3, and 32 exemptions. Work performed for Carollo Engineers with the City of Manteca as the lead agency.

City of Arvin Wastewater Treatment Facility Land Application Areas (2024). Principal Planner for the senior technical review of a Categorical Exemption prepared for the City of Arvin Wastewater Treatment Facility (WWTF) Land Application Areas Project in the City of Arvin, Kern County. Role included identification of the appropriate CEQA documentation necessary for implementation of the proposed project and conducting senior technical review of the draft Categorical Exemption and supporting documentation prepared in-house. The proposed project includes the land application discharge of wastewater from the WWTF onto two City-owned parcels and one privately-owned parcel located in close proximity to the existing WWTF. Work performed for Carollo Engineers with the City of Arvin as the lead agency.

Delta Water Treatment Plant Groundwater Recharge Basin (2024 - 2025). Project Manager for the preparation of an IS/MND tiered from the Stockton Delta Water Supply Project Program EIR and technical studies for the expansion of the Delta Water Treatment Plant's (DWTP) capacity and the construction of three groundwater recharge basins on 45 acres. The future capacity of the DWTP is anticipated to expand from 30 million gallons per day (MGD) to 60 MGD to supply the groundwater recharge basins. Work performed as a subconsultant to Nexgen with the City of Stockton Municipal Utilities Department as the lead agency.

South Kern and Old River Municipal Water Companies Consolidation (2024 - 2025). Principal Planner for senior technical review of a CEQA IS/MND for the consolidation of South Kern and Old River Mutual Water Companies (MWCs) into the City of Bakersfield Water System Project. Due to uranium contamination, the proposed project includes the abandonment of two wells and extension of the City of Bakersfield's water system to consolidate both MWCs. Role included senior technical review of the project description, administrative and public review drafts of the CEQA IS/MND as well as the supporting biological resources, cultural resources, air quality, greenhouse gas (GHG) emissions, energy, and noise evaluations prepared in-house. Work is being performed for Carollo Engineers with the City of Bakersfield as the lead agency.

Yuba City Aquifer Storage and Recovery Well System (2023 - 2025). Principal Planner/Project Manager for the preparation of a CEQA IS/MND and supporting biological resources, cultural resources, air quality/GHG emissions, and noise technical studies for the Aquifer Storage and Recovery (ASR) Well Project in the City of Yuba City. The City proposes to construct an ASR system with a new injection well and associated infrastructure at the Water Treatment Plant site to capture water when it is abundant, such as during a rainy season or spring snowmelt, and store water in an underground aquifer to allow for the recovery of that water when needed. Work performed as a subconsultant to Carollo Engineers with the City of Yuba City as the lead agency.

Angels Camp Sewer Line Collection System Improvement & Replacement (2019 - 2020). Project Manager for preparation of an IS/MND and supporting biological resources, cultural resources, air quality/GHG/odor, and noise/vibration technical studies for a sewer line replacement project. The City is replacing and upsizing approximately 6,012 linear feet of deteriorating sewer line to allow the City's wastewater treatment plant to operate at full capacity, thereby preventing wastewater spills into Angels Creek. Oversaw the preparation of an aquatic resources delineation report and 1602 Streambed Alteration Agreement from CDFW as the project will remove an existing pipe crossing and introduce a new pipe crossing over a tributary to Angels Creek. Work performed for the City of Angels Camp.

Folsom Boulevard Sewer Project (2019). Senior Environmental Planner for the preparation of a project description and Notice of Exemption form for the Folsom Boulevard Sewer Project. The project consisted of the construction and operation of a new sewer line that runs parallel and adjacent to the City of Folsom's Trunk Sewer. The project was categorically exempt from environmental review under CEQA per Sections 15301(b) – Existing Facilities and 15303(d) – New Construction or Conversion of Small Structures. Work performed as a subconsultant to Water Works Engineers with the City of Folsom as the CEQA Lead Agency.

EXPERIENCE

Ms. Mizutani has over 35 years of engineering experience. Her primary area of expertise is regulatory, with an emphasis on air permitting and regulatory evaluations for municipal facilities across California, including San Joaquin Valley Air Pollution Control District, in addition to experiences in numerous other California air districts. Her other regulatory experiences include projects involving US Fish and Wildlife Service (USFWS), California Department of Fish and Game (DFG), Bay Conservation and Development Commission (BCDC), Caltrans, the California Office of Emergency Services (OES), and the Federal Emergency Management Agency (FEMA).

Current Projects:

Supporting consultant to Bay Area Clean Water Agencies (BACWA) AIR Committee since 2016. Responsibilities include tracking and communicating regulatory issues; meeting regularly with BACWA AIR Committee representatives; and coordinating communication between POTWs and regulators, particularly Bay Area Air District.

Resolving a Notice of Violation for a wastewater facility with an existing unpermitted boiler. Work includes preparation of a permit application and coordinating with the facility's staff, Air District permit engineer, and Air District inspector to resolve the NOV.

Providing ongoing, as-needed air regulatory support to the Palo Alto Regional Water Quality Control Plant, Central Contra Costa Sanitary District, Dublin San Ramon Services District, and the Central Marin Sanitation Agency. Work has included regulatory and technical support for permitting, review and preparation of regulatory correspondence, assistance with regulatory compliance, and other services as requested.

Preparing BAAQMD permit applications for facilities at the Dublin San Ramon Services District including aerated grit chamber, primary clarifiers, anerobic digester, two new flares to replace existing candlestick flare, a new FOG receiving station, and biogas treatment system. Assisting with reconciling BAAQMD permit discrepancies with currently operating sources.

Selected Past Projects:

Completed the initial Clean Air Act Title V operating permit applications for the Cities of Bakersfield, Tulare, and Visalia. Permit applications included emission estimates for all significant emission sources, review of applicable regional and federal regulations, and documentation integral to the application. Prepared renewal application for Tulare's Wastewater Treatment Plant. Subsequently, successfully assisted City of Visalia and the City of Tulare WWTP in efforts to be removed as a Title V facility for VOC emissions. Work included potential to emit calculations for priority pollutants and close coordination with SJVAPCD staff to facilitate the process.

Prepared Bay Area Air District permit applications for facilities at the Dublin San Ramon Services District including aerated grit chamber, primary clarifiers, anerobic digester, new flare to replace existing candlestick flare, a new FOG receiving station, and biogas treatment system. Assisting with reconciling BAAQMD permit discrepancies with currently operating sources.

Obtained Bay Area Air District permit for the Wet Weather Improvements and Digester Replacement projects at the South San Francisco/San Bruno Water Quality Control Plant (WQCP). Project elements include demolition of two digesters, construction of a single replacement digester, rehabilitation of a third digester, replacement of the existing boiler with two new boilers, and construction of a new secondary clarifier.

Obtained Bay Area Air District Authority to Construct for the City of Millbrae Water Pollution Control Plant's cogeneration system. Also prepared permit application for existing odor control systems at the WPCP headworks and pump station.

Obtained Bay Area Air District Authority to Construct for installation of a new dual fuel cogeneration engine at Central Marin Sanitation Agency (CMSA). Work included Best Available Control Technology cost/benefit evaluation to meet Air District requirements.

Prepared Bay Area Air District permit applications for the Primary Treatment Facility project at the Sunnyvale Water Pollution Control Plant (WPCP). Work included new preliminary and primary treatment processes, standby generator, boiler replacement, and associated support facilities.

Obtained Bay Area Air Quality Management District Authorities to Construct for facilities at the City of Petaluma's Ellis Creek Water Recycling Facility, Central Marin Sanitary District, City of Burlingame Wastewater Treatment Facility, South San Francisco Water Quality Control Plant, Fairfield-Suisun Sewer District, Union Sanitary District, City of Antioch, City of Martinez, and Richmond Wastewater Treatment Plant.

VISALIA WRF DIGESTER 9

SCOPE OF SERVICES

1.0 Project Management

1.1 Project Management and Meetings

Carollo will provide project administration and management necessary to perform planning, execution, monitoring, and reporting of the project elements.

Carollo will lead monthly meetings with City staff and key project team members to provide updates on progress and address any issues or concerns.

Carollo will lead a kickoff meeting with the City and project team to review the scope and schedule. Project team will present and seek feedback on key design elements.

Deliverables:

- Monthly invoices and associated progress letter reports, including budget and schedule updates.
- Kickoff and monthly meeting agendas and minutes.

Assumptions:

- The design phase of the project has a duration of 14 months.
- Kickoff meeting will include travel for three key expert team members to attend in person and other key project team members will attend remotely as necessary.
- Monthly progress meetings will be held remotely and will be attended by the Project Manager, Project Engineer, and other key team members as necessary.

2.0 Preliminary Design

2.1 Conduct Topographic Survey

Carollo will contract with a subconsultant to provide surveying professional services. Surveying subconsultant will develop a topographic map of the proposed project site to serve as a base map for the design and to determine elevations of the existing surface and critical infrastructure. Ground control surveys will be performed and temporary benchmarks will be established at the project site. Mapping will be performed based on a specified horizontal and vertical datum. Carollo Senior Professionals will review the surveying deliverable for accuracy and incorporation into future design deliverables.

2.2 Conduct Geotechnical Investigation

Carollo will contract with a subconsultant to provide geotechnical professional services. Geotechnical consultant will perform borings onsite within the proposed project area and develop a draft and final report to determine site conditions and recommendations for the site grading and subgrade requirements. Senior Professionals will review the draft geotechnical report and provide feedback for incorporation into a final geotechnical report.

2.3 Preliminary Design

Carollo will conduct preliminary design to serve as the basis for developing the detailed design of the digester and ancillary facilities. The historical data analysis and future projections completed as part of the 2024 Master Plan will be used as the basis for sizing digestion facilities. The Digester 9 tank will be similar in size and configuration as Digester 8. The preliminary design will include the following elements:

- Recommendation of equipment
    - Digester 9 mixing system
    - Digester 9 sludge heating system
    - Boiler 4 type, capacity, and integration with existing hot water loop
    - Digester 9 digested sludge transfer pumps
    - Digester 9 ferric chloride feed system
    - Digester 9 features including cover type, gas equipment, manway access, and coating system
- Recommend digester feed and dewatering feed strategy for new Digester 9 and integration with Digester 8
- Identify tie in locations for key utilities including primary sludge, thickened waste activated sludge, digested sludge, hot water return and supply, digester gas, ferric chloride, and electrical power.
- Confirm MCC/boiler building type and approximate layout
- Identify key project components and develop proposed layout
- 30% construction cost estimate

The project team will hold a Carollo C.A.M.P workshop with the City to present options and recommendations for the equipment configurations identified above. During the workshop, the project team and the City will discuss and make decisions for incorporation into the detailed design. The decisions made during the workshop will be documented in meeting minutes.

In addition, the preliminary design will include the following 30% drawings:

- Design criteria and equipment sizing
- Overall site layout
- Process and instrumentation diagrams

Construction cost estimates will be prepared based on quantity takeoffs, estimating guides, equipment manufacturers' quotes, and construction cost estimates of similar facilities. Contingencies for general estimating, general conditions, contractor overhead and profit, escalation to midpoint of construction, and annual cost escalation will be included in the construction cost estimate. The 30% cost estimate is anticipated to be a Class 4 estimate as defined by the Association for the Advancement of Cost Engineering International, which has an expected accuracy between -30% and +50%.

Deliverables:

- Preliminary design C.A.M.P workshop meeting minutes (pdf)
- Comment response log
- 30% drawings
- 30% construction cost estimate

Assumptions:

- Digester 9 will be similar in size and configuration to the existing Digester 8 but will include piping modifications to be directly fed primary sludge and thickened waste activated sludge.
- Digester 8 facilities, including feed and transfer piping, sludge heating, and sludge mixing, will not need to be modified.
- Primary sludge and thickened waste activated sludge pumping systems will not need to be modified.
- The existing ferric chloride storage and feed pump system will not need to be modified.
- The existing hot water piping will not need to be rehabilitated.

3.0 Detailed Design

3.1 Develop 50% Design

Carollo will provide a 50 percent design submittal, which will include the following information:

- Design criteria
- Process flow diagram
- Site plan
- Paving and grading and yard piping plans
- Structural plans and sections for the digester, control building, and major equipment pads
- Mechanical plans and sections for major equipment
- Electrical one-line diagram and electrical equipment elevations
- Electrical site plans
- Process and instrumentation diagrams,
- Draft specifications for major mechanical equipment and equipment control descriptions

Carollo will perform an internal quality control check of the 50% design deliverable in parallel with the City's review of the submittal.

Carollo will prepare a construction cost estimate based on the 50% design drawings. Construction cost estimates will be prepared based on quantity takeoffs, estimating guides, equipment manufacturers' quotes, and construction cost estimates of similar facilities. Contingencies for general estimating, general conditions, contractor overhead and profit, escalation to midpoint of construction, and annual cost escalation will be included in the construction cost estimate. The 50% cost estimate is anticipated to be a Class 3 estimate as defined by the Association for the Advancement of Cost Engineering International, which has an expected accuracy between -20% and +30%.

Carollo will prepare for and lead a 50% design review workshop to present progress on the design and discuss any feedback from the City. The workshop will include travel for three team members to attend in person and other key project team members will attend remotely as necessary.

In addition, Carollo shall also provide a response to all City review comments and shall provide the City with any potential construction cost increase estimates and gain City approval of additional costs prior to performing design modifications on that comment.

Deliverables:

- 50% design drawings (three hard copies at half-size, 11x17)
- 50% design specifications (one hard copy)
- 50% construction cost estimate
- 50% design review workshop agenda and minutes.
- Comment response log

Assumptions:

- City will review 50% deliverable and provide any feedback to be incorporated within three weeks of submittal
- The project will follow CSI MF95 format utilizing Divisions 01 through 17.
- The project will follow Carollo's CAD standards.

3.2 Develop 90% Design

Carollo shall provide a 90% design submittal, which shall be a complete set of contract documents. Additionally, the 90% deliverable shall have incorporated applicable internal and City review comments from the 50% design review. The 90% deliverable shall include all draft specifications required for the project. The City's front-end specifications (Request for Bidders document) will be used for this project. The City's front-end specifications will be reviewed by Carollo's risk management to suggest changes to mitigate risk during bidding and construction. The front-end specs will be supplemented as necessary with Carollo's specifications to provide a complete bidding package. The project team will update the front-end specifications with project specific information.

Carollo will perform an internal quality control check of the 90% design deliverable in parallel with the City's review of the submittal.

Carollo shall prepare a construction cost estimate based on the 90% design drawings. Construction cost estimates shall be prepared based on quantity takeoffs, estimating guides, equipment manufacturers' quotes, and construction cost estimates of similar facilities. Contingencies for general estimating, general conditions, contractor overhead and profit, escalation to midpoint of construction, and annual cost escalation shall be included in the construction cost estimates. The 90% cost estimate is anticipated to be a Class 2 estimate as defined by the Association for the Advancement of Cost Engineering International, which has an expected accuracy between -15% and +20%.

Carollo will prepare for and lead a 90% design review workshop to present progress on the design and discuss any feedback from the City. The workshop will include travel for three team members to attend in person and other key project team members will attend remotely as necessary.

In addition, Carollo shall also provide a response to all City review comments and shall provide the City with any potential construction cost increase estimates and gain City approval of additional costs prior to performing design modifications on that comment.

Deliverables:

- 90% design drawings (three hard copies at half-size, 11x17)
- 90% design specifications (three hard copies)
- 90% construction cost estimate

- 90% design review workshop agenda and minutes.
- Comment response log

Assumptions:

- City will review 90% deliverable and provide any feedback to be incorporated within three weeks of submittal
- The project will not need to be approved through the City's Building Safety Division
- The City will provide their front-end specifications to be incorporated into the deliverable one month prior to the project team submitting the 90% deliverable.

3.3 Develop 100% Final Design Package

Carollo shall provide 100% design drawings and specifications, suitable for bidding. The bid set deliverable shall have incorporated applicable internal and City review comments from the 90% design review.

Carollo will perform an internal quality control check of the 100% design deliverable prior to submitting to the City. The 100% design deliverable will be stamped and digitally signed by professional engineers registered in the state of California.

If no major project elements are added after the 90% design deliverable, the 90% construction cost estimate will serve as the engineer's estimate for the basis of bidding. It will be discussed at the 90% design review workshop if there are review comments that warrant a change in the design and update to the construction cost estimate.

Deliverables:

- 100% design drawings (pdf)
- 100% design specifications (pdf)

4.0 Permitting

Carollo will assist the City in obtaining the necessary permit approvals from regulatory agencies in order to construct the digester and ancillary facilities. Carollo will respond to comments and make necessary revisions to design documents as required by the regulatory agencies. The anticipated permitting requirements include CEQA and San Joaquin Valley Air Pollution Control District approvals.

4.1 CEQA Permitting

The construction of a new digester and ancillary facilities is a project that is anticipated to trigger compliance with the California Environmental Quality Act (CEQA). It is anticipated that the project will apply for a Categorical Exemption. Carollo will hire a subconsultant to develop and submit the necessary applications.

Deliverables:

- Draft and Final Categorical Exemption application (pdf)

Assumptions:

- City will pay for any filing or processing fees required for approval

4.2 SJVAPCD Permitting

The San Joaquin Air Pollution Control District (SJVAPCD) will need to issue an Authority to Construct for the digester improvements. Additionally, the new boiler will require completion of a supplemental form, *Boilers, Steam Generators, Dryers, and Process Heaters*. The boiler will be permitted to run on natural gas or digester gas to provide flexibility in future operations. Carollo will hire a subconsultant to develop and submit the necessary applications. The Authority to Construct won't be able to be completed until during construction, because it requires input from the contractor to provide the make, model, and serial number for the specific unit that is to be installed at the site. Carollo and the subconsultant will develop a schedule with milestones to progress the permitting process so as to not be on the critical path for substantial completion of the construction project.

Deliverables:

- Draft and Final Authority to Construct application and supplemental boiler form (pdf)

Assumptions:

- City will pay for any filing or processing fees required for approval
- The new boiler will be less than 5.0 MMBTU/hr
- The new digester can tie in to the current digester gas pipeline network without any additional permitting requirements of the existing gas handling equipment.
- The new boiler can tie in to the current hot water loop without any additional permitting requirements of the existing boilers.

5.0 Bid Support

5.1 Bid Support

Consultant will attend one pre-bid meeting for the prospective bidders on the City's behalf.

During the bid period, Consultant will respond to questions from prospective bidders and provide written response. Verbal or written questions requiring clarification of the contract documents will be resolved by issuing addenda.

Deliverables:

- Response to bidder questions and updated drawings and specifications as necessary.
- Conformed drawings incorporating changes by addenda following bidding (three hard copies of half-size (11x17) drawings and specifications)

Assumptions:

- The scope of work covers support for a single bid period.
- Consultant will respond to 60 bidders questions and update 20 drawings and 10 specifications.
- The City will complete the following tasks:
    - Manage printing, advertisement, and sale of contract documents during the bid period.
    - Issue bid packages to prospective bidders and maintain bid tabs.
    - Answer procedural questions from prospective bidders.
    - Compile and distribute addenda to prospective bidders.

- Open and tabulate bids.
- Issue Notice of Award and Notice to Proceed to successful bidders.

6.0 Engineering Services During Construction

6.1 Project Management

Carollo will provide project administration and management necessary to perform planning, execution, monitoring, and reporting of the project elements.

6.2 Submittal Review

Carollo will provide technical review of submittals and provide designation for approval or denial of project components. Submittals will be reviewed by the appropriate project and discipline engineers.

6.3 Request for Information Review

Carollo will provide technical review of requests for information and provide responses to resolve and provide direction to contractor's questions during construction. RFIs will be reviewed by the appropriate project and discipline engineers.

6.4 Progress Meetings and Site Visits

Carollo will attend progress meetings remotely and on site led by the contractor and construction manager. Carollo will engage in discussion, provide updates to outstanding submittals and RFIs, and work with the construction team to resolve issues.

6.5 Change Order Review and Design Changes

Carollo will support the construction manager in providing technical review to change orders requested by the contractor. Review may include providing justification to support approving or denying change orders based on field conditions and requirements in the contract documents. Carollo will also provide design changes as necessary to support modifications to the contract documents and provide direction to the contractor. Design changes may include issuing new drawings or specifications for incorporation into the project.

6.6 Start Up and Commissioning Support

Carollo will support the contractor's commissioning coordinator by reviewing and providing feedback on startup and commissioning plans. Carollo will provide on site and remote support during critical commissioning phasing to ensure plant staff are receiving adequate training, equipment meets testing requirements, and digester meets performance standards.

6.7 Record Drawings

Carollo will provide final record drawings for documentation that revise the bid set drawings to include changes made during construction.

6.8 Operations and Maintenance Manual

Carollo will incorporate approved submittals from the contractor into an O&M manual to document equipment information and processes added or modified as part of this project. The O&M manual serves as a guiding document for plant staff to provide a process overview and understanding, troubleshoot equipment and processes, and outline equipment maintenance requirements.

Deliverables:

- Monthly invoices and associated progress letter reports
- RFI responses
- Design clarifications, as needed
- Submittal and resubmittal review responses
- Change order request review comments
- O&M manual (three bound hard copies)
- Record drawings (one hard copy, full size 22x34)

Assumptions:

- Attending bi-weekly construction progress meetings including site visits and observation by design engineers to support construction work (25 online and 25 in-person)
- Response to requests for information (RFIs) (up to 150)
- Provision of design clarifications as needed (up to 10)
- Submittal review (up to 360 and 180 resubmittals)
- Assistance in review of change orders (up to 10)
- ESDC will last for the duration of construction, which will be 24-months.
- The City will contract with another firm to provide construction management of the project.

CITY OF VISALIA, CA
REQUEST FOR PROPOSALS
RFP NO. 24-25-07

Professional Services to Design Digester 9 at Visalia's Water Reclamation Facility (WRF)

DESCRIPTION:
The City of Visalia is seeking bids from qualified engineering firms to design a new digester and associated pumps, piping, recirculation, and heating equipment at the Visalia Water Reclamation Facility (WRF).

MANDATORY PROPOSER CONFERENCE:
Mandatory conferences have been scheduled for this project. Interested proposers must attend at least one of the mandatory conferences to be considered an eligible proposer. These meetings will be held at the Visalia Water Reclamation Facility (7579 Ave. 288, Visalia, CA) as follows:

Tuesday, June 24, 2025 at 9:00am and
Thursday, June 26, 2025 at 9:00am.

SUBMITTAL DEADLINE:
One (1) unbound original, three (3) copies and one electronic copy on USB drive must be received no later than: 3:00pm on Thursday, July 17, 2025. *Proposals received after the time and date stated above shall be returned unopened to the proposer.*

SUBMITTAL INSTRUCTIONS:

Addressed to:	Purchasing Division 707 W. Acequia Avenue, Visalia, CA 93291
From:	Proposer's Name & Mailing Address
Mark envelope:	RFP No. 24-25-07 Design Services for Visalia's Water Reclamation Facility Digester 9

Delivery of Proposals: When sending a proposal via Fed Ex, UPS, etc., it is the responsibility of the Proposer to ensure that submittal is received during open office hours. Office Hours are 7:30am – 5:00pm Monday through Thursday.
We are closed on Fridays and major holidays. Bids are not delivered or received when office is closed.

The City utilizes an outside service for delivery and sorting incoming mail, and therefore, mailing a bid/proposal via U.S. Mail is not recommended as there could be a delay in receiving by the deadline. Proposals must be received prior to the deadline. The City will not accept a postmark as evidence of delivery.

INQUIRIES:

Questions/clarification of this bid document should be addressed to the Purchasing Division (559) 713-4334. To prevent miscommunications, the Purchasing Department prefers that all questions regarding the specifications or scope of services be submitted in writing via email to purchasing@visalia.gov. Questions may be asked at any time prior to, but no later than Thursday, July 3, 2025.

CITY OF VISALIA, CALIFORNIA
REQUEST FOR PROPOSALS
RFP 24-25-07

SEALED PROPOSALS will be received by the Visalia Purchasing Division until **3:00pm. on Thursday, July 17, 2025,** for Professional Services to Design Digester 9 at Visalia's Water Reclamation Facility.

Mandatory proposal conferences have been scheduled for this project. Interested proposers must attend at least one of the mandatory conferences to be considered an eligible Proposer. These meetings will be held at the Visalia Water Reclamation Facility (7579 Ave. 288, Visalia, CA) as follows:

Tuesday, June 24, 2025 at 9:00am and
Thursday, June 26, 2025 at 9:00am.

Contract documents may be obtained by calling (559) 713-4334, emailing your request to purchasing@visalia.gov or may be downloaded from registered users of BidNetDirect. Instructions for registering with BidNetDirect can be found on our website at visaliapurchasing.org.

This is a public works design project which is subject to registration with the California Department of Industrial Relations, payment of State Prevailng wages, monitoring by the Labor Commissioner and other requirements as listed in the City's Labor Compliance Manual. All Consultants and subconsultants listed in proposal or performing work on the project must have valid registration with the California Department of Industrial Relations (DIR). Any labor performed which has a designated prevailing wage rate including but not limited to: surveying, staking, testing, etc. must be paid at minimum, the State Prevailing Wage rate. Consultants will be responsible for uploading certified payrolls to the Labor Commissioner.

Consultant is to be licensed Engineer, in accordance with the California Business and Professions Code and is to possess current professional registration and be licensed to perform work in the State of California.

The City hereby affirmatively ensures that Minority Business Enterprises and Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit proposals in response to this notice. Individuals and/or entities submitting bids/proposals to the City of Visalia will not be discriminated against on the basis of age, race, religion, creed, color, national origin, ancestry, physical or mental disability, medical condition, genetic information, marital status, gender, gender identity or expression, sexual orientation, or military and veteran status in any consideration leading to the award of contract.

The right is reserved by the City of Visalia to reject any or all proposals, to waive any irregularities or informalities not affected by law, to evaluate the proposals submitted and to award the contract according to the proposal which best serves the interests of said City.

Publication Dates: 6/13/25 & 6/18/25

I. DEFINITIONS

For the purposes of this RFP NO. 24-25-07, the following terms shall have the meanings indicated:

1. “City” means the City of Visalia
2. “City Council” means the Council of the City of Visalia
3. "Bidder", "Vendor", "Supplier", “Consultant”, “Contractor” and “Subrecipient” are used interchangeably throughout this invitation to mean the person, firm, or corporation or other entity submitting a Bid in response to the Request for Bid.
4. “Bid” and “Proposal” are used interchangeably to mean an individual’s or entity’s offer in response to this Request for Proposal.
5. “RFP” means Request for Proposal No. 24-25-07.

II. INTRODUCTION

A. Information

The City of Visalia is seeking bids from qualified engineering firms to design a new digester and associated pumps, piping, recirculation, and heating equipment at the Visalia Water Reclamation Facility, 7579 Ave. 288, Visalia, CA. The project will involve the design of a fixed cover structure built from reinforced concrete, meeting the specifications detailed below.

Digester 9 will have the following specifications and requirements:

- Diameter: 116 feet
- Side Water Depth: 24.5 feet
- Sludge Digestion Depth: 17.5 feet
- Sludge Storage Depth: 7 feet
- Digester Cone Depth: 11 feet
- Operating Volume: 258,930 cubic feet (excluding cone depth)
- Sludge Digestion Volume: 184,950 cubic feet
- Sludge Storage Volume: 73,980 cubic feet
- Total Tank Volume, each: 297,700 cubic feet

The design of Digester 9 and associated structures should match the design of Digester 8 at the Visalia Water Reclamation Facility, including associated pumps, valves, and heat exchangers. The location should match the proposed area outlined in TM 4 of Carollo’s Facility Plan.

Mandatory proposal conferences have been scheduled for this project. Interested proposers must attend at least one of the mandatory conferences to be considered an eligible Proposer. These meetings will be held at the Visalia Water Reclamation Facility (7579 Ave. 288, Visalia, CA) as follows:

Tuesday, June 24, 2025 at 9:00am and
Thursday, June 26, 2025 at 9:00am.

One (1) unbound original, three (3) copies and one (1) electronic copy on USB Drive must be received no later than 3:00pm on Thursday, July 17, 2025. Proposals received after that date and time will be returned unopened to the proposer.

This Request for Proposals is being issued by the City of Visalia Purchasing Department. Unless otherwise directed, all communications regarding this Request for Proposals should be directed to the Purchasing Division at (559) 713-

4334. To prevent misinterpretations, the Purchasing Division would prefer that all questions regarding specifications or scope of services be sent by email to purchasing@visalia.gov

Any revisions to the Request for Proposals will be issued and distributed as addenda. Proposers are specifically directed not to contact any other City personnel for meetings, conferences or technical discussions related to this Request for Proposal. Failure to adhere to this policy may be grounds for rejection of proposals.

B. Background

In 2018, the Visalia Water Reclamation Facility (WRF) underwent a substantial upgrade, enhancing its treatment and disinfection capacity to 22 million gallons per day (MGD). Water conservation efforts within the City and increased loadings have significantly impacted the factors used to calculate the WRF's capacity. The maintenance and operations staff at the WRF began noticing the adverse effects of these increased loadings in the last few years. Carollo Engineers was brought in under an emergency contract to perform a condition assessment and prepare a facility plan which would address the WRF's near-term solids handling needs. Among the proposed projects, is the construction of a Digester 9, which matches the design specifications for Digester 8, as outlined in the Technical Specifications prepared by Parsons in 2013 for the 2018 Upgrade.

C. Purpose, Objective and Services to be Provided.

The City of Visalia is issuing this Request for Proposals to retain a qualified engineering firm to support the ongoing development of the Visalia Water Reclamation Facility (WRF) in response to increased solids loadings and changing operational demands. Since completing a major upgrade in 2018 that expanded the facility's treatment and disinfection capacity to 22 million gallons per day (MGD), the City has observed performance impacts caused by increased influent loadings. To address near-term capacity and solids handling challenges, the City seeks to construct a new anaerobic digester (Digester 9) to supplement existing infrastructure.

The selected consultant will lead the design of Digester 9 and associated systems, ensuring consistency with existing infrastructure—particularly Digester 8—and compliance with relevant standards and specifications. This project is essential to maintaining reliable wastewater treatment operations and long-term service to the community.

Project Objectives

- Address current and anticipated solids handling demands at the Visalia WRF through the addition of a new anaerobic digester.
- Design Digester 9 in alignment with the specifications of Digester 8, ensuring seamless integration with existing systems.
- Improve the facility's capacity, reliability, and operational efficiency to support continued community growth and water conservation efforts.
- Assist the City in maintaining regulatory compliance and minimizing operational disruptions due to overloading conditions.
- Ensure all project components are designed to be cost-effective, durable, and maintainable by City staff.

Services to be Provided

- Lead the full design process for Digester 9, including all structural, mechanical, electrical, and process components.
- Provide engineering analysis and design solutions consistent with previous facility improvements and Carollo Engineers' Facility Plan.
- Support the City throughout the design process with regular meetings, workshops, and technical coordination.
- Assist in securing necessary regulatory approvals through permit support and design documentation.
- Provide technical guidance during construction and commissioning to ensure successful implementation of the new digester and associated systems.
- Deliver training and operational documentation to support City staff in managing the new infrastructure.

D. RFP/Agreement Schedule

Event	**Date of Event**
RFP Available to the public	6/9/25
Mandatory Proposer Conferences at 7579 Ave. 288, Visalia, CA, 9:00am	6/24/25 & 6/26/25
Questions Deadline	7/3/25
RFP due at 3:00 pm at 707 W Acequia Ave. Visalia, CA 93291	7/17/25
Short list established and consultants notified	*7/25/25*
Interviews/Presentations with short-listed consultants (if needed)	*tbd*
Award of Contract @ City Council Meeting	*tbd*
Contract Begins	tbd
Final date for all work to be completed	6/1/26

Italicized items and dates are at the City's option. The City reserves the right to award contract solely on the basis of proposal content.

III. SCOPE OF SERVICES

A. Services of the Consultant

The City of Visalia will require a consultant to perform the following tasks for the project.

1. **Preliminary Design Phase**:
   - Conduct a detailed site assessment to confirm existing conditions and gather necessary data.
   - Develop a preliminary design for Digester 9, ensuring compliance with all relevant codes and standards.
   - Prepare a preliminary cost estimate for the project.

2. **Final Design Phase**:
   - Develop detailed design drawings and specifications for the digester and associated equipment, including:
     - **Construction of a new digester**: Design a fixed cover structure built from reinforced concrete.
     - **Digester mixing system**: Include a mixing pump and associated piping, valves, and appurtenances.
     - **Digester heating system**: Incorporate a sludge recirculation pump, hot water pump, heat exchanger, and associated piping, valves, and appurtenances.
     - **Digester feed transfer pumps**: Design and specify associated piping, valves, and appurtenances.
     - **Yard piping**: Design for digester feed, digested sludge, hot water return/supply, and digester gas.
     - **New electrical and boiler building**: Include a new boiler to expand the capacity of the main hot water loop and a new Motor Control Center (MCC) to power all equipment associated with this project.
   - Ensure designs include all necessary connections to existing plant infrastructure.
   - Provide structural calculations and analysis to support the design.
   - Submit 50% and 90% plans and specifications for review and approval by the City of Visalia.
   - Prepare a final cost estimate for the project.

3. **Permitting and Approvals**:
   - Assist the City of Visalia in obtaining all necessary permits and approvals from regulatory agencies.

- Respond to comments and make necessary revisions to design documents as required by permitting agencies.

4. **Construction Support Services**:
   - Provide construction administration services, including reviewing submittals, responding to requests for information (RFIs), and conducting periodic site visits to ensure compliance with design documents.
   - Assist with the commissioning and startup of Digester 9 and associated equipment.
   - Provide training for City staff on the operation and maintenance of Digester 9.

5. **Meetings and Workshops**:
   - Conduct monthly meetings with City staff to update on progress and address any issues or concerns.
   - Conduct Workshops at each design level (50%, 90%, and 100%).
   - Provide detailed progress reports at each meeting and workshop.

6. **Deliverables**
   - Preliminary design report and cost estimate
   - 50%, 90%, and final design drawings and specifications
   - Structural calculations and analysis
   - Permit applications and documentation
   - Construction support documentation, including submittal reviews and RFI responses
   - Commissioning and training documentation
   - Monthly progress reports, including budget and schedule updates. Meeting agendas and minutes. (All provided in PDF format).

7. **Schedule**
   The project is expected to be completed within 9 months. The contractor will be required to submit a detailed project schedule within 2 weeks of the contract award, outlining key milestones and deliverable dates.

B. City Responsibilities

- Compensate the consultant as provided in the contract agreement.

- Provide a "City Representative" who will represent the City and who will work with the consultant in carrying out the provisions of the RFP. The Consultant shall communicate with the City representative who will provide the following services:

- Examine documents submitted to the City by the Consultant and timely render decisions pertaining thereto.

- Give reasonably prompt consideration to all matters submitted by the Consultant for approval to the end that there will be no substantial delays in the Consultant's program of work.

IV. PROPOSAL CONTENT AND FORMAT REQUIREMENTS

The following are proposal requirements. Respondents are requested to organize their proposal into sections with tabs corresponding to the listed selection criteria as follows. You must answer the following questions in the same sequence as below. A screening committee will evaluate the completeness of the response to the RFP.

A. General Information

- Firm name, address, telephone number, fax number and email address.
- Account Representative or other person to contact for clarification of any item contained in the proposal. Include telephone number, fax number and email address if different from above.

- Specify type of organization (individual, partnership or corporation) and if applicable indicate whether you are:

    a. Small Business.
    b. Disadvantaged Business.
    c. Minority and/or Women-Owned Business.

- Provide your Federal Tax ID Number and City of Visalia Business Tax Certificate Number.
- Names of company's owners / officers.
- Personnel of the Proposer's Firm must be identified in the proposal with their background and the firm must give assurances of continuity of its personnel. A contact person needs to be identified.
- Provide surety information for all sureties – General and Automobile Liability, E/O and Worker's Compensation.
- References and Referrals
- Completed and signed forms included with this RFP (pgs. 16-22)

B. Proposed Program Approach

Summarize your approach and understanding of the program and any special considerations of which the City of Visalia should be aware. Indicate clearly, the levels of participation you will expect from City of Visalia staff in the fulfillment of the contract. The contents of this section shall be determined by the proposer but should demonstrate an understanding of the special characteristics of the project.

This section shall outline the proposed approach to the project. This approach or scope of work shall consist of:

- Phase
- Objective(s)
- Task(s) and brief description
- Work products
- Meeting(s)
- Completion date

Exceptions to the requirements of the RFP should be clearly delineated in this section.

While the City believes this RFP provides the necessary direction for the Consultant to provide a proposal to complete the services, the City understands that there may be additional items the Consultant may discover during the development of their proposal. The Consultant is encouraged to include/address any items that they feel the City has omitted in error or that should be included as part of the services to complete this project. All proposer's may include a maximum of two (2) pages of information not included, nor requested in this RFP, if you feel it may be useful and applicable to this project.

The information in this section will aid the City in the refinement of the scope of work during contract negotiations.

C. Staff Qualifications and Related Experience

1. Staff Qualifications and Experience

This section should demonstrate the qualifications of all professional personnel to be assigned to this project by providing resumes/experience summaries describing their education, credentials, related experience and their proposed roles for this contract. Note: Consultant may not substitute any member of the project team without prior written approval of the City.

2. Related Experience

Include descriptive information concerning the experience of the firm. Include information about previous projects that might be comparable, including the size and type of projects and the scope of services provided. In addition, provide references for the three (3) most comparable projects for which your firm has provided, or currently is providing, similar services.

List the projects in reverse chronological order and provide the following information for each project:

Indicate for each of these projects:

- Name of project
- Project location
- Brief description (type of construction, functional components, special design considerations)
- Name of owner
- Name of owner's contact person and telephone number (contact person, who, at the time of RFP submittal, will be employed by the owner)
- Your firm's specific involvement (i.e., engineer, subconsultant, etc.)
- Proposed cost vs. actual cost
- Status of completion

D. Proposed Fee Structure

The Proposed Fee Structure shall be provided under separate, sealed cover as a part of the RFP submittal with the "original, unbound" copy of respondent's proposal and shall be included on the USB drive in a separate folder marked "fees". Do not include fees in the three (3) copies of the proposal.

Provide proposed fees and cost information and recommend a budget plan for all services to be provided in the following format:

- Proposers should review the requirements of this RFP and address all services in this fee schedule that might reasonably be expected to support the project. Indicate how the City will be invoiced for services, i.e., unit or hourly costs. This information should be detailed and broken down by road segment and intersection including units of work or other applicable measure. Proposers should endeavor to provide a comprehensive, fee schedule, as the City will not include compensation in the contract for items not addressed.

- Include a total cost to provide services, based on the consultant's fee schedule and the scope of work as outlined in this RFP. This cost will be used as a basis for negotiations.

The fee proposal (submitted under separate, sealed cover) along with the proposed project approach, will be used as a basis for any contract negotiations. The actual scope of services and fees included in the contract may be negotiated and may vary to satisfy the City's actual needs.

E. Conflict of Interest

- Disclose any financial, business or other relationship with the City or any member of the City staff that may have an impact on the outcome of the project.
- List current clients who may have a financial interest in the outcome of the project.

V. CONSULTANT SELECTION PROCEDURE

Selection of the successful proposal shall be generally based on the information provided by the Vendors in response to the Request for Proposals and any subsequent interviews that may be conducted. *Consultant interviews will be held solely at the option and discretion of the City of Visalia.* The process for selection shall occur in the following sequence:

- Review Proposals
- Establish a "short list" of three or more firms

- Interview “short-listed” firms (at the option and discretion of the City)
- Identify best qualified firm
- Determine which, if any, alternates will be selected, and negotiate a fee
- Award contract

A project Selection Committee, as deemed necessary, will be formed to evaluate the proposals and to make recommendation to the Visalia City Council. This committee may consist of representatives of the user department, members of the community, members of the Council and may include a representative knowledgeable in water reclamation facility engineering planning and design. Composition and creation of this committee, should one be formed, is at the sole discretion of the City. Names of the Committee members, should one be formed, will not be released prior to the time for interviews.

The Committee will review the proposals for format to ensure conformance with the requirements of the RFP and may select finalists to interview with the Committee as a part of the Committee's evaluation process. The City does not guarantee that an interview will take place, thus reserving the right to select a contractor based solely on the information provided in the proposals received in response to the RFP. *Should an interview take place, the key personnel responsible for fulfilling the requirements of the project shall be required to be present for the interview.*

A. Criteria

The Committee will address the following criteria in evaluation of proposals in order to gauge the ability of a contractor to perform the contract as specified. The same general criteria will be used to judge both the proposal and the presentation, should the City choose to conduct interviews with short-listed firms.

Criteria	Explanation	Weight
Merit of Proposals Submittal / Presentation	• Proposals submittal thoroughness	15
Knowledge and Expertise of Personnel/Firm	• Capability of personnel • Firm qualifications • Adequacy of Staff to perform the work • Firms’ expertise demonstrated by examples of similarly completed plans.	25
Understanding of Project	• Knowledge of project, requirements	20
Timeline	• Ability to meet City schedule	20
Record of Past Performance	• References • Ability to work effectively with City staff, other public agencies and related parties. • Demonstrated ability to complete work tasks within project timelines and budget. • Any design recognition	20
	Total Points Possible	100

Prior to the award of contract, the City must be assured that the proposer selected has all of the resources required to successfully perform under the contract. This includes, but is not limited to, personnel with the skills required, equipment/materials and financial resources sufficient to provide services called for under this contract. If, during the evaluation process, the City is unable to assure itself of the proposer’s ability to perform under the contract, if awarded, the City has the option of requesting from the proposer, any information that the City deems necessary to determine the proposer’s capabilities. If such information is required, the proposer will be notified and will be permitted seven (7) working days to submit the requested information.

B. Background Check

The City reserves the right to conduct a background inquiry of each proposer which may include the collection of appropriate criminal history information, contractual and business associations and practices, employment histories and reputation in the business community. By submitting a proposal to the City, the proposer consents to such an inquiry and agrees to make available to the City such books and records as the City deems necessary to conduct the inquiry.

C. Award of Contract

The successful firm will be required to execute a contract with the City of Visalia. A Draft Agreement has been included in this RFP to alert proposer's to the provisions generally found in City contracts. The Draft Agreement may be altered from the enclosed form at the discretion of the City and without notice to consultant prior to award of contract. The City does not guarantee that the Final Agreement will duplicate the enclosed Draft Agreement.

VI. EXAMINATION OF CONTRACT REQUIREMENTS AND ACCEPTANCE OF PROPOSAL CONTENT

Before submitting a proposal, proposer's must satisfy themselves by personal examination of the proposal requirements and other contract documents, and by any other means as they may believe necessary, as to the actual conditions, requirements, and difficulties under which the work must be performed and to verify any representations made by the City of Visalia, upon which the offeror will rely.

The submission of a proposal shall be considered conclusive evidence that the proposer has carefully investigated all conditions that affect, or may at some future date affect, the performance of services covered by this solicitation, and is satisfied as to the character, quality, and quantities of work to be performed and as to the requirements of the proposal. Submission of a proposal shall also be evidence that the proposer is familiar with directives that in any way affect prosecution of the work or persons engaged or employed in the work.

No proposer shall at any time after submission of a proposal make any claim or assertion that there was any misunderstanding or lack of information regarding the nature or amount of work necessary for satisfactory performance under the contract. If the proposer receives an award as a result of this Request for Proposals, failure to have made such investigations and examinations will in no way relieve the proposer from its obligations to comply in every detail with all provisions and requirements of the contract documents, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for claim whatsoever by the proposer for additional compensation. Any errors, omissions, or discrepancies found in the specifications or other contract documents shall be called to the attention of the City and clarified prior to the submission of proposals.

Should the proposer feel there has been a supplemental or oral modification, it shall be his responsibility to verify said modification in writing prior to submission of the proposal.

The contents of the proposal of the successful proposer shall become contractual obligations if procurement action ensues. Failure to accept these obligations in a contractual agreement shall result in cancellation of award.

A. Withdrawal of Proposals

Any proposal may be withdrawn at any time prior to the time fixed in the public notice for the receipt of proposals, only by written request for the withdrawal of the proposal filed with the Purchasing Division. The request shall be executed by the proposer or his duly authorized representative. The withdrawal of a proposal does not prejudice the right of the proposer to file a new proposal. No proposal may be withdrawn after the time fixed in the public notice for the receipt of proposals.

B. Rejection of Proposals

The City of Visalia reserves the right to reject any or all proposals; to waive any requirements, both the City's and those proposed by the vendor; to waive any irregularities or informalities in any proposal or the RFP process when it

is in the best interest of the City to do so; to negotiate for the modification of any proposal with mutual consent of the proposer; to re-advertise for proposals, if desired; to sit and act as sole judge of the merit and qualifications of the service offered and; to evaluate in its absolute discretion, the proposal of each vendor, so as to select the vendor which best serves the requirements of the City, thus insuring that the best interest of the City will be served. Proposer's past performance and the City's assurance that each proposer will provide service as proposal, will be taken into consideration when proposals are being evaluated.

The City may make such investigation as it deems necessary to determine the ability of a proposer to furnish the required services, and the proposer will furnish to the City all such information and data for this purpose as the City may request. The City reserves the right to reject any proposal if the evidence submitted by, or investigation of, such proposer fails to satisfy the City that such proposer is properly qualified to carry out the obligations of a contract and to deliver the services contemplated herein or; the proposal of any proposer who has previously failed to perform properly, or complete on time, contracts of a similar nature. Any material misrepresentation or material falsification of information provided to the City in the proposer's proposal submission, or at any point in the proposal evaluation process, including any interview conducted, is grounds for rejection of the proposal. In the event that the misrepresentation or falsification is not discovered until after any agreement is awarded, the agreement may be terminated at that time. A determination as to whether a misrepresentation or falsification of the proposal submission is material shall be made solely in the exercise of the City's sound discretion. The City expressly reserves the right to reject the proposal of any proposer who is in default on the payment of taxes, licenses or other moneys due to the City of Visalia.

C. Evaluation/Award of Contract

Evaluation and selection of proposals will be based on the information called for in this RFP. Brochures or other promotional presentations beyond that sufficient to submit a complete and effective proposal are not desired. Elaborate artwork, expensive paper or binders, and expensive visuals are not necessary.

Proposals will be evaluated by a Selection Committee. The City reserves the right to make the selection of a proposer based on any or all factors of value, whether quantitatively identifiable or not, including, but not limited to, the anticipated initiative and ability of the proposer to perform the services set forth herein.

The award, if made, will be made within ninety (90) days from proposal closing date. Proposer agrees and so stipulates in submitting this proposal, as though stated therein, and in any subsequent award of contract that:

1. Contract, should it be awarded, shall be interpreted, construed, and given effect in all respects according to the laws of the State of California.

2. Should proposer be awarded contract, proposer shall not assign contract, or any part thereof, or any moneys due or to become due thereunder, without prior consent of the City.

3. Proposer shall indemnify and hold harmless the City, its officers, officials, employees, and agents from and against all claims, damages, losses, and expenses caused in whole or in part by any negligent act or omission of the proposer, its consultants, subcontractor**,** anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, except where caused by the active negligence, sole negligence, or willful misconduct by the City.

4. Proposer shall hold the City harmless from liability of any nature or kind, including cost and expenses for infringement or use of any copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in connection with the contract.

5. Proposer shall hold the City harmless from liability of any nature or kind, including cost and expenses for infringement or use of any copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in connection with the contract.

6. Proposer warrants that no gratuities, in the form of gifts, entertainment, or otherwise, were offered or given by the proposer, to any officer or employee of the City with a view toward securing the contract or securing

favorable treatment with respect to any determination concerning the performance of the contract. For breach or violation of this warranty, the City shall have the right to terminate the contract, either in whole or in part. The rights and remedies of the City provided in this clause shall not be exclusive, and are in addition to any other rights and remedies provided by law or under the contract.

VII. MEASUREMENT AND PAYMENT

A. Billing and Payments

Vendor is fully responsible for assuring that all services arising from the agreement are billed the correct and applicable contract rate. The vendor is required to establish and maintain a process to monitor its billing practices and will refund all over-charges that may occur.

In connection with any cash discount offered, time will be computed from the date of complete delivery of the service as specified, or from the date correct invoices are received, if that date is later than the date of delivery. For the purposes of earning the discount, payment is deemed to be made on the date of the mailing of the City check.

VIII. GENERAL CONDITIONS

A. Important Notice

The City of Visalia will not be responsible for oral interpretations given by any City employee, representative, or others. Proposer's are cautioned that any statements made that materially change any portion of the proposal documents shall not be relied upon unless subsequently ratified by a formal written amendment to the proposal document. The issuance of a written addendum is the only official method whereby interpretation, clarification, or additional information can be given. If any addenda are issued to this Request for Proposals, the City will attempt to notify all prospective vendors who have secured same. However, it will be the responsibility of each vendor, prior to submitting their proposal, to contact the Purchasing Division, located at 707 W. Acequia, Visalia, CA 93291, (559) 713-4334 to determine if addendums were issued and to make such addendum a part of the proposal.

B. Legal Responsibilities

All proposals must be submitted, filed, made, and executed in accordance with State of California and Federal laws relating to proposals for contracts of this nature whether the same or expressly referred to herein or not. By submitting a proposal, Consultant certifies that he or she will comply with all Federal laws and requirements, including but not limited to Equal Employment Opportunity, Disadvantaged Business Enterprise, Labor Protection and other laws and regulations.

C. Permits and Licenses

1. Business License Certificate

Possession of a City of Visalia Business Tax Certificate is not required to submit a proposal in response to this invitation or if your business is located outside of city limits. *However, Contractor shall be required to possess, at his/her own expense, a valid and current City of Visalia Business Tax Certificate, prior to commencing work if located inside city limits.* Fee is based on gross receipts for all business transactions in the City of Visalia. For additional information, contact the City of Visalia at (559) 713-4326.

2. Professional License

Consultant is to be licensed in accordance with the California Business and Professions Code and is to possess current professional registration and be licensed to perform work in the State of California.

3. Permits
Consultant shall be required to obtain and maintain at his/her own expense, any and all permits, licenses and certifications issued by any federal, state or local governmental agency, pertaining to, and necessary for providing the services required in this Request for Proposals.

D. Insurance

Indemnification and Insurance
As respects acts, errors, or omissions in the performance of services, VENDOR agrees to indemnify and hold harmless CITY, its elected and appointed officers, employees, and CITY designated volunteers from and against any and all claims, demands, losses, defense costs, liability or consequential damages arising directly out of Vendor's negligent acts, errors or omissions in the performance of his/her services under the terms of this Agreement; except to the extent those arise out of the negligence of CITY.

CITY agrees to indemnify and hold harmless VENDOR, its officers, employees, and designated volunteers from and against any and all losses, defense costs, liability or consequential damages to the extent arising out of CITY'S negligent acts, errors or omissions in the performance of this Agreement.

As respects all acts or omissions which do not arise directly out of the performance of services, including but not limited to those acts or omissions normally covered by general and automobile liability insurance, VENDOR agrees to indemnify, defend (at CITY's option), and hold harmless CITY, its elected and appointed officers, agents, employees, representatives, and volunteers from and against any and all claims, demands, defense costs, liability, or consequential damages of any kind or nature arising out of or in connection with Vendor's (or Vendor's subcontractors, if any) performance or failure to perform, under the terms of this Agreement; except to the extent those which arise out of the negligence of CITY.

Without limiting CITY's right to indemnification, it is agreed that VENDOR shall secure prior to commencing any activities under this Agreement, and maintain during the term of this Agreement, insurance coverage as follows:

- Workers' Compensation insurance as required by California statutes.

- Commercial general liability insurance with a combined single limit of not less that One Million Dollars ($1,000,000) per occurrence. Such insurance shall include coverage for Premises and Operations, Contractural Liability, Personal Injury Liability, Products and Completed Operations Liability, Broad Form Property Damage (if applicable), Independent Contractor's Liability (if applicable).

- Professional liability insurance coverage, in an amount not less than One Million Dollars ($1,000,000).

- Comprehensive Automobile Liability coverage with a combined single limit of not less that One Million Dollars ($1,000,000) per occurrence. Such insurance shall include coverage for owned, hired, and non-owned automobiles and shall be provided by a business automobile policy.

Each insurance policy required by this Agreement shall contain the following clause:

"This insurance shall not be canceled, limited in scope or coverage, or non-renewed until after thirty (30) days prior written notice has been given to the City of Visalia, Purchasing Division, 707 W. Acequia, Visalia, CA 93291, with the exception of cancellation for non-payment of premium, in which case ten (10) days notice shall be given"

In addition, the Commercial general liability policy required by this Agreement shall contain the following clauses:

"It is agreed that any insurance maintained by the City of Visalia shall apply in excess of and not contribute with insurance provided by this policy."

"The City of Visalia, its officers, agents, employees, representatives and volunteers are added as additional insured as respects operations and activities of, or on behalf of the named insured, performed under contract with the City of Visalia."

The successful bidder shall maintain the insurance for the life of the contract. Endorsements are to be received and approved by the City before work commences. Should Consultant cease to have insurance as required during any time, all work by Consultant pursuant to this agreement shall cease until insurance acceptable to the City is provided. In addition to any other remedies CITY may have if CONSULTANT fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, CITY may, at its sole option:

1. Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement; or

2. Order CONSULTANT to stop work under this Agreement and/or withhold any payment(s) which become due to CONSULTANT hereunder until CONSULTANT demonstrates compliance with the requirements hereof; or

3. Terminate this Agreement.

E. Assignment of Contract

No assignment by the vendor of the contract or any part hereof, or of funds to be received there under, will be binding upon the City unless such assignment had prior written approval and consent of the City. In the event the City gives such consent, the terms and conditions of the agreement shall apply to, and bind the party or parties to whom such work is assigned, sublet or transferred.

F. Documents/Data

A. Ownership of Documents: All original papers and documents, produced as a result of this Agreement, shall become the property of the CITY. In addition, CITY shall be provided with access and use of any other papers and documents consistent with the purpose and scope of services covered by this Agreement. Any additional copies, not otherwise provided for herein, shall be the responsibility of the CITY.

Documents, including drawings and specifications, prepared by CONSULTANT pursuant to this Agreement, are not intended or represented to be suitable for reuse by CITY or others on extensions of the PROJECT or on any other project. Any use of the completed documents for other projects and any use of incomplete documents without the specific written authorization from CONSULTANT will be at CITY's sole risk and without liability to CONSULTANT. Further, any and all liability arising out of changes made to CONSULTANT's deliverables under this Agreement by CITY or persons other than CONSULTANT is waived as against CONSULTANT, and the CITY assumes full responsibility for such changes unless the CITY has given CONSULTANT prior notice and has received from CONSULTANT written consent for such changes.

B. Publication: No report, information, or other data given or prepared or assembled by the CONSULTANT pursuant to this Agreement, shall be made available to any individual or organization by the CONSULTANT without the prior written approval of the CITY. Notwithstanding the foregoing, however, the CONSULTANT shall not be required to protect or hold in confidence and confidential information which (1) is or becomes available to the public with the prior written consent of the CITY; (2) must be disclosed to comply with law; or (3) must be disclosed in connection with any legal proceedings.

C. Copyrights: The CONSULTANT shall be free to copyright material developed under this Agreement with the provision that the CITY be given a nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use the material for government or public purposes.

G. Termination of Contract

The nature of this services contract requires that the City and the consultant must work closely as a mutually supporting team without conflict. Also, the City needs to be able to terminate this agreement at any time the City may feel this working relationship has been impaired or should the City no longer have complete confidence and satisfaction in the quality and performance of services by the proposer. Therefore:

The right to terminate this Agreement, with or without cause, may be exercised without prejudice to any other right or remedy to which the terminating party may be entitled at law or under this Agreement.

A. Termination By Either Party Without Cause: The CITY or CONSULTANT may terminate this Agreement at any time by giving written notice to the other of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. Should the contract be terminated for convenience, the proposer shall be paid for all authorized services provided, including reasonable charges for de-mobilization. However, the proposer shall not be paid any anticipated profit or fees for services not provided.

B. Termination of Agreement for Cause: The CITY may by written notice to the CONSULTANT specifying the effective date thereof, at least fifteen (15) days before the effective date of such termination, terminate the whole or any part of this Agreement in any of the following circumstances:

1. If the proposer shall fail to provide services or perform satisfactorily the work required by the terms and conditions of the contract, or materially breaches any of its obligations under this agreement the City may terminate the contract, in whole or in part.

2. Any assignment, subletting or transfer of the interest of the Consultant, either in whole or in part, without the written consent of the City shall be cause for the City to immediately terminate the agreement for default.

3. Notwithstanding any other provisions of this agreement, this agreement may be terminated by the City upon a single violation of this agreement.

C. Post-Termination:

1. In the event the CITY terminates this Agreement with or without cause, the CITY may procure, upon such terms and such manner as it may determine appropriate, services similar to those terminated.

2. Except with respect to defaults of subconsultants, the CONSULTANT shall not be liable for any excess costs if the failure to perform this Agreement arises out of causes beyond the control and without the fault or negligence of the CONSULTANT. Such causes include, but are not limited to, acts of God or of the public enemy, floods, epidemics, quarantine restrictions, strikes, and unusually severe weather; but in the event the failure to perform is caused by the default of a subconsultant, the CONSULTANT shall not be liable for failure to perform, unless the services to be furnished by the subconsultant were obtainable from other

sources in sufficient time and within budgeted resources to permit the CONSULTANT to meet the required delivery schedule or other performance requirements.

3. Should the Agreement be terminated with or without cause, the CONSULTANT shall provide the CITY with all finished and unfinished documents, data, studies, services, drawings, maps, models, photographs, reports, etc., prepared by the CONSULTANT pursuant to this Agreement.

4. Upon termination, with or without cause, CONSULTANT will be compensated for the services satisfactorily completed to the date of termination according to compensation provisions contained herein. In no event, shall the total compensation paid CONSULTANT exceed the total compensation agreed to herein.

5. If, after notice of termination of this Agreement, as provided for in this article, it is determined for any reason that the CONSULTANT was not in default under the provisions of this article, then the rights and obligations of the parties shall be the same as if the Agreement was terminated without cause.

6. Termination of this Agreement shall not terminate any obligation to indemnify, to maintain and make available any records pertaining to the Agreement, to cooperate with any audit, to be subject to offset, or to make any reports of pre-termination activities.

H. Right to Require Performance

The failure of the City at any time to require performance by the proposer of any provisions hereof shall in no way affect the right of the City thereafter to enforce the same. Nor shall waiver by the City of any breach of any provision hereof be taken or held to be waiver of any succeeding breach of such provision or as a waiver of any provision itself.

I. Ethics in Public Contracting

Each proposer, by submitting a proposal, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act by submitting a proposal, the proposer certifies that its proposal was made without fraud; that it has not offered or received any kickbacks or inducements from any other proposer in connection with the request for proposal; and that it has not conferred on any public employee, public member or public official having responsibility for this procurement transaction, any payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value. The proposer further certifies that no relationship exists between itself and the City or another person or organization that interferes with fair competition or constitutes a conflict of interest with respect to a contract with the City of Visalia.

Prior to the award of any contract, the potential Consultant may be required to certify in writing to the Purchasing Division that no relationship exists between the proposer and any City employee, officer, official or agent that interferes with fair competition or is a conflict of interest with respect to a contract with the City of Visalia.

More than one proposal from an individual, firm, partnership, corporation or association under the same or different names may be rejected. Reasonable grounds for believing that a proposer has interest in more than one proposal for the work solicited may result in rejection of all proposals in which the proposer is believed to have an interest.

J. Independent Contractor

In the performance of the services herein provided for, the Consultant shall be, and is, an independent contractor and is not an agent or employee of the CITY. The Consultant has and shall retain the right to exercise full control and supervision of all persons assisting the Consultant in the performance of said services hereunder. The Consultant shall be solely responsible for all matters relating to the payment of its employees including compliance with social security and income tax withholding and all other regulations governing such matters.

K. Equal Employment Opportunity

During the performance of the contract, proposer agrees to the following:

1. Proposer shall comply with all the requirements, when applicable, of the California Fair Employment Practice Commission and provisions of, when applicable, all Federal, State of California, County of Tulare and City of Visalia laws and ordinances related to employment practices.

2. Proposer shall not discriminate against any employee or applicant for employment on the basis of race, religion, color, gender, age, handicap, national origin or ancestry, except when such a condition is a bona fide occupational qualification reasonably necessary for the normal operations of the proposer. The proposer agrees to post in conspicuous places, visible to the employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

3. Proposer, in all solicitations or advertisements for employees, placed by, or on behalf of the proposer, shall state that proposer is an Equal Opportunity Employer.

L. Venue

Any contract resulting from this solicitation shall be governed by, and construed in accordance with, the laws of the State of California. Venue for any litigation arising out of the contract will be vested in Tulare County, California.

M. Proprietary Information

The proposals received shall become the property of the City of Visalia and are subject to public disclosure. Proposal prices and information submitted by proposer's will be made available to proposer's after City Council has approved award of contract. Proposers are to indicate any restrictions on the use of data contained in their responses. Those parts of a proposal which are defined by the proposer as business or trade secrets, as that term is defined in California Government Code, Section 6254.7, and are reasonably marked as "Trade Secrets", "Confidential" or "Proprietary" shall only be disclosed to the public if such disclosure is required or permitted under the California Public Records Act or otherwise by law. Proposer's who indiscriminately and without justification identify most, or all, of their proposal as exempt from disclosure may be deemed non-responsive.

N. Incurring Costs

The City of Visalia is not liable for any cost incurred by proposers in responding to this Request for Proposals.

O. Executive Order N-6-22 – Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

NON-COLLUSION AFFIDAVIT

TO: THE CITY OF VISALIA

The undersigned, in submitting a proposal for performing the following work by contract, being duly sworn, deposes and says:

That he/she has not, either directly or indirectly, entered into any agreement, participate in any collusion, or otherwise taken any action in restraint of free competition in connection with such contract.

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE

Equal Opportunity Clause
Unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Executive Orders 28925, 11114 or Section 204 of Executive Order 11246 of September 24, 1965, during the performance of each contract with the City of Visalia, the contractor agrees as follows:

1. The vendor will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin or political affiliation. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, gender, national origin or political affiliation. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2. The vendor will, in all solicitations or advertisements for employees, placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin or political affiliation.

3. The vendor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or the workers' representative of the contractors' commitments under Section 202 of Executive order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The vendor will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations and relevancy orders of the Secretary of Labor.

Vendor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and relevant orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

5. In the event of the vendor's non-compliance with the non-discrimination clauses of this subcontract or with any of such rules, regulations or orders, this subcontract may be canceled, terminated or suspended, in whole, or in part and the vendor may be declared ineligible for further government contracts in accordance with the procedures authorized in accordance with Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or otherwise provided by law.

6. The vendor will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each Subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event the contractor becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interest of the United States.

Certification on Non-Segregated Facilities
The contractor hereby certifies that it does not or will not maintain segregated facilities not permit its employees to work at locations where facilities are segregated on the basis of race, color, religion, gender, national origin or political affiliation.

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES:_____ NO:_____. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

STATE OF CALIFORNIA
DRUG-FREE WORKPLACE CERTIFICATION
STD.21 (REV.12-93)

CERTIFICATION

I, the official named below, hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the certification described below. I am fully aware that this certification, executed on the date below, is made under penalty of perjury under the laws of the State of California.

CONTRACTOR/BIDDER FIRM NAME	FEDERAL ID NUMBER
BY(Authorized Signature)	DATE EXECUTED
PRINTED NAME	TELEPHONE NUMBER (Include Area Code) ( )
TITLE	
CONTRACTOR/BIDDER FIRM'S MAILING ADDRESS	

The contractor or grant recipient named above hereby certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. The above named contractor or grant recipient will:

1. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations, as required by Government Code Section 8355(a).

2. Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b), to inform employees about all of the following:

   (a) The dangers of drug abuse in the workplace,

   (b) The person's or organization's policy of maintaining a drug-free workplace,

   (c) Any available counseling, rehabilitation and employee assistance programs, and

   (d) Penalties that may be imposed upon employees for drug abuse violations.

3. Provide as required by Government Code Section 8355©, that every employee who works on the proposed contract or grant:

   (a) Will receive a copy of the company's drug-free workplace policy statement, and

   (b) Will agree to abide by the terms of the company's statement as a condition of employment on the contract or grant.

4. At the election of the contractor or grantee, from and after the "Date Executed" and until _____ (NOT TO EXCEED 36 MONTHS), the state will regard this certificate as valid for all contracts or grants entered into between the contractor or grantee and this state agency without requiring the contractor or grantee to provide a new and individual certificate for each contract or grant. If the contractor or grantee elects to fill in the blank date, than the terms and conditions of this certificate shall have the same force, meaning effect and enforceability as if a certificate were separately, specifically, and individually provided for each contract or grant between the contractor or grantee and this state agency.

IRAN CONTRACTING ACT CERTIFICATION

(Public Contract Code Section 2200 et seq.)

As required by California Public Contract Code Section 2204, the Contractor certifies subject to penalty for perjury that the option checked below relating to the Contractor's status in regard to the Iran Contracting Act of 2010 (Public Contract Code Section 2200 et seq.) is true and correct:

◯ The Contractor is not:

(1) Identified on the current list of persons and entities engaged in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203; or

(2) A financial institution that extends, for 45 days or more, credit in the amount of $20,000,000 or more to any other person or entity identified on the current list of persons and entities engaging in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203, if that person or entity uses or will use the credit to provide goods or services in the energy sector in Iran.

◯ The City has exempted the Contractor from the requirements of the Iran Contracting Act of 2010 after making a public finding that, absent the exemption, the City will be unable to obtain the goods and/or services to be provided pursuant to the Contract.

◯ The amount of the Contract payable to the Contractor for the Project does not exceed $1,000,00 over the life of the contract (up to 5 years).

Signature:_____ Printed Name:_____

Title:_____ Agency Name:_____

Date:_____

Note: In accordance with Public Contract Code Section 2205, false certification of this form shall be reported to the California Attorney General and may result in civil penalties equal to the greater of $250,000 or twice the Contract amount, termination of the Contract and/or eligibility to bid on contracts for three years.

AGREEMENT FOR PROFESSIONAL SERVICES TO DESIGN DIGESTER 9 AT VISALIA'S WATER RECLAMATION FACILITY

This Agreement, entered into this _____ day of _____, 20____, by and between the City of Visalia, hereinafter referred to as the "CITY", and _____ hereinafter referred to as the "CONSULTANT".

W I T N E S S E T H

WHEREAS, the CITY is authorized and empowered to employ consultants and specialists in the performance of its duties and functions; and

WHEREAS, the CITY has the desire to secure certain technical and professional services to assist in the preparation and completion of the items of work described as "Scope of Work" in Exhibit "A", and hereinafter referred to as the "PROJECT"; and

WHEREAS, the CONSULTANT represents it is licensed, qualified and willing to provide such services pursuant to terms and conditions of this Agreement.

NOW, THEREFORE, CITY and CONSULTANT agree as follows:

I. SERVICES TO BE PERFORMED BY THE CONSULTANT

A. Authorized Scope of Work: The CONSULTANT agrees to perform all work necessary to complete in a manner satisfactory to the CITY those tasks described in Exhibit "A" - Scope of Work, for the cost identified in Exhibit "B" - Project Fee.

B. Additional Services: Incidental work related to the PROJECT and not provided for in Exhibit "A" may be needed during the performance of this Agreement. The CONSULTANT agrees to provide any and all additional services at the rates identified in attached Exhibit "C" - Schedule of Fees for Professional Services. Such additional services shall not be performed by CONSULTANT without the written consent of CITY.

II. TIME OF PERFORMANCE

The CONSULTANT shall commence performance of this Agreement within ten (10) days of Consultant's Notice to Proceed following City Council approval of this Agreement and shall complete the work within the timeframes outlined in Exhibit "A", unless otherwise extended in writing by CITY, in its sole discretion.

If the CONSULTANT fails to complete the PROJECT within the time specified, plus any extensions of time which may be granted, the CITY shall determine the percent of each work item completed and shall pay the CONSULTANT on that basis.

CONSULTANT shall not be responsible for delays which are due to causes beyond the CONSULTANT's reasonable control. In the case of any such delay, the time of completion shall be extended accordingly in a writing signed by both parties.

III. COMPENSATION

A. Total Compensation: For services performed pursuant to this Agreement, the CITY agrees to pay and the CONSULTANT agrees to accept, as payment in full, a sum not to exceed _____ dollars ($). This amount shall constitute complete compensation, including document production and out-of-pocket expenses for all services for the work and PROJECT identified in Exhibits "A" and "B".

B. Payment of Compensation: The CONSULTANT shall be compensated according to the progress payment schedule set forth in Exhibit "D" upon completion of percentage of each noted phase. The CONSULTANT shall be paid no later than thirty (30) days following submission of a written, verified billing to the CITY. Said billing shall include the percentage of each task completed to date and since the date of the preceding billing, if any.

IV. AUTHORIZED REPRESENTATIVE

B. CITY: The _____ shall represent the CITY in all matters pertaining to the services to be rendered under this Agreement, except where approval of the City Council of the City of Visalia is specifically required.

C. CONSULTANT: _____ shall represent and act as principle for CONSULTANT in all matters pertaining to the services to be rendered by it under this Agreement.

V. TERMINATION

The right to terminate this Agreement, with or without cause, may be exercised without prejudice to any other right or remedy to which the terminating party may be entitled at law or under this Agreement.

A. Termination By Either Party Without Cause: The CITY or CONSULTANT may terminate this Agreement at any time by giving written notice to the other of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination.

B. Termination of Agreement for Cause: The CITY may by written notice to the CONSULTANT specifying the effective date thereof, at least fifteen (15) days before the effective date of such termination, terminate the whole or any part of this Agreement in any of the following circumstances:

1. If the CONSULTANT fails to perform the services called for by this Agreement within time(s) specified herein or any extension thereof; or

2. If the CONSULTANT fails to make progress under this Agreement as to endanger performance of this Agreement in accordance with its terms, and does not correct such failure within a period of ten (10) days (or longer period as the CITY may authorize in writing) after receipt of notice from the CITY specifying such failure.

C. Post-Termination:

1. In the event the CITY terminates this Agreement with or without cause, the CITY may procure, upon such terms and such manner as it may determine appropriate, services similar to those terminated.

2. Except with respect to defaults of subconsultants, the CONSULTANT shall not be liable for any excess costs if the failure to perform this Agreement arises out of causes beyond the control and without the fault or negligence of the CONSULTANT. Such causes include, but

are not limited to, acts of God or of the public enemy, floods, epidemics, quarantine restrictions, strikes, and unusually severe weather; but in the event the failure to perform is caused by the default of a subconsultant, the CONSULTANT shall not be liable for failure to perform, unless the services to be furnished by the subconsultant were obtainable from other sources in sufficient time and within budgeted resources to permit the CONSULTANT to meet the required delivery schedule or other performance requirements.

3. Should the Agreement be terminated with or without cause, the CONSULTANT shall provide the CITY with all finished and unfinished documents, data, studies, services, drawings, maps, models, photographs, reports, etc., prepared by the CONSULTANT pursuant to this Agreement.

4. Upon termination, with or without cause, CONSULTANT will be compensated for the services satisfactorily completed to the date of termination according to compensation provisions contained herein. In no event, shall the total compensation paid CONSULTANT exceed the total compensation agreed to herein.

5. If, after notice of termination of this Agreement, as provided for in this article, it is determined for any reason that the CONSULTANT was not in default under the provisions of this article, then the rights and obligations of the parties shall be the same as if the Agreement was terminated without cause.

6. Termination of this Agreement shall not terminate any obligation to indemnify, to maintain and make available any records pertaining to the Agreement, to cooperate with any audit, to be subject to offset, or to make any reports of pre-termination activities.

VI. INTEREST OF OFFICIALS AND THE CONSULTANT

A. No officer, member, or employee of the CITY who exercises any functions or responsibilities in the review or approval of this Agreement shall:

1. Participate in any decision relating to this Agreement which effects his personal interest or the interest of any corporation, partnership, or association in which he has, directly or indirectly, any interest; or

2. Have any interest, direct or indirect, in this Agreement or the proceeds thereof during his tenure or for one year thereafter.

B. The CONSULTANT hereby covenants that he has, at the time of the execution of this Agreement, no interest, and that he shall not acquire any interest in the future, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed pursuant to this Agreement. The CONSULTANT further covenants that in the performance of this work, no person having any such interest shall be employed.

VII. NO PERSONNEL, AGENCY OR COMMISSION

The CONSULTANT warrants, by execution of this Agreement, that no personnel agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide established commercial or selling agencies maintained by the CONSULTANT for the purpose of securing business. For breach or violation of this warranty, the CITY shall have the right to annul this Agreement without liability or, in its discretion, to deduct from this Agreement price or

consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

VIII. SUBCONTRACTING

A. The CONSULTANT shall not subcontract or otherwise assign any portion of the work to be performed under this Agreement without the prior written approval of the CITY.

B. In no event shall the CONSULTANT subcontract work in excess of 50% of the contract amount, excluding specialized services. Specialized services are those items not ordinarily furnished by a consultant performing the particular type of project.

IX. INDEPENDENT CONTRACTOR

In the performance of the services herein provided for, the CONSULTANT shall be, and is, an independent contractor and is not an agent or employee of the CITY. The CONSULTANT has and shall retain the right to exercise full control and supervision of all persons assisting the CONSULTANT in the performance of said services hereunder. The CONSULTANT shall be solely responsible for all matters relating to the payment of its employees including compliance with social security and income tax withholding and all other regulations governing such matters.

X. SPECIFICATIONS

All specifications, manuals, standards, etc., either attached to this Agreement or incorporated by reference, are binding as to the performance of the work specified in this Agreement unless they are changed by written amendment to this Agreement modified in writing to incorporate such changes.

XI. DOCUMENTS/DATA

A. Ownership of Documents: All original papers and documents, produced as a result of this Agreement, shall become the property of the CITY. In addition, CITY shall be provided with access and use of any other papers and documents consistent with the purpose and scope of services covered by this Agreement. Any additional copies, not otherwise provided for herein, shall be the responsibility of the CITY.

Documents, including drawings and specifications, prepared by CONSULTANT pursuant to this Agreement, are not intended or represented to be suitable for reuse by CITY or others on extensions of the PROJECT or on any other project. Any use of the completed documents for other projects and any use of incomplete documents without the specific written authorization from CONSULTANT will be at CITY's sole risk and without liability to CONSULTANT. Further, any and all liability arising out of changes made to CONSULTANT's deliverables under this Agreement by CITY or persons other than CONSULTANT is waived as against CONSULTANT, and the CITY assumes full responsibility for such changes unless the CITY has given CONSULTANT prior notice and has received from CONSULTANT written consent for such changes.

B. Publication: No report, information, or other data given or prepared or assembled by the CONSULTANT pursuant to this Agreement, shall be made available to any individual or organization by the CONSULTANT without the prior written approval of the CITY. Notwithstanding the foregoing, however, the CONSULTANT shall not be required to protect or hold in confidence and confidential information which (1) is or becomes available to the public with the prior written consent of the CITY; (2) must be disclosed to comply with law; or (3) must be disclosed in connection with any legal proceedings.

C. Copyrights: The CONSULTANT shall be free to copyright material developed under this Agreement with the provision that the CITY be given a nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use the material for government or public purposes.

XII. INDEMNIFICATION AND INSURANCE

A. As respects acts, errors, or omissions in the performance of services, CONSULTANT agrees to indemnify and hold harmless CITY, its elected and appointed officers, employees, and CITY designated volunteers from and against any and all claims, demands, losses, defense costs, liability or consequential damages arising directly out of CONSULTANT's negligent acts, errors or omissions in the performance of his/her services under the terms of this Agreement, except to the extent those arise out of the negligence of CITY.

B. CITY agrees to indemnify and hold harmless CONSULTANT, its officers, employees, and designated volunteers from and against any and all losses, defense costs, liability or consequential damages to the extent arising out of CITY'S negligent acts, errors or omissions in the performance of this Agreement.

C. As respects all acts or omissions which do not arise directly out of the performance of services, including but not limited to those acts or omissions normally covered by general and automobile liability insurance, CONSULTANT agrees to indemnify, defend (at CITY's option), and hold harmless CITY, its elected and appointed officers, agents, employees, representatives, and volunteers from and against any and all claims, demands, defense costs, liability, or consequential damages of any kind or nature arising out of or in connection with CONSULTANT's (or CONSULTANT's subcontractors, if any) performance or failure to perform, under the terms of this Agreement; except to the extent those which arise out of the negligence of CITY.

D. Without limiting CITY's right to indemnification, it is agreed that CONSULTANT shall secure prior to commencing any activities under this Agreement, and maintain during the term of this Agreement, insurance coverage as follows:

1. Workers' compensation insurance as required by California statues.

2. Commercial general liability insurance with a combined single limit of not less than One Million Dollars ($1,000,000) per occurrence. Such insurance shall include coverage for Premises and Operations, Contractual Liability, Personal Injury Liability, Products and Completed Operations Liability, Broad Form Property Damage (if applicable), Independent Contractor's Liability (if applicable).

3. Professional liability insurance coverage, in an amount not less than One Million Dollars ($1,000,000).

4. Comprehensive Automobile Liability coverage with a combined single limit of not less than One Million Dollars ($1,000,000) per occurrence. Such insurance shall include coverage for owned, hired, and non-owned automobiles and shall be provided by a business automobile policy.

E. CITY'S Risk Manager is hereby authorized to reduce the requirements set forth above in the event he/she determines that such reduction is in the CITY'S best interest.

F. Each insurance policy required by this Agreement shall contain the following clause:

"This insurance shall not be canceled, limited in scope or coverage, or non-renewed until after thirty (30) days prior written notice has been given to the City Clerk, City of Visalia, 707 W. Acequia, Visalia, CA 93291."

In addition, the commercial general liability and comprehensive automobile liability policies required by this Agreement shall contain the following clauses:

"It is agreed that any insurance maintained by the City of Visalia shall apply in excess of and not contribute with insurance provided by this policy."

"The City of Visalia, its officers, agents, employees, representatives and volunteers are added as additional insureds as respects operations and activities of, or on behalf of the named insured, performed under contract with the City of Visalia."

G. Prior to commencing any work under this Agreement, CONSULTANT shall deliver to CITY insurance certificates confirming the existence of the insurance required by this Agreement, and including the applicable clauses referenced above. Within thirty (30) days of the execution date of this Agreement, CONSULTANT shall provide to CITY endorsements to the above-required policies, which add to these policies the applicable clauses referenced above. Said endorsements shall be signed by an authorized representative of the insurance company and shall include the signatory's company affiliation and title. Should it be deemed necessary by CITY, it shall be CONSULTANT's responsibility to see that CITY receives documentation acceptable to CITY which sustains that the individual signing said endorsements is indeed authorized to do so by the insurance company. CITY has the right to demand, and to receive within a reasonable time period, copies of any insurance policies required under this Agreement.

H. In addition to any other remedies CITY may have if CONSULTANT fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, CITY may, at its sole option:

4. Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement; or

5. Order CONSULTANT to stop work under this Agreement and/or withhold any payment(s) which become due to CONSULTANT hereunder until CONSULTANT demonstrates compliance with the requirements hereof; or

6. Terminate this Agreement.

Exercise of any of the above remedies, however, is an alternative to other remedies CITY may have and is not the exclusive remedy for CONSULTANT's failure to maintain insurance or secure appropriate endorsements.

Nothing herein contained shall be construed as limiting in any way the extent to which CONSULTANT may be held responsible for payments of damages to persons or property resulting from CONSULTANT's or its subcontractor's performance of the work covered under this Agreement.

XIII. NON-DISCRIMINATION

CONSULTANT and all subcontractors shall not discriminate against any employee or applicant for employment on the basis of race, color, national origin, or sex in the performance of this Agreement. The CONSULTANT shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement.

XIV. MISCELLANEOUS PROVISIONS

A. Successors and Assigns: This Agreement shall be binding upon and shall inure to the benefit of any successors to or assigns of the parties.

B. Prohibition of Assignment: Neither the CITY nor CONSULTANT shall assign, delegate or transfer their rights and duties in this Agreement without the written consent of the other party.

C. Dispute/Governing Law: Any dispute not resolvable by informal arbitration between the parties to this Agreement shall be adjudicated in a Court of Law under the laws of the State of California.

D. Notices: Notice shall be sufficient hereunder if personally served upon the City Clerk of the CITY or an officer or principal of the CONSULTANT, or if sent via the United States Postal Service, postage prepaid, addressed as follows:

CITY OF VISALIA	CONSULTANT:_____
707 W. Acequia Avenue	Mailing Address:_____
Visalia, CA 93291	_____
Attn: City Clerk	Attn:_____
	Phone:_____
	Email:_____

E. Jurisdiction/Venue/Waiver Of Removal: This Agreement shall be administered and interpreted under the laws of the State of California. Jurisdiction of litigation arising from this Agreement shall be in that State. Any action brought to interpret or enforce this Agreement, or any of the terms or conditions hereof, shall be brought in Tulare County, California. The CONSULTANT hereby expressly waives any right to remove any action to a county other than Tulare County as permitted pursuant to Section 394 of the California Code of Civil Procedure.

F. Integration/Modification: This Agreement and each of the exhibits referenced herein, which are incorporated by reference, represents the entire understanding of the CITY and the CONSULTANT as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This Agreement may not be modified or altered except in writing signed by the CITY and the CONSULTANT.

G. Conflict With Law: If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void insofar as it is in conflict with said law, but the remainder of the Agreement shall be in full force and effect.

H. Attorney's Fees: In the event either party commences any action, arbitration or legal proceedings for the enforcement of this Agreement, the prevailing party, as determined by the court or arbitrator,

shall be entitled to recovery of its attorney's fees and court costs incurred in the action brought thereon.

I. Construction: This Agreement is the product of negotiation and compromise on the part of each party and the parties agree, notwithstanding Civil Code Section 1654, that in the event of uncertainty the language will not be construed against the party causing the uncertainty to exist.

J. Authority: Each signatory to this Agreement represents that it is authorized to enter into this Agreement and to bind the party to which its signature represents.

K. Headings: Section headings are provided for organizational purposes only and do not in any manner affect the scope or intent of the provisions thereunder.

L. Firearms Prohibited: Guns may not be carried by contractors /vendors/consultants while working on City of Visalia premises without the expressed written approval of a City of Visalia Department Head, or an exemption in the contract. If a contractor/vendor/consultant is caught carrying a gun, without City permission, their contract will be terminated.

M. Executive Order N-6-22 – Russia Sanctions On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

IN WITNESS WHEREOF, this Agreement is executed on the day and year first above written.

Visalia City Council

Staff Report

File #: 25-0441 **Agenda Date:** 10/6/2025 **Agenda #:** 11.

Agenda Item Wording:
Authorization of Amendment to Facility Use Agreement - Kaweah Little League Softball for Usage of Riverway Sports Park Softball Complex during Fall season.

Prepared by: Eric Ferreira, Recreation Supervisor Eric.Ferreira@visalia.gov 713-4178, Laurissa Roggenkamp, Recreation Manager Laurissa.Roggenkamp@visalia.gov 713-4336, Jason Glick, Parks & Recreation Director Jason.Glick@visalia.gov 713-4042

Department Recommendation: Staff recommends that City Council authorize the City Manager to execute the Amendment to the Facility Use Agreement with Kaweah Little League Softball D.B.A. Sequoia Softball to include the fall league usage dates at Riverway Sports Park Softball Complex within the agreement.

Summary:
On March 13, 2024, Visalia City Council authorized a one (1) year agreement with four (4) one-year extensions between the City of Visalia and Kaweah Little League Softball D.B.A. Sequoia Softball for use of the Riverway Sports Park Softball Complex during specified days and times for a spring youth softball league.

Per the agreement, and in exchange for exclusive use of all 4 softball fields, Sequoia Softball provides in-kind improvements to the facility in an amount equal to $2,000 per year. In addition, Sequoia Softball receives a contractual field rental rate equal to 25% of the private organization rate, as outlined in the City Fee Schedule. These contractual terms apply to the spring season, defined as the second Monday of March through the first Friday of June on Tuesdays, Wednesdays, and Fridays for a total of 13 consecutive weeks.

As the league continues to grow, Sequoia Softball has identified increased community interest in a fall season. In response to this demand, the organization decided to host its first fall league during the 2025 season. Sequoia Softball has submitted a formal written request to amend the existing Facility Use Agreement to include the fall season, under the same terms and fee structure currently in place.

Pursuant to Section 24 of the original agreement, which states “This AGREEMENT may be amended at any time by mutual agreement of the parties in writing.” The proposed amendment includes the following additions:

- Additional Use - The amendment addresses priority usage dates and times for fall league, the third Saturday of August until the first Saturday of November. The addition of this usage grants Sequoia Softball the contractual field rental rate, equal to 25% of the private organization rate as outlined in the City Fee Schedule, during regularly scheduled fall league games. In exchange for the reduced rates, Sequoia Softball has committed to make an additional $500 in

-kind contribution per year to assist with maintenance of the facility.

- Grounds Maintenance - The amendment addresses the use of temporary homerun fencing during the Fall league.

All terms and provisions of the original agreement will remain in full force and effect.

Background Discussion:
During the fall sports season Riverway Sports Park Softball Complex is utilized by the City's Recreation Adult League and the Visalia Youth Softball Association. Sequoia Softball originally approached staff during the summer to discuss options to host a 2025 fall season. Staff worked with Sequoia Softball to identify available dates at Riverway Sports Park for their league to host a fall league. A rental contract was developed following regular business operations of the Recreation Division for Sequoia Softball's fall season, September 6th - October 25th. This included conditions such as insurance coverage requirements, fees, and payments. The rental contract currently has Sequoia Softball paying the non-profit rental rate as outlined in the Fiscal Year 2025/2026 City Fee Schedule; $13.60 per hour per field for field use, $18.40 per hour per field for Athletic Lights, and $84.80 per day for concession stand use.

On September 3rd staff was provided a formal letter from Sequoia Softball requesting an amendment to the facility use agreement for a reduced rental rate. This request was taken to the Parks & Recreation Commission at the regular meeting held on September 9th. The Parks & Recreation Commission approved staff's recommendation that the amendment be taken to City Council for authorization to implement the amendment.

Sequoia Softball is a Visalia-based girls softball league. The City has entered into Facility Use Agreements with Sequoia Softball since their league's inception in 2020. The current agreement, set to expire in 2027, grants Sequoia Softball priority field usage at Riverway Sports Park Softball Complex on specific days throughout the spring.

Under the terms of the agreement, the approved field rental rate is equal to 25% of the rate listed in the City's Fee Schedule for private organizations. Based on the current schedule, this equates to $4.25 per hour, per field. In addition to field rental fees, Sequoia Softball pays $10.00 per hour for concession stand use and $18.40 per hour, per field for stadium lighting.

Without an amendment to the agreement, any fall field use would be subject to the regular non-profit rate, currently $13.60 per hour, per field, as outlined in the City Fee Schedule.

Fiscal Impact: Estimated additional $1,600 in rental revenue and an additional commitment of $500 of in-kind contributions to assist with the maintenance of the facility.

Prior Council Action: March 13, 2024 - Council authorized a Facility Use Agreement with Kaweah Little League Softball D.B.A. Sequoia Softball.

Other: September 9, 2025 Parks & Recreation approved recommendation to City Council to authorize amendment.

Alternatives: Deny presented amendment and direct staff to negotiate with league for alternatives.

Recommended Motion (and Alternative Motions if expected):
Move to authorize the City Manager to execute the Amendment to the Facility Use Agreement between the City of Visalia and Kaweah Little League Softball D.B.A. Sequoia Softball.

Environmental Assessment Status: N/A

CEQA Review: N/A

Deadline for Action: 10/6/2025

Agenda Item Wording:
title
Authorize City Manager to execute Facility Use Agreements with Visalia Youth Softball Association and Kaweah Little League Softball D.B.A. Sequoia Softball for the Riverway Softball Complex for the purpose of youth softball games.
body

Deadline for Action: 8/7/2023

Submitting Department: Community Services

Contact Name and Phone Number: Laurissa Roggenkamp 713-4336 and Kelli Kincaid 713-4042

Department Recommendation:
Staff recommends that City Council authorize the City Manager to execute facility use contracts for the Riverway Softball Complex with Visalia Youth Softball Association (VYSA) and Sequoia Little League Softball (SLLS).

Background Discussion:
The City has had Facility Use Agreements with both organizations for the use of Riverway Sports Park Softball Complex. Each organizations agreement expired December 31, 2022. Staff has been discussing proposed updated contract terms internally and with representatives from each organization for new agreements. Attached are draft agreement proposals. The agreement terms will be for one (1) year, with four (4) one-year extensions, commenting on January 1, 2023.

The proposed agreement with VYSA states that they will receive priority right of use for the regular season play for Spring and Fall seasons:

- Spring season dates shall be from the third Saturday of February through the first Saturday of June.
  - Riverway Sports Park Softball Complex, including fields and concession stand

        - Mondays and Thursdays from 3 - 10 p.m.
        - Saturdays and Sundays from 7 a.m. - 10 p.m.
- Fall season dates shall be from the third Saturday of September through the second Saturday of November.
    - Riverway Sports Park Softball Complex, including fields and concession stand
        - Mondays 3 - 10 p.m.
        - Sundays 7 a.m. - 10 p.m.

The proposed agreement with SLLS states that they will receive priority use for the regular season play for the only season they requested, Spring:

- Spring season dates shall be from the second Monday in March through the first Friday of June.
    - Riverway Sports Park Softball Complex, including fields and concession stand
        - Tuesdays, Wednesdays, and Fridays from 3 - 10 p.m.

In exchange for the above referenced use, each organization shall pay the City for field usage, field light usage, concession stand usage, and additional refuse and restrooms services as applicable. The City shall invoice each organization monthly for all fees as described below:

- Field Usage fee equal to 25% of the City fee schedule rate. These rates are updated each fiscal year through the approval of City Council.
- Field Lights Usage shall be charged at the full rate of the City fee schedule. These rates are updated each fiscal year through the approval of City Council.
- Concession Stand Usage shall also be charged the full rate of the City fee schedule that may be adjusted annually with the approval of the City Council.

The proposed rates are the same that have been provided to other youth sports organizations (Cal Ripken, AYSO, and Little League) through Facility Use Agreement with the City.

In exchange for a multi-year agreement and reduced facility use rates, each organization shall provide improvements to the softball fields, concession stand, or general park area on an annual basis in the amount of no less than $2,000 per year.

Each organization shall submit a request for field use in accordance with the City's Parks and Recreation Facility Priority Use Policy, see attached policy. Each organization may only request the amount of field space to accommodate regular season play games. In order to maintain the integrity of the fields and to preserve them for years to come, organizers may not use this facility for practices. Any time and/or field not being utilized by either organization on a date that they have contractual priority use shall be allocated to another facility user for game play, provided that the use does not conflict with the priority organizations use of the premises.

Maintenance of the facility will be shared between the City, VYSA and SLLS. The City is reasonable for regular grounds maintenance, including maintenance of the irrigation system, mowing the outfields, fertilization, weed and rodent control throughout the calendar year. During the designated regular season of game play, outlined in Section 3 USE of the agreement, the City will also be responsible for the install and maintain the portable homerun fencing.

VYSA and SLLS shall be responsible for the maintenance and grooming of the infields on their game dates and for post-season tournament play. Additionally, during post-season tournaments VYSA and SLLS shall be responsible for the installation of the portable homerun fencing.

Fiscal Impact:

Projected revenue based on agreement projected dates and times, actual revenue will vary based on actual field and light usage.

VYSA: Spring cost for fields, field lights and concession stand $26,305
Fall cost for fields, field lights and concession stand $8,628
Projected Cost Total: $34,933

SLLS: Spring cost for fields, field lights and concession stand $10,984
Projected Cost Total: $10,984

Prior Council Action: Council approved prior facility use agreements on: February 22, 2022, March 15, 2021, and March 2, 2020.

Other: N/A

Alternatives: 1. Require VYSA and/or SLLS to pay full rate for field, field lights and concession stand based on City Council's approved Rate & Fee Schedule. 2. Provide VYSA and/or SLLS a different discount percentage for field, field lights and concession stand use.

Recommended Motion (and Alternative Motions if expected):
recommendation
Move to authorize City Manager to execute facility use agreement with Visalia Youth Softball Association.

Move to authorize City Manager to execute facility use agreement with Sequoia Little League Softball.
end

FACILTY USE AGREEMENT BETWEEN
THE CITY OF VISALIA (CITY) AND
KAWEAH LITTLE LEAGUE SOFTBALL
D.B.A SEQUOIA SOFTBALL (SEQUOIA)
Riverway Sports Park Softball Complex

THIS LEASE AGREEMENT made and entered into as of the 13 of MARCH 2024, by and between the CITY OF VISALIA, a Municipal Corporation, hereinafter referred to as "CITY" and KAWEAH LITTLE LEAGUE SOFTBALL D.B.A SEQUOIA SOFTBALL, hereinafter referred to as "SEQUOIA";

WITNESSETH:

For and in consideration of the covenants and agreements hereinafter contained on the part of SEQUOIA to be kept and performed, and in consideration of the usage costs to be paid to CITY as hereinafter set forth, CITY hereby agrees to enter into a FACILITY USE AGREEMENT with SEQUOIA, for use of Riverway Sports Park, including the use of four (4) softball fields and the shared use of the concession stand and restroom facilities as identified in Attachment A, for specified dates and times listed within agreement for regular games.

1. TERM

The term of this LEASE AGREEMENT is one (1) year, with four (4) one-year extensions, commencing on January 1, 2023 and ending on December 31, 2027.

2. FEES AND CHARGES

SEQUOIA shall pay CITY for regular game use during the contracted dates listed in Section 3 a field rental fee equal to 25% of the hourly rate listed in the City's Fees and Charges Schedule. Field light use shall be charged at the full fee listed in the City's Fees and Charges Schedule. SEQUOIA use of the concession stand for sales/operations shall be charged $10/hour, up to the full per day fee listed in the City's Fees and Charges Schedule. The City's Fees and Charges Schedule are set annually and are approved by City Council in June for the next fiscal year, July 1 – June 30. As rates are adjusted, so shall SEQUOIA's field rental rate, field light use rate, and concession stand rate.

All uses outside of the contract period shall be billed at the current rate list of the City's Fees and Charges Schedule.

The City shall invoice SEQUOIA at the end of each month of use for all fees as described above. Payment is due within thirty (30) days of invoice. All payments not received by the due date shall be subject to a two percent (2%) late fee penalty of the amount due.

In addition to the above facility use fees, and in exchange for the reduced facility use rates, SEQUOIA shall provide improvements to the softball fields, concession stand, or general park area on an annual basis in the amount no less than $2,000 per year. Said improvements shall be completed in accordance with Section 20 of FACILITY USE AGREEMENT.

3. USE

The CITY adopted a Facility Use Policy in December 18, 2012. The policy is used to determine use for recreational facilities, see Attachment B. Pursuant to this FACILITY USE AGREEMENT and in accordance with the City's Parks and Recreation Facility Use Policy, section IV Eligibility SEQUOIA shall have Priority 1 level 2 right of use after City activities and programs of the Riverway Sports Park Softball Complex; including fields and concession stand for the dates listed below for the contract period.

Section IV Eligibility states "facility use shall be granted based on the following priority:
Priority 1:

1. City activities and programs.
2. Facility use agreements (organizations having special status assigned by City Council action as a result of having historical use of facilities).

Annually SEQUOIA shall submit a request in writing by January 1st expressing their intent to extend contract for additional year. Upon mutual agreement of the CITY, the Facility Use Agreement may be extended for any additional one-year term remaining within the agreement term listed in Section 1.

Prior to each season SEQUOIA shall submit a request for league start and end dates, time blocks per field use in accordance with the City's Parks and Recreation Facility Use Policy Section III Facility Request Use Deadlines, requests must be in writing. Ten business days prior to each season's start date SEQUOIA shall submit in writing a finalized comprehensive game schedule. Concession stand use for sales/operations must also be in writing with start and end time blocks for hours of operation (when open for sales). SEQUOIA may only request the amount of field space to accommodate regular season play games.

SEQUOIA acknowledges that any time and/or field not being utilized by SEQUOIA shall be allocated by the CITY to another facility user, provided that said use does not conflict with SEQUOIA's use of premises.

Spring season game use shall be from the second Monday of March until the first Friday of June. Spring priority right of use will be on Tuesdays, Wednesdays, and Fridays from 3:00 p.m. until 10:00 p.m.

CITY agrees that SEQUOIA shall have exclusive use of the premises for two weekends per year for tournament play. SEQUOIA must submit in writing no less than three months advance notice through the City's application process, CITY maintains the authorization to deny request if requested dates impede on another event or use of the facility.

CITY shall have the right of access to the premises at all times. SEQUOIA agrees to use the premises and property which are the subject of this FACILITY USE AGREEMENT, exclusively in connection with the operation of SEQUOIA's recreational league for game play.

SEQUOIA acknowledges that there will not be any "gate" or admission charge for regular season play or any charges for parking. CITY acknowledges and permits, without revocation, the

right for SEQUOIA to charge "gate" or admission to the facility for the purpose of post season tournament play only. SEQUOIA acknowledges that if they do charge "gate" or admission charge they will be required to pay the full hourly rate listed in the City's Fees and Charges Schedule.

SEQUOIA agrees to use the premises and property which are the subject of this FACILITY USE AGREEMENT, exclusively in connection with the operation of SEQUOIA Softball and its related activities.

Outside of the regular season of use SEQUOIA agrees to contact the CITY, no later than three-business days in advance, to request authorization to access the interior facility (playing fields, common areas, concession stand) for any off-season or non-scheduled usage. SEQUOIA shall be able to access the exterior storage units through the south gate off of Shannon Parkway at any time, so long as it does not interfere with any scheduled use of the facility. The CITY reserves the right to deny access to the facility if facility is being utilized by other groups/programs. If access is denied the CITY will assist in developing an appropriate schedule for SEQUOIA's access.

The CITY reserves the right to cancel or suspend any scheduled use by SEQUOIA in the case of inclement weather or other conditions that threaten the health and safety of participants and/or may result in damage of City facilities. Representatives from the CITY and SEQUOIA may meet prior to scheduled use, if feasible, to assess the conditions of the park and determine what can be done to protect the turf and/or public interest. The final decision to cancel an event will be determined by the City's Director of Parks & Recreation or their designee.

4. CONCESSION STAND

SEQUOIA is exclusively responsible for the operation of the concession stand and for the direction and control of all volunteers and/or employees employed in such concession operations during SEQUOIA's designated and agreed upon times to operate at the facility. SEQUOIA acknowledges that other entities will be utilizing said facility during times not designated to SEQUOIA, and that accommodations have been arranged for so that inventory items can be stored and locked during unused times.

CITY shall be responsible for ensuring facility is clean and ready for use prior to the start of season.

SEQUOIA shall ensure that the concession stand is left clean and in good repair after each use. In the operation of said concession stand, SEQUOIA shall comply with and provide copies of all applicable permits and requirements set forth by the Tulare County Health and Human Services Agency. The CITY shall not be responsible for damage and/or theft of personal property of SEQUOIA.

At the conclusion of each season, SEQUOIA shall be responsible for returning the facility to the state it was in prior to their usage. SEQUOIA shall remove all personal property from the common areas no later than one week from the conclusion of regular season play. Perishable food and appliances shall be removed from the common areas, floors, walls, and assigned

cabinets shall be free of debris and cleaned. Perishable food shall be removed from the storage room.

If personal property is not removed as required herein, the CITY will remove the items and invoice SEQUOIA the direct cost including staff time associated with removing their items.

5. ADDITIONAL SERVICES

Due to the size and nature of SEQUOIA's program, additional services, above and beyond normal operational services provided by the City, are required.

a. Portable restrooms – SEQUOIA shall provide additional portable restrooms for Opening Day, tournaments, and other days of projected heavy attendance. If additional services are needed or requested solely for SEQUOIA's use, SEQUOIA shall pay the CITY for the cost incurred for additional services. Such costs shall be invoiced each month. Payment for additional services is due within thirty (30) days of receipt.

a. Refuse:
   i. CITY shall be responsible to dump the trash cans and blow the common areas one (1) time every morning of scheduled use.
   ii. SEQUOIA shall be responsible to provide additional appropriate refuse and/or recycle containers to accommodate trash generated by its participants.
   iii. SEQUOIA shall be responsible to collect any trash/litter and dump the trashcans throughout the softball complex, including spectator areas, bleachers, dugouts, restrooms, playing fields, throughout their scheduled use of the facilities and a final dumping of all trash at the end of each day of use.

b. Restroom service:
   i. CITY shall be responsible for routine and ordinary cleaning and stocking the restrooms for each day of scheduled use; one (1) time daily.
   ii. SEQUOIA shall be responsible for providing additional appropriate cleaning and stocking of the restroom throughout their scheduled use of the facilities with at least a final cleaning at the end of each day of use. This includes ensuring that floors are free of debris, trash cans are emptied, toilets are flushed, and sinks are free of debris.

If SEQUOIA fails to collect any trash/litter and dump the trashcans or clean and stock the restrooms at the end of each day of use, the CITY will render these services and invoice SEQUOIA the direct cost including staff time associated and a penalty fee of $100 per occurrence.

6. INSTALLATION OF SIGNS AND/OR BANNERS

During the term of this AGREEMENT, SEQUOIA shall have the following rights in regard to installation and removal of signs and/or banners: No signage shall be allowed to be displayed facing the Sports Park, Giddings St. or Shannon Parkway. Signs and/or banners must be appropriately sized and may be placed upon homerun fences and along the main pathway inside the complex. Banners must face the interior of the premises only. Banners may be displayed during each season of use on fields one and two, banners may be installed one week prior to game commencement and one week after the last day of regular season games. Banners must be in good condition and hanging position.

Any sign and/or banner installed, operated, and maintained by SEQUOIA will be SEQUOIA's total financial responsibility. SEQUOIA shall obtain any and all necessary permits from the City Planning Division in compliance with the City of Visalia Municipal Code Chapter 17.84 sections 17.48.010 et seq.

7. FACILITY MAINTENANCE

SEQUOIA shall assume responsibility for all maintenance, damage, repair, and upkeep of the aforementioned premises during SEQUOIA use, excepting CITY's maintenance and upkeep as set forth in Section 8. SEQUOIA agrees to immediately notify CITY (within 24 hours) of any damage to the premises including such items as the concession stand or restroom, fixtures, equipment, grounds, landscaping, sprinklers and irrigation, so that CITY may determine whose responsibility it is to repair or replace and determine the manner in which the repair or replacement is to be completed. Furthermore, CITY shall have sole discretion in determining whether the damage or destruction mentioned above resulted from or in connection with SEQUOIA.

Throughout the AGREEMENT term, SEQUOIA shall agree to maintain its personal property (portable equipment, storage units, etc.) in a manner agreeable to CITY. SEQUOIA shall be responsible for picking up and disposing of trash and litter after each use as set forth in section 5. SEQUOIA shall also be responsible for any repair or maintenance resulting from vandalism and/or graffiti during the softball season on equipment or structures that are owned by SEQUOIA. Said graffiti removal shall be completed in accordance with the current Ordinance governing graffiti removal in the City of Visalia.

SEQUOIA shall assume responsibility for preparation of playing fields (field lines, bases, dragging infields, etc.) prior to games. At the end of each day of use SEQUOIA shall be responsible to fill holes, tamper batter/catcher box, rake/screen drag infield, and replace base plugs.

8. GROUNDS MAINTENANCE

CITY shall be responsible for regular grounds maintenance, including maintenance of the irrigation system, regular mowing of the outfields and fertilizing, spraying for weeds, and gopher/rodent control, throughout the calendar year. CITY shall also be responsible for major structural repairs and/or capital improvements to the premises which are the subject of this FACILITY USE AGREEMENT. CITY shall have the sole discretion of determining what constitutes major structural and/or capital improvements. CITY further agrees to be responsible for the damage and/or repairs caused by organizations, groups and/or special events held on the premises and scheduled by the City of Visalia.

SEQUOIA shall assume responsibility for preparation of playing fields (field lines, bases, dragging infields, etc.) prior to games. At the end of each day of use SEQUOIA shall be responsible to fill holes, tamper batter/catcher box, rake/screen drag infield, and replace base plugs.

During regular Spring game season CITY shall install and maintain the portable homerun

fencing. During the regular Fall game season, when the facility is used for multiple age groups, SEQUOIA shall be responsible to install the homerun fence for their use with the CITY being responsible to remove the fence for use of CITY programs. During post season use, if SEQUOIA requests use and is allocated fields for post season tournaments, SEQUOIA may have the option to install and maintain the homerun fence.

9. FACILTY INSPECTIONS AND EXPECTIONS

CITY and SEQUOIA representatives shall inspect the facility and grounds prior to the commencement of each season, during each month of the season, and following the conclusion of each season. CITY will utilize the Inspection Sheet (Attachment C), as it may be amended from time to time, to document the status of the facility during each inspection.

CITY shall be responsible for ensuring facility is clean and ready for use prior to the start of season. At the conclusion of each season, SEQUOIA shall be responsible for returning the facility to the state it was in prior to their usage.

10. STORAGE:

SEQUOIA shall be allowed to maintain two (2) storage/maintenance containers (sea train) subject to CITY approval in an area designated by CITY for such use. Container may not to exceed 20'x 8' and must comply with CITY standards as to size, location, maintenance/condition, and color of such storage container(s).

SEQUOIA shall keep containers clean and well maintained. Containers shall not display advertising for any business (other than the manufacturer of the container). SEQUOIA shall monitor, inspect, and remove any graffiti and make repairs as needed within ten days. No chemicals or flammable materials of any kind are to be stored within the containers. Storage of approved field/turf marking paint will be allowed.

SEQUOIA must obtain and retain proper insurance for storage containers and their contents for the duration of the FACILITY USE AGREEMENT set forth in Section 15. SEQUOIA shall submit an inventory list at the beginning of each season of the items stored in the containers.

The CITY is not responsible for damage and/or theft to SEQUOIA property while stored at the facility.

11. PARKING / USE OF MOTORIZED VEHICLES

Vehicles must be parked in designated parking areas. SEQUOIA may not charge for parking without written consent from the CITY. SEQUOIA may not reserve parking spots without written consent from CITY. RV parking shall be restricted to the north overflow lot on Riverway Drive. Overnight camping is not allowed.

The use of motorized utility vehicles including but limited to golf carts, GEM cars, and Gator vehicles is restricted to licensed drivers and use of vehicles must be in conjunction with program functions and/or duties.

12. OUTSIDE VENDORS
Only SEQUOIA is permitted to provide goods and/or services under the agreement. If SEQUOIA desires to have an outside vendor provide food, entertainment, goods or other services, such vendor must be pre-approved in writing by the City of Visalia. SEQUOIA shall submit in writing a request for the outside vendor no less than ten (10) business days prior to the desired date of vendor rendering service. Only vendors with a valid City of Visalia Business Tax Certificate and other permits as required by Tulare County and/or the State of California will be considered. Authorized vendors must provide the City of Visalia with a certificate of insurance naming the City of Visalia as additionally ensured for the date(s) and time(s) of service.

13. SECURITY
SEQUOIA shall provide security and supervision at all scheduled activities, including crowd control, at a level satisfactory to CITY, sufficient to ensure adequate protection of the premises which are the subject of this FACILITY USE AGREEMENT. This shall include the presence of SEQUOIA Board Members while games are in progress.

The CITY shall assign SEQUOIA keys to the facility prior to the start of each season. SEQUOIA shall return all facility keys to CITY no later than two weeks after the conclusion of each regular season. SEQUOIA agrees not to duplicate any keys. Refer to Section 3 regarding facility access during off-season.

SEQUOIA acknowledges that additional security measures, such as but not limited to, video recording cameras cannot be installed or placed within the premises without CITY authorization. The CITY reserves the right to deny any request.

14. ASSIGNMENT
SEQUOIA shall not assign, mortgage, sublet or otherwise transfer any interest in this FACILITY USE AGREEMENT to any person, firm, organization or corporation during the term of this FACILITY USE AGREEMENT or any extension thereof without the written consent of CITY first had and obtained.

15. INDEMNIFICATION:
SEQUOIA hereby agrees to and shall defend, protect, indemnify, and hold harmless the CITY and all officers, agents, representatives, and employees thereof from any and all liability, claims, or damages of whatsoever kind or character, including attorneys fees and costs of all types incurred in defense of any of the said parties from said claims or liability, because of or arising out of, directly or indirectly, the acts or omissions of SEQUOIA, SEQUOIA'S independent contractors, employees, representatives, agents, and invitees, and the passive or active negligent acts or omissions of the CITY or its officers, agents, representatives, and employees while acting within the scope of their duties regarding work to be performed pursuant to this AGREEMENT. Said indemnification and hold harmless provisions shall be in full force and effect regardless of whether or not there shall be insurance policies covering and applicable to such damages, claims, or liability. This FACILITY USE AGREEMENT shall be binding upon SEQUOIA whether or not there are any allegations of fault negligence or liability of the indemnities hereunder.

16. VOLUNTEERS/EMPLOYEES
SEQUOIA shall be responsible to adhere to any local, county, state, or federal laws for conducting criminal background checks on all volunteers, including but not limited to, coaches, umpires, and others who will be in a position to supervise youth under 18 years of age or vulnerable adults. SEQUOIA agrees that failure of an individual to submit to a required criminal background check will result in prohibiting said individual from coaching and/or supervising children or vulnerable adults.

17. INSURANCE REQUIREMENTS:
It is further understood and agreed that SEQUOIA shall secure and maintain during the term of this FACILITY USE AGREEMENT, and any renewal thereof, a policy of commercial general liability and property damage insurance, naming the CITY as co-insured, with a single combined liability limit of $2,000,000.00, and property damage limits of not less than $1,000,000.00, insuring against all liability of SEQUOIA and its authorized representatives arising out of and in connection with SEQUOIA's use or occupancy of the premises. All general liability insurance and property damage insurance shall insure performance by SEQUOIA of the indemnity provisions of item 15. CITY shall be named as additional insureds, the policy shall contain cross liability endorsements, and an endorsement requiring 30 days written notice from the insurance company to all parties before cancellation or change in the coverage, scope or amount of any policy. Such policy, or a certificate of the policy, together with evidence of payment of premiums, shall be delivered to CITY at the commencement of the term, and on renewal of the policy not less than 30 days before expiration of the term of the policy. SEQUOIA, at its own cost, shall be responsible for maintaining a policy of insurance covering its personal property located on the premises.

In addition to the above general liability insurance, throughout the lease term, SEQUOIA shall purchase tournament and clinic insurance with limits of not less than $2,000,000 general liability and $250,000 personal injury for each scheduled tournament and/or clinic. Also, throughout the AGREEMENT term, at any time SEQUOIA employs any person(s), SEQUOIA shall, at SEQUOIA's sole cost and expense, keep or cause to be kept in force workers' compensation insurance with statutory limits and employer's liability insurance with limits of not less than $1,000,000.00 per accident.

18. CODE OF CONDUCT
SEQUOIA shall create and maintain a Code of Conduct and require participants, coaches, and parents to complete and comply with said Code of Conduct. SEQUOIA's Code of Conduct shall reinforce compliance to all City ordinances, Park rules, and all General Rules and Regulations as set forth in the City of Visalia Parks and Recreation Facility Use Policy Section VII (Attachment B).

19. ANNUAL REPORTS
SEQUOIA agrees to provide annual reports, to include league registration numbers, participant names and address of residency information, financial statements, proof of non-profit status, and other reports as requested by the CITY. Reports shall be used to determine adequate field

allocation. Facility usage hours and participant numbers may be shared with City Council.

20. IMPROVEMENTS

As set forth in Section 2, SEQUOIA shall have the opportunity to make improvements to the premises and property which is subject of this FACILITY USE AGREEMENT, provided that SEQUOIA obtains prior written approval from the CITY before any such improvements. Upon the expiration of this FACILITY USE AGREEMENT, and any extension thereof, all such improvements shall automatically revert to CITY's ownership. Should the CITY elect to require SEQUOIA to remove said improvements, SEQUOIA shall do so and return the property to its original condition, allowing for reasonable and normal wear.

21. DISCRIMINATION

SEQUOIA for itself, its personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that no person on the grounds of race, color, sex, handicap, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said premises.

22. TERMINATION

In addition to any other provision in this FACILITY USE AGREEMENT, this AGREEMENT may be canceled or terminated upon the following:

A. This AGREEMENT and the tenancy hereby granted may be terminated or canceled at any time by either party hereto by giving to the other party not less than sixty (60) days written notice.

B. This AGREEMENT shall terminate automatically if either party hereto fails to remedy any breach or any term or condition of this AGREEMENT within thirty (30) days after receiving written demand from the other party to do so. If however, either party is diligently proceeding in good faith to eliminate such default, then the period for correction shall be extended for such length of time as is reasonably necessary to complete such correction.

C. SEQUOIA agrees at the end of the LEASE term or in the event of an early termination, as provided for herein, to quit and deliver up said premises in as good condition as they are now, ordinary wear and tear excepted.

23. QUIET ENJOYMENT

CITY does hereby covenant and agree that upon the performance of all covenants by SEQUOIA as herein provided, SEQUOIA shall peaceably and quietly hold and enjoy said premises during the term of this AGREEMENT and any extension thereof except as otherwise provided hereupon the termination of this AGREEMENT or any extension thereof.

24. AMENDMENT

This AGREEMENT may be amended at any time by mutual agreement of the parties in writing.

25. NOTICE

All notices to be given by SEQUOIA pursuant to this AGREEMENT shall be mailed to City of Visalia, Community Services Department, 345 North Jacob Street, Visalia California 93291; and all notices to be given to SEQUOIA pursuant to this LEASE AGREEMENT shall be mailed to

SEQUOIA c/o SEQUOIA President (mailing address) 1525 E. Noble Ave #296 Visalia, CA 93292
For the purpose of this AGREEMENT, SEQUOIA shall designate one point of contact with which the CITY shall coordinate the use of fields, maintenance concerns and other communications. This representative or a designee in his/her absence will be the only authorized agent of SEQUOIA to coordinate use throughout each season.

26. ENTIRE AGREEMENT

This FACILITY USE AGREEMENT contains the entire AGREEMENT between the parties. No promise, representation, warranty, or covenant not included in this AGREEMENT has been or is relied on by either party. Each party has relied on his/her own examination of this AGREEMENT, counsel of its own advisors, and warranties, or representations, or covenants in the AGREEMENT itself. The failure or refusal of either party to inspect the premises or improvements, to read the AGREEMENT or other documents, or to obtain legal or other advise relevant to this transaction constitutes a waiver of any objection, contention, or claim that might have been based on such reading, inspection, or advise.

IN -WITNESS WHEREOF, the parties have executed this LEASE AGREEMENT as of the date first above written.

City of Visalia Parks and Recreation Facility Use Policy

The City of Visalia Parks and Recreation Department is dedicated to fostering healthy lifestyles and helping the community thrive. The City recognizes that programs, activities and sports leagues are a fundamental component of this goal and that facility availability is necessary for local organizations and individuals. As such, the Visalia Parks and Recreation Department coordinates and issues permits for the use of City facilities for general public use for cultural, social and recreational activities and programs.

The purpose of this policy is to outline the City's allocation procedure and rental policies for the permitted use of facilities in the City of Visalia. The City has experienced tremendous growth in population and need for facility use for a multitude of purposes. This growth is anticipated to continue. The Parks and Recreation Department has already experienced an increased demand for the use of City facilities and finds it necessary to emphasize sharing in the use of all facilities among our present and future organizations.

This policy has been established to assure that City facilities are utilized for recreational, cultural, educational, social and community service functions that meet the needs of the community, as well as, set clear policies, procedures and regulations for such uses.

Due to the limited number of facilities available, the Visalia Parks and Recreation Department and the Parks & Recreation Commission have established criteria for priority use. The Visalia Parks and Recreation Department will give priority to Visalia residents and will monitor proper use of allocations and permits.

The City of Visalia is dedicated to creating partnerships with local organizations to ensure there is ample opportunity to participate in programs and services. The allocation/permitting process provides an organization the exclusive use of a facility to the exclusion of all others. The objective of this policy is to create a clear, written allocation policy with procedures that:

- Fairly distributes facilities.
- Maximizes participation time.
- Incorporates maintenance periods to maintain safe, quality facilities.
- Communicates financial issues and recovery policy.
- Outlines facility use regulations.

I. Definition of Terms:

Visalia Resident – a person residing within the city limits of the City of Visalia. The City may require identification or documentation of residency to be considered for priority brokering. In the event proof of residency cannot be established, non-residency status will be imposed. Note: Any person owning and paying taxes on real property in Visalia, but who is not living in the City, and any person having only a Visalia business address are NOT considered residents for facility use application purposes.

Youth programs – participants are ages 18 and under.

Adult programs – participants are ages 18 and over.

Open membership – Organizations, or portions of organizations, that have open registration regardless of skill level. Organizations must have an "everyone plays" philosophy requiring

that each player suited up and able to play is entered into games for a significant period of time (i.e., ½ or game or 2 of every 5 innings or 2 of 4 quarters, etc.). Open membership organizations are recreational in nature and provide scholarship opportunities for players who demonstrate a financial need.

Non-profit status – Must be established as a non-profit organization. Non-profit status is defined as an organization that is so defined by the Internal Revenue Code, 501c and has a State of California Tax Identification Number. Organizations must submit the following to be considered for Non-Profit Status:

- 501c IRS papers and bylaws
- Current financial statement
- Roster of officers
- List of persons authorized to make reservations for your organization

Basic services – Basic services are defined as the maintenance of safe, clean, attractive parks and buildings and the provision of recreation services for the general public. Basic services preserve and promote physical and mental wellbeing and will continue to be supported by taxpayer resources.

Seasonal Brokering Periods – For the purpose of scheduling facilities, the City has established three (3) brokering periods in which request shall be reviewed and facilities shall be allocated.

Special services – Special services are those above and beyond basic services. Revenues are necessary to support special services; therefore, users will be charged a fee for the privilege of using the facilities to the exclusion of others and without interference.

Game slot – amount of time or facility space needed to reasonably accommodate play. In instances where modified fields are used, appropriate field space shall be allocated, this may be an increment of a field or facility rather than designating an entire field or facility.

Practice slot - amount of time or facility space needed to reasonably accommodate play. In instances where modified fields are used, appropriate field space shall be allocated, this may be an increment of a field or facility rather than designating an entire field or facility.

Facility Use Permit – A facility use permit is required for all organized use associated with a team, league, organization or school. Users who do not submit a request during the established brokering period must submit a request for use to the Parks and Recreation Department a minimum of ten (10) working days prior to the requested use date. Once the request has been approved and the user has complied with insurance requirements and paid all applicable fees, a written Facility User Permit shall be issued.

II. Facility Use Permitting:

Facility use requests are considered at three different time periods per fiscal year. Facility space will be awarded on a priority basis prior to the fall, winter/spring, and summer periods. After the original requests are processed, based on priority, the facilities are available for use

to other requests. To apply for a Facility Use Permit, an applicant must submit a written request to the Parks and Recreation Department outlining the dates, times, facility, number of courts/fields and intended use. Requests shall only be considered for organizations who are in good standing with the Parks and Recreation Department and who do not have a past due balance.

Facility use reservations, not allocated during the established brokering periods, can be made no less than ten (10) calendar days prior to the desired date(s) of use. These requests shall be granted on a first come, first served basis based on field availability.

Submission of an application does not constitute approval. Approvals shall be in the form of a written facility use permit issued by the Parks and Recreation Department.

Requests for additional use or programs not covered by the Priority Use Policy should be addressed in writing to the Recreation Manager. The Parks and Recreation Director will make interpretation of language in the Priority Use Policy. An appeal to the Parks and Recreation Commission of the Director's decision must be submitted in writing with justification within ten (10) working days from the decision and will be heard at the next regularly scheduled Parks and Recreation Commission meeting, unless appeal is received fewer than ten (10) days prior to a meeting, in which case it will be heard at the following meeting of the Parks and Recreation Commission.

III. Facility Request Form Deadlines:

The three seasonal brokering periods are as follows;

Season	Dates	Request deadline
Fall	August 1 through December 31	May 1
Winter/Spring	January 1 through May 31	November 1
Summer	June 1 through July 31	March 1

All requests received by the established deadline shall be reviewed after the deadline date. A facility use permit shall be issued a maximum of thirty (30) days after the deadline.

Facility use requests for primary organization use will be accepted no more than three (3) months prior to the request deadline. Requests for use outside of the organization's primary use (regular league play), such as tournaments on a regional, state or national level, may be made up to three (3) years in advance.

IV. Eligibility - facility use shall be granted based on the following priority:

Priority 1:

1. City activities and programs.
2. Facility use agreements (organizations having special status assigned by City Council action as a result of having had historical use of facilities).
3. Visalia resident (at least 90%), youth programs, open membership, non-profit organizations or leagues.

Priority 2:

- Visalia resident (at least 51%), youth programs, non-profit organizations or leagues.

Priority 3:

- Visalia resident (at least 51%), adult programs, open membership, non-profit organizations or leagues.

Priority 4:

- For-profit programs and events.

Priority 5:

- Organizations that have previously violated the terms of the priority use policy.

Resident status will be determined from the prior season's actual rosters (fall season for fall season, spring season for spring season).

To resolve a discrepancy between two organizations in the same priority use class that request use of the same site/field and that cannot be worked out between the two organizations, the following allocation formula will be used to determine the amount of field use that will be allocated to each organization.

Facilities will be allocated within each priority use class to organizations based on the percentage of verifiable Visalia residents registered with that organization in relation to the total number of all registered Visalia residents in all organizations in the priority use class combined.

The total number of all Visalia residents registered in all organizations within that priority use class will then be determined. Each organization's resident number will be divided by the total of all residents registered to determine the percentage of use to be allocated to each group.

An example of this would be:
Baseball Group A has 750 Visalia residents
Baseball Group B has 900 Visalia residents
Total Visalia residents registered in both organizations is 1,650

750 divided by 1,650 equals 45%. Group A would receive 45% of the available time.
900 divided by 1,650 equals 55%. Group B would receive 55% of the available time.

Additional factors to determine priority use:

- Priority 1 & 2 athletic organizations shall be allocated a maximum of one (1) game slot per team per week and one (1) practice slot (1/2 field) per team per week (as space allows). Number of teams shall be determined based on the number of registered participants in each program taking into consideration the number of players per team for each age division.
- League game play takes priority over practice with the exception of non-resident vs. non-resident game play.

- Adult program access – per this policy, adult play would receive low priority. To provide for equal access for adult leagues, 25% of facility space shall be dedicated to adult play in the above mentioned priority order.
- Sport season priority – Traditional sports seasons have priority as follows:

Fall	Football, volleyball and soccer
Winter	Basketball
Spring	Baseball and softball
Summer	Aquatics

- Facility use shall be permitted for activities that the facilities are intended for, designed for, classified as, or for activities conducted in a manner that does not compromise public safety or facility quality or integrity.

V. Cost Recovery Philosophy

As the City continues to grow and facilities age, the Visalia Parks and Recreation Department must develop a financial system to support our community investment while maintaining the high level of service residents demand. The City will continue to provide basic services funded entirely by general taxpayers and user fees; however, those benefiting from special services (which create additional City expenses) must contribute financially. The recovery policy is intended for the participants to supplement, rather than supplant the investment of the general taxpayers. The recovery policy strives to:

- Amortize the capital investment and cover maintenance/operational cost of a facility.
- Pay for and augment operation/maintenance costs for a facility where tax appropriations support the basic service.
- Control use of the facility.
- Assess a portion of the cost of the facility to users who may not be tax supporters.
- Enable the Visalia Parks and Recreation Department to provide facilities for which funds might not otherwise be available.

The primary purpose of this policy statement is to develop an understanding that the pricing of services is a conscious procedure that requires continual investigation and review by Visalia Parks and Recreation Department, the Parks and Recreation Commission and the Visalia City Council.

VI. Permit Rules and Regulations:

1. Permits cannot be transferred or assigned to any other person, group, or organization for any reason.
2. The misuse of City facilities or the failure to conform to facility regulations, established policies, and procedures or any other Federal, State, or local law, rule, regulation or ordinance shall be sufficient grounds for the immediate revocation of the permit and/or denial of any future applications. No refund will be granted.
3. Permit holders shall restrict their use to only those facilities specifically reserved and paid for as designated on the permit. Other facilities may be scheduled by other groups and may not be available. Permit holders must be in possession of their Facility Use Permit in case there is a need to address the question of who has a reservation for the facility in question. If the

permit holder cannot use a facility due to unauthorized use by another party, the permit holder should contact the City of Visalia Police Department.

4. Fees - all fees are due and payable prior to the issuance of an approved Facility Use Permit. Payment plans may be arranged for multiple-use reservations with payment in advance for monthly use. The fees and charges for permits are established by the Visalia Parks and Recreation Commission and approved by the Visalia City Council annually and are not negotiable. Only the Parks and Recreation Commission and/or City Council have the authority to waive or modify fees and charges by amendment to the City Rates and Fees Schedule.
5. Deposits – A refundable deposit may be required for facility use. The City reserves the right to deduct from the security deposit all additional charges relating to, but not limited to, janitorial services, maintenance/repair services, staff time, failure to comply with the cancellation policy or emergency services that are required as a result of the facility use.
6. Insurance - A valid insurance certificate is required for use of any City of Visalia facility. The insurance certificate must afford one million dollars ($1,000,000) of general liability coverage per occurrence listing the dates and location of coverage and must contain the following language:

   "The City of Visalia, its officers, agents, employees, representatives and volunteers are added as additional insured as respects operations and activities of, or on behalf of the named insured, performed under contract with the City of Visalia." Certificate must guarantee thirty (30) days prior notice to change or cancel the policy.

7. Residency Verification - The City of Visalia Parks and Recreation Department may request a master roster complete with participant first and last name (or identification number), division, team and place of residency or school attending. Leagues may be required to make rosters available for verification and additional proof of residency such as utility billing or photo identification may be required.

   Any group or organization found to be misrepresenting its residency status will have its permit revoked for the season and will be assigned the last (or lowest) priority for the immediate and following season. In addition, any group or organization found to be reserving facilities for another organization will be penalized by the revocation of its permit for the season for which the permit is issued and that group or organization will be assigned the last (or lowest) priority for facility use scheduling for the immediate and following season.

8. Teams and organizations may be required to provide schedules to show that all of the allocated facilities are being utilized. If an allocated facility is not utilized by the designated organization a total of two (2) times during the permit period, the facility will be reassigned. User shall be notified by the Parks and Recreation Department prior to reassignment.

9. The City reserves the right to cancel an approved reservation due to maintenance needs, overuse of the facility, unsafe conditions or due to a conflict with a City event or a one-time event that has a direct benefit to the community. In these cases all attempts will be made to provide a minimum of 15 days advance notice and to provide an alternate location for the group's scheduled activity. In the event of an emergency when only short or no notice can be provided, groups must cooperate with the request to not use the facility or risk loss of current permit and denial of future use. If there are no alternate facilities available, the City is not

obligated to provide an alternate facility. In the case of such an event, a full refund will be given.

10. It is the responsibility of the organization's president and the individual in charge of the permit to enforce the rules and regulations regarding the conduct of the group while on permitted facilities. They are also responsible for ensuring that coaches receive and understand that a permit must be on site during facility use.

11. Use begins and ends at the times stated on the permit including set-up and clean-up. A two (2) hour minimum is required per reservation. Groups are not allowed on fields prior to the start time on the permit and are required to have the fields cleaned and cleared by the ending time indicated on the permit. Unauthorized or extended field use beyond times listed on the permit may result in the retention of a portion or all of the deposit and/or result in the cancellation of current use and/or prohibition of future use.

VII. General Rules and Regulations

1. No person shall use an athletic facility which is posted as being closed, whether the closure is for excess rainfall or for field maintenance or other reason.
2. All motor vehicles must park in marked stalls in the parking lots or legally on side streets or be subject to citation. No unauthorized vehicles shall enter park premises.
3. All dogs must be on a leash and owners must clean up after their dogs.
4. No portable BBQ's are permitted at any time in any facility.
5. No golf is permitted at any park or sports complex.
6. Alcohol is not allowed in any City facility without a permit. No alcohol is allowed at Riverway Sports Park. Alcohol may be consumed at the Plaza Park softball fields provided such beverages are purchased from the permitted concessionaire.
7. Athletic facilities may be lined prior to a group use with the permission of the Parks and Recreation Department. Water soluble spray paint is the only permitted means of lining a field. No fields are permitted to be lined by means of Round Up, Dolomite, or other herbicide which can permanently burn lines into the field.
8. Vending at a facility is permitted only if the vendor is associated with the activity and has received the prior approval of the City.
9. Gambling is prohibited at all City property without a permit.
10. Restrooms – some facilities have public restrooms which may be utilized. In instances where public restrooms are not available, or not adequate for the size and scope of the facility use, the user shall be responsible, at user's expense, to provide additional portable restrooms. User groups must coordinate placement of portable restrooms with Parks and Recreation staff.
11. Storage – no group or individual is permitted to maintain a storage unit (or similar object) on or around City facilities without written approval from the City.
12. Use of utility vehicles shall be allowed with the issuance of a permit from the City. Any person operating a utility vehicle on City property must possess a valid California Driver's License and organization must provide the City of Visalia with a certificate of insurance covering operation of said vehicle.

13. Lights are available for some outside facilities. Light requests must be made ten (10) working days in advance and are subject to light fees at the time of reservation.
14. The City of Visalia encourages partnerships and volunteerism to improve facility quality and maintenance, however in the absence of a written agreement, donations and/or contributions of time does not give an organization priority at any facility. Groups wishing to make alterations to facilities must submit these improvement requests in advance to the City of Visalia Parks and Recreation Department. No groups will be allowed to make any alterations to any facility without first obtaining the City's approval.
15. Scheduling – a maximum number of games per time slot shall be determined by Parks and Recreation Department and shall be adhered to when preparing league game and practice schedules.
16. Wet Field Policy - The purpose of the policy is to guide the use of City athletic facilities and to prevent injuries to participants and damage to the playing surface brought upon by inclement weather and/or unsafe playing conditions. An effective facility maintenance program is essential for safe, quality fields and sport complexes. User groups are asked to help us by accepting and adhering to these rules. Groups who use City athletic facilities are expected to assist in protecting their participants and the facilities during periods of rain or inclement weather.

    The City of Visalia reserves the right to cancel or suspend facility use permits when facility conditions could result in injury to players or cause damage to the facility. Permits may also be cancelled when the health and safety of participants are threatened due to impending conditions, including but not limited to, heavy rains, smog alerts or pesticide application.

    During inclement weather, the City's maintenance staff will assess the playability of all city owned fields to determine if use will occur. The Director or designated representative shall have the authority to close any/all fields owned and operated by the City of Visalia.
17. Banners - Organizations must obtain approval and/or permits prior to placing any signage or banners in any City of Visalia facility.
18. Users must pick up and remove any trash generated by their activity.
19. Good Neighbor Policy - The purpose of this policy is to ensure that decisions regarding the use of City facilities, parks, and athletic complexes and District sites are used in the best interests of the neighborhoods, sports organizations, and citizens of the City of Visalia. The city has established the following rules and regulations to govern the use of the City's facilities for the safe and pleasant enjoyment of participants and neighbors. Every person is expected to abide by these rules or be subject to forfeiture of the security deposit and/or loss of the privilege of future use of the facilities.
    a. All litter and debris that may occur as a result of your event must be picked up and deposited into trash receptacles, when provided, or removed from the premises.
    b. All groups are responsible for the condition in which they leave the facility. Any excessive clean-up required by City crews following your use will be cause for forfeiture of all or part of your damage deposit.
    c. No amplified music, use of musical instruments, radios, public address systems or other such noise allowed before 9:00am or after 8:00pm unless authorized by

special permit. In all parks, care shall be taken so that speakers are not directed at residences.

d. Complaints from surrounding neighborhood residents as to noise level, litter and debris, and disregard for use of parking regulations could result in cancellation of your reservation, forfeiture of security deposit, and denial of future facility use.

e. No person shall park a motor vehicle in such a place or manner as would block or obstruct any gate, entrance, exit or resident driveway.

VIII. Cancellations

Cancellations must be made in writing and submitted to the Visalia Recreation Department at least ten (10) business days in advance of the scheduled use in order to be entitled to receive a refund (minus the processing fee). If it rains on the date of reservation, a full refund shall be credited to the user's account. No refunds or credits will be given to facilities released after that time. Failure to release unused facilities shall be considered a violation of this Priority Use Policy. If a user fails to release unused facilities, the permit may be revoked for the season and user will be assigned the last (or lowest) priority for the immediate and following season.

IX. Failure to Comply with Facility Use Policies and Procedures

In most cases, the City utilizes a three-strike policy for violations as follows:

First Offense:	Written warning to the user group/individual and restitution for damages/costs if applicable.
Second Offense:	Written notice of three day suspension and restitution for damages/costs if applicable.
Third Offense:	Written notice of termination of any existing permits, loss of future rental/allocation privileges and restitution for damages/costs if applicable.

The City reserves the right to cancel any permit for non-compliance with City Policy, Rules or Ordinances regardless of the three-strike policy listed above.

AMENDMENT TO
FACILTY USE AGREEMENT BETWEEN
THE CITY OF VISALIA (CITY) AND
KAWEAH LITTLE LEAGUE SOFTBALL,
D.B.A SEQUOIA SOFTBALL (SEQUOIA)
Riverway Sports Park Softball Complex

THIS AMENDMENT made and entered into as of the ____ of _____ 2025, by and between the CITY OF VISALIA, a Municipal Corporation, hereinafter referred to as "CITY" and KAWEAH LITTLE LEAGUE SOFTBALL D.B.A SEQUOIA SOFTBALL, hereinafter referred to as "SEQUOIA";

WITNESSETH:

WHEREAS, CITY and SEQUOIA entered into an agreement, attached hereto as Exhibit "A" and incorporated by reference herein, on March 13, 2024, in which City granted SEQUOIA a right to use Riverway Sports Park Softball Complex, hereinafter referred to as "AGREEMENT".

WHEREAS, CITY and SEQUOIA both desire to amend the original and existing AGREEMENT for additional use of Riverway Sports Park Softball Complex.

WHEREAS, except as expressly indicated below, all terms and provisions of the original and existing AGREEMENT shall remain in full force and effect; and

WHEREAS, page 9 Section 24 of the AGREEMENT, titled "Amendment" states: "This AGREEMENT may be amended at any time by mutual agreement of the parties in writing."

WHEREAS, both parties have provided their written consent to this Amendment as evidenced by their respective signatures below.

NOW THEREFORE, for and in consideration of the mutual promises, covenants and agreements set forth in the AGREEMENT, CITY and SEQUOIA do agree to the following Amendment:

1. TERM

The term of the LEASE AGREEMENT shall remain one (1) year, with four (4) one-year extensions, commencing on January 1, 2023 and ending on December 31, 2027.

2. ADDITIONAL USE

Fall season game use shall be from the third Saturday of August until the first Saturday of November. Fall priority right of use will be on Saturdays from 8:00 a.m. until 10:00 p.m.

3. FEES AND CHARGES

In exchange for the reduced facility use rates for Fall seasons, SEQUOIA shall contribute an additional $500 per year towards facility improvements in accordance with Section 20 of the AGREEMENT.

3. GROUNDS MAINTENANCE
During the regular Fall game season, when the facility is used for multiple age groups, SEQUOIA shall be responsible to install homerun fence for their use with the CITY being responsible to remove the fence for use of CITY programs.

IN -WITNESS WHEREOF, CITY and SEQUOIA have executed this Amendment as of the date first above written.

SEQUOIA SOFTBALL 1525 E. NOBLE AVE #296 VISALIA, CA 93292
www.SequoiaSoftball.com

To our esteemed City Council Members and the Park & Recreation Commissioners,

Our league is a non-profit organization (Kaweah Little League Softball dba Sequoia Softball), and we are writing to request that the City of Visalia extend the discounted rates for our use of the Softball Complex at Riverway Sports Park, to include our Fall Ball program. Our current agreement allows for our discounted rate during the spring season, and in exchange, we provide a yearly $2,000 in-kind contribution. We propose adding $500 to the in-kind contribution to extend our reduced rates to include the fall-ball program.

We celebrated our 10th Anniversary in 2025. We started with just 44 girls in our inaugural season and have grown every year since, and this last season had over 370 girls in our program. This year, we also added a Challenger Division in partnership with the Adaptive Athlete to provide the youth softball experience for kids with developmental delays and physical disabilities. We ran this program at Plaza Park, with an additional enrollment of over 50 youth. Due to parent requests, we decided to offer Fall Ball for the first time this year and have enrolled 175 girls (we are only playing games on Saturday afternoons/evenings).

As I'm sure you're aware, running a youth sports program has significant costs associated with it. We operate our programs within a tight budget and utilize sponsorship and fundraising efforts to keep enrollment costs as affordable as possible. Our philosophy has always been to provide the most efficient and organized softball program for the girls in our community, ensuring that every girl who wants to play can do so. From there, we strive to make our program an avenue for each girl to grow to their fullest potential on and off the field, and work to provide every girl with a positive softball experience. This past year, we were able to keep enrollment fees for the 6U age group under $50, the 8U age group under $100, and the 13U age group at $125. We were also able to offer an additional $25 discount to early bird registrants.

We can keep participation affordable thanks to our great volunteers, as well as through the sponsors, as mentioned above, and our fundraising efforts. The discounted rates we receive from the City of Visalia are the cornerstone of keeping softball affordable to the girls in our community. We hope that you are willing to extend the discounted rate to our fall ball program, allowing us to continue ensuring that every girl who wants to play softball has the opportunity.

Sincerely,

Rodney M. Blaco
President, Sequoia Softball

Visalia City Council

Staff Report

File #: 25-0443 **Agenda Date:** 10/6/2025 **Agenda #:** 12.

Agenda Item Wording:
Award a Contract for the Supply of Ferric Chloride - Authorize the City Manager to award a contract to Pur Water for the supply and delivery of ferric chloride to the Visalia Water Reclamation Facility for a one-year term, with four annual renewal options, with an annual not-to-exceed amount of $140,000 and a total contract limit of $700,000.

Prepared by:
Ben Litwack, Public Works Manager, ben.litwack@visalia.city, 559-713-4671
Nick Bartsch, Public Works Director, nick.bartsch@visalia.city, 559-713-4052

Department Recommendation: Staff recommends that the City Council authorize the City Manager to award a one-year contract, with four annual renewal options, to Pur Water, LLC for the supply and delivery of ferric chloride to the Visalia Water Reclamation Facility, with an annual not-to-exceed amount of $140,000 and a total contract limit of $700,000 over the five-year term.

Summary:
Pur Water, LLC, the lowest responsive and responsible bidder under RFB 25-26-28, *Supply and Delivery of Ferric Chloride to the Visalia Water Reclamation Facility*. The contract term will be one year with four additional annual renewal options. The recommended contract includes an annual NTE of $140,000 and a total five-year limit of $700,000.

Background Discussion:
Ferric chloride is an essential treatment chemical used at the Visalia Water Reclamation Facility (WRF) to control hydrogen sulfide production in the digesters. By suppressing hydrogen sulfide generation, ferric chloride helps preserve the longevity of the digesters and enables the facility to satisfy emissions requirements established by the San Joaquin Valley Air Pollution Control District.

On August 11, 2025, the City of Visalia issued Request for Bids (RFB) 25-26-28, Supply and Delivery of Ferric Chloride to the Visalia Water Reclamation Facility. A pre-bid conference was held on August 21, 2025, and an addendum was issued on August 25, 2025, to address bidder questions. On September 3, 2025, the following bids were received:

Bidder's Name	Location	Total Estimated Annual Cost
Pur Water LLC	Fairfield, CA	$118,680.00
Mar Vista Resources	Coarsegold, CA	$141,241.20
California Water Technologies	Detroit, MI	$147,600.00
Pencco	San Felipe, TX	$154,680.00
Kemira Water Solutions	Lawrence, KS	$181,108.80

Pur Water, LLC submitted the lowest responsive and responsible bid. Staff recommends awarding a one-year contract, with four additional annual renewal options, to Pur Water, LLC for the supply and

delivery of ferric chloride to the Visalia Water Reclamation Facility

Fiscal Impact: Staff is requesting an annual not-to-exceed (NTE) amount of $140,000 to account for potential annual price increases and the possibility of increased ordering as flows and loadings increase at the Visalia Water Reclamation Facility over the next five years. The contract will not exceed $140,000 annually, with a total NTE of $700,000 over the full five-year contract term. Funds are budgeted annually in the Wastewater Operations Budget within 4332-54450.

Prior Council Action:
May 16, 2019 - Awarded $50,000 annual contract with four renewal options to Pencco.
November 18, 2024 - Awarded $125,000 sole source contract to Pencco.

Other: None.

Alternatives: N/A

Recommended Motion (and Alternative Motions if expected):
I move to authorize the City Manager to award a one-year contract, with four annual renewal options, to Pur Water, LLC for the supply and delivery of ferric chloride to the Visalia Water Reclamation Facility, with an annual not-to-exceed amount of $140,000 and a total contract limit of $700,000 over the five-year term.

I. DEFINITIONS

For the purposes of this RFB NO. 25-26-08, the following terms shall have the meanings indicated:

1. "City" means the City of Visalia
2. "City Council" means the Council of the City of Visalia
3. "Bidder", "Vendor", "Supplier", "Consultant", "Contractor" and "Subrecipient" are used interchangeably throughout this invitation to mean the person, firm, or corporation or other entity submitting a Bid in response to the Request for Bid.
4. "Bid" and "Proposal" are used interchangeably to mean an individual's or entity's offer in response to this Request for Bid.
5. "RFB" means Request for Bid No. 25-26-08.

II. INTRODUCTION

The City of Visalia Purchasing Division is soliciting Bids for an annual contract to supply and deliver Ferric Chloride to the Visalia Water Reclamation Facility, located at 7579 Ave. 288 in Visalia, CA.

The initial contract shall be for a twelve (12) month period and shall, at the City's option and upon mutually agreeable terms, be renewable annually thereafter for four (4) consecutive one-year periods. Bids are being sought from contractors who have a proven record of experience in providing the services required by this Invitation to Bid.

The successful bidder shall be responsible for providing all services necessary to fulfill the requirements of this Invitation to Bid upon receipt of the City's Notice to Proceed.

In an effort to encourage local businesses to provide goods and services to the City, Council has enacted a local preference. The local preference will apply to any business that has a business address within Tulare County for a minimum of six months. A Post Office Box will not be accepted as a business address. The City reserves the right to request proof of Tulare County address.

The local preference for bids consists of a match preference in which a local vendor whose bid is within 5% of the apparent low bidder will be given three (3) business days, from date notified, to match or beat the low bid. If there is more than one local vendor that is within the 5% range, the offer goes to the local vendor that is closest to the low bid.

III. INSTRUCTIONS

1. Fill out attached Bid Form (Exhibit "A") in ink or typewriting completely.

2. Cross out and initial mistakes in ink and place the correct response next to same.

3. Timely submit Bid in a sealed envelope addressed and marked as follows:

   To: City of Visalia Purchasing Division
   707 W. Acequia Avenue
   Visalia, California 93291

   From: Bidders Name & Mailing Address

   Marked: Annual Contract for the Purchase of Ferric Chloride Process
   RFB NO. 25-26-08
   Deadline: September 3, 2025 @ 2:00 p.m.

   Delivery of Bid: When sending a bid via Fed Ex, UPS, etc., it is the responsibility of the Bidder to ensure that Bid is received during open office hours. Office Hours are 7:30am

– 5:00pm Monday through Thursday. We are closed on Fridays and major holidays. Bids are not delivered or received when office is closed.

The City utilizes an outside service for delivery and sorting incoming mail, and therefore, mailing a bid via U.S. Mail is not recommended as there could be a delay in receiving bids by the deadline. Bids must be received prior to the deadline. The City will not accept a postmark as evidence of delivery.

Night Drop Box: If delivering a bid after hours, a Night Drop Box is located at Visalia City Hall, 707 W. Acequia Avenue, Visalia, CA 93291. Enter the west parking lot of the building off of Stevenson Street. The Drop Box is labeled "Night Drop" and is located on the building across from the bicycle racks. The Night Drop Box should only be utilized if City Offices are Closed. The Night Drop Box is checked prior to the bid deadline.

4. Submit each of the required Certifications, Affidavits, Statements and Questionnaires as well as optional waiver(s) to City with the sealed Bid. City will not consider Bids which are not accompanied by the required completed forms.

5. Inquiries: Instructions to Vendor, Specifications and Bid Forms may be inspected and obtained by visiting our web site at visaliapurchasing.org or by calling (559) 713-4334. However, to prevent misinterpretations, the Purchasing Division would prefer that all questions be sent by email to purchasing@visalia.gov.

Questions regarding this RFB are due no later than Wednesday, August 27th, 2025 at 4:00 p.m.

IV. SCOPE OF SERVICES/PROJECT

The City of Visalia is requesting bids for an annual contract for the supply and delivery of Ferric Chloride to the Visalia Water Reclamation Facility (WRF) located at 7579 Ave. 288, Visalia, CA. The City of Visalia requires Ferric Chloride at our Water Reclamation Facility and uses approximately 120 dry tons annually.

City WRF staff will place orders for Ferric Chloride delivery via email, and the supplier shall confirm delivery can be completed as requested. Typically, the City orders 9-10 dry tons on each order that is placed.

GENERAL REQUIREMENTS OF SUPPLIER:

1. **TRADE NAME/SUBSTITUTIONS**: In cases where an item is identified by a manufacturer's name, trade name, catalog number, or reference, it is understood that the Bidder proposes to furnish the item so identified and does not propose to furnish an "equal/substitution." The product must contain approximately 38-41% ferric chloride. If a Bidder lists a specific trade name in their bid, they will be required to supply that specific product.

2. **FERRIC CHLORIDE PRODUCT REQUIREMENTS:** Vendor must agree to supply product to meet ANSI/NSP Standard 60 Certified. Prodcut specifications are as follows:

Specification	Value
Certification	NSF Standard 60
Parameter	
SpGr	1.41 – 1.51
Ferric Chloride wt. %	40.0 % – 47.0 %
Ferric Iron wt. %	13.8 % – 16.2 %
Ferrous Iron wt. %	< 0.25 %
Free Acid as HCL wt %	< .25 %
Insolubles – wt %	< .05 %
Heavy Metals	
Arsenic	< 5 mg/L
Barium	< 1mg/L
Beryllium	< 1 mg/L
Cadmium	< .5 mg/L
Chromium	< 50 mg/L
Copper	< 50 mg/L
Lead	< 10 mg/L
Selenium	< 1 mg/L
Silver	< 1 mg/L
Mercury	< 0.01 mg/L
Molybdenum	< 1 mg/L
Nickel	< 40 mg/L
Titanium	< 40 mg/L
Vanadium	< 10 mg/L
Zinc	< 30 mg/L
Miscellaneous	
Total Organic Carbon	< 30 mg/L
Radionuclides	Non-detect
Hexaclorobenzene	Non-detect

3. **DELIVERY PROVISIONS**

a. Delivery: Delivery shall be within (7) days of order. The Awarded Contractor (Supplier) shall be required to furnish proof of delivery in every instance. Bulk materials are to be placed on skids or pallets. City staff shall not assist with unloading. Suppliers shall notify their shippers accordingly.

b. Location: Visalia Water Reclamation Facility (WRF)
Project Manager: Ben Litwack
7579 Ave. 288
Visalia, CA

c. Time of Delivery: Deliveries shall be accepted between 7:00 A.M. and 2:00 P.M. on weekdays only. No deliveries shall be accepted on Saturdays, Sundays or City Holidays, unless otherwise arranged by an individual Department/Agency.

d. Delivery Failures: Failure to deliver within the time specified, or failure to make replacements of rejected articles when so requested, or as directed by the City's Project Manager may result in City exercising the right to purchase product from another source.

4. **INSPECTIONS**: Inspection and acceptance of materials or supplies shall be made after delivery. Please see Section IX, Special Conditions, relating to inspection. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the City for such materials or supplies as are not in accordance with the specifications. All delivered materials shall be accepted subject to inspection and physical count.

5. SAFETY DATA SHEETS (SDS): Any hazardous substances as defined under the Department of Labor Occupational Safety and Health Standard for General Industry (29-CFR-1910.1200) and State of California Law and Regulations, being delivered to City of Visalia as a result of this Invitation to Bid shall be accompanied by a current "Safety Data Sheet" or item may not be accepted.

6. PACKING SLIPS OR DELIVERY TICKETS: All shipments or deliveries shall be accompanied by Packing Slips or Delivery Tickets, and shall contain the following information for each item delivered. Bidders are cautioned that failure to comply with these conditions shall be considered sufficient reason for refusal to accept the goods.

- The Purchase Order or Contract Number
- The Name of the Article and Stock Number (Supplier's)
- Delivery Date
- The Quantity Ordered
- The Quantity Back Ordered
- The Name of the Contractor

7. RESPONSIBILITY FOR MATERIALS SHIPPED: The Awarded Vendor shall be responsible for the materials covered by this contract until they are delivered at the designated point and bear all risk on rejected materials or supplies after notice of rejection. Rejected materials or supplies must be removed by Awarded Vendor, and at the expense of the Awarded Vendor, promptly after notification of rejection, unless public health and safety require immediate destruction or other disposal of rejected delivery. Upon failure of the Bidder to remove materials or supplies within ten (10)

calendar days after date of notification, the City may return the rejected materials or supplies to the Bidder at the Bidder's risk and expense, or dispose of them as its own property.

8. PRICING: Prices bid shall include all sales tax, transportation, delivery and freight costs to the point of delivery to the applicable facilities. The unit bid prices shall also include all appurtenant and incidental costs associated with the chemical and services required by this RFB, including all costs associated with the pickup, return, cleaning and/or proper disposal of chemical containers, fuel, special insurance, etc.

9. CONTRACTOR REFERENCES: Bidders shall include in their response, a list of at least three (3) organizations which can be used as references for performance of similar services. Contractor shall endeavor to include references of work performed for public sector agencies. Include the name and telephone number for the contact person. Selected organizations will be contacted to determine the quality of work performed and the personnel assigned to the job.

10. ALLOCATIONS: In the event the vendor's supply of awarded items is reduced for reasons beyond the vendor's control to a level which prevents supply of the City's requirements in full, the vendor agrees to supply the City no less than a proportionate share delivered to similar accounts, unless Federal regulations require otherwise. If such a reduction occurs, the City reserves the right to cancel all or part of the contract without prejudice to either party, by giving the vendor fifteen (15) days written notice.

V. PRE-BID TELE-CONFERENCE

An informational pre-bid tele-conference will be held on **Thursday, August 21, 2025,** beginning at 10:00 A.M. (PST). To obtain the link to join conference and/or dial-in number, please email your contact information to purchasing@visalia.city and the conference information will be forwarded to you.

Interested Bidders are encouraged to participate as information on the RFB/Requested Products will be discussed and time will be designated for Bidders to ask questions about the RFB or required products. It shall be the responsibility of the Contractor to have acquired full knowledge of the specifications and scope of work and any problems or difficulties that may affect the work proposed.

VI. BID OPENING AND CONFIDENTIALITY

1. Bid Opening. Bids shall be opened publicly in the presence of attendees, if any, on **Wednesday, September 3rd, 2025 at 2:00 p.m.** at 707 W Acequia, Visalia CA, City Hall. The name of each Bidder and the amount of each Bid shall be open to public inspection at the Bid opening and after an award decision has been made. Other Bid information will not be available for public review during the evaluation phase or until the award of the contract.

2. Bid Confidentiality. The City favors full and open disclosure of all Bid records. The City will not expend public funds defending claims for access to, inspection of, or to be provided copies of any such records. By submitting a Bid, a Bidder agrees to indemnify and defend the City against all claims or actions brought against it to seek access to, or compel disclosure of, any records or documents in the City's possession.

   After the award, the City intends that its selection process will be open and public. Respondents are advised that the California Public Records Act ("PRA") provides that any person may inspect or be provided a copy of any identifiable public record or

document that is not exempted from disclosure by the express provisions of the Act. The Federal Freedom of Information Act ("FOIA") contains a similar provision. Each Bidder shall clearly identify any information within its Bid that it intends to ask the City to withhold as exempt under either the PRA or FOIA. Any information contained in a Bidder's submission which the Bidder believe qualifies for exemption from public disclosure as "Proprietary" or "Confidential" must be identified as such at the time of first submission of Bidder's Bid to this RFB. Any failure to identify information contained in a Bidder's Bid to this RFB as "Proprietary" or "Confidential" shall constitute a waiver of Bidder's right to object to the release of such information upon request under either Act.

VII. AWARD

1. Most Responsive, Responsible Bidder. Award shall be made to the most responsive, responsible Bidder whose Proposal meets the requirements and criteria set forth in this RFB, price and other factors considered, and whose Bid is determined to result in the optimum economic advantage to the City. A responsible Bidder is one who has the capability, financial capacity and integrity to perform the contract. A responsive Bidder is one who commits to all of the material terms, for example, price, quantity, quality and delivery, of this RFB.

2. Reservation of Rights. The City reserves the right to reject any item or items in the Bid; to waive informalities, technical defects, and minor irregularities in Bids received; and to select the Bid(s) deemed most advantageous to the City.

VIII. PROTESTS/APPEALS

Because it is essential that Bidders have confidence in the procurement procedures for soliciting and awarding contracts, it is the policy of the City to offer Bidders the opportunity to appeal award of contracts. The following procedures shall apply in regard to appeals:

1. Any actual Bidder who is aggrieved in connection with this RFB or award of a contract hereunder may protest to the City of Visalia Purchasing Division in writing within five (5) working days after such aggrieved Bidder knows, should have reasonably known, or could reasonably be expected to know of the facts giving rise thereto; and

2. Should identify only the areas regarding bid contradictions, procurement errors, quotation rating discrepancies, legality of procurement context, conflict of interest in the rating process and inappropriate or unfair competitive procurement grievance regarding the Bid process.

3. The City's Purchasing Division shall have the authority to settle and resolve each protest. The resolution will be provided to Bidder in writing within five (5) working days of receipt of the appeal unless the Bidder is notified more time is required.

4. Further levels of appeal may be made in accordance with the appeals provision contained in Chapter 5 of the City's "Purchasing and Contract Procedures" which is available through City's Purchasing Division.

IX. SPECIAL CONDITIONS

1. Product Issues

a. Complete Project. The successful Bidder shall be responsible for providing all materials, products, equipment and/or services necessary to fulfill the requirements of this RFB.

b. Product Inspection. The City will have ten (10) working days to inspect chemicals for conformance to all requirements of this specification

2. City-Contractor Relations

a. Project Manager's Responsibility and Authority. City will designate a Project Manager. The Project Manager shall decide issues of quality and acceptability of materials, products, equipment, supplies and all questions related to fulfillment of the contract for the project. Project Manager shall not have control over acts or omissions of the Awarded Vendor, their agents or employees.

b. Control of Materials:
(1) Source of Supply and Quality of Materials Guarantee. All materials, parts and equipment supplied by the Awarded Vendor shall be new and/or of a quality equal to that specified.

3. Legal Responsibilities.

a. It is the responsibility of Contractor to comply with all local, state, and federal laws and regulations which apply to this project. This includes, but is not limited to, compliance with Uniform Building, Plumbing, Mechanical, Electric, and Fire Codes. Contractor shall provide a safe working environment in compliance with the Occupational Safety and Health Act, and California Health and Safety Codes. Additionally, Contractor shall secure all necessary permits, licenses, and similar requirements to carry out the project. Contractor shall comply with all applicable labor laws, and ensure against discrimination.

X. GENERAL CONDITIONS

1. It is the policy of the City to provide equal opportunity to all candidates when selecting Bidders to provide public services. Bidders are expected to be equal opportunity employers.

The City hereby affirmatively ensures that Minority Business Enterprises and Disadvantaged Business Enterprises (DBE) will be afforded full opportunity to submit proposals in response to this notice. Individuals and/or entities submitting bids/proposals to the City of Visalia will not be discriminated against on the basis of race, religion, color, national origin, ancestry, physical or mental disability, medical condition, genetic information, marital status, gender, gender identity or expression, sexual orientation, or military and veteran status in any consideration leading to the award of contract.

No qualified disabled person shall, on the basis of disability, be excluded from participating in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives or benefits from Federal financial assistance.

Bidder shall provide to the City a list of all instances within the last ten (10) years where a complaint was filed or pending against Bidder in a legal or administrative proceeding alleging that Bidder discriminated against its employees, subcontractors, vendors or

suppliers. A description of the status or resolution of that complaint, including any remedial action taken is required.

2. Post-Closing Date Corrections are prohibited.

3. Bids will not be accepted unless signed in ink (not typed) in the appropriate space(s) by an authorized officer or employee of the Bidder.

4. Bids must be submitted on or before the Closing Date. Any Bids received after the Closing Date shall be returned, unopened, to the Bidder, provided the request number, opening date, and Bidder's return address are on the envelope.

5. Bids may be withdrawn prior to the Bid Closing Date by writing to the Purchasing Division.

6. Telegraphic, telephonic, electronic and facsimile Bids and withdrawal requests will not be accepted.

7. Bid prices submitted are considered accurate for a period of ninety (90) days and cannot be withdrawn after the Closing Date.

8. All Bids are the property of the City after submission.

9. City is not responsible for Bid errors and omissions.

10. Bids should be prepared in a straightforward, concise manner. Information provided which was not specifically requested will be considered only in City's discretion.

11. A written amendment or addenda issued by City's Purchasing Division is the only method which should be relied on with respect to changes to the RFB. Respondent is responsible to contact City's Purchasing Division prior to submitting a Bid to determine if any amendments were made to the RFB.

12. Any contract resulting from the RFB will be jointly administered by the City's Purchasing Division, and the Department requesting Bids.

13. Prior to conducting business in the City, a business tax certificate (license) must be obtained. Call 559-713-4326 for more information.

14. Bidder shall provide insurance as required by law and as indicated in the proposed contract.

15. Bidder shall maintain all personnel files and payroll records for employees used to implement the proposed contract.

16. Bidder shall withhold, pay and report all taxes and issue W-2 forms at the end of each calendar year for employees used to implement the proposed contract.

17. Pursuant to the City's Charter, all other things being equal, tie Bids shall be awarded to a local merchant to the extent quality and prices are equal. If neither is a local vendor, the Bid shall be awarded by the flip of a coin by the Purchasing Division in the presence of at least one witness.

18. The City may make such investigation of the Bidder and information in the Bid as it determines necessary. This may include the collection of criminal history information,

contractual and business associations and practices, employment histories and reputation.

19. All California agencies may purchase off the Proposal submitted at the same prices, terms, conditions and specifications. The City of Visalia shall incur no responsibility in connection with another agency's purchase.

20. Each Bidder will be required to submit Certifications, Affidavits, Assurances, Statements and Questionnaires which are attached in Exhibit "B".

21. The quantities given on the Bid Proposal form and any related contract documents are approximate only. They are given as a basis for comparison of Bids. The City of Visalia does not, expressly or impliedly agree that the actual amount of product purchased will correspond therewith but reserves the right to increase or decrease the amount of any product purchased as the City deems necessary or advisable, at the prices Bid.

22. Bidders shall satisfy themselves by personal examination of the work site, specifications, and other contract documents, and by any other means as they believe necessary, as to the actual physical conditions, requirements, and difficulties under which the project must be performed. The submission of a Bid shall be conclusive evidence that the Bidder has investigated, and is satisfied as to the conditions encountered, as to the character, quality, and quantities of work to be performed, and the materials or equipment to be furnished, and as to the requirements of the RFB and the City. No allowance shall subsequently be made because of lack of such examination or knowledge.

23. All Bidders are required to make a Bid on the complete Bid Form (Exhibit "A"). Bidder may be required to submit Proposals on alternate items. The City reserves the right to award to the contract based on the lowest combination or combinations of Proposal items and alternate proposed items.

24. The City is not exempt from California State Sales Tax. The City is exempt from Federal Excise taxes. Sales Tax in Visalia, CA is currently 8.5%. As stated on the Bid Form, Prices bid are to include tax.

25. Only one Bid may be submitted as a "Prime Contractor" for the same work by any firm, individual, partnership, corporation or combination thereof. A Contractor submitting a Bid as a Prime Contractor may not also submit sub-Bids to other competing Prime Contractors. Reasonable grounds for believing that any individual, firm, partnership, corporation or combination thereof is interested in more than one Proposal for the work contemplated will cause the rejection of all Proposals in which such individual, firm, partnership, corporation or combination thereof is interested. A Contractor who is not submitting a Bid as a Prime Contractor may submit any number of sub-Bids to competing Prime Contractors.

26. The City of Visalia is not liable for any costs incurred by Bidder in responding to this Request for Bid.

27. The annual contract resulting from this invitation to bid will be administered by the Community Services Department. However, the cities Purchasing Division shall be the final judge concerning issues or matters related to contract interpretation or problems regarding the terms, conditions or scope of the contract.

28. The initial contract term shall be for a twelve (12) month period and shall, at the City's option and with the consent of the CONTRACTOR, be extended annually thereafter for

four (4) consecutive one-year periods. Contract shall be begin no later than 15 days from the receipt of annual contract.

29. All prices quoted in response to this Invitation to Bid shall be firm and fixed for twelve (12) months from the annual anniversary date of the agreement. In order to protect the interests of the City and to give the vendor a reasonable basis for bidding, a price adjustment feature is hereby incorporated into the specifications. Prices bid by vendor may be adjusted annually at time of contract renewal and upon mutual agreement of the parties to the contract to allow for price increases or decreases for labor and benefit rates, supplies and materials.

    It will be the responsibility of the contractor to request a price adjustment and to provide all documentation necessary. The request for price adjustment must be submitted to the project manager in writing a minimum of thirty (30) but no sooner than ninety (90) calendar days prior to the annual anniversary date of the agreement. Requests filed after this time period will not be considered.

    The unit prices for the ensuing contracts shall be based on the movement of the unadjusted figures of the **U.S. Bureau of Labor Statistics, Consumer Price Index (CPI) for all Urban Consumers (CPI-U U.S. City Average, All Items).** The contract unit prices may be changed in an amount equal to the percentage of movement for the most recent twelve-month period closest to the anniversary month of contract. In no instance shall the price increase exceed 5%. The contracts unit price changes as a result of this formula shall be binding on the contractor for the subsequent contract year. The adjustment of the unit bid price shall not be retroactive and shall apply only to changes incurred after approval.

30. This contract may be terminated without cause by the City, in whole or in part, by giving the Contractor fifteen (15) days written notice of the intent to terminate whenever the City determines that termination is in the best interest of the City.

    If the Contractor shall fail to provide services or perform satisfactorily the work required by the terms and conditions of the contract, or materially breaches any of its obligations under this agreement the City may terminate the contract, in whole or in part by written notice. Termination shall take effect ten (10) calendar days after the date of mailing said termination notice.

    Any assignment, subletting or transfer of the interest of the contractor, either in whole or in part, without the written consent of the City shall be cause for the City to immediately terminate the agreement for default.

    Notwithstanding any other provisions of this agreement, this agreement may be terminated by the City upon a single violation of this agreement.

31. EXECUTIVE ORDER N-6-22 – Russia Sanctions - On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. “Economic Sanctions” refers to sanctions imposed by the U.S. government in response to Russia’s actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor’s bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

XI. POST AWARD RESPONSIBILITIES

1. Written Contract with City. A written agreement in a form similar to that attached to this Request for Bid as Exhibit "C" with Attachments 1-2 must be entered into between the City and the Contractor to whom the project is awarded. The Agreement forms the basis for the contractual obligation between the parties regarding the project. A contract will be provided with the Notice of Award and must be executed and returned to City within ten (10) working days of the date of award notification unless otherwise agreed.

2. Post-Award Responsibilities. Upon execution of the Agreement between the City and the Contractor, the Contractor shall immediately report all changes in its Articles of Incorporation, By-Laws, or Tax-Exempt status to the City.

3. Insurance. Contractor shall obtain and maintain the minimum insurance coverage outlined Exhibit "B-2", Attachment 2. Contractor shall provide evidence of such insurance to City's Purchasing Division prior to commencement of work.

Upon determination by the City that a contract has been entered and Contractor has provided all of the information that it is required to provide pursuant to this RFB, City will issue, in writing, a notice to proceed on the project to Contractor.

XII. EXHIBTS

EXHIBIT "A"

A.BID FORM

RFB NO. 25-26-08
ANNUAL CONTRACT FOR THE SUPPLY AND DELIVERY OF FERRIC CHLORIDE

TO: THE CITY OF VISALIA PURCHASING DIVISION:

In compliance with the City's Notice Inviting Sealed Bids No. 25-26-08 dated: _____, the undersigned BIDDER hereby proposes to furnish all materials, equipment, tools, services, and labor required for the above stated project as set forth in the RFB, including all Exhibits and related contract documents therefore.

BIDDER declares that this proposal is based upon careful examination of the Instructions to BIDDERs, and the contract requirements. If this bid is accepted for award, BIDDER agrees to enter into a contract with CITY at the unit and/or lump sum prices set forth in the following Bid Schedule. BIDDER understands that failure to enter into a contract in the time and manner prescribed, Purchasing Division may proceed to award the contract to others.

BIDDER understands that a bid is required for the product and that compensation under the contract will be based upon the product condition received as stated in the bid specifications. It is agreed that the unit and/or lump sum prices bid include all appurtenant expenses, royalties, delivery, freight, taxes and fees. In the case of discrepancies in amounts bid, unit prices shall govern over extended amounts.

Bidder understands that the quantities given on the Bid Proposal form are approximate only. They are given as a basis for comparison of Bids. The City of Visalia does not, expressly or impliedly agree that the actual amount of product purchased will correspond therewith.

BIDDER further declares that he/she has not either directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with said bid.

LOWEST BID will be determined by the Lowest Total Bid Price. BIDDER shall calculate Total Bid Price as follows: Column A x Column B = Column C

BIDDER has read and hereby agrees to the conditions stated in this bid by affixing his/her signature below.

	A	**B**	**C**

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE

(EXECUTIVE ORDER 11246)

To Accompany Bid Form

Equal Opportunity Clause

Unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Executive Orders 10925, 11114 or Section 204 of Executive Order 11246 of September 24, 1965, during the performance of each contract with the City of Visalia, the BIDDER agrees as follows:

7. The BIDDER will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin or political affiliation. The BIDDER will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, gender, national origin or political affiliation. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The BIDDER agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

7. The BIDDER will, in all solicitations or advertisements for employees, placed by or on behalf of the BIDDER, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin or political affiliation.

7. The BIDDER will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or the workers' representative of the BIDDER's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice on conspicuous places available to employees and applicants for employment.

7. The BIDDER will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations and relevancy orders of the Secretary of Labor.

7. The BIDDER will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and relevant orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

6. In the event of the BIDDER's non-compliance with the non-discrimination clauses of this subcontract or with any of such rules, regulations or orders, this subcontract may be canceled, terminated or suspended, in whole, or in part and the BIDDER may be declared ineligible for further government contracts in accordance with the procedures authorized in accordance with Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or otherwise provided by law.

7. The BIDDER will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each SUBBIDDER or vendor. The BIDDER will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event the BIDDER becomes involved in, or is threatened with litigation with a SUBBIDDER or vendor as a result of such direction by the contracting agency, the BIDDER may request the United States to enter into such litigation to protect the interest of the United States.

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES:_____ NO:_____. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)
_____	_____

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

STATE OF CALIFORNIA
DRUG-FREE WORKPLACE CERTIFICATION

STD.21 (REV.12-93)

CERTIFICATION

I, the official named below, hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the certification described below. I am fully aware that this certification, executed on the date below, is made under penalty of perjury under the laws of the State of California.

CONTRACTOR/BIDDER FIRM NAME	FEDERAL ID NUMBER
BY(Authorized Signature)	DATE EXECUTED
PRINTED NAME AND TITLE OF PERSON SIGNING	TELEPHONE NUMBER (Include Area Code) ( )
TITLE	
CONTRACTOR/BIDDER FIRM'S MAILING ADDRESS	

The contractor or grant recipient named above hereby certifies compliance with Government Code Section 8355 in matters relating to providing a drug-free workplace. The above named contractor or grant recipient will:

1. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations, as required by Government Code Section 8355(a).

2. Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b), to inform employees about all of the following:

   (a) The dangers of drug abuse in the workplace,

   (b) The person's or organization's policy of maintaining a drug-free workplace,

   (c) Any available counseling, rehabilitation and employee assistance programs, and

   (d) Penalties that may be imposed upon employees for drug abuse violations.

3. Provide as required by Government Code Section 8355©, that every employee who works on the proposed contract or grant:
   (a) Will receive a copy of the company's drug-free workplace policy statement, and
   (b) Will agree to abide by the terms of the company's statement as a condition of employment on the contract or grant.

4. At the election of the contractor or grantee, from and after the "Date Executed" and until _____ (NOT TO EXCEED 36 MONTHS), the state will regard this certificate as valid for all contracts or grants entered into between the contractor or grantee and this state agency without requiring the contractor or grantee to provide a new and individual certificate for each contract or grant. If the contractor or grantee elects to fill in the blank date, than the terms and conditions of this certificate shall have the same force, meaning effect and enforceability as if a certificate were separately, specifically, and individually provided for each contract or grant between the contractor or grantee and this state agency.

Note: In accordance with Public Contract Code Section 2205, false certification of this form shall be reported to the California Attorney General and may result in civil penalties equal to the greater of $250,000 or twice the Contract amount, termination of the Contract and/or eligibility to bid on contracts for three years.

C. SAMPLE (does not need to be submitted with Bid/Proposal)

EXHIBIT "C"

ANNUAL CONTRACT FOR SUPPLY AND DELIVERY OF FERRIC CHLORIDE
(City of Visalia Bid No. 25-26-08)

This Agreement, entered into and effective this _____ day of _____, 20___ ["Effective Date"], by and between the City of Visalia, hereinafter referred to as the "CITY", and _____ hereinafter referred to as the "CONTRACTOR", "VENDOR, "BIDDER", or "SUBRECIPIENT".

R E C I T A L S

WHEREAS, CONTRACTOR is sign supplier with a primary business address of _____ and SSN or EIN: _____; and

WHEREAS, CITY is a municipal corporation and Charter Law City; and

WHEREAS, City of Visalia reviewed and evaluated responses to the Request for Bid and determined to award contract to CONTRACTOR for the Annual Project; and

WHEREAS, CONTRACTOR represents it is licensed, qualified and willing to complete the Project pursuant to terms and conditions of this Agreement.

NOW, THEREFORE, CITY and CONTRACTOR agree as follows:

1. TERM:
The term of this Agreement shall commence on the Effective Date and expire upon completion of all obligations of the parties, unless earlier terminated by the parties. The initial contract term shall be for a twelve (12) month period and shall, at the City's option and with the consent of the CONTRACTOR, be extended annually thereafter for four (4) consecutive one-year periods. Additionally, this Agreement may be terminated for convenience. In the event of termination or expiration of this Agreement, CONTRACTOR shall transfer to CITY any funds and/or accounts receivable on hand attributable to the use of CITY funds.

2. ATTACHMENTS INCORPORATED:
The following are attachments for this Agreement. Said attachments are incorporated into this Agreement as if included in full in the body:

ATTACHMENT#	DESCRIPTION OF ATTACHMENT
Attachment 1	General Contract Provisions
Attachment 2	Insurance Requirements
Attachment 3	City of Visalia Bid 25-26-08, Annual Contract for the purchase of Ferric Chloride Process
Attachment 4	CONTRACTOR's bid in response to Bid No. 25-26-08

3. CONTRACTOR SCOPE OF SERVICES and COMMITMENTS*:
CONTRACTOR shall provide the following services for the stated compensation on or before the stated completion dates ("Scope of Services"):

All work described in Scope of Services in Bid No. 25-26-08.

4. CITY COMMITMENTS:

CITY shall perform the following tasks on or before the stated completion dates:

TASK	**COMPLETION DATE**
Pay Contractor as items are delivered and invoiced	As requested by Contractor

5. COMPENSATION:

CITY shall pay CONTRACTOR compensation for services as indicated in Paragraph 4 above; however, CITY shall pay not more than the following amount as total compensation under this Agreement, unless otherwise agreed in writing. Such sum shall be expended and paid by CITY on a reimbursement basis for services actually performed based on invoices, receipts, time sheets and similar documents presented by CONTRACTOR to CITY.

Total Compensation:	Not to exceed $_____annually at Contractor's stated unit prices.
Source of Funds:	Local Revenues
Payment Schedule:	Within 30 days from receipt of invoice for delivered product

6. CONTRACT PRICE ADJUSTMENTS:

All prices quoted in response to this Invitation to Bid shall be firm and fixed for twelve (12) months from the annual anniversary date of the agreement. In order to protect the interests of the City and to give the vendor a reasonable basis for bidding, a price adjustment feature is hereby incorporated into the specifications. Prices bid by vendor may be adjusted annually at time of contract renewal and upon mutual agreement of the parties to the contract to allow for price increases or decreases for labor and benefit rates, supplies and materials.

It will be the responsibility of the contractor to request a price adjustment and to provide all documentation necessary. The request for price adjustment must be submitted to the project manager in writing a minimum of thirty (30) but no sooner than ninety (90) calendar days prior to the annual anniversary date of the agreement. Requests filed after this time will not be considered.

The unit prices for the ensuing contracts shall be based on the movement of the unadjusted figures of the **U.S. Bureau of Labor Statistics, Consumer Price Index (CPI) for all Urban Consumers (CPI-U, U.S. City Average, All Items).** The contract unit prices may be changed in an amount equal to the percentage of movement for the most recent twelve-month period closest to the anniversary date of contract. **In no instance shall the price increase exceed 5%.** The contracts unit price changes as a result of this formula shall be binding on the contractor for the subsequent contract year. The adjustment of the unit bid price shall not be retroactive and shall apply only to changes incurred after approval.

IN WITNESS WHEREOF, this Agreement is executed on the day and year first above written.

GENERAL CONTRACT PROVISIONS

A. **Successors and Assigns**: This Agreement shall be binding upon and shall inure to the benefit of any successors to or assigns of the parties.

B. **Prohibition of Assignment**: Neither party shall assign, delegate or transfer their rights and duties in this Agreement without the written consent of the other party.

C. **Notices**: Notice shall be sufficient hereunder if personally served upon the City Clerk of the CITY or an officer or principal of the CONTRACTOR, or if sent via the United States Postal Service, postage prepaid, addressed as follows:

CITY OF VISALIA	CONTRACTOR_____
707 W. Acequia Ave.	_____
Visalia, CA 93291	_____
Attention: City Clerk	Attention: _____

D. **Independent Contractor:** It is understood and agreed by the parties herein that CONTRACTOR, in the performance of this Agreement, shall act as an independent contractor, and therefore shall obtain no rights to any fringe benefits that accrue to regular full-time CITY employees.

E. **Jurisdiction/Venue/Waiver Of Removal**: This Agreement shall be administered and interpreted under the laws of the State of California. Jurisdiction of litigation arising from this Agreement shall be in California. Any action brought to interpret or enforce this Agreement, or any of the terms or conditions hereof, shall be brought in Tulare County, California. The CONTRACTOR hereby expressly waives any right to remove any action to a county other than Tulare County as permitted pursuant to Section 394 of the California Code of Civil Procedure.

F. **Integration/Modification**: This Agreement and each of the documents and exhibits or attachments referenced herein, which are incorporated by reference, represents the entire understanding of the parties as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This Agreement may not be modified or altered except in writing signed by the parties, unless otherwise explicitly authorized.

G. **Conflict With Law**: If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void insofar as it is in conflict with said law, but the remainder of the Agreement shall be in full force and effect.

H. **Indemnification**: The CONTRACTOR waives any and all claims and recourse against the CITY, including the right of contribution of loss or damage to person or property arising from, growing out of, or in any way connected with or incidental to the CONTRACTOR's performance of this Agreement, except claims arising from the concurrent or sole negligence of the CITY or its officers, agents or employees. The CONTRACTOR will indemnify, hold harmless, and defend (at CITY's option) the CITY against any and all claims, demands, damages, costs, expenses, or liability arising out of the CONTRACTOR's performance of this Agreement except for liability arising out of the concurrent or sole negligence of the CITY or its officers, agents, or employees.

I. **Attorney's Fees**: In the event either party commences any action, arbitration or legal proceedings for the enforcement of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recovery of its attorney's fees and court costs incurred in the action brought thereon.

J. **Headings**: Section headings are provided for organizational purposes only and do not in any manner affect the scope or intent of the provisions thereunder.

K. **Firearms Prohibited:** Guns may not be carried by contractors /vendors/consultants while working on City of Visalia premises without the expressed written approval of a City of Visalia Department Head, or an exemption in the contract. If a contractor/vendor/consultant is caught carrying a gun, without City permission, their contract will be terminated.

L. **Executive Order N-6-22 – Russia Sanctions:** On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

Exhibit "C"
Attachment 2

INSURANCE REQUIREMENTS

1. **CONTRACTOR Insurance.** CONTRACTOR, at its sole cost and expense, for the full term of this Agreement (and any extensions thereof), shall obtain and maintain at a minimum compliance with all of the following insurance coverage(s) and requirements. Such insurance coverage shall be primary coverage as respects CITY and any insurance or self-insurance maintained by CITY shall be in excess of CONTRACTOR's insurance coverage and shall not contribute to it.

2. **Subcontractor(s') Insurance.** If CONTRACTOR utilizes one or more subcontractors in the performance of this Agreement, CONTRACTOR shall obtain and maintain independent insurance as to each subcontractor or otherwise provide evidence of insurance coverage for each subcontractor equivalent to that required of CONTRACTOR.

3. **Types of Insurance and Minimum Limits.** The following types of insurance and minimum limits are required providing at least the following minimum coverage and limits of liability:

   a. **Worker's Compensation** written in accordance with the laws of the State of California providing coverage for any and all employees of CONTRACTOR in the minimum statutorily required coverage amounts;

   b. **Automobile Liability Insurance** for each of CONTRACTOR's vehicles used in the performance of this Agreement, including owned, non-owned (e.g. owned by CONTRACTOR's employees or contractors), leased or hired vehicles, in the minimum amount of $1,000,000 combined single limit per occurrence for bodily injury and property damage.

   c. **Comprehensive or Commercial General Liability Insurance** coverage in the minimum amount of $1,000,000 combined single limit, including coverage for:

      (1) bodily injury;
      (2) personal injury;
      (3) broad form property damage;
      (4) contractual liability;
      (5) cross-liability;
      (6) products and completed operations liability

4. **Other Insurance Provisions.**
   If any insurance coverage required in this Agreement is provided on a "Claims Made" rather than "Occurrence" form, CONTRACTOR agrees to maintain the required coverage for a period of three (3) years after the expiration of this Agreement (hereinafter "post agreement coverage") and any extensions thereof. CONTRACTOR may maintain the required post agreement coverage by renewal or purchase of prior acts or tail coverage. This provision is contingent upon post agreement coverage being both available and reasonably affordable in relation to the coverage provided during the term of this Agreement. For purposes of interpreting this requirement, a cost not exceeding 100% of the last annual policy premium during the term of this Agreement in order to purchase prior acts or tail coverage for post agreement coverage shall be deemed to be reasonable.

5. **Endorsements.**
   All required Automobile and Comprehensive or Commercial General Liability Insurance shall be endorsed to contain the following clauses:

a. The City of Visalia, its officers, agents, employees, representatives, and volunteers are added as additional insureds as respects operations and activities of, or on behalf of the named insured, performed under contract with the City of Visalia.

a. It is agreed that any insurance maintained by the City of Visalia shall apply in excess of and not contribute with insurance provided by this policy.

b. This insurance shall not be canceled, limited in scope or coverage, or non-renewed until after thirty (30) days prior written notice has been given to the City Clerk, City of Visalia, 707 W. Acequia, Visalia, CA, 93291

6. <u>Proof of Coverage</u>.

CONTRACTOR agrees to provide its insurance broker(s) with a full copy of these insurance provisions and provide CITY on or before the effective date of this Agreement with Certificate(s) of Insurance for all required coverages. Copies of all the required Endorsements shall be attached to the Certificate(s) of Insurance or other evidence of insurance acceptable to the City of Visalia, which shall be provided by CONTRACTOR's insurance company as evidence of the stipulated coverages. This Proof of Coverage shall then be mailed to the City of Visalia at the following address:

XII. EXHIBTS

EXHIBIT "A"
A.BID FORM

RFB NO. 25-26-08
ANNUAL CONTRACT FOR THE SUPPLY AND DELIVERY OF FERRIC CHLORIDE

TO: THE CITY OF VISALIA PURCHASING DIVISION:

In compliance with the City's Notice Inviting Sealed Bids No. 25-26-08 dated: 8/31/2025 , the undersigned BIDDER hereby proposes to furnish all materials, equipment, tools, services, and labor required for the above stated project as set forth in the RFB, including all Exhibits and related contract documents therefore.

BIDDER declares that this proposal is based upon careful examination of the Instructions to BIDDERs, and the contract requirements. If this bid is accepted for award, BIDDER agrees to enter into a contract with CITY at the unit and/or lump sum prices set forth in the following Bid Schedule. BIDDER understands that failure to enter into a contract in the time and manner prescribed, Purchasing Division may proceed to award the contract to others.

BIDDER understands that a bid is required for the product and that compensation under the contract will be based upon the product condition received as stated in the bid specifications. It is agreed that the unit and/or lump sum prices bid include all appurtenant expenses, royalties, delivery, freight, taxes and fees. In the case of discrepancies in amounts bid, unit prices shall govern over extended amounts.

Bidder understands that the quantities given on the Bid Proposal form are approximate only. They are given as a basis for comparison of Bids. The City of Visalia does not, expressly or impliedly agree that the actual amount of product purchased will correspond therewith.

BIDDER further declares that he/she has not either directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with said bid.

LOWEST BID will be determined by the Lowest Total Bid Price. BIDDER shall calculate Total Bid Price as follows: Column A x Column B = Column C

BIDDER has read and hereby agrees to the conditions stated in this bid by affixing his/her signature below.

	A	B	C
Supply and Delivery of Ferric Chloride per specifications of RFB-25-26-08	Unit Price (Includes delivery, freight, sales tax and all costs)	Estimated Annual Quantity (dry tons)	Total Bid Price

EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE

(EXECUTIVE ORDER 11246)

To Accompany Bid Form

Equal Opportunity Clause

Unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Executive Orders 10925, 11114 or Section 204 of Executive Order 11246 of September 24, 1965, during the performance of each contract with the City of Visalia, the BIDDER agrees as follows:

7. The BIDDER will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin or political affiliation. The BIDDER will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, gender, national origin or political affiliation. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The BIDDER agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

7. The BIDDER will, in all solicitations or advertisements for employees, placed by or on behalf of the BIDDER, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, national origin or political affiliation.

7. The BIDDER will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or the workers' representative of the BIDDER's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice on conspicuous places available to employees and applicants for employment.

7. The BIDDER will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations and relevancy orders of the Secretary of Labor.

7. The BIDDER will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and relevant orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

6. In the event of the BIDDER's non-compliance with the non-discrimination clauses of this subcontract or with any of such rules, regulations or orders, this subcontract may be canceled, terminated or suspended, in whole, or in part and the BIDDER may be declared ineligible for further government contracts in accordance with the procedures authorized in accordance with Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or otherwise provided by law.

7. The BIDDER will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each SUBBIDDER or vendor. The BIDDER will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event the BIDDER becomes involved in, or is threatened with litigation with a SUBBIDDER or vendor as a result of such direction by the contracting agency, the BIDDER may request the United States to enter into such litigation to protect the interest of the United States.

CALIFORNIA LEVINE ACT STATEMENT

California Government Code Section 84308, also know as the "Levine Act," can prohibit members of the Visalia City Council from participating in any action related to a contract if he or she receives any political contributions totaling more than $250 within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution(s) by a party to be awarded a specific contract.

The following website contains a list of current Visalia City Council Members, https://www.visalia.city/government/city_council/default.asp. You are responsible for reviewing the names of Visalia City Council Members prior to making the following disclosure:

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to a Visalia City Council Member in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any City Council action related to this contract? YES: NO: X_____. If yes, please identify the City Council Member(s) and date(s) of contribution in the space below:

Council Member(s) Name	Date of Contribution(s)

Answering YES, does not preclude the City of Visalia from awarding a contract to your firm or from taking any subsequent action related to the contract. It does, however, preclude the identified Visalia City Council Member(s) from participating in any actions related to this contract.

NOTICE: The disclosure duty under state law continues for twelve (12) months after the award. If the above information regarding contributions changes during this time after the award, then the awardee is required to update this disclosure form.

POLICYHOLDER NOTICE

CALIFORNIA WORKERS' COMPENSATION INSURANCE RATING LAWS

Pursuant to Section 11752.8 of the California Insurance Code, we are providing you with an explanation of the California workers' compensation rating laws.

1. We establish our own rates for workers' compensation. Our rates, rating plans, and related information are filed with the insurance commissioner and are open for public inspection.

2. The insurance commissioner can disapprove our rates, rating plans, or classifications only if he or she has determined after public hearing that our rates might jeopardize our ability to pay claims or might create a monopoly in the market. A monopoly is defined by law as a market where one insurer writes 20% or more of that part of the California workers' compensation insurance that is not written by the State Compensation Insurance Fund. If the insurance commissioner disapproves our rates, rating plans, or classifications, he or she may order an increase in the rates applicable to outstanding policies.

3. Rating organizations may develop pure premium rates that are subject to the insurance commissioner's approval. A pure premium rate reflects the anticipated cost and expenses of claims per $100 of payroll for a given classification. Pure premium rates are advisory only, as we are not required to use the pure premium rates developed by any rating organization in establishing our own rates.

4. We must adhere to a single, uniform experience rating plan. If you are eligible for experience rating under the plan, we will be required to adjust your premium to reflect your claim history. A better claim history generally results in a lower experience rating modification; more claims, or more expensive claims, generally result in a higher experience rating modification. The uniform experience rating plan, which is developed by the insurance rating organization designated by the insurance commissioner, is subject to approval by the insurance commissioner.

5. A standard classification system, developed by the insurance rating organization designated by the insurance commissioner, is subject to approval by the insurance commissioner. The standard classification system is a method of recognizing and separating policyholders into industry or occupational groups according to their similarities and/or differences. We can adopt and apply the standard classification system or develop and apply our own classification system, provided we can report the payroll, expenses, and other costs of claims in a way that is consistent with the uniform statistical plan or the standard classification system.

6. Our rates and classifications may not violate the Unruh Civil Rights Act or be unfairly discriminatory.

7. We will provide an appeal process for you to appeal the way we rate your insurance policy. The process requires us to respond to your written appeal within 30 days. If you are not satisfied with the result of your appeal, you may appeal our decision to the insurance commissioner.

California Workers' Compensation Insurance

Notice of Nonrenewal

Section 11664 of the California Insurance Code requires us, in most instances, to provide you with a notice of nonrenewal. Except as specified in paragraphs 1 through 6 below, if we elect to nonrenew your policy, we are required to deliver or mail to you a written notice stating the reason or reasons for the nonrenewal of the policy. The notice is required to be sent to you no earlier than 120 days before the end of the policy period and no later than 30 days before the end of the policy period. If we fail to provide you the required notice, we are required to continue the coverage under the policy with no change in the premium rate until 60 days after we provide you with the required notice.

We are not required to provide you with a notice of nonrenewal in any of the following situations:

1. Your policy was transferred or renewed without a change in its terms or conditions or the rate on which the premium is based to another insurer or other insurers who are members of the same insurance group as us.
2. The policy was extended for 90 days or less and the required notice was given prior to the extension.
3. You obtained replacement coverage or agreed, in writing, within 60 days of the termination of the policy, to obtain that coverage.
4. The policy is for a period of no more than 60 days and you were notified at the time of issuance that it may not be renewed.
5. You requested a change in the terms or conditions or risks covered by the policy within 60 days prior to the end of the policy period.
6. We made a written offer to you to renew the policy at a premium rate increase of less than 25 percent.

   (A) If the premium rate in your governing classification is to be increased 25 percent or greater and we intend to renew the policy, we shall provide a written notice of a renewal offer not less than 30 days prior to the policy renewal date. The governing classification shall be determined by the rules and regulations established in accordance with California Insurance Code Section 11750.3(c).

   (B) For purposes of this Notice, "premium rate" means the cost of insurance per unit of exposure prior to the application of individual risk variations based on loss or expense considerations such as scheduled rating and experience rating.

This notice does not change the policy to which it is attached.

POLICYHOLDER NOTICE

CALIFORNIA INSURANCE GUARANTEE ASSOCIATION (CIGA) SURCHARGE

Companies writing property and casualty insurance business in California are required to participate in the California Insurance Guarantee Association. If a company becomes insolvent, the California Insurance Guarantee Association settles unpaid claims and assesses each insurance company for its fair share.

California law requires all companies to surcharge policies to recover these assessments. If your policy is surcharged, "CA Surcharge" or "CA Surcharge (CIGA Surcharge)" with an amount will be displayed on your premium notice.

This notice does not change the policy to which it is attached.

Visalia City Council

Staff Report

File #: 25-0447 **Agenda Date:** 10/6/2025 **Agenda #:** 13.

Agenda Item Wording:
Extend Consultant Services Contract - Authorize the City Manager to extend the contract for building safety plan check and related services on an emergency basis to Interwest Consulting Group Inc for an amount not to exceed $600,000 for one year ending October 7, 2026 and appropriate an additional $450,000 from the Building Safety Enterprise Fund.

Prepared by:
Jason Huckleberry, Director of Engineering & Building, Jason.huckleberry@visalia.city, (559) 713-4495

Department Recommendation:
Staff recommends that Council authorize the City Manager to extend the contract for building safety plan check and related services on an emergency basis to Interwest Consulting Group Inc for one year, ending October 7, 2026, not to exceed $600,000 and appropriate an additional $450,000 from the Building Safety Enterprise Fund.

Summary:
The Building Safety Division relies upon Interwest Consulting Inc for both plan review services and inspection services to assist with periods of high demand from the building community. When utilized, these consulting services are intended to provide services directly related to meeting our division goals for processing permits and inspections services.

To meet the required timeframes for permit processing, plans submitted to the City may be routed expeditiously to the plan review consultant for review. In these cases, reviews are completed by Interwest on an expedited timeframe. When completed, the plans are returned to the City staff for final review before going back to the applicant for either corrections to be made or approved for issuance.

Additionally, in order to keep up with the varied demand for inspection services, Interwest provides inspection staff to assist with daily inspections. Presently the City is utilizing two consulting inspectors seated withing the division. In these cases, the consultant inspectors work adjacent to the City's full-time inspection staff, meeting and conferring regularly to ensure continuity amongst the inspection team. The consulting inspectors are required to utilize the same permit system software and applications, correlating to a seamless experience to the public.

Background Discussion:
On September 16, 2019, the City Council approved and awarded Interwest Consulting Group an annual contract for building division plan check (including building inspection and permit technician services) not to exceed $100,000 annually. The contract was subsequently amended on September 21, 2020, to not exceed $300,000 annually, and then again amended on September 7, 2021, to not

exceed $600,000. Staff is preparing a Request for Proposals to readvertise these services in 2025 but will need to extend the current contract that was originally approved in 2019 on an emergency basis for an additional 12-months to allow for time to advertise, review and award a new contract for these services in 2026.

Although used sparingly, the Building Safety Division staff continue to utilize Interwest Consulting Group for 3rd party plan check review services. The division has two vacant positions on the plan review team, one from retirement in 2025 and another member that resigned their position. Both positions are being recruited for now Staff expects to have both filled shortly. When operating with staffing shortages, this contract will play an important role in ensuring the ability to continue to meet and exceed established plan review timeframes for the community. When requested to perform plan check services, Interwest Consulting Group receives 65% of the total plan review fee charged by the City of Visalia. The City of Visalia retains the remaining 35% of the plan review fee. The fees are collected in the Building Safety Enterprise Fund and the vendor is paid from that fund.

In addition to plan check services, for the last several years, the City has experienced a high volume of inspection requests, routinely exceeding the amount of inspections our staff are able to perform daily. Additionally, the last several years have brought several large industrial and commercial projects that require extensive inspection hours which impacts our ability to meet the needs of the community. As such, the contract with Interwest Consulting Group Inc has consistently been used for building inspection services and has been highly successful. This effort will continue under this contract extension until inspection volumes decrease, and existing staffing levels are able to consistently meet the needs of the community.

Fiscal Impact:
The contract is paid for out of the Building Safety Enterprise Fund from fees paid through building permits obtained by developers, contractors, and property owners. Interwest Consulting Group is paid 65% of City clan Check review fees for “standard” plan review. The current Professional and Specialized budget for this service is $150,000. Staff is requesting an additional appropriation of $450,000 to be able to fund the previous annual contract increase approved in 2021. If permit activity and/or inspection requests decrease, these funds will not be used and will return to fund balance.

Prior Council Action:
On November 4, 2024 City Council approved a one-year extension of the Interwest Consulting Inc contract at an amount not to exceed $600,000 for Building Safety Division Plan Review and Related Services, contract ending October 7, 2025.

On September 7, 2021 City Council approved an amendment to the contract with Interwest Consulting Group Inc in an amount not to exceed $600,000 for Building Safety Division Plan Review and Related Services.

On September 21, 2020 City Council amended the contract with Interwest Consulting Group Inc in an amount not to exceed $300,000 for Building Safety Division Plan Review and Related Services, including the addition of Building Inspection and Permit Technician Services.

On September 16, 2019 City Council awarded a contract to Interwest Consulting Group Inc in an amount not to exceed $100,000 (renewable for four more years) for Building Safety Division Plan

Review and Related Services.

Other: None

Alternatives:
City Council may elect to deny the request and direct staff to process a formal Request for Proposals (RFP) to obtain a new contract for these services. If this is the case, delays in permit processing and inspections may be experienced while the RFP is processed through the Purchasing processes.

Recommended Motion (and Alternative Motions if expected):
I move to approve a 12-month extension of the annual contract with Interwest Consulting Group Inc for Building Safety Plan Check and Related Services in an amount not to exceed $600,000 and appropriate $450,000 from the Building Safety Enterprise Fund.

PROFESSIONAL SERVICES AGREEMENT
ANNUAL CONTRACT FOR COMMERCIAL AND RESIDENTIAL
PLAN CHECKING AND RELATED SERVICES

This Agreement, entered into this 7th day of October, 2019, by and between the City of Visalia, hereinafter referred to as the "CITY", and Interwest Consulting Group hereinafter referred to as the "CONSULTANT".

W I T N E S S E T H

WHEREAS, the CITY is authorized and empowered to employ consultants and specialists in the performance of its duties and functions; and

WHEREAS, the CITY has the desire to secure certain technical and professional services to assist in the preparation and completion of the items of work described as "Scope of Work" in RFP No. 18-19-68 which along with the response submitted by CONSULTANT is attached as Exhibit "A", and hereinafter referred to as the "PROJECT"; and

WHEREAS, the CONSULTANT represents it is licensed, qualified and willing to provide such services pursuant to terms and conditions of this Agreement.

NOW, THEREFORE, CITY and CONSULTANT agree as follows:

I. SERVICES TO BE PERFORMED BY THE CONSULTANT

A. Authorized Scope of Work: The CONSULTANT agrees to perform all work necessary to complete in a manner satisfactory to the CITY those tasks described in Exhibit "A" - Scope of Work, which shall be the Scope of Work for the project as described in RFP No. ~~18-17-68~~ 18-19-68, unless the parties agree in writing to modify the Scope of Work as stated in the RFP, for the cost identified in Exhibit "B" – Consultant Fee Schedule. SWH

B. Additional Services: Incidental work related to the PROJECT and not provided for in Exhibit "A" may be needed during the performance of this Agreement. The CONSULTANT agrees to provide any and all additional services at the rates identified in attached Exhibit "B" – Consultant Fee Schedule. Such additional services shall not be performed by CONSULTANT without the written consent of CITY.

II. TIME OF PERFORMANCE

The CONSULTANT shall commence performance of this Agreement within ten (10) days of the effective date on the Consultant's written Notice to Proceed and shall complete the work within the timeframes outlined in Exhibit "B", unless otherwise extended in writing by CITY, in its sole discretion.

If the CONSULTANT fails to complete the PROJECT within the time specified, plus any extensions of time which may be granted, the CITY shall determine the percent of each work item completed and shall pay the CONSULTANT on that basis.

CONSULTANT shall not be responsible for delays which are due to causes beyond the CONSULTANT's reasonable control. In the case of any such delay, the time of completion shall be extended accordingly in a writing signed by both parties.

III. COMPENSATION

A. Total Compensation: For services performed pursuant to this Agreement, the CITY agrees to pay and the CONSULTANT agrees to accept, the fee schedule as shown in Exhibit "B" not exceeding $100,000 annually. This amount shall constitute complete compensation, including document production and out-of-pocket expenses for all services for the work and PROJECT identified in Exhibits "A" and "B". CONSULTANT agrees these amounts, as authorized, will constitute complete compensation, including document production and out-of-pocket expenses, for services authorized by CITY for the PROJECT per the Scope of Work, Project Fees, and Schedule identified in Exhibit "A", & "B", respectively. No other compensation is authorized by this Agreement without separate written amendment.

B. Payment of Compensation: The CONSULTANT shall be compensated no more than monthly, based on percentage of work of each noted phase completed to date. The CONSULTANT shall be paid no later than thirty (30) days following submission of a written, verified billing to the CITY. Said billing shall include the percentage of each task completed to date and since the date of the preceding billing, if any.

IV. AUTHORIZED REPRESENTATIVE

A. CITY: The Project Manager, Shawn Huff shall represent the CITY in all matters pertaining to the services to be rendered under this Agreement, except where approval of the City Council of the City of Visalia is specifically required.

B. CONSULTANT: Project Manager, Jeff Janes shall represent and act as principle for CONSULTANT in all matters pertaining to the services to be rendered by it under this Agreement.

V. TERMINATION

The right to terminate this Agreement, with or without cause, may be exercised without prejudice to any other right or remedy to which the terminating party may be entitled at law or under this Agreement.

A. Termination By Either Party Without Cause: The CITY or CONSULTANT may terminate this Agreement at any time by giving written notice to the other of such termination and specifying the effective date thereof, at least fifteen (15) days before the effective date of such termination.

B. Termination of Agreement for Cause: The CITY may by written notice to the CONSULTANT specifying the effective date thereof, at least fifteen (15) days before the effective date of such termination, terminate the whole or any part of this Agreement in any of the following circumstances:

1. If the CONSULTANT fails to perform the services called for by this Agreement within time(s) specified herein or any extension thereof; or

2. If the CONSULTANT fails to make progress under this Agreement as to endanger performance of this Agreement in accordance with its terms, and does not correct such failure within a period of fifteen (15) days (or longer period as the CITY may authorize in writing) after receipt of notice from the CITY specifying such failure.

C. Post-Termination:

1. In the event the CITY terminates this Agreement with or without cause, the CITY may procure, upon such terms and such manner as it may determine appropriate, services similar to those terminated.

2. Except with respect to defaults of sub-consultants, the CONSULTANT shall not be liable for any excess costs if the failure to perform this Agreement arises out of causes beyond the control and without the fault or negligence of the CONSULTANT. Such causes include, but are not limited to, acts of God or of the public enemy, floods, epidemics, quarantine restrictions, strikes, and unusually severe weather; but in the event the failure to perform is caused by the default of a sub-consultant, the CONSULTANT shall not be liable for failure to perform, unless the services to be furnished by the sub-consultant were obtainable from other sources in sufficient time and within budgeted resources to permit the CONSULTANT to meet the required delivery schedule or other performance requirements.

3. Should the Agreement be terminated with or without cause, the CONSULTANT shall provide the CITY with all finished and unfinished documents, data, studies, services, drawings, maps, models, photographs, reports, etc., prepared by the CONSULTANT pursuant to this Agreement.

4. Upon termination, with or without cause, CONSULTANT will be compensated for the services satisfactorily completed to the date of termination according to compensation provisions contained herein. In no event, shall the total compensation paid CONSULTANT exceed the total compensation agreed to herein.

5. If, after notice of termination of this Agreement, as provided for in this article, it is determined for any reason that the CONSULTANT was not in default under the provisions of this article, then the rights and obligations of the parties shall be the same as if the Agreement was terminated without cause.

6. Termination of this Agreement shall not terminate any obligation to indemnify, to maintain and make available any records pertaining to the Agreement, to cooperate with any audit, to be subject to offset, or to make any reports of pre-termination activities.

VI. INTEREST OF OFFICIALS AND THE CONSULTANT

A. No officer, member, or employee of the CITY who exercises any functions or responsibilities in the review or approval of this Agreement shall:

1. Participate in any decision relating to this Agreement which effects his personal interest or the interest of any corporation, partnership, or association in which he has, directly or indirectly, any interest; or

2. Have any interest, direct or indirect, in this Agreement or the proceeds thereof during his tenure or for one year thereafter.

B. The CONSULTANT hereby covenants that he has, at the time of the execution of this Agreement, no interest, and that he shall not acquire any interest in the future, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed pursuant to this Agreement. The CONSULTANT further covenants that in the performance of this work, no person having any such interest shall be employed.

IX. NO PERSONNEL, AGENCY OR COMMISSION

The CONSULTANT warrants, by execution of this Agreement, that no personnel agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide established commercial or selling agencies maintained by the CONSULTANT for the purpose of securing business. For breach or violation of this warranty, the CITY shall have the right to annul this Agreement without liability or, in its discretion, to deduct from this Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

X. SUBCONTRACTING

A. The CONSULTANT shall not subcontract or otherwise assign any portion of the work to be performed under this Agreement without the prior written approval of the CITY.

B. In no event shall the CONSULTANT subcontract work in excess of 50% of the contract amount, excluding specialized services. Specialized services are those items not ordinarily furnished by a consultant performing the particular type of project.

XI. INDEPENDENT CONTRACTOR

In the performance of the services herein provided for, the CONSULTANT shall be, and is, an independent contractor and is not an agent or employee of the CITY. The CONSULTANT has and shall retain the right to exercise full control and supervision of all persons assisting the CONSULTANT in the performance of said services hereunder. The CONSULTANT shall be solely responsible for all matters relating to the payment of its employees including compliance with social security and income tax withholding and all other regulations governing such matters.

XII. SPECIFICATIONS

All specifications, manuals, standards, etc., either attached to this Agreement or incorporated by reference, are binding as to the performance of the work specified in this Agreement unless they are changed by written amendment to this Agreement modified in writing to incorporate such changes.

XIII. DOCUMENTS/DATA

A. Ownership of Documents: All original papers and documents, produced as a result of this Agreement, shall become the property of the CITY. In addition, CITY shall be provided with access and use of any other papers and documents consistent with the purpose and scope of services covered by this Agreement. Any additional copies, not otherwise provided for herein, shall be the responsibility of the CITY.

Documents, including drawings and specifications, prepared by CONSULTANT pursuant to this Agreement, are not intended or represented to be suitable for reuse by CITY or others on extensions of the PROJECT or on any other project. Any use of the completed documents for other projects and any use of incomplete documents without the specific written authorization from CONSULTANT will be at CITY's sole risk and without liability to CONSULTANT. Further, any and all liability arising out of changes made to CONSULTANT's deliverables under this Agreement by CITY or persons other than CONSULTANT is waived as against CONSULTANT, and the CITY assumes full responsibility for such changes unless the CITY has given CONSULTANT prior notice and has received from CONSULTANT written consent for such changes.

B. Publication: No report, information, or other data given or prepared or assembled by the CONSULTANT pursuant to this Agreement, shall be made available to any individual or organization by the CONSULTANT without the prior written approval of the CITY. Notwithstanding the foregoing, however, the CONSULTANT shall not be required to protect or hold in confidence and confidential information which (1) is or becomes available to the public with the prior written consent of the CITY; (2) must be disclosed to comply with law; or (3) must be disclosed in connection with any legal proceedings.

C. Copyrights: The CONSULTANT shall be free to copyright material developed under this Agreement with the provision that the CITY be given a nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use the material for government or public purposes. Should CONSULTANT place a copyright notice on documents it must state, "City of Visalia holds a nonexclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use the material for government or public purposes."

XIV. INDEMNIFICATION AND INSURANCE

As respects acts, errors, or omissions in the performance of services, CONSULTANT agrees to indemnify and hold harmless CITY, its elected and appointed officers, and employees from and against any and all claims, demands, losses, reasonable defense costs, or liability, whether actual, alleged, or threatened, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the CONSULTANT in the performance of his/her services under the terms of this Agreement, except to the extent those arise out of the negligence of CITY.

A. CITY agrees to indemnify and hold harmless CONSULTANT, its officers, employees, and designated volunteers from and against any and all losses, defense costs, or liability to the extent arising out of CITY'S negligent acts, errors or omissions in the performance of this Agreement.

B. As respects all acts or omissions which do not arise directly out of the performance of services, including but not limited to those acts or omissions normally covered by general and automobile liability insurance, CONSULTANT agrees to indemnify, defend (at CITY's option), and hold harmless CITY, its elected and appointed officers, agents, employees, representatives, and volunteers from and against any and all claims, demands, reasonable defense costs, or liability of any kind or nature arising out of or in connection with CONSULTANT's (or CONSULTANT's subcontractors, if any) performance or failure to perform, under the terms of this Agreement; except to the extent those which arise out of the negligence of CITY.

C. Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither the CITY nor the CONSULTANT, their respective officers, directors, partners, employees, contractors or sub consultants shall be liable to the other or shall make any claim for any remote or speculative breach of contract damages that the breaching party could not have reasonably foreseen when entering into this Agreement. To the extent this Agreement is considered a "Construction Contract" as defined by California Civil Code section 2783, CONSULTANT's duty to indemnify CITY under this or any other provision of the Agreement shall not apply when to do so would be prohibited by California Civil Code section 2782.

D. Without limiting CITY's right to indemnification, it is agreed that CONSULTANT shall secure prior to commencing any activities under this Agreement, and maintain during the term of this Agreement, insurance coverage as follows:

1. Workers' compensation insurance as required by California statues.

2. Commercial general liability insurance with a combined single limit of not less than One Million Dollars ($1,000,000) per occurrence. Such insurance shall include coverage for Premises and Operations, Contractual Liability, Personal Injury Liability, Products and Completed Operations Liability, Broad Form Property Damage (if applicable), Independent Contractor's Liability (if applicable).

3. Professional liability insurance coverage, in an amount not less than One Million Dollars ($1,000,000).

4. Comprehensive Automobile Liability coverage with a combined single limit of not less than One Million Dollars ($1,000,000) per occurrence. Such insurance shall include coverage for owned, hired, and non-owned automobiles and shall be provided by a business automobile policy.

E. CITY'S Risk Manager is hereby authorized to reduce the requirements set forth above in the event he/she determines that such reduction is in the CITY'S best interest.

F. CONSULTANT agrees to provide thirty (30) days written notice of any policy cancellation, limitation in scope or coverage, or non-renewal. Such notice shall be provided to the, City of Visalia, 707 W. Acequia, Visalia, CA 93291.

In addition, the commercial general liability and comprehensive automobile liability policies required by this Agreement shall contain the following clauses:

"It is agreed that any insurance maintained by the City of Visalia shall apply in excess of and not contribute with insurance provided by this policy."

"The City of Visalia, its officers, agents, employees, representatives and volunteers are added as additional insured's as respects operations and activities of, or on behalf of the named insured, performed under contract with the City of Visalia."

G. Prior to commencing any work under this Agreement, CONSULTANT shall deliver to CITY insurance certificates confirming the existence of the insurance required by this Agreement, and including the applicable clauses referenced above. Within thirty (30) days of the execution date of this Agreement, CONSULTANT shall provide to CITY endorsements to the above-required policies, which add to these policies the applicable clauses referenced above. Said endorsements shall be signed by an authorized representative of the insurance company and shall include the signatory's company affiliation and title. Should it be deemed necessary by CITY, it shall be CONSULTANT's responsibility to see that CITY receives documentation acceptable to CITY which sustains that the individual signing said endorsements is indeed authorized to do so by the insurance company. CITY has the right to demand, and to receive within a reasonable time period, copies of any insurance policies required under this Agreement.

H. In addition to any other remedies CITY may have if CONSULTANT fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, CITY may, at its sole option:

1. Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement; or

2. Order CONSULTANT to stop work under this Agreement and/or withhold any payment(s) which become due to CONSULTANT hereunder until CONSULTANT demonstrates compliance with the requirements hereof; or

3. Terminate this Agreement.

Exercise of any of the above remedies, however, is an alternative to other remedies CITY may have and is not the exclusive remedy for CONSULTANT's failure to maintain insurance or secure appropriate endorsements.

Nothing herein contained shall be construed as limiting in any way the extent to which CONSULTANT may be held responsible for payments of damages to persons or property resulting from CONSULTANT's or its subcontractor's performance of the work covered under this Agreement.

XV. NON-DISCRIMINATION

CONSULTANT and all subcontractors shall not discriminate against any employee or applicant for employment on the basis of race, color, national origin, or sex in the performance of this Agreement. The CONSULTANT shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement.

XVI. MISCELLANEOUS PROVISIONS

A. Firearms Prohibited: Guns may not be carried by contractors/vendors/consultants while working on City of Visalia premises without the expressed written approval of a City of Visalia Department Head, or an exemption in the contract. If a contractor/vendor/consultant is caught carrying a gun, without City permission, their contract will be terminated.

B. Asbestos and Hazardous Materials: In providing its services hereunder, CONSULTANT shall not be responsible for identification, handling, containment, abatement, or in any other respect, for any asbestos or hazardous material if such is present in connection with the PROJECT. In the event the CITY becomes aware of the presence of asbestos or hazardous material at the jobsite, CITY shall be responsible for complying with all applicable federal and state rules and regulations, and shall immediately notify CONSULTANT, who shall then be entitled to cease any of its services that may be affected by such presence, without liability to CONSULTANT arising therefrom.

C. Successors and Assigns: This Agreement shall be binding upon and shall inure to the benefit of any successors to or assigns of the parties.

D. Prohibition of Assignment: Neither the CITY nor CONSULTANT shall assign, delegate or transfer their rights and duties in this Agreement without the written consent of the other party.

E. Dispute/Governing Law: Any dispute not resolvable by informal arbitration between the parties to this Agreement shall be adjudicated in a Court of Law under the laws of the State of California.

F. Notices: Notice shall be sufficient hereunder if personally served upon the City Clerk of the CITY or an officer or principal of the CONSULTANT, or if sent via the United States Postal Service, postage prepaid, addressed as follows:

CITY OF VISALIA
707 W. Acequia Ave.
Visalia, CA 93291
Attention: City Clerk

Interwest Consulting Group
1171 W Shaw Ave, Ste 102
Fresno, CA 93711
Attention: Jeff Janes

G. Jurisdiction/Venue/Waiver Of Removal: This Agreement shall be administered and interpreted under the laws of the State of California. Jurisdiction of litigation arising from this Agreement shall be in that State. Any action brought to interpret or enforce this Agreement, or any of the terms or conditions hereof, shall be brought in Tulare County, California. The CONSULTANT hereby expressly waives any right to remove any action to a county other than Tulare County as permitted pursuant to Section 394 of the California Code of Civil Procedure.

H. Integration/Modification: This Agreement and each of the exhibits referenced herein, which are incorporated by reference, represents the entire understanding of the CITY and the CONSULTANT as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This Agreement may not be modified or altered except in writing signed by the CITY and the CONSULTANT.

I. Conflict With Law: If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void insofar as it is in conflict with said law, but the remainder of the Agreement shall be in full force and effect.

J. Attorney's Fees: In the event either party commences any action, arbitration or legal proceedings for the enforcement of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recovery of its attorney's fees and court costs incurred in the action brought thereon.

K. Construction: This Agreement is the product of negotiation and compromise on the part of each party and the parties agree, notwithstanding Civil Code Section 1654, that in the event of uncertainty the language will not be construed against the party causing the uncertainty to exist.

L. Authority: Each signatory to this Agreement represents that it is authorized to enter into this Agreement and to bind the party to which its signature represents.

M. Headings: Section headings are provided for organizational purposes only and do not in any manner affect the scope or intent of the provisions thereunder.

IN WITNESS WHEREOF, this Agreement is executed on the day and year first above written.

Re: CPI Rate Increase for Engineering and Building Department Services Agreement

Dear Mr. Huckleberry,

We appreciate the opportunity to continue supporting the City of Visalia with Engineering and Building Department Services. Per our professional services agreement, our hourly rates listed below shall be automatically increased annually based upon the annual increase in the Department of Labor, Bureau of Labor Statistics or successor thereof, Consumer Price Index (CPI) unless a mutually agreed upon rate increase is established. Such an increase shall not exceed 4% per year. This letter is to inform the city that current rates in the contract will be escalated using the current 3.2% CPI and will become effective on the contract anniversary of November 1st 2025. The new rates for the amendment are as follows:

CLASSIFICATION HOURLY	BILLING RATE
Engineering	
Principal in Charge	**$237**
Principal Engineer	240
City Surveyor	**222**
City Engineer	235
Project Manager	220
Senior Traffic Engineer	210
Traffic Engineer III	200
Traffic Engineer II	190
Traffic Engineer I	180
Traffic Engineering Associate II	165
Traffic Engineering Associate I	155

Visalia City Council

Staff Report

File #: 25-0448 **Agenda Date:** 10/6/2025 **Agenda #:** 14.

Agenda Item Wording:
Fire Department Medical Supplies Contract - Authorize the City Manager to execute an emergency medical and pharmaceutical supplies contract with Henry Schein, Inc. for the purchase of emergency medical services (EMS) supplies, equipment, and pharmaceuticals.

Prepared by: Cris Balderama, Sr. Admin Analyst, crissy.balderama@visalia.gov, 713-4513; Ryan Munger, EMS Coordinator, ryan.munger@visalia.gov, 713-4261; Dan Griswold, Fire Chief, dan.griswold@visalia.gov, 713-4220.

Department Recommendation: Staff recommends that Council authorize the City Manager to execute an emergency medical and pharmaceutical supplies contract with Henry Schein, Inc. for the purchase of EMS supplies, equipment, and pharmaceuticals. The contract will have a not-to-exceed amount of $70,000 per year and will piggyback on the competitively bid Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) Infuse contract MMS2200734 / California Department of General Services (CA-DGS) Contract 7-23-65-14 awarded to Henry Schein, Inc. The contract will be for one year, with four optional one-year renewals contingent upon renewal by the CA-DGS and the MMCAP Infuse contract.

Summary:
The Visalia Fire Department (VFD) provides Advanced Life Support (ALS) emergency medical services to the community. Reliable access to EMS supplies, equipment, and pharmaceuticals is essential to maintain effective emergency medical services and maintain compliance with clinical protocols. For the last several years, the Fire Department's medical supply contract was with Bound Tree, LLC for the purchase of EMS supplies, equipment, and pharmaceuticals. The contract with Bound Tree, LLC has expired.

Background Discussion:
Following the expiration of the contract with Bound Tree, LLC, staff explored alternative procurement options and identified MMCAP Infuse contract MMS2200734, with Henry Schein, Inc. This cooperative agreement is recognized by the California Department of General Services (CA-DGS) and listed as an eligible cooperative agreement under Cal-eProcure. The State of Minnesota serves as the lead agency under the nationally recognized MMCAP Infuse program; a federal and state-endorsed group purchasing organization for pharmaceutical and medical supply contracts.

The proposed piggyback contract offers the following benefits:

- Competitively Bid & Compliant: Staff verified the MMCAP contract was publicly advertised and awarded following procurement standards. Henry Schein, Inc. was awarded based on evaluation criteria that allowed participation from multiple qualified vendors.

- Cost Savings: The contract offers a discount of 29% off non-core items and fixed pricing on

listed core items. This represents considerable savings over ad-hoc purchases and ensures budget predictability despite market volatility in medical supply pricing.

- Widespread Use: The contract is currently utilized by the State of California and is structured to allow participation by local agencies.

The annual contract will have a not-to-exceed amount of $70,000 annually. Based on the prior years' expenses listed below, this amount will be sufficient to accommodate expected expenses and rising medical supply costs.

Fiscal Year	Total Cost of Supplies
22/23	$60,923.13
23/24	$45,255.73
24/25	$57,303.45

Fiscal Impact: Emergency medical supplies (EMS) supplies, equipment, and pharmaceuticals are budgeted in Fire Emergency Services/Operations 2222-57530. This budget line item currently has an appropriation of $102,000 for Fiscal Year 2025/26, which will cover this annual contract amount, as well as other EMS Program costs.

Prior Council Action: None.

Other: N/A

Alternatives: Deny contract authorization and direct staff to research and identify other options for medical supply procurement.

Recommended Motion (and Alternative Motions if expected):
I move to authorize the City Manager to execute the emergency medical and pharmaceutical supplies contract with Henry Schein, Inc. for the purchase of EMS supplies, equipment, and pharmaceuticals to facilitate the Fire Department's emergency medical service to the community.

1. SCOPE

The State's contract with Henry Schein, Inc. (Contractor) provides Medical Supply and Equipment at contracted pricing to the State of California and local governmental agencies in accordance with the requirements of Contract # 7-23-65-14.The Contractor shall supply the entire portfolio of products as identified in the contract and will be the primary point of contact for data collection, reporting, and distribution of Medical Supply and Equipment to the State.

The contract term is from 11/01/2024 through ~~05/01/2025~~ ***12/31/2026***. The contract may be extended by mutual agreement between MMCAP Infuse and the Contractor. The terms, conditions, and prices for the contract extension option shall be by mutual agreement between the Contractor and the State. If a mutual agreement cannot be met the contract may be terminated at the end of the current contract term.

2. CONTRACT USAGE/RULES

A. State Departments

- The use of this contract is non-mandatory for all State of California departments.
- Ordering departments must adhere to all applicable State laws, regulations, policies, best practices, and purchasing authority requirements, e.g. California Codes, Code of Regulations, State Administrative Manual, Management Memos, and State Contracting Manual Volume 2, 3 and FI$Cal, as applicable.
- Prior to placing orders against this contract, departments must have been granted non-IT purchasing authority by the Department of General Services, Procurement Division (DGS-PD) for the use of this statewide contract. The department's current purchasing authority number must be entered in the appropriate location on each purchase document. Departments that have not been granted purchasing authority by DGS-PD for the use of the State's statewide contracts may access an application at Purchasing Authority Accreditation Application (https://www.documents.dgs.ca.gov/dgs/fmc/gs/pd/gspd13-001.pdf) or may contact DGS-PD's Purchasing Authority Management Section by e-mail at pams@dgs.ca.gov.
- Departments must have a Department of General Services (DGS) agency billing code prior to placing orders against this contract. Ordering departments may contact their Purchasing Authority contact or their department's fiscal office to obtain this information.

B. Local Governmental Agencies

- Local governmental agency use of this contract is optional. All local governmental agencies must be eligible to participate in the Statewide Pharmaceutical Program (SPP), Pursuant to State of California Government Code Section 14977.5.

- Local government agencies are defined as “any city, county, citPrior to placiy and county, district or other governmental body or corporation, including the California State Universities (CSU) and University of California (UC) systems, K-12 schools and community colleges’’, empowered to expend public funds for the acquisition of products, per Public Contract Code Chapter 2, Section 10298 (a) (b). While the State makes this contract available to local governmental agencies, each local governmental agency should determine whether this contract is consistent with its procurement policies and regulations.

- Local governmental agencies shall have the same rights and privileges as the State under the terms of this contract. Any agencies desiring to participate shall be required to adhere to the same responsibilities as do State agencies and have no authority to amend, modify or change any condition of the contract.

- A DGS issued billing code is not required for local governmental agencies to place orders against this contract.

C. Prior to placing orders against this contract, local governmental agencies must meet the following criteria:

- Complete the MMCAP Infuse California Facility Ordering agencies hip Application. Upon MMCAP Infuse’s approval, the requesting state department or local governmental agency will receive a MMCAP Infuse Participating Facility ID Number. To attain this form, contact the DGS State Contract Administrator.

- Complete the Statewide Pharmaceutical Program Entity Enrollment Form. Upon approval, the requesting state department or local governmental agency will receive authorization to access DGS statewide pharmaceutical contracts (as needed). To attain this form, contact the DGS State Contract Administrator.

D. Unless otherwise specified within this document, the term “ordering agencies” will refer to all State departments and/or local governmental agencies eligible to utilize this contract. Ordering and/or usage instructions exclusive to State departments or local governmental agencies shall be identified within each article.

3. DGS ADMINISTRATIVE FEES

A. State Departments

The DGS may bill each State department an administrative fee for use of this statewide contract. The administrative fee should NOT be included in the order total, nor remitted before an invoice is received from DGS.

Current fees are available online in the Price Book & Directory of Services (https://www.dgs.ca.gov/OFS/Price-Book) (go to Price Book Download and click on Purchasing under Procurement Division).

B. Local Governmental Agencies

For all local government agency transactions issued against the contract, the Contractor is required to remit the DGS-PD an Incentive Fee of an amount equal to 1% of the total purchase order amount excluding taxes and freight. This Incentive Fee shall not be included in the agency's purchase price, nor invoiced or charged to the purchasing entity. All prices quoted to local governmental agency customers shall reflect State contract pricing, including any and all applicable discounts, and shall include no other add-on fees.

4. SMALL BUSINESS/DISABLED VETERAN BUSINESS ENTERPRISE (SB/DVBE) PROVISION

There is no SB/DVBE participation for this contract due to the nationwide scope of the MMCAP Infuse program and the requirements needed to support the member participants.

State departments should make any and all efforts to utilize SB/DBVE opportunities to reach their state department goals.

5. EXEMPT PURCHASES

There are no exempt purchases associated with this contract.

6. PROBLEM RESOLUTION/SUPPLIER PERFORMANCE

Ordering agencies and/or Contractor shall inform the State Contract Administrator of any technical or contractual difficulties encountered during contract performance in a timely manner. This includes and is not limited to informal disputes, supplier performance, outstanding deliveries, etc.

7. CONTRACT ITEMS

N/A

8. CUSTOMER SERVICE

The Contractor will have a customer service unit that is dedicated to this contract. The customer service unit provides office and personnel resources for responding to inquiries, including telephone and email coverage weekdays during the hours of 8:00 a.m. - 5:00 p.m., PT.

The customer service unit shall be staffed with individuals that:

- Are trained in the requirements of this contract;
- Have the authority to take administrative action to correct problems that may occur; and
- Are designated for training and general customer service follow-up.

The Contractor's customer service unit shall respond to all customer inquiries within one (1) business day of initial contact.

Contact	Phone	Email
Customer Service Unit	800-472-4346	custserv@henryschein.com

9. PRODUCT SUBSTITUTIONS

Product substitution shall be in accordance with the General Provisions (rev 11/19/2021), section 16 entitled "Substitutions".

10. PURCHASE EXECUTION

This section augments the ordering instructions from contract MMS2200734

A. State Departments

1) Std. 65 Purchase Documents

State departments not transacting in FI$CAL must use the Purchasing Authority Purchase Order (Std. 65) for purchase execution. An electronic version of the Std. 65 is available at the Office of State Publishing web site (https://www.dgsapps.dgs.ca.gov/osp/StatewideFormsWeb/Forms.aspx) (select STD Forms).

All Purchasing Authority Purchase Orders (Std. 65) must contain the following:

- Agency Order Number (Purchase Order Number)
- Ordering Agency Name
- Agency Billing Code
- Purchasing Authority Number
- Leveraged Procurement Number (Contract Number)
- Supplier Information (Contact Name, Address, Phone Number, Fax Number, E-mail)
- Line Item number
- Quantity
- Unit of Measure
- Commodity Code Number
- Product Description
- Unit Price
- Extension Price

2) FI$CAL Purchase Documents

State departments transacting in FI$CAL will follow the FI$CAL procurement and contracting procedures.

3) Blanket Orders

Please reach out to the vendor to discuss the possibility of a blanket purchase order.

B. Local Governmental Agencies

Local governmental agencies may use their own purchase document for purchase execution. The purchase documents must include the same data elements as listed above (Exception: Purchasing Authority Number is used by State departments only).

11. MINIMUM ORDER

There is no minimum order for this contract.

12. ORDERING PROCEDURE

Contractor will implement its ordering system, including its emergency ordering system, regardless of the technological capacity of the ordering agency. Contractor will provide order training procedures to staff identified by the ordering agency at no charge, within a mutually agreeable timeframe to the Contractor and the ordering agency, after establishing a new MMCAP Infuse business account. In addition, Contractor will provide ongoing technical and training support to the ordering agencies who use its product ordering system during the term of the MMCAP Infuse contract. Contractor will also provide its product catalog in the format request by and within technological capabilities of the ordering agency, which may include an online, or other electronic based catalog, and also Microsoft Office compatible electronic files, or other paper-based format.

A.) **Ordering System**

I. Contractor will provide to each ordering agency, a product ordering method that allows the facility to quickly and accurately order MMCAP Infuse contract products, and non-contract products, within the technological capabilities of the ordering agency. At a minimum, Contractor's product ordering system(s) must provide the following functionalities:
- clearly identity all MMCAP Infuse contract products, and whether these products are in stock;
- build and place electronic orders;
- review pending orders for correctness and contract compliance;
- provide online allocation of ordered amounts;
- receive order confirmation reports.

II. Contractor will offer its product ordering system(s) to ordering agencies. Contractor will support the following ordering methods:

Contract (Non-Mandatory) 7-23-65-14
Contract User Instructions

ORDER PLACEMENT INFORMATION		
Phone: 800-772-4346	Facsimile: 800-329-9109	Email: custserv@henryschein.com

B.) **Training**

Training for the Contractor's ordering system may be provided on-site at the MMCAP Infuse ordering agency, through webinars or other online training systems that must be approved of in writing by the ordering agency.

I. Training will include, but is not limited to the following:
- Proper use of product and services order entry devices including computer and handheld units, if applicable;
- How to access and interpret Contractor's inventory status;
- Order placement process (product inquiry, placement, order edit, print back confirmation, etc.);
- Any required product ordering system maintenance;
- Requesting or printing bar code labels, if applicable;
- Download/run/print/export contractually required reports, if applicable;
- Operation of inventory management program, if applicable;
- Identifying MMCAP Infuse contract products;
- Contact information in case of questions regarding ordering;
- Training guides or manuals and system operating manuals, accessible on line (including all updates), if available, for all medical equipment and software furnished by the Contractor to each individual ordering agency (this requirement may be subject to Contractor facilitating with the applicable manufacturer for the applicable MMCAP Infuse ordering agency or MMCAP Infuse ordering agency);
- Assigning of account login IDs and passwords;
- Processing item returns;
- Technical support to interface handheld devices with each facility's PC/network infrastructure, as applicable.

II. Contractor will provide each ordering agency with a product and services ordering instructions manual, outlining all online ordering functions. Contractor may work with MMCAP Infuse to develop other training processes as necessary.

Note: In addition to Henry Schein ordering system, all ordering agencies must also conform to proper State procurement procedures.

13. OUT OF STOCK REMEDY

Upon receipt of order acknowledgment identifying out of stock items, the ordering agencies shall have the following options:

Contract (Non-Mandatory) 7-23-65-14

Contract User Instructions

A. Immediate Notification: Contractor's Ordering System will provide notice within twenty-four (24) hours to MMCAP Infuse and its Ordering agencies of any Products covered by this Agreement that the Contractor has placed on backorder. Contractor's backorder notification will include:
   i. the Products placed on backorder status;
   ii. the expected timeline of the backorder;
   iii. the reason for the stock outage; and
   iv. how the Contractor intends to resolve the backorder situation.

B. Substitution: If Ordering agencies consents, Contractor may offer like-kind Products. In the event of a backorder situation for Core and MMCAP Infuse Products due to a Contractor-created stock outage, if no acceptable substitution can be offered, the Ordering agencies may purchase the same or equivalent Product from an alternative MMCAP Infuse Contractor; if unavailable through an alternative MMCAP Infuse Contractor, Ordering agencies may purchase an alternative equivalent Product on the open market, including retail, for the period in which the Contractor is unable to provide the Products. The Contractor will reimburse for up to 150% of excess costs (including shipping and third-party fees) over the Pricing of this Agreement sustained by Ordering agencies should Ordering agencies be required to purchase on the open market via a credit within thirty (30) days of receipt of the claim. Contractor must pay claims directly to the Ordering agencies within thirty (30) days of receipt of a claim. The Ordering agencies has the right to charge, and Contractor agrees to pay, a late fee equal to the statutory maximum allowable percentage per month of the amount of any claim within thirty (30) days from receipt of the claim.

C. Exclusions:
   i. Force Majeure: A party will not be considered in default in the performance of its obligations in the Agreement to the extent that performance of any such obligations is prevented or delayed by acts of God, war, riot or other catastrophes beyond the reasonable control of the party. Force majeure will not apply to the extent that the act or occurrence could have been reasonably foreseen and reasonable action could have been taken to prevent the delay or failure to perform. A party claiming excuse of performance under this provision must provide the other party prompt written notice of the failure to perform, take commercially reasonable efforts to mitigate the damages caused to all parties, and take all necessary steps to bring about performance as soon as practicable.
   ii. Manufacturer created shortages and delays, such as discontinuances and backorders;
   iii. Custom or specialty product orders;
   iv. Drop Shipments;
   v. Products not stocked by the Contractor;
   vi. Orders exceeding 120% of a Ordering agencies Average Monthly quantity purchased; and
   vii. Products where supply is controlled government entity.

D. Contractor will be responsible for all Contractor-created stock outage claims for 90-calendar days unless the Contractor has provided MMCAP Infuse with at least 90-calendar days' advanced written notice of the intent to remove a Contracted Item from production and discontinue distribution in the market. Contractor will remain responsible for all claims during the 90-calendar day notice period.

14. SHIPPED ORDERS AND DELIVERY SCHEDULES

All Contractor must distribute and deliver the Products covered under this Agreement to all Ordering agencies . If the Ordering agencies account is in good standing, the Contractor will at no time, refuse to deliver to any Ordering agencies without the prior written approval by the Ordering agencies and MMCAP Infuse except based on payment failure. Delivery for Products under this Agreement shall be FOB Destination unless otherwise agreed to by Contractor and Ordering agencies in a Purchase Order. Unless otherwise stated within this Agreement, Contractor will not add any fuel, shipping, or handling surcharges to the purchase under this Agreement. Notwithstanding the foregoing, emergency orders, rush orders, and products dropped shipped from Contractor's contracted supplier, are subject to an added shipping and handling charge determined by Contractor and disclosed to in writing to Ordering agencies before a purchase is made.

A. Fees: All Ordering agencies are eligible to receive deliveries during normal workdays five (5) business days (Monday- Friday) with no ordering minimums.

B. Delivery Schedule: Upon request from Ordering agencies , Contractor will work with Ordering agencies to establish a routine delivery schedule. Delivery for stock items will occur within three (3) business days, from the date the Product is ordered; this includes the Contractor's processing window. It is understood that deliveries to Alaska or Hawaii may take longer. All expedited deliveries will be made next business day, or on the next scheduled business delivery day (excluding Alaska and Hawaii), unless communicated otherwise. If there is a Holiday during the ordering process, the Contractor shall have one additional day per Holiday day.
    i. *Cut-off Time.* Contractor's daily order cut off time will be 4:00PM CST local time to the Ordering agencies .

C. Damaged Products: All damaged Products will be reported to Contractor's customer service department pursuant to Contractor's returns policy and applicable credits will be issued pursuant to such policy.

D. Lost Products: All lost Products will be reported to Contractor's customer service department pursuant to Contractor's returns policy and applicable credits will be issued pursuant to such policy.

E. Special Conditions for Products: If applicable to the Products offered under this Agreement, Contractor will maintain appropriate temperatures and environmental

conditions in accordance with Manufacturer requirements for delivery of the Products to the Ordering agencies . All refrigerated Products will be shipped in returnable coolers or disposable coolers with appropriate packaging to maintain the required temperature range. Products requiring refrigeration will be clearly marked as such. Temperature monitors will be used if they are required by the Manufacturer. If Ordering agencies refuses Products that have been inadequately packaged, the Ordering agencies will notify Contractor's customer service department to log the complaint. Any costs associated with the return of Product due to improper packaging or transport, will be pursuant to Contractor's return policy.

Security Requirements

Deliveries may be made to locations inside secure institutional grounds (such as the California State Prisons) that require prior clearances to be made for delivery drivers. Since security clearance procedures for each facility may vary, it will be the Contractor's responsibility for contacting the secure location for security clearance procedures, hours of operation for deliveries and service, dress code, and other rules of delivery.

15. PACKING SLIP

Packing slip requirements shall be in accordance with the General Provisions, section 12 entitled "Packing and Shipment"

16. CONTRACT ADMINISTRATION

Both the State and the Contractor have assigned contract administrators as the single points of contact for problem resolution and related contract issues.

Administrator Information	**DGS-PD** (State Contract Administrator)	**Henry Schein Inc** (Contractor)
Contact Name:	Joshua Lilley	Rob Irwin
Telephone:	(279) 946-7819	(661) 244-7090
Email:	joshua.lilley@dgs.ca.gov	Rob.Irwin@HenrySchein.com
Address:	DGS/Procurement Division Attn: Joshua Lilley 707 Third Street, 2nd Floor, MS 201 West Sacramento, CA 95605	Henry Schein Inc. Attn: Rob Irwin 135 Duryea Road Melville, NY 11747

17. RETURN POLICY

WE CANNOT ACCEPT ANY RETURNS WITHOUT PRIOR AUTHORIZATION. To arrange for a return, simply call our Customer Service department or contact your Sales Consultant. The following conditions must be complied with:

- All returns must be accompanied by a copy of your invoice and a reason for the return.
- Merchandise must be returned in its original unopened container, unmarked, and properly packaged.
- Returned products must have been purchased within the previous thirty (30) days. Any returns past thirty (30) days are subject to a restocking fee.
- Shortages or errors in shipments must be reported within seven (7) days of invoice date to issue credit (if applicable).
- Shipping charges will apply on all returns.
-

Click here to download the Medical Returns Form PDF

Exceptions:

The following special, customized, or government-regulated items are not returnable:

- Immune globulin products
- Special order items (products that we do not ordinarily stock)
- Personalized and imprinted items
- Opened computer hardware and software
- Hazardous/flammable materials
- Expired products
- Items that cannot be returned to the manufacturer
- Any item marked non-returnable
- Items required to be shipped and stored frozen
- Any drop-shipped products
- invitro diagnostics products

Equipment:

Opened and used equipment may not be returned *for* credit. Before opening equipment, we suggest that you check the shipping container and packing list to ensure that you are getting exactly what you ordered. Equipment must be returned in the original unopened packaging, unmarked and properly packaged. Special order equipment is not returnable. All equipment returns are subject to a restocking fee. Equipment is backed by the manufacturer's repair or replacement warranty. Please read and return all warranty information required immediately upon taking delivery of your new equipment. Open or defective equipment is subject to the manufacturer's warranty.

18. INVOICING

Ordering agencies may require separate invoicing, as specified by each ordering organization. Invoices will contain the following information:

- Contractor’s name, address and telephone number

- Leveraged Procurement Number (Contract Number)
- Agency Order Number (Purchase Order Number)
- Item and commodity code number
- Quantity purchased
- Contract price and extension
- State sales and/or use tax
- Prompt payment discounts/cash discounts, if applicable
- Totals for each order

19. PAYMENT

A. Terms

Payment terms for this contract are net forty-five (45) days. Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927, et seq. Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty-five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments should contact the Contractor for copies of the Payee Data Record.

20. CALIFORNIA SELLER'S PERMIT

The California seller permit number for the Contractor is listed below. State departments can verify that permits are currently valid at the following website: www.cdtfa.ca.gov. State departments must adhere to the file documentation required identified in the State Contracting Manual Volume 2, Volume 3 and FI$Cal.

Contractor Name	Seller Permit #
Henry Schein, Inc.	97-636985

21. WARRANTY

Henry Schein will pass through to the customer, at the time of sale, any transferable product warranties, indemnities and remedies provided to Henry Schein by the applicable manufacturer. EXCEPT AS OTHERWISE PROVIDED HEREIN, TO THE EXTENT PERMITTED BY LAW, HENRY SCHEIN PROVIDES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF

MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE OR NON-INFRINGEMENT. AND THE CUSTOMER SHALL LOOK TO THE MANUFACTURER OF THE PRODUCT FOR ANY WARRANTY THEREON.

22. RECYCLED CONTENT

There is no recycled content associated with this contract.

23. SMALL BUSINESS/DISABLED VETERAN BUSINESS ENTERPRISE PARTICIPATION

There is no small business (SB) or disabled veteran business enterprise (DVBE) participation for this contract.

Definitions and Acronyms
Are attached and incorporated into the Agreement

Definitions

1. **Administrative Fee**: As defined in *Paragraph 9.1*, "Administrative Fee."
2. **Contract(ed) Items (**collectively **Products and Services)**:
   A. **Products**: Means all products offered by the Vendor in this Agreement, which are identified in the collective ***Attachment A's***.
      i. **Core**: Means the group of products offered by the Vendor identified in ***Attachment A-1***.
      ii. **Non-Core**: Means all other products (not otherwise excluded under this Agreement) offered by Vendor.
      iii. **MMCAP Infuse Products**: Means the product categories and/or products offered by the MMCAP Infuse Manufacturers.
3. **Days**: (Not required to be capitalized) Unless otherwise specified in this Agreement, all references to days will be calendar days.
4. **Drop Shipment(s)**: means Products ordered by Member through Vendor and shipped directly to the Member from the Manufacturer.
5. **Government Unit**: Any entity as defined by Minnesota Statute 471.59.
6. **Holidays**: No Day shall be considered a holiday unless it is listed here: Christmas, New Year's Eve, 4th of July, Labor Day, Memorial Day, Thanksgiving Day and the day after Thanksgiving.
7. **Manufacturer**: Means any supplier or entity that develops and/or manufactures any Product.
8. **Mark-Up**: Means the agreed upon percentage to be added to MMCAP Infuse Products in accordance with ***Attachment A-3*** above the MMCAP Infuse Base Price, as defined in *Paragraph 2.4*.
9. **Member**: Means an approved MMCAP Infuse State or other Government Unit that has executed a membership application and Member agreement with MMCAP Infuse.
10. **Membership**: Means the joint power cooperative comprised of the MMCAP Infuse authorized States, Members, and other Government Units.
11. **MMCAP Infuse Manufacturer**: Means Manufacturers, identified on ***Attachment A-3***, who have a separate arrangement with MMCAP Infuse for specific Products at arranged MMCAP Infuse Base Price ("**Covered Contract**").
12. **Net Purchase**: All purchases of Products (excluding returns, credits, Member rebates, late charges, and similar fees) made through Vendor by any MMCAP Infuse Member, including Drop Shipments.
13. **Onboarding Forms**: Means all forms the Member is required to complete before purchasing from the Vendor.
14. **Order(ing) System**: Means the Vendor document or electronic platform Member utilizes to obtain Contracted Items.
15. **Price/Pricing**: Means the price (as determined in accordance with the Mark-Up, where applicable) that the Vendor has agreed to provide the Products to Members as set forth on ***Attachment A's*** and any subsequent amendment to this Agreement.
16. **Purchase Order**: Means any document formalizing the selection of and scope of Services selected by a Member. Additionally, this means any form submitted by the Vendor for a Bulk Order (see *Paragraph 3.8*).
17. **State**: Means one of the recognized fifty (50) states of the United States of America.
18. **Wholesale Acquisition Cost (WAC) Minus**: Means a percentage or dollar amount off of WAC.

AGREEMENT FOR MMCAP INFUSE NO. MMS2200734

THIS Agreement ("**Agreement**") is entered into as of the Effective Date by and between the State of Minnesota acting through its Commissioner of Administration ("**Minnesota**") on behalf of MMCAP Infuse ("**MMCAP Infuse**") and Henry Schein, Inc., a corporation with an address of 135 Duryea Rd., Melville, NY 11747 ("**Vendor**").

Agreement Term:

1. **Effective Date**: November 1, 2023, or the date MMCAP Infuse obtains all required signatures as required under Minnesota Statute, whichever is later.
2. **Expiration Date**: May 1, 2025.
3. The Agreement Term may be extended upon mutual agreement of MMCAP Infuse and Vendor.

AGREEMENT COMPONENTS

The following components are the Agreement; all referenced Prefix and Attachments, are attached and incorporated into this Agreement.

1. **Prefix A**: Definitions
2. **Terms and Conditions**: Articles I through XII
3. **Attachment A**: Products and Pricing
   - **A-1:** Core
   - **A-2:** Discounts and other Cost Saving Opportunities
   - **A-3:** MMCAP Infuse Loaded Product Categories and Mark-Ups
   - **A-4:** Vendor Exclusive Brands
   - **A-5:** Additional Exceptions to Prohibited Products
4. **Attachment B**: Alternative Product Categories
5. **Attachment C**: Services and Pricing
6. **Attachment D**: Member Onboarding Forms
7. **Attachment E**: Reporting Requirements
8. **Attachment F**: MN Statutory Language
9. **Attachment G**: Vendor Return Policy
10. **Attachment H**: Vendor Recall Policy
11. **Attachment I**: Terms of Sale

ARTICLE I
PRODUCTS

1.1 **Product Categories**. The four to eight (4-8) digit United Nations Standard Products and Services Code (**UNSPSC**) for a Product will establish the default classifications. The parties may establish alterative classifications or provide clarifications in ***Attachment B***.

1.2 **Core**. These are Products that are specifically identified on a "line-item" basis on ***Attachment A-1***. The Vendor may add Products to this at any time, however, removals can only occur on an annual basis, except to the extent a Manufacturer discontinues a Product. Once a change has occurred, the Vendor must wait one (1) year from each change date to make further adjustments, except to the extent a Manufacturer discontinues a Product.

A. Package Size: All package size offerings for that Product will be considered part of the Core list.

B. "Annual Refresh": Annually, at a minimum, it is expected that the top fifty percent (50%) (in both unit and dollar volume) of collective Core and Non-Core Products from the previous year will be classified as Core for the applicable upcoming year. MMCAP Infuse will provide Vendor a proposed Core list sixty (60) days in advance. The Vendor may review and appeal items on the list, however the Vendor must provide (i) written justification and supporting evidence; and (ii) alternative product to replace the item on the Core list. MMCAP Infuse will then review and consider the appeal. A final Core list must be approved by both parties within the sixty (60) days, otherwise the previous year's Core list will automatically renew for another year or until the parties agree to an updated Core list.

   i. Historical Sale History. If the Vendor has a historical sale history with MMCAP Infuse and/or the Membership, that will be used to create the initial Core list.

C. Off-cycle Product Additions: The Vendor may add Products to the Core list at any time with three (3) days' written notice to MMCAP Infuse.

D. MMCAP Infuse Products: The Vendor will be prohibited from selling MMCAP Infuse Products and competing equivalent items under the Core category.

E. Vendor Exclusive Brands: The Vendor understands that a key aspect of their award were the exclusive brands listed in their response. Thus, the Vendor will be required to include all available product from those brands on the Core list. Subject to any Manufacturer discontinuations and availability, failure to do so or the

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

sale of those brands under non-core will be considered a violation of this Agreement. A list is located on ***Attachment A-4***.

1.3 **Non-Core**. These are all other *approved* Products in the Vendor's catalog sold to the Membership. These offerings will receive a discount off the disclosed catalog price at the time of the Member's purchase in accordance with ***Attachment A-2***. The Vendor may fluctuate the Pricing and Product offerings as displayed in the Vendor's catalog without notice to MMCAP Infuse.

A. MMCAP Infuse Products: The Vendor may compete with the MMCAP Infuse Products by offering competing items (made by a MMCAP Infuse Manufacturer or competitor) under Non-Core but must still make MMCAP Infuse Products visible with the lowest cost item being listed first in the catalog. If the Products are linked as interchangeable in the ordering platform, the Vendor's ordering system must make them interchangeable both ways.

B. Over the Counter Pharmaceuticals: With MMCAP Infuse's prior review and approval of each Product, the Vendor may sell over-the-counter pharmaceuticals to the Membership under this category. A list can be found on ***Attachment A-5***. If any Product is subject to a Covered Contract, Vendor will, subject to the MMCAP Infuse Manufacturer allowing it, honor the terms of the Covered Contract. The Vendor may be required to remove Product from Non-Core or the catalog entirely if the Vendor cannot follow the requirements for MMCAP Infuse Products.

C. Drug and Alcohol Testing Products: With MMCAP Infuse's prior review and approval of each Product, the Vendor may sell drug and alcohol testing items to the Membership under this category. If any Product is subject to a Covered Contract, Vendor will, subject to the MMCAP Infuse Manufacturer allowing it, will honor the terms of the Covered Contract. The Vendor may be required to remove from Non-Core or the catalog entirely if the Vendor cannot follow the requirements for MMCAP Infuse Products.

D. Prohibited Products (see *Paragraph 1.5*): Unless stated otherwise, the Vendor cannot sell any Prohibited Products under Non-Core offerings under this Agreement.

1.4 **MMCAP Infuse Products**. MMCAP Infuse and/or MMCAP Infuse Manufacturer will provide a Product listing (and applicable MMCAP Infuse Base Price, defined in *Paragraph 2.4*) to the Vendor. The Vendor must be listed as an authorized distributor in the MMCAP Infuse Manufacturer agreement in order to have Products added to the MMCAP Infuse Product listing to ensure the Vendor will be able to honor chargebacks. The Vendor will be required to load the Covered Contract in Vendor's system within five (5) business days of Vendor receiving notice from the applicable MMCAP Infuse Manufacturer for existing Covered Contracts or within fifteen (15) business days of Vendor receiving notice from the applicable MMCAP Infuse Manufacturer for any new Covered Contracts. Subject to approval, availability from and Vendor's ability to meet any compliance requirements of each applicable MMCAP Infuse Manufacturer, the Vendor will have thirty (30) days to obtain the inventory before *Paragraph 4.1* will be applied. Subject to approval, availability from and Vendor's ability to meet any compliance requirements of each applicable MMCAP Infuse Manufacturer, the Vendor agrees to carry enough inventory of Products to support the Member orders. Vendor will be required to make all MMCAP Infuse Products searchable within the Vendor's online Ordering System; however, *Paragraph 4.1* will not apply. If the Vendor cannot sell the MMCAP Infuse Products, the Vendor must provide written notice and the reason why.

A. Eligibility Requirements: If a MMCAP Infuse Manufacturer requires a form to be signed by a Member for certain specialty pricing eligibility based on the MMCAP Infuse Manufacturer guidelines, the Vendor will obtain the document from the Member and submit it to the MMCAP Infuse Manufacturer before providing the applicable specialty pricing to the Member.

i. Sublocade: For the Sublocade set forth in ***Attachment A-4***, it is understood and agreed that only Members which are approved by the Manufacturer ("**Designated MMCAP Members**") are eligible to receive the pricing set forth herein. However, the Manufacturer may expand the eligibility of Designated MMCAP Members with written notice to both MMCAP Infuse and Vendor, upon which the Vendor may honor the changes so long as such changes do not conflict with any applicable law or Vendor's direct agreements with Manufacturers. MMCAP further understands and agrees that Vendor restricts the sale or transfer of medications to prisons/correctional facilities for use in lethal injections in accordance with Vendor's direct agreement with Manufacturers. Any Sublocade purchased by Designated MMCAP Members under this Agreement are intended to be used for their label-approved purposes or applicable standards of care, which do not include human lethal injection.

B. MMCAP Infuse Manufacturer Special Pricing: Vendor will ensure only eligible Members see MMCAP Infuse Manufacturer driven special pricing in the Vendor's ordering platform and only eligible Members will have access to that special pricing. It is the responsibility for the Vendor to bill Members at the correct tier by working with the MMCAP Infuse Manufacturer.

C. Changes: Subject to the details set forth in *Paragraph 1.4*, MMCAP Infuse Products, above, MMCAP Infuse reserves the right to modify the MMCAP Infuse Products at any time during the Agreement Term and the Vendor will have five (5) business days to adjust their catalog.

D. Monitoring: Upon written request, and subject to manufacturer approval and Vendor's system capabilities, the Vendor will provide an inventory forecasting report to MMCAP Infuse.

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

E. Chargeback Denials: Vendor will use reasonable efforts to notify MMCAP Infuse within thirty (30) days of when it receives notice of a chargeback denials received from an MMCAP Infuse Manufacturer for MMCAP Infuse Products, provided MMCAP Infuse has not already notified Vendor of the issue.

F. Contract File: Vendor will provide an accurate monthly file of the MMCAP Infuse Products loaded before the first day of the week. The file may be zipped and should be submitted in a form agreeable to all parties. To MMCAP_infuse.hpscontracts@state.mn.us.

1.5 **Prohibitions**. Unless otherwise stated under this Agreement (***Attachment A-2*** through ***Attachment A-5***) or if MMCAP Infuse provides written approval by an amendment to this Agreement, the Vendor will be prohibited from selling the following Product categories to the Membership ("**Prohibited Products**") under this Agreement. MMCAP Infuse may amend this list with thirty (30) days' notice; the Vendor will be required to remove affected Products from the Agreement and catalog offerings under this Agreement. The following categories are prohibited under this Agreement:

A. All influenza and general vaccines: None; MMCAP Infuse has awarded separate agreements through a different request for proposal. (Generally, UNSPSC 512016)

B. Pharmaceuticals: Except for those authorized under MMCAP Infuse Products and Non-Core. (Generally, UNSPSC 5110-5125).

C. Diabetic supplies: Except for those authorized under MMCAP Infuse Products (Varies but can fall under the following UNSPSC: 421425; 421426; 4222; 411220)

D. Incontinence: Except for those authorized under MMCAP Infuse Products and Non-Core. (Generally, UNSPSC 42142700; 42443800; 42143900).

E. Nutritionals: Except for those authorized under MMCAP Infuse Products. (Generally, UNSPSC 422318; 5119; 8515)

F. Drug and alcohol testing: Can be sold under Non-Core. (Generally, UNSPSC 8512810)

G. Condoms: Except for those authorized under MMCAP Infuse Products. (Generally, UNSPSC 53131622)

H. Dental Supplies: None; MMCAP Infuse has awarded separate agreements through a different request for proposal. (Generally, UNSPSC 4215)

1.6 **Product Preference**. Vendor can sell to Members all Products requested by Member. On a quarterly basis or as reasonably requested by MMCAP Infuse, the Vendor will provide contract compliance reports to monitor purchases of Non-Core products compared to their MMCAP Infuse and Core Products equivalents in the Product category. It is the intent of MMCAP Infuse that at no point should the Non-Core Products exceed fifty percent (50%) of a purchase makeup for Product category for any three (3) month period when there are MMCAP Infuse Product and Core Product equivalents; however, both parties understand that purchasing decisions are at the discretion of the Member. If during the Term of this Agreement the percentage makeup for a Product category where there are MMCAP Infuse Product and Core Product equivalents is not meeting MMCAP's intended purchase makeup, and such purchase makeup is due to reasons other than lack of availability and Member purchasing decisions, MMCAP Infuse and Vendor will meet and confer in good faith to review the Core Products. To the extent necessary to address the purchase makeup, and upon mutual consent, the Core Products may be adjusted. The compliance formula is found on ***Attachment E*** and data received from the Vendor via ***Table 1, Sales Data Report*** will be used to review compliance.

1.7 **Product Dating**. Unless agreed upon in writing by the Member in advance, all Products will have a shelf life of at least six (6) months.

ARTICLE II
PRICING AND CHANGES

2.1 **Notices**. All notices under this Article must be sent to: MMCAP_infuse.hpscontracts@state.mn.us.

2.2 **Core Pricing Structure**. Pricing for Core Products are listed on ***Attachment A***. Vendor must hold pricing for Core Products firm for at least six (6) months from the Effective Date. Each time pricing is changed, the Vendor must wait six (6) months from each effective change date to amend the pricing again.

A. Required Format: All changes must be done in MMCAP Infuse's required format; an example can be found on ***Attachment E, Table 4***.

B. Package Variations: Per *Paragraph 1.2(A)*, all package sizes for applicable manufacturer and/or Vendor part number will be under the terms of Core Pricing. The Vendor can sell the package sizes at different Pricing, however "per item" basis must remain consistent.

C. Price Reductions: After the Effective Date, Vendor may submit to MMCAP Infuse price reductions but must provide at least three (3) days' notice to MMCAP Infuse before they can take effect.

D. Annual Refresh: During the Annual Refresh (see *Paragraph1.2(B)*), Vendor may propose price increases for products remaining on Core or being added to Core. The Vendor must provide at least ninety (90) days' written notice for any change to take effect.

E. Price Increases: Notwithstanding anything to the contrary herein contained, to the extent Vendor receives an increase greater than ten percent (10%) for any Core Products, Vendor shall have the right to increase the purchase price of such Core Products. Additionally, Vendor will have the right to increase the price if the purchase price drops below Vendor's cost. Vendor will provide evidence of said occurrence to MMCAP

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

Infuse; provided however, that Vendor shall not be required to disclose any information subject to confidentiality with a third party. Vendor shall provide MMCAP Infuse with thirty (30) days prior written notice of any such price increase. Except as provided for in this Agreement, no fee, percentage, or other cost may be added to the Products purchased under this Agreement unless it has been approved in writing by MMCAP Infuse. In the event Vendor does not notify MMCAP Infuse of an increase, Vendor must honor chargebacks for the most recent previous Price until such time as MMCAP Infuse receives notice of and approves the increase.

2.3 **Non-Core Pricing**. Pricing for Non-Core Products will be fluid at Vendor's discretion. However, all Members (at no cost to Member) will be able to view the current Non-Core Product prices and catalog/list price in Vendor's electronic catalog in order to easily calculate if the Non-Core Product discount and price adjustments are being applied properly. If the Vendor is unable to display the full list price in the Vendor's electronic catalog, the Vendor will provide the Member with a non-ordering full list price account upon request for auditing purposes. Once Member makes a purchase of the Non-Core Product, Vendor will create an invoice disclosing the price to Member and the Non-Core Product discount applied (more invoice requirements are found in **Article III**).

2.4 **MMCAP Infuse Pricing**. MMCAP Infuse has provided (or will provide) Vendor a list of MMCAP Infuse Products and Pricing ("**MMCAP Infuse Base Price**"). MMCAP Infuse and the Vendor have agreed to Mark-Up, which will be added to the MMCAP Infuse Base Price for each applicable Product; the sum of the MMCAP Infuse Base Price and Mark-Up will be the Price the Vendor discloses to the Member.

A. Price Loading. Vendor will be responsible for processing the MMCAP Infuse Products and Pricing sent to them by the MMCAP Infuse Manufacturer within five (5) days of receipt from such MMCAP Infuse Manufacturer. If a Member decides to purchase a different case/package size than what MMCAP Infuse negotiated with an applicable MMCAP Infuse Manufacturer, the Vendor will notify MMCAP Infuse. MMCAP Infuse will either (i) work with the Manufacturer to add that size to the Covered Contract; or (ii) the Vendor, and Member will work in good faith to come to a fair and reasonable price, using the Pricing for Non-Core Products as guidance.

i. Manufacturer Verification (if applicable). If a manufacturer requires verification or provides data that is inconsistent with MMCAP Infuse, the Vendor will notify MMCAP Infuse in writing within twenty-four (24) hours of the impasse occurring.

ii. Notice. If a Vendor receives a notice of a change from a MMCAP Infuse Manufacturer but did not receive the same notice from MMCAP Infuse, the Vendor will forward the information to MMCAP Infuse within three (3) days.

iii. Disagreements. Subject to compliance with applicable laws, the Vendor agrees to review and process credits/rebills as notifications are received at no charge and, in the event actually owed and due, correct pricing in the event that MMCAP Infuse and the MMCAP Infuse Manufacturers have a disagreement regarding a Product or Pricing.

iv. Failure to Negotiate. The Vendor agrees to use commercially reasonable efforts to notify MMCAP Infuse promptly (to the extent it is able to do so) of any issues with MMCAP Infuse Manufacturers that could affect the Vendor's ability to stock, sell, or perform chargebacks on these Products. Notices must be sent to: mmcap_infuse.hpscontracts@state.mn.us.

B. Auditing. Vendor will perform Pricing audits, matching pricing information provided by MMCAP Infuse against the MMCAP Infuse Base Price provided by MMCAP Infuse Manufacturers. If Vendor discovers discrepancies, the Vendor will notify the MMCAP Infuse Manufacturer and MMCAP Infuse of the discrepancy in order to reach resolution. Upon resolution, Vendor will correct the errors, will create a sales history report, and enter credit(s)/rebill(s) for each Member connected to the contracts within ten (10) business days of resolution. Vendor is expected to continue to provide the process, which was the outcome of the collaboration between the Vendor and MMCAP Infuse, to deliver comprehensive and efficient means to provide continuous Price audit data.

2.5 **Service Pricing**. Reserved.

2.6 **Competitive Pricing**. During the Term of this Agreement, if MMCAP Infuse receives information from any source that the terms or pricing offered under this Agreement are not market competitive, Vendor and MMCAP Infuse will meet and confer in good faith to determine the ongoing competitiveness of the terms and pricing under this Agreement. Vendor reserves the right, when comparing market competitiveness, to use the following in its evaluation (A) Member's class of trade; (B) Member's volume of Products; (C) Member's payment terms; (D) Member's number of deliveries; and (E) Member's number of delivery locations. To the extent necessary to address market-competitive conditions, and upon mutual consent between MMCAP Infuse and Vendor, and such consent is not to be unreasonably withheld by Vendor, applicable terms or prices may be adjusted.

2.7 **Member Fees**. In the event a Member requires a fee, assessment, and/or additional costs in addition to the Pricing; the fee, assessment, and/or additional costs must be added on top of the Pricing and/or an adjustment to the discounts must be made so Vendor does not absorb the fee. Vendor must not pay a Member levied fee without first collecting the fee through increased Pricing for the applicable Member. The fees will be set aside and paid to the Member as detailed in a form provided and approved by MMCAP Infuse.

Accurate as of February 12, 2025
The most current version
https://members.infuse.mn.gov/contract-documents

ARTICLE III
ORDERS, DELIVERY, AND PAYMENT; SELECTION OF SERVICES

3.1 **Orders**. As a condition for purchasing under this Agreement, purchasers must be Members in good standing with MMCAP Infuse. Vendor may use their own Ordering Systems and Purchase Order Forms. Except to the extent otherwise negotiated for Services and Bulk Orders (see *Paragraph 3.8*), to the extent that any terms conflict with the terms of this Agreement, the terms of this Agreement supersede. Each Member will be responsible for payment for Contracted Items to the Vendor and MMCAP Infuse will not be liable for any unpaid invoice of any Member. Vendor agrees to invoice the Members as established in this Agreement.

A. The use of obtaining a Contracted Item from the Ordering System or Purchase Order constitutes a binding contract. All Products furnished will be subject to inspection and acceptance by the ordering entity after delivery in accordance with Vendor's Return Policy (***Attachment G***). Back orders, failure to meet delivery requirements, or failures to meet specifications in the Ordering System, Purchase Order, and/or the Agreement authorizes the ordering entity to cancel the order, or any portion of it. If Vendor fails to provide the Contracted Items as set forth in this Agreement, Member may obtain the same or equivalent Product through an alternative vendor. This may be subject to *Paragraph 4.1*.

B. Order System minimum requirements. At a minimum, the Order System must (i) have the outlined capability and (ii) display the following for each Product in the catalog offerings to the Membership.

i. *Capability*:
   a. Secure login/user name and payment processing;
   b. Provide a PDF invoice to the Member within twenty-four (24) hours of a confirmed order;
   c. Product substitution search option;
   d. Product inquiry search option;
   e. Auto-backordering; and
   f. Show cost-saving opportunities/alternatives.

ii. *Display*:
   a. Product name and picture;
   b. Manufacturer product number;
   c. UNSPSC;
   d. Product description;
   e. NDC/UPC;
   f. Manufacturer name;
   g. Packaging size;
   h. Price for package/dose size and per item basis; and
   i. If only available by "drop-shipment" (if applicable).

C. Vendor will provide MMCAP Infuse with at least one login and password to access and view Vendor's Ordering System and/or online catalog it displays to the Membership. During the Agreement, if MMCAP Infuse requests the Vendor to provide live catalog Pricing electronically to MMCAP Infuse's technology infrastructure, Vendor will do so without any cost assessed to MMCAP Infuse.

3.2 **Product Substitution**. In the event the Products covered by this Agreement are not available at the time of order placement, Product substitution will only be permitted upon the written consent of the Member. In the notification, the Vendor will inform the Member the reason the requested Product is not available and suggest possible substitutes. Vendor may suggest any self-manufactured or its private label Products and at least one brand label Product.

A. Reporting: The Vendor will provide a monthly report to MMCAP Infuse covering all orders that had an item replaced or not fulfilled during a shortage, in a form similar to the reporting requirements listed on ***Attachment E, Table 2*** (subject to Vendor system capabilities) and must be delivered to: mmcap_infuse.hpscontracts@state.mn.us.

3.3 **Termination of Individual Orders**. Members may terminate, immediately or as identified by Member, individual orders in whole or in part, upon written notice to Vendor upon the occurrence of any of the following events:

A. The Member fails to receive funding, or appropriations, limitations or other expenditure authority at levels sufficient to pay for Contracted Items to be purchased;

B. Federal or state laws, regulations, or guidelines are modified or interpreted in such a way that either the purchase of the Contract Items are prohibited, or the Member is prohibited from paying for the Contracted Items from the planned funding source; or

C. Vendor commits any material breach of this Agreement.

Upon receipt of written notice of termination, Vendor will stop performance under the Agreement as directed by the Member. If a standing order is terminated, the Member must pay Vendor in accordance with the terms of this Agreement for goods delivered and accepted by the Member.

3.4 **Jurisdiction and Venue of Orders**. As it applies to purchases made by a Member, nothing in the Agreement will be construed to deprive the Member of its sovereign immunity, or of any legal requirements, prohibitions, protections, exclusions, or limitations of liability applying to this Agreement or afforded by the Member's law.

Accurate as of February 12, 2025
The most current version
https://members.infuse.mmgov/contract-documents

3.5 **Shipment for Products**. Vendor must distribute and deliver the Products covered under this Agreement to all Members, including the states of Alaska and Hawaii. If the Member account is in good standing, the Vendor will at no time, refuse to deliver to any Member without the prior written approval by the Member and MMCAP Infuse except based on payment failure. Delivery for Products under this Agreement shall be FOB Destination unless otherwise agreed to by Vendor and Member in a Purchase Order. Unless otherwise stated within this Agreement, Vendor will not add any fuel, shipping, or handling surcharges to the purchase under this Agreement. Notwithstanding the foregoing, emergency orders, rush orders, and products dropped shipped from Vendor's contracted supplier, are subject to an added shipping and handling charge determined by Vendor and disclosed to in writing to Member before a purchase is made.

A. Fees: All Members are eligible to receive deliveries during normal workdays five (5) business days (Monday – Friday) with no ordering minimums.

B. Delivery Schedule: Upon request from Member, Vendor will work with Member to establish a routine delivery schedule. Delivery for stock items will occur within three (3) business days, from the date the Product is ordered; this includes the Vendor's processing window. It is understood that deliveries to Alaska or Hawaii may take longer. All expedited deliveries will be made next business day, or on the next scheduled business delivery day (excluding Alaska and Hawaii), unless communicated otherwise. If there is a Holiday during the ordering process, the Vendor shall have one additional day per Holiday day.

   i. *Cut-off Time*. Vendor's daily order cut off time will be 4:00PM CST local time to the Member.

C. Damaged Products: All damaged Products will be reported to Vendor's customer service department pursuant to Vendor's returns policy on ***Attachment G*** and applicable credits will be issued pursuant to such policy.

D. Lost Products: All lost Products will be reported to Vendor's customer service department pursuant to Vendor's returns policy on ***Attachment G*** and applicable credits will be issued pursuant to such policy.

E. Special Conditions for Products: If applicable to the Products offered under this Agreement, Vendor will maintain appropriate temperatures and environmental conditions in accordance with Manufacturer requirements for delivery of the Products to the Members. All refrigerated Products will be shipped in returnable coolers or disposable coolers with appropriate packaging to maintain the required temperature range. Products requiring refrigeration will be clearly marked as such. Temperature monitors will be used if they are required by the Manufacturer. If Member refuses Products that have been inadequately packaged, the Member will notify Vendor's customer service department to log the complaint. Any costs associated with the return of Product due to improper packaging or transport, will be pursuant to Vendor's return policy on ***Attachment G***.

F. Vendor's Standard Terms of Sale. Vendor's standard terms of sale are attached hereto as ***Attachment I*** and incorporated herein by this reference and shall apply to each sale hereunder. Vendor may modify its standard terms of sale from time to time, wherein such modifications shall be incorporated herein by this reference. The Terms and Conditions will take precedence over ***Attachment I***. If the provisions of the Terms and Conditions are inconsistent with ***Attachment I***, the Terms and Conditions will supersede and govern.

3.6 **Emergency Orders**. Reserved.

3.7 **Drop Shipment**. The Vendor will act as a conduit to expedite and simplify the ordering and payment of drop shipped Products directly from a Manufacturer. All fees associated with drop shipments are in accordance with *Paragraph 3.5, Shipment for Products*. Prohibited Products (*Paragraph 1.5*) cannot be drop shipped under this Agreement without MMCAP Infuse's prior written approval.

3.8 **Bulk Orders/Price Inquiries**. A "**Bulk Order**" is an order that substantially exceeds a typical order size from a Member for a particular Product. It is expected that the Vendor will provide a "volume" discount on Bulk Orders; however, the Vendor may negotiate with each Member any discount, a reasonable shipping fee and shelf life as part of the proposal, which may be documented with a Purchase Order. Vendor will provide MMCAP infuse with a report summarizing Bulk Orders. The format and cadence is to be mutually agreed. Once a Bulk Order request is submitted to the Vendor, the Vendor must respond with a proposal within a reasonable amount of time.

A. The proposal from the Vendor will hold firm for thirty (30) days.

B. A Member will be required to provide the Vendor its MMCAP Infuse ID and billing address for the Vendor to process the request.

3.9 **Invoicing**. Vendor will submit an invoice with each order.

A. Invoice Fields: At a minimum, Vendor's invoice will contain the following fields:

   i. Member name and Vendor-assigned account number for the Member;
   ii. Invoice line number and Member's order number (Member must provide an order number at the time of order for this to appear on Vendor's invoice);
   iii. Bill to and ship to address;
   iv. Invoice date;
   v. Vendor's SKU item number, Contracted Item name/description and packaging as associated with NDC/UNSPSC number (if applicable to this Agreement);
   vi. Unit price, quantity ordered, quantity shipped, extension (unit price multiplied by the quantity shipped), and total invoice price; and

Accurate as of February 12, 2025
The most current version
https://members.mmcapinfuse.com/contract-documents

vii. Applicable omit codes (e.g., manufacturer backorder, manufacturer discontinued, etc.).

B. Invoice Rounding: All Pricing should be to the second decimal spot.

C. Invoice Disputes: Member will notify Vendor of any known dispute with an invoice within fifteen (15) days from receipt of the invoice. If all or a portion of the disputed invoice is found to be in error, Vendor shall issue a credit and/or adjust the original invoice to the Member appropriately and provide a corrected invoice. Where the above is prohibited by a Member state's applicable law(s), the Vendor shall comply with requirements of that state's law(s) related to disputed invoices. Vendor will make a good faith effort to resolve known disputes related to Agreement pricing within thirty (30) days of notice of the dispute. This clause will in no way be deemed a limitation on the parties, as it relates to the future auditing and/or correction of invoices.

i. In the event that applicable state law mandates set-off by a Member, such set-off rights shall be exercised only to the extent expressly set forth in the applicable statute.

3.10 **Payment Terms**. Members will pay the Vendor within thirty (30) days of the date of the invoice, provided it is sent electronically to the Member within five (5) days of the Member receiving the purchase. If not, payment will be due within thirty (30) days of the Member receiving the invoice.

3.11 **Conditions of Payment**. Members may withhold payment for Product purchases found to be in violation of federal, state or local laws to the extent such violation of laws was caused by Vendor.

3.12 **Payment Method**. Vendor will accept check, Automatic Clearing House (ACH), Electronic Funds Transfer (EFT), credit card, or P-Card as a payment method and Member will start this process with its financial institution.

3.13 **Federal Funds**. Payments under this Agreement may be made from federal funds. The Vendor is responsible for compliance with all federal requirements imposed on these funds and accepts full financial responsibility for any requirements imposed by the Vendor's failure to comply with federal requirements.

3.14 **Credits and Rebills**. Vendor will process credits and rebills as notifications are received from a Member and after Vendor conducts a review and determines the notification is accurate; the Vendor will use commercially reasonable efforts to ensure the review shall take no longer than forty-five (45) days.

A. Vendor credits are valid until they are refunded, or the account has used payment.

B. In the event of a facility closure, or other extreme event where the Member will not be making another purchase through Vendor, the Member may cash out its credit(s).

C. The Vendor will take all commercially reasonable steps to ensure that credits are applied on a timely basis.

D. Vendor's credit memo will contain, but is not limited to the following information:

i. original order number and invoice number;
ii. itemized listing of the Contract Items affected;
iii. any new invoices associated with the credit; and
iv. Net credit amount available to the Member.

E. Vendor's rebill memo will contain, but not limited to the following information:

i. Original purchase order
ii. Original Vendor invoice number
iii. Itemized listing of the Product(s) affected
iv. Credit memo associated with the rebill
v. Reason(s) for the rebill (e.g., manufacturer chargeback denial, pricing error, etc.)

3.15 **Price Audits and Corrections**. In the event of a Pricing error that is attributable to the Vendor, Vendor agrees to process credit/rebills for the past twelve (12) calendar months in the Member's favor. After the review of any such error and it is found that a correction needs to take place, Vendor will have ten (10) business days to process credit/rebills that would result in the Member paying more than originally charged. When a Member or MMCAP Infuse discovers an error in pricing, they will notify Vendor. Vendor will research all Members affected by the error and will process credit/rebills to the affected Members for the time period of the error until it is resolved.

3.16 **Shareback Credits**. Vendor will manage, at no additional cost to MMCAP Infuse or Members, the MMCAP Infuse disbursement of shareback credits, according to the process below:

A. MMCAP Infuse will provide Vendor with: (i) an accurate list of Members receiving a credit; (ii) the MMCAP Infuse ID numbers, facility names, facility addresses, facility's city, facility's state, and the credit amount for each facility; and (iii) a check for the total amount of all credits to be provided;

B. Vendor must apply the credit to all listed Members within fifteen (15) days of the receipt of the funds;

C. Within thirty (30) days of the receipt of the funds, Vendor must provide to MMCAP Infuse, an Excel Spreadsheet detailing the credit memo information. This Excel listing must include the following fields: distribution center, account number, Member ID, name, address, city, state, DEA (if applicable), HIN (if applicable), date of credit memo, credit memo number, and credit memo amount.

D. Within sixty (60) days of the receipt of the funds, Vendor will refund to MMCAP Infuse, any remaining dollars for which it was unable to issue credit; this may be for any Member determined to no longer be valid Member, or that were not able to be located for any variety of reasons. Vendor will work with MMCAP Infuse, in order to identify all Members to the best of its ability, in an effort to issue all necessary credits, before refunding dollars back to MMCAP Infuse. Upon initiating the refund to MMCAP Infuse, Vendor will provide a copy of the original shareback credit spreadsheet, detailing the credit information (received from MMCAP Infuse), the reason for non-application of funds, and the dollar amount of the funds being returned

Accurate as of February 12, 2025
The most current version
https://members.infuse.mn.gov/contract-documents

to MMCAP Infuse.

3.17 **Member Punchout Systems**. Members may submit a request to a Vendor to connect their ordering system through an electronic data interchange, also referred to as a "**Punch-out System**." The Vendor may consider connecting to said system and load information related to this Agreement. However, all costs associated with setting up the system will be paid by the requesting Member(s). The Vendor will not pass along any direct or indirect costs relating to the system directly or indirectly (i.e., reflected in increased Pricing) by the rest of the Membership. Prohibited Items may not be loaded into the system without MMCAP Infuse's prior written approval.

A. Attachment: By the tenth (10) day of the month, both the Vendor and Member will send reports to MMCAP Infuse regarding the usage of the Punch Out System for Member's attached to this Agreement. The reporting requirements are on ***Attachment E, Table 3***. If through those reports, it is found that a user has not completed an MMCAP Infuse Membership Agreement and does not have an MMCAP Infuse ID, both the Member and Vendor will assist MMCAP Infuse in completing the registration process. If the user fails to complete the registration process with MMCAP Infuse within thirty (30) days, the Member and Vendor will cut off the user from receiving the MMCAP Infuse benefits received under this Agreement, such as Pricing and access to Contracted Items.

B. Shareback: The State and/or Member owner understands that until an end user of the Punch-Out System is attached to MMCAP Infuse, there will not be any credit attributed for those purchases with respect to the annual shareback calculations.

3.18 **Individual Member Selection of Services**. Reserved.

ARTICLE IV
SUPPLYING AND AVAILABILITY

4.1 **Product Outages**. For Core and MMCAP Infuse Products, it is the responsibility of the Vendor to maintain sufficient inventory levels for all Products to meet the foreseeable needs of the Members. It is expected that the Vendor will be able to fulfill purchase volume of 98% of a Members' previous quarter's volume (the "**Fill Rate**"); provided, however, the Fill Rate will be subject to the exclusions listed in *Paragraph 4.1(C)*. If Vendor does not meet the Fill Rate three (3) times or more in the calendar month due to a Vendor-created stock outage, it will be considered a failure to perform by the Vendor. The Vendor agrees to utilize the following process in the event of a backorder situation due to a Vendor-created stock outage.

A. Immediate Notification. Vendor's Ordering System will provide notice within twenty-four (24) hours to MMCAP Infuse and its Members of any Products covered by this Agreement that the Vendor has placed on backorder. Vendor's backorder notification will include:
   i. the Products placed on backorder status;
   ii. the expected timeline of the backorder;
   iii. the reason for the stock outage; and
   iv. how the Vendor intends to resolve the backorder situation.

B. Substitution. If Members consents, Vendor may offer like-kind Products. In the event of a backorder situation for Core and MMCAP Infuse Products due to a Vendor-created stock outage, if no acceptable substitution can be offered, the Member may purchase the same or equivalent Product from an alternative MMCAP Infuse vendor; if unavailable through an alternative MMCAP Infuse vendor, Member may purchase an alternative equivalent Product on the open market, including retail, for the period in which the Vendor is unable to provide the Products. The Vendor will reimburse for up to 150% of excess costs (including shipping and third-party fees) over the Pricing of this Agreement sustained by Member should Member be required to purchase on the open market via a credit within thirty (30) days of receipt of the claim. Vendor must pay claims directly to the Member within thirty (30) days of receipt of a claim. The Member has the right to charge, and Vendor agrees to pay, a late fee equal to the statutory maximum allowable percentage per month of the amount of any claim within thirty (30) days from receipt of the claim.

C. Exclusions. The following exclusions apply to this *Paragraph 4.1* and Vendor will be exempt from this *Paragraph 4.1* if any are applicable. For the avoidance of doubt, stock outages due to any reason listed herein will not be considered a Vendor-created stock outage.
   i. Force Majeure: Force Majeure, as identified in *Paragraph 5.4*;
   ii. Manufacturer created shortages and delays, such as discontinuances and backorders;
   iii. Custom or specialty product orders;
   iv. Drop Shipments;
   v. Products not stocked by the Vendor;
   vi. Orders exceeding 120% of a Member's Average Monthly quantity purchased; and
   vii. Products where supply is controlled government entity.

D. Vendor will be responsible for all vendor-created stock outage claims for 90-calendar days unless the Vendor has provided MMCAP Infuse with at least 90-calendar days' advanced written notice of the intent to remove a Contracted Item from production and discontinue distribution in the market. Vendor will remain responsible for all claims during the 90-calendar day notice period.

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

4.2 **Product Discontinuation**. If the Vendor unilaterally assigns, discontinues, or deletes a Core or MMCAP Infuse Product during the Agreement, Vendor will use commercially reasonable efforts to provide written notice to MMCAP Infuse at least sixty (60) days prior. If the Vendor removes the item, the Vendor will honor Pricing until the inventories are depleted or an agreed upon removal date. If inventory is depleted prior to the end of the ninety (90) day period, *Paragraph 4.1* will apply. The same exclusions listed in *Paragraph 4.1(C)* will apply to this Paragraph.

4.3 **Products Returned to the Vendor**. Vendor will accept returns in accordance with its policy (***Attachment G***). If any law, regulation, or the language in this Agreement conflict with the policy, then the policy is subordinate.

4.4 **Product Recalls**. If any Product covered by this Agreement requires modification, is removed, or recalled by the Vendor and/or an applicable Manufacturer or government entity, then Vendor shall comply with its recall policy on ***Attachment H***. Vendor will use commercially reasonable efforts to notify MMCAP Infuse within three (3) business days of any recall impacting Members. Vendor agrees to follow any process mandated by the FDA, or any other regulatory body if applicable, and will address the recall with each Member. Members will not incur costs for Product returns related to recalls, the Vendor will issue credit for recalled Product.

4.5 **Backorders**. Vendor must provide written notice of all Product backorders expected to last longer than thirty (30) calendar days and/or inability to supply situations to MMCAP Infuse within twenty-four (24) hours of the knowledge of the situation. Notices must include the reason(s) for and the expected duration of the issue.

4.6 **Failure to Provide Service**. Reserved.

ARTICLE V
TERMINATION, CANCELLATION, AND REMEDIES

5.1 **Cancellation**. Either party may cancel this Agreement any time for convenience, without cause, upon thirty (30) days' written notice to the other party. In the event of such a cancellation, the Vendor will be entitled to payment by the Membership, determined on a pro rata basis, for Contracted Items satisfactorily delivered or performed.

5.2 **Termination for Cause**. Except to the extent that the breach is subject to *Paragraph 5.6, Failure to Perform*, either party may terminate this Agreement at any time on the basis the other party breached this Agreement. For breaches not subject to *Paragraph 5.6, Failure to Perform*, the moving party must provide written notice to the other party, which upon the receiving, the other party has sixty (60) days to cure the defects. Upon the sixty (60) days, if the breaching party has not cured the defects, the moving party may terminate this Agreement after ten (10) subsequent days.

5.3 **Termination for Insufficient Funding**. MMCAP Infuse may immediately terminate this Agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the Contracted Items covered here. Termination must be by written or electronic mail notice to the Vendor. MMCAP Infuse is not obligated to pay for any Contracted Items that are provided after notice and effective date of termination. However, the Vendor will be entitled to payment, determined on a pro rata basis, for Contracted Items satisfactorily performed to the extent that funds are available. Minnesota will not be assessed any costs, fees, or other charges if the Agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. MMCAP Infuse must provide the Vendor notice of the lack of funding within a reasonable time of MMCAP Infuse receiving that notice.

5.4 **Force Majeure**. A party will not be considered in default in the performance of its obligations in the Agreement to the extent that performance of any such obligations is prevented or delayed by acts of God, war, riot or other catastrophes beyond the reasonable control of the party. Force majeure will not apply to the extent that the act or occurrence could have been reasonably foreseen and reasonable action could have been taken to prevent the delay or failure to perform. A party claiming excuse of performance under this provision must provide the other party prompt written notice of the failure to perform, take commercially reasonable efforts to mitigate the damages caused to all parties, and take all necessary steps to bring about performance as soon as practicable.

5.5 **Breach**. In the event of a breach of this Agreement, MMCAP Infuse and Members reserve the right to pursue any other remedy available by law. Vendors may be removed from Minnesota's vendor list; suspended; or debarred from receiving a contract for failure to comply with terms and conditions of the Agreement.

5.6 **Failure to Perform**. Except in the case of Force Majeure or unless earlier terminated or cancelled, in the event that MMCAP Infuse believes that there is a violation under one of the categories in this Paragraph, MMCAP Infuse will provide an initial notice to the Vendor ("**Initial Notice**"). Upon receipt of an Initial Notice, the parties agree to discuss the alleged violation. If following such discussion, MMCAP still in good faith believes that there is a violation, MMCAP will provide a follow-on notice of the violation with sufficient detail as to the alleged violation and date of occurrence such that Vendor can cure the alleged violation ("**Second Notice**"). Upon receipt of a Second Notice, Vendor will have thirty (30) days to rectify the issue (the "**Cure Period**"). In the event Vendor does not cure the violation within the Cure period, MMCAP will provide notice of its intent to exercise its right to charge the following fees, the date it intends to start, and the reason why (the "**Third Notice**"), and the Vendor will pay the following fees moving forward from the day the Cure Period started (subject to the Failure to Perform Cap) upon receipt of an invoice from MMCAP Infuse:

A. Reporting Requirements or failure to implement shareback. In the event that the Reporting Requirements (see **Article IX** and ***Attachment E***) or Shareback (*Paragraph 3.16*) contains incorrect data, missing data that should be included or is required or no data where necessary and applicable, and such is material or

Accurate as of February 12, 2025
The most current version
https://members.mmcap-mn.gov/contract-documents

causes harm to MMCAP Infuse's ability to conduct business or its governmental purpose, Vendor will pay the following to MMCAP Infuse: $500/day, until resolved.

B. Late Administrative Fee Payments. As provided for in statute for late payments to the State of Minnesota.

C. Notices and Signatures. If the Vendor fails to provide notice or signature as provided for in this Agreement, and such failure materially impacts MMCAP Infuse's ability to conduct business or its governmental purpose, the Vendor will pay the following to MMCAP Infuse: $20/day.

D. Failing to implement MMCAP Infuse Products and Pricing (or not honoring). When the Vendor fails to load MMCAP Infuse Products or Pricing in the timelines prescribed within this Agreement; or when the Vendor fails to sell all the MMCAP Infuse Products as required in this Agreement, or honor the Pricing: $50/day, until resolved.

E. Selling Prohibited Products or mis-selling brands. When the Vendor sells Products in violation of this Agreement to the Membership, vendor will pay MMCAP Infuse five percent (5%) (of the total gross sales relating to the violation.

F. Excess Non-Core sales. If Non-Core sales make up over seventy-five percent (75%) of a Product category when there are available MMCAP Infuse and Core Products: $10,000/per Product category violation for each time period.

G. Adding and Removing Members (Attachment). Every time the Vendor fails to meet the timeline requirements in this Agreement to add or remove a Member's eligibility to purchase Contracted Items, Vendor will pay: $500/per violation.

H. Numerous instances of failure to provide Service, Product outages, late deliveries. Anytime MMCAP Infuse has to notify and question a Vendor regarding instances of them violating *Paragraphs 3.5, 4.1, and 4.6*, more than three (3) times during a rolling twelve (12) month period, the Vendor will pay: $1,000 per each subsequent violation.

I. Application of Fees. The application of the amounts herein shall not excuse Vendor's performance obligations as set forth in this Agreement, nor will it waive any rights of MMCAP Infuse or Members to seek any and all available legal and equitable remedies. Vendor acknowledges that the fees set forth above are not penalties, but rather seek to make MMCAP Infuse and Members whole for any failure of performance by the Vendor, as based upon good faith estimates.

J. Failure to Perform Cap. The total aggregate fees that may be due and payable by Vendor to MMCAP Infuse, each month, shall not exceed $10,000 per Failure to Perform, and not exceeding $25,000 in the aggregate of subparagraphs; neither limit applies to *Paragraph 5.6(E)*, Selling Prohibited Products or mis-selling brands.

K. Return of Fees and Termination for Convenience. If it is determined by a court of competent jurisdiction that MMCAP Infuse's alleged violation was in error or not the fault of Vendor, MMCAP infuse will promptly return any fees paid by Vendor and any resulting termination will be considered a termination for convenience.

ARTICLE VI
MEMBERSHIP

6.1 **Onboard, Transition, and Implementation**. If the Vendor requires additional paperwork for Members to acquire the Contracted Items, Vendor will work with MMCAP Infuse and Members to determine the appropriate steps and schedule for an onboard and transition.

6.2 **Membership Listing**. MMCAP Infuse will provide Vendor a complete listing of the Membership which the Vendor is expected to actively utilize to verify Member status. MMCAP Infuse reserves the right to add and remove Members during the Agreement Term.

A. New Members. The Vendor must allow new Members to access the Agreement within seven (7) days of notice by the applicable Member and/or the completion of the required paperwork on ***Attachment* D** by such applicable Member. MMCAP Infuse will provide Vendor with online access to its Membership list, which is updated daily. MMCAP Infuse will send Vendor a monthly e-mail with instructions on how to obtain the Membership list.

B. Removing Members. Vendor shall have the right to remove any Member that notifies Vendor it no longer wishes to participate under the terms of this Agreement. However, if the Member is purchasing through a Government Unit operated Punch-Out System or an MPA, the Vendor will provide written notice to MMCAP Infuse. The Vendor will not remove that Member for at least five (5) business days while MMCAP Infuse determines if the requesting Member has authority to remove itself from MMCAP Infuse. Vendor will provide MMCAP Infuse a disconnect report for all Member's that are removed.

6.3 **Membership Eligibility**. Upon request, Vendor will send an electronic eligibility list identifying which Members are eligible for pricing to MMCAP Infuse.

A. In order for a Member to be considered eligible, Member must notify Vendor in writing of their desire to participate in this Agreement.

6.4 **Member Attachment**. Vendor will ensure Members, who wish to access this Agreement, are attached to the Agreement for all Contracted Item purchases made by Member. Upon request of MMCAP Infuse, Vendor must

DocuSign Envelope ID: EE6254A9-B9AA-4618-83A0-0FD28BF00765

Accurate as of February 12, 2025
The most current version
https://members.infuse.mn.gov/contract-documents

verify only the Membership has access to the Pricing and Contracted Items. If a Member selects a different group purchasing organization/collective or decides not to participate in the Membership of MMCAP Infuse, the Vendor will immediately suspend access to the MMCAP Infuse's catalog to that Member and notify MMCAP Infuse within five (5) days.

A. When Vendor notifies MMCAP in accordance with *Paragraph 6.4*, Vendor will provide the following:
   i. Customer Name
   ii. MMCAP infuse ID
   iii. Vendor ID (if applicable)
   iv. Date attached or detached from MMCAP Infuse
   v. Address
   vi. City
   vii. State
   viii. Phone Number

6.5 **Non-Solicitation**. During the term of this Agreement, Vendor will not solicit any Members to enter into or negotiate a separate contract or agreement for the same or substantially equivalent products and services offered in this Agreement without MMCAP Infuse's prior written consent. Vendor is not prohibited from responding to a request for proposals issued by a Member that may include Products and Services covered by this Agreement and entering into separate contracts relating thereto. However, if the Vendor uses MMCAP Infuse and/or this Agreement as a vehicle to those responses, those sales will still be considered sales under this Agreement and reported and paid an Administrative Fee as outlined in **Article IX**.

6.6 **DEA License/HIN**. Unless the Member purchases a controlled substance, the Vendor may not require that a Member have a Drug Enforcement Administration number assigned to it in order to be eligible for contracted prices. The Vendor may require a Health Industry Number from Member, which MMCAP Infuse will work with the Member to obtain.

6.7 **Product Use**. All items acquired by Members under this Agreement are purchased for consumption in traditional governmental functions and not for the purpose of competing against private enterprise.

6.8 **MPA**. In order to use this Agreement, some States will require jurisdiction-specific paperwork or statutory language to establish a statewide contract for Members. These are separate from Purchase orders; these are addendum to this Agreement to provide for laws specific to a State jurisdiction. If these circumstances exist, the Vendor will work with MMCAP Infuse and applicable State to prepare an MPA to set forth the additional or altered terms and conditions. An MPA must clearly apply only to the requesting State and will not affect the rights of MMCAP Infuse, other States, and/or their Members, nor will it modify, derogate, or otherwise diminish the rights and obligations set forth herein. When the specific terms are agreeable to the Vendor and the State, the MPA will be presented by MMCAP Infuse to each party for execution. No other mechanism of modifying or "attaching to" the Agreement is authorized. Vendor is not required to agree to any additional terms; however, by not agreeing to the MPA, Vendor may be precluded from doing business with that State/Member. No verbal or written instructions from State/Members to change any provision of this Agreement will be accepted by Vendor without the prior approval of MMCAP Infuse.

A. Services and Purchase Orders. If a Member is electing to utilize a Service from the Vendor, the Member and Vendor can utilize a Purchase Order to write specific unique details regarding the scope of Service being provided; MMCAP Infuse does not have to be involved with that process, however a final draft should be provided to MMCAP Infuse before execution. However, the Member will not attempt include any boiler plate terms that modify items covered under this Agreement or try to add any additional fees/costs that the Vendor would be required to pay with the Purchase Order.

ARTICLE VII
AGREEMENT MANAGEMENT

7.1 **Required Vendor Personnel**. Vendor must maintain sufficient personnel who can provide comprehensive and timely customer service to the Membership and MMCAP Infuse. Vendor's personnel must have professional qualifications, training and experience, to provide support related to the Contracted Items. In addition, Vendor represents and warrants that its personnel have all the required licenses and certifications in accordance with all applicable law and regulatory agencies. To manage this Agreement, at a minimum, the Vendor must have the following point of contact to support this Agreement. The Vendor will provide a list of all personnel and contact information to MMCAP Infuse on the Effective Date. At a minimum, the Vendor will provide an updated list every six (6) months or when there is a change, whichever occurs first.

A. Account representative and an alternate for MMCAP Infuse and eligible Members;
B. Customer service;
C. Distribution center representative(s);
D. Product training and education specialist in the form of facilitating such training and education with the applicable Manufacturer;
E. Supply chain improvement specialist;
F. Product ordering system technical support and training specialists;

Accurate as of February 12, 2025
The most current version
https://members.infuse.mn.gov/contract-documents

G. Membership/customer attachment specialist;
H. Accounting specialists, capable of addressing and timely solving invoice/credit re bill inquiries and shareback; and
I. Reporting specialist.

7.2 **MMCAP Infuse Account Representative.** Vendor will assign an account representative to MMCAP Infuse for this Agreement and will provide prompt notice, as soon as reasonably practicable, if that person is reassigned. In the event that the account representative is unresponsive (does not respond to inquiries within a reasonable time frame but not to exceed forty-eight (48) hours) or does not meet MMCAP Infuse's reasonable needs, the Vendor will work with MMCAP Infuse to find a mutually agreeable resolution. The account representative will be responsible for:

A. Proper maintenance and management of the Agreement, including timely execution of all amendments.
B. Timely response to all MMCAP Infuse inquiries.
C. Performance of the business review as described in *Paragraph 7.3*.
D. Personnel Changes. Vendor will provide MMCAP Infuse with written advance notice of changes to the account representative.
E. Member Dedicated Representative. For any Member whose purchase volume exceeds five-hundred thousand dollars ($500,000) annually, they may be eligible for a dedicated account representative as agreed to by Vendor and Member. If the Member and Vendor agree to this option, Member will provide written notice to the Vendor. Vendor will provide a dedicated account representative to the Member within thirty (30) days of such agreement, unless otherwise agreed to by Member and Vendor. This account representative will be the sole point of contact for the Member regarding any issues or inquiries.

7.3 **Reviews**. Quarterly, the Vendor will provide a list of Members who have a member-dedicated representative per *Paragraph 7.2(E)* and who their dedicated account representative is. Additionally, Vendor will perform at least one business review with MMCAP Infuse annually. The review will be at a time and location that is mutually agreeable to Vendor and MMCAP Infuse and at a minimum address: a review of sales to members, pricing and contract terms, administrative fees and reporting, supply issues, customer issues, and any other necessary information. If the Member is eligible for an account representative, the Vendor must provide at least one in-person review.

7.4 **Customer Service Department**. Vendor must maintain a toll-free customer service center (1-800-472-4346 or custserv@henryschein.com) 8:00AM to 8:00PM locally and have a system to respond to emergency calls during its non-operational hours. The center must be capable of responding to telephone or electronic message inquiries (email, or text inquiries, from hand-held messaging devices). Additionally, any customer service representative must have the corporate authority, experience, and training to respond to any inquiry related to the Agreement. If a Member has an account representative, the requirements in this paragraph can be met by them.

ARTICLE VIII
WARRANTS, COVENANTS, AND DUTIES OF VENDOR

8.1 **Covenant of Laws**. Vendor shall comply with all state and federal laws, as applicable to each Member, in the performance of this Agreement.

8.2 **Required Licenses, Permits, and Registration**. Vendor shall have in place prior to the start of the Agreement, and must maintain for the life of the Agreement, all current licenses, permits and registrations required by state and federal agencies. Vendor must make such documentation available upon request by MMCAP Infuse.

8.3 **FDA-Certified Drug Application**. Reserved.

8.4 **cGMP**. With regard to Vendor's private-labeled products, and solely to the extent required by applicable law as it pertains to a distributor of products, Vendor certifies that it is in compliance with the applicable requirements of the Food and Drug Administration's current "Good Manufacturing Practices" (**cGMP**) and the current United States Food, Drug, and Cosmetic Act.

8.5 **Health Care Product Regulations**. With regard to Vendor's private-labeled products, and solely to the extent required by applicable law as it pertains to a distributor of products, Vendor acknowledges that each Product has, if required by law, a United States Food and Drug Administration approval or authorization on file and accepts the liability with which such application confers. Additionally, all Products should meet applicable industry standards such as standards set by ISO or UL. With regard to Vendor's private-labeled products, and solely to the extent required by applicable law as it pertains to a distributor of products, the Vendor guarantees to furnish no Product under this Agreement that is adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act, or any regulation of the FDA, or as required by each Member state's applicable laws, rules, or regulations.

8.6 **DSCSA**. As applicable, the Vendor will retain and provided access to 3T Data per the requirements specified by the DSCSA, at no charge, for all Members, as the case may be, purchasing Pharmaceuticals. If this cannot be done or during the term of the Agreement, or if Vendor is unable to provide, Vendor will provide prompt notice to MMCAP

8.7 **Debarment**. Vendor warrants and certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota, the United States federal government, or any Member; and has not been convicted of a criminal offense related to the subject of this Agreement. Vendor further warrants that it will provide immediate written notice to MMCAP Infuse if at any time it learns that this certification was erroneous when submitted or becomes erroneous by reason of changed circumstances.

Accurate as of February 12, 2025
The most current version
https://members.infuse.mn.gov/contract-documents

A. Certification regarding debarment, suspension, ineligibility, and voluntary exclusion. Federal money will be used or may potentially be used to pay for all or part of the work under the Agreement, therefore Vendor certifies that it is in compliance with federal requirements on debarment, suspension, ineligibility and voluntary exclusion specified in the solicitation document implementing Executive Order 12549.

8.8 **Indemnification**. Pursuant to the Minnesota Constitution Article XI Section 1, MMCAP Infuse cannot indemnify the Vendor. Except for causes due to MMCAP Infuse's or Members' sole negligence, Vendor will defend and hold harmless MMCAP Infuse, including MMCAP Infuse's Members, agents, directors, employees, attorneys, and other representatives during and after this Agreement from and against all actual and potential claims relating to loss, liability, damage, costs and expenses (including attorneys' fees and legal costs), causes of action, regulatory proceedings, suits, demands, or judgements relating to Vendor's:

A. Intentional, willful, or negligent acts or omissions;
B. Fraud and or deceit;
C. Actions that give rise to strict liability;
D. Violations of federal, state, or local laws, orders, and/or policies;
E. Employees or subcontractors' criminal and civil claims; and/or
F. Failure to pay fees, charges, expenses, taxes, or other debts to third parties.

8.9 **Antitrust**. The Vendor agrees to, if requested, assign to the State of Minnesota any and all rights, titles, and interest to all causes of actions to MMCAP Infuse arising from services provided in connection with this Agreement resulting from antitrust violations that arise under the antitrust laws of the United States and the antitrust laws of the State of Minnesota, and/or the antitrust laws of any Member unless otherwise assigned directly to that Member by Vendor with MMCAP Infuse's approval. Vendor will be entitled to receive reimbursement for actual costs it incurred in assisting in or assigning the claim.

8.10 **Warranties**. Vendor will pass through to Member, at the time of sale, any transferable product warranties, indemnities and remedies provided to Vendor by the applicable manufacturer. EXCEPT AS OTHERWISE PROVIDED HEREIN, TO THE EXTENT PERMITTED BY LAW, VENDOR PROVIDES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE OR NON-INFRINGEMENT, AND MEMBER AND MMCAP, AS APPLICABLE, SHALL LOOK TO THE MANUFACTURER OF THE PRODUCT FOR ANY WARRANTY THEREON.

ARTICLE IX
ADMINISTRATIVE FEE AND REPORTING

9.1 **Administrative Fee**. In consideration for the administrative support and other services provided by MMCAP Infuse in connection to this Agreement, the Vendor agrees to pay an Administrative Fee on all purchases of Products purchased by Members under this Agreement.

A. The Administrative Fee amount will be as follows:
   i. Three percent (3%) for all Net Purchases covered under this Agreement excluding Sublocade Products; and
   ii. A quarter percent (.25%) on all Designated MMCAP Members Sublocade Products Net Purchases.
B. The payment of the Administrative Fees is intended to be in compliance with the Medicare and Medicaid Patient Protection Act of 1987 (Anti-Kickback Statute) and 42 U.S.C. §1320a-7b(b)(3)(A) and the "Safe Harbor" regulations regarding discounts or other reductions in price set forth at 42 C.F.R. §1001.952(h) and GPOs set forth at 42 C.F.R. §1001.952(j). Vendor will not pay an Administrative Fee on the same purchase to more than one GPO, nor will Vendor split an Administrative Fee on any item between such groups
C. Vendor must provide Administrative Fee data to MMCAP Infuse within ten (10) business days after the end of each calendar month. The Administrative Fee must be paid as soon as is reasonable after the end of each calendar month, but no later than thirty (30) calendar days after the end of the calendar month. The Vendor will submit a check payable to:
   Financial Management & Reporting – MMCAP Infuse
   50 Sherburne Avenue, Suite 309
   St. Paul, MN 55155
D. Vendor shall not be required to pay the Administrative Fees on tax amounts, returns, or other shipments for which Vendor did not collect payment, or applicable freight charges.
E. Vendor will not pay an Administrative Fee on Purchases of Products ordered prior to the date an entity becomes a Member, as defined in this Agreement.

9.2 **Administrative Fee and Sales Reporting**. The Vendor must submit a monthly (1) administrative fee data report and (2) sales data report.

A. **Administrative Fee Data Report**. Subject to Vendor's system limitations, the monthly administrative fee data report must contain the fields detailed below. All administrative fee data reports must be sent to: MMCAP.infuse@state.mn.us at the end of each month, but no later than thirty (30) days after the end of the month. The Vendor will provide a dedicated person.
   i. Administrative Fee Data Report fields:
      a. MMCAP Infuse Assigned Authorized Wholesaler Number

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

b. MMCAP Infuse Assigned Manufacturer Number (for MMCAP Infuse Products)
c. Direct or Indirect Purchase Indicator (I=Indirect, D=Direct)
d. Invoice Date (Point of Sale Date)
e. Invoice Number
f. MMCAP Infuse Member
g. Vendor's Account Number for the MMCAP Infuse Member
h. MMCAP Infuse Member DEA Number, if applicable
i. MMCAP Infuse Member HIN Number, if applicable
j. MMCAP Infuse Member Address
k. MMCAP Infuse Member City
l. MMCAP Infuse Member State
m. Product's NDC (Use all 11 digits (00076888888))
n. Product Name (e.g. Acetaminophen with Codeine, Acticin Cream 5%)
o. Credit Indicator (C = credit)
p. Contracted Units (The number of units purchased on contract.)
q. MMCAP Infuse Contracted Unit Price
r. Administrative Fee Decimal Percentage (The contracted administrative fee percentage for the NDC number. Report as a decimal (e.g. 0.030))
s. Vendor Contracted Sales (Contracted Units * Contracted Unit Price. Report in dollars) Administrative Fee Payment Amount (Administrative Fee Decimal Percentage * Vendor Contracted Sales. Report in dollars)

B. Sales Data Usage Reports. Vendor will supply to MMCAP Infuse monthly sales data on or before the tenth (10^{th}) day of the subsequent calendar month. The report must include Contracted Item dollar spend amount sorted in descending order and grouped by the Contracted Item category. Also, the report MUST include the information set forth on ***Attachment E, Table 1***.

9.3 **Reporting Tools**. For no additional charge or subscription fee, the Vendor agrees to provide online electronic access to all purchasing data history to MMCAP Infuse and purchasing Members. The data provided by the Vendor must be manipulatable by MMCAP Infuse and the Members; it also must be able to download manipulate the data in a "XLSX" format.

A. Customized Member Requests. A Member may request additional reporting from the Vendor, however any additional costs associated with those requested reports will be borne by the requesting Member and the Vendor may not pass on those costs directly or indirectly to the rest of the Membership and/or MMCAP Infuse.

ARTICLE X
INTELLECTUAL PROPERTY

10.1 **MMCAP Infuse Ownership**. MMCAP Infuse owns all rights, title, and interest in MMCAP Infuse customer data, sales transaction data, DEA/HIN information (subject to third-party rights), contract pricing, EDI transaction data, reverse distribution data, and payment data, including copyrights and trade secrets contained therein. MMCAP Infuse grants to Vendor an unlimited, non-revocable, nontransferable, fully paid license, for the term of this Agreement, to: (A) release state specific data to a Member's primary contact; (B) release any of the above data to product manufacturers, when necessary for the performance of this Agreement or as required by Vendor's agreements with such product manufacturers; (C) to release any of the above data to other MMCAP Infuse approved third parties, when necessary for the performance of this Agreement; (D) to provide Member purchase data to aggregators, including IQVIA and NDC Health, subject to Vendor's reasonable efforts to require such data aggregators to protect any identifiable data from discovery by another third party; and (E) to provide Member purchase data to other group purchasing organizations of which the Member is also a member, provided such data will not include MMCAP Infuse-identifiable data. Any MMCAP Infuse identifiable data provided hereunder to a third party must identify the data as MMCAP Infuse data and subject to Minnesota Statutes, Chapter 13. To the extent permitted by law, Vendor hereby agrees that in the event that MMCAP Infuse or a Member request in writing that its purchase data be kept confidential, such data will not be provided to third party aggregators.

10.2 **Vendor Ownership**. Vendor owns all rights, title, and interest to any aggregated data not identifiable as arising from this Agreement and any other intellectual property created for or presented to MMCAP Infuse. Vendor grants to MMCAP Infuse an unlimited, non-revocable, non-transferable, fully paid, perpetual license, to use all intellectual property created for and presented to MMCAP Infuse under this Agreement.

10.3 **Pre-Existing Intellectual Property**. MMCAP Infuse and Vendor will each retain ownership of, and all right and, title and interest in and to, their respective pre-existing intellectual property. The Vendor grants Minnesota a perpetual, irrevocable, non-exclusive, royalty free, non-transferable license to use and modify any pre-existing Vendor intellectual property, including marketing materials and materials contained in solicitation responses provided by Vendor to MMCAP Infuse or a Member. The aforementioned license is solely for use by Members, and their agents related to an internal business or governmental purposes.

Accurate as of February 12, 2025
The most current version
https://members.mmcapinfuse.com/contract-documents

10.4 **Private Label Products Intellectual Property Indemnification**. In the event Vendor manufactures any product branded using a trademark or trade name owned by Vendor ("**Private Label Products**") for sale and distribution through this Agreement, Vendor will defend, indemnify and hold the Member(s) harmless from any action or other proceeding brought against a Member(s) by a third party to the extent that it is based on a claim that Vendor's trademarks used in connection with such Private Label Products delivered under this Agreement infringes any U.S. trademark. Vendor will pay costs and damages finally awarded by a court of competent jurisdiction after exhaustion of all appeals against a Member(s) as a result thereof; provided, that a Member(s): (i) notifies Vendor of the claim within ten (10) business days, (ii) provides Vendor with all reasonably requested cooperation, information and assistance, and (iii) gives Vendor sole authority to defend and settle the claim subject to applicable state law.

A. Exclusions. Vendor will have no obligations under this *Paragraph 10.4* with respect to claims arising from: (i) modifications to Private Label Products that were not performed by Vendor; (ii) misuse of the Private Label Products or Vendor's trademarks; (iii) compliance with specifications provided by a Member(s); or (iv) the use or integration of Private Label Products delivered under this Agreement in combination with other Products or other technologies not provided by Vendor, if the claim would not have arisen but for the particular combination. THE FOREGOING ARE VENDOR'S SOLE AND EXCLUSIVE OBLIGATIONS, AND MEMBER'S SOLE AND EXCLUSIVE REMEDIES, WITH RESPECT TO OR ARISING OUT OF THE INFRINGEMENT OR MISAPPROPRIATION OF INTELLECTUAL PROPERTY RIGHTS WITH RESPECT TO PRIVATE LABEL PRODUCTS.

B. Injunctions. If a Member's use of any Private Label Products delivered under this Agreement is, or in Vendor's opinion is likely to be, enjoined due to a claim of infringement or misappropriation as specified in this *Paragraph 10.4* above then Vendor may, at its sole option and expense: (i) obtain for a Member the right to continue using such Private Label Products under this Agreement; (ii) replace or modify such Private Label Products to avoid such a claim, provided that the replaced or modified Private Label Products is substantially equivalent in function to the affected Private Label Products; or (iii) if options (i) and (ii) above are not practical in Vendor's reasonable opinion, then Vendor may take possession of the affected Private Label Products and terminate a Member's rights and Vendor's obligations under this Contract in respect of such Private Label Products, and upon any such termination Vendor will refund to a Member the purchase price of the affected Private Label Product net any discounts, rebates or other adjustments.

10.5 **Publicity and Endorsement**. Any publicity regarding the subject matter of this Agreement must identify MMCAP Infuse as a sponsoring or endorsing agency and must not be released without prior written approval from MMCAP Infuse. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Vendor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Agreement.

A. Marketing. Any direct advertising, marketing, or direct offers with Members must be approved by MMCAP Infuse. Violation of this may be cause for immediate cancellation of this Agreement and/or MMCAP Infuse may reject any proposal submitted by the Vendor in any subsequent solicitations for awards.

B. Endorsement. The Vendor must not claim that MMCAP Infuse, the State of Minnesota, or any Member State endorses its products or services.

ARTICLE XI
INSURANCE

11.1 **Notice**. The Vendor is required to submit Certificates of Insurance acceptable to MMCAP Infuse as evidence of insurance coverage requirements prior to commencing work under the Agreement. Vendor will not commence work under the Agreement until they have obtained all the insurance described below and MMCAP Infuse has approved such insurance. Vendor shall maintain such insurance in force and effect throughout the term of the Agreement. The failure of MMCAP Infuse to obtain a Certificate of Insurance, for the policies required under this Agreement or renewals thereof, or failure of the insurance company to notify MMCAP Infuse of the cancellation of policies required under this Agreement shall not constitute a waiver by MMCAP Infuse to the Vendor to provide such insurance. MMCAP Infuse reserves the right to immediately terminate the Agreement if the Vendor is not in compliance with the insurance requirements and retains all rights to pursue any legal remedies against the Vendor. All insurance policies must be open to inspection by MMCAP Infuse and copies of policies must be submitted to MMCAP Infuse. The Vendor's insurance company(ies) waives its right to assert the immunity of the State as a defense to any claims made under said insurance.

11.2 **Additional Insurance Conditions**.

A. Vendor's policy(ies) shall be primary insurance to any other valid and collectible insurance available to MMCAP Infuse with respect to any claim arising out of Vendor's performance under this Agreement;

B. If Vendor receives a cancellation notice from an insurance carrier affording coverage herein, Vendor agrees to notify MMCAP Infuse within fifteen (15) business days with a copy of the cancellation notice, unless Vendor's policy(ies) contain a provision that coverage afforded under the policy(ies) will not be cancelled without at least thirty (30) days advance written notice to MMCAP Infuse;

C. Vendor is responsible for payment of Agreement related insurance premiums and deductibles;

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

D. If Vendor is self-insured, a Certificate of Self-Insurance must be attached;

E. Vendor's insurance companies must either (1) have an AM Best rating of A- (minus) and a Financial Size Category of VII or better, and be authorized to do business in the State of Minnesota or (2) be domiciled in the State of Minnesota and have a Certificate of Authority/Compliance from the Minnesota Department of Commerce if they are not rated by AM Best; and

F. An Umbrella or Excess Liability insurance policy may be used to supplement the Vendor's policy limits to satisfy the full policy limits required by the Agreement.

11.3 **Coverage**. Vendor is required to maintain and furnish satisfactory evidence of the following insurance policies:

A. Workers' Compensation Insurance. Except as provided below, Vendor must provide Workers' Compensation insurance for all its employees and, in case any work is subcontracted, Vendor will require the subcontractor to provide Workers' Compensation insurance in accordance with the statutory requirements of the State of Minnesota, including Coverage B, Employer's Liability. Insurance minimum limits are as follows:

i. $100,000 – Bodily Injury by Disease per employee
ii. $500,000 – Bodily Injury by Disease aggregate
iii. $100,000 – Bodily Injury by Accident

If Minnesota Statute 176.041 exempts Vendor from Workers' Compensation insurance or if the Vendor has no employees in the State of Minnesota, Vendor must provide a written statement, signed by an authorized representative, indicating the qualifying exemption that excludes Vendor from the Minnesota Workers' Compensation requirements. If during the course of the Agreement the Vendor becomes eligible for Workers' Compensation statutory requirements, the Vendor must comply with the Workers' Compensation Insurance requirements herein and provide MMCAP Infuse with a certificate of insurance.

B. Commercial General Liability Insurance. Vendor is required to maintain insurance protecting it from claims for damages for bodily injury, including sickness or disease, death, and for care and loss of services as well as from claims for property damage, including loss of use which may arise from operations under the Agreement whether the operations are by the Vendor or by a subcontractor or by anyone directly or indirectly employed by the Vendor under the Agreement. Insurance minimum limits are as follows:

i. $1,000,000 – per occurrence
ii. $5,000,000 – annual aggregate
iii. $5,000,000 – annual aggregate – Products/Completed Operations
iv. The following coverages shall be included:
    a. Premises and Operations Bodily Injury and Property Damage
    b. Personal and Advertising Injury
    c. Blanket Contractual Liability
    d. Products and Completed Operations Liability
    e. MMCAP Infuse named as an Additional Insured, to the extent permitted by law

C. Network Security and Privacy Liability Insurance, Including Ransomware (or equivalent). Vendor will maintain insurance to cover claims which may arise from failure of Vendor's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data including but not limited to confidential or private information, transmission of a computer virus or denial of service. Insurance minimum limits are as follows:

i. $2,000,000 – per occurrence
ii. $2,000,000 – annual aggregate

ARTICLE XII
GENERAL TERMS

12.1 **Notices**. If one party is required to provide legal notice or notice under the terms of the Agreement to the other, such notice will be in writing and will be effective upon dispatch. Delivery shall be by certified United States mail, or by email. Either party must notify the other of a change in address for notification purposes.

12.2 **Audits**. Under Minn. Stat. § 16C.05, subd. 5, the Vendor's books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Minnesota, MMCAP Infuse, and/or the Minnesota Auditor or Legislative Auditor, as appropriate, for a minimum of six (6) years from the end of this Agreement. This clause extends to the Membership as it relates to business conducted with and sales to a Member.

A. Invoice and Pricing Audit. MMCAP Infuse and Members served by this Agreement may periodically audit validity of invoice pricing. Such audits may be conducted only during ordinary business hours and upon reasonable notice.

B. Costs. Vendor, MMCAP Infuse, and Members shall each be responsible for its own costs associated with any audit, including costs related to the production of records and/or other documents requested by the other party.

12.3 **Assignment**. The Vendor may neither assign nor transfer any rights or obligations under this Agreement without the prior consent of MMCAP Infuse and a fully executed assignment agreement.

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

12.4 **Amendments**. Any amendment to this Agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved this Agreement, or their successors in office.

12.5 **Order of Precedence**. Vendor agrees that applicable federal and state law will supersede this Agreement, however this Agreement will take precedence over all other the terms, covenants, conditions, commitments, stipulations, Order System, Purchase Orders, website use of terms, and other legal documents MMCAP Infuse, Vendor, and/or Member may use in the performance of this Agreement. If the provisions of this Agreement are inconsistent, or are modified, diminished, or derogated with any of the terms and provisions of the aforementioned legal documents in this Paragraph, this Agreement will supersede and govern. MMCAP Infuse does not agree to or bound by any additional terms and conditions between the Vendor and Member.

A. Purchase Orders and MPA. In respect to the relationship between the Vendor and Member, a Purchase Order and/or MPA may override certain aspects of this Agreement under narrow circumstances outlined and specified in the aforementioned documents.

B. Terms of Sale (***Attachment I***). If there is a conflict between the Terms of Sale and this Agreement or MPA, this Agreement supersedes. The following parts of the Terms of Sale will be unenforceable against MMCAP Infuse or the Members:

i. Finance Charge
ii. Arbitration
iii. Limitation of Liability is updated as follows: HENRY SCHEIN SHALL NOT BE LIABLE FOR INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, LOST PROFITS AND LOSS OF GOODWILL, ARISING FROM OR RELATING TO ANY BREACH TO THIS AGREEMENT (OR ANY DUTY OF COMMON LAW, REGARDLESS OF ANY NOTICE OF THE POSSIBILITY OF SUCH DAMAGES.

12.6 **Counterparts and Electronic Signature**. The Agreement cannot be executed in counterparts and will not be enforceable until MMCAP Infuse has obtained all required signatures. MMCAP Infuse and Vendor expressly agree to conduct transactions under the Agreement by electronic means (including, without limitation, with respect to execution, delivery, storage, and transfer of this Agreement by electronic means and to the enforceability of this electronic agreement). MMCAP Infuse will be deemed to have control of the authoritative copy for the electronic transferable record, in each case regardless of whether applicable law recognizes electronic transferable records or control of electronic transferable records and regardless of whether this Agreement is an electronic record or transferable record.

12.7 **Severability**. If any provision of the Agreement, including items incorporated by reference, is found to be illegal, unenforceable, or void, then both MMCAP Infuse and the Vendor will be relieved of all obligations arising under such provisions. If the remainder of the Agreement is capable of performance, it will not be affected by such declaration or finding and will be fully performed.

12.8 **Waiver**. If either party fails to enforce any provision of this Agreement, that failure does not waive the provision or its right to enforce it.

12.9 **Governing Law, Jurisdiction, and Venue**. Minnesota law, without regard to its choice-of-law provisions, governs this Agreement. Venue for all legal proceedings out of this Agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

VENDOR: Henry Schein, Inc.

The Vendor certifies that the appropriate person(s) have executed this Agreement on behalf of the Vendor as required by applicable articles, bylaws, resolutions, or ordinances.

ATTACHMENT F
Minnesota Statutory Procurement Language

1. **Government Data Practices**. Parties to this Agreement must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 (**Data Practices Act**), as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Vendor under this Agreement. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Vendor or MMCAP Infuse.
   A. Notification. If the Vendor receives a request to release the data referred to in statute, the Vendor must immediately notify and consult with MMCAP Infuse as to how the Vendor should respond to the request.
   B. Indemnification. Vendor agrees to indemnify, save, and hold Minnesota, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Data Practices Act by Vendor, including legal fees and disbursements paid or incurred to enforce this provision of the Agreement.
   C. Release of MMCAP Infuse Data. Except as may be required by Data Practices Act, Vendor will not release to any third party any MMCAP Infuse customer data, sales transaction data, DEA/HIN information, pricing, EDI transaction data, reverse distribution data, or payment data.
2. **Data Disclosure.** Under Minn. Stat. § 270C.65, subd. 3 and other applicable law, the Vendor consents to disclosure of its social security number, federal employer tax identification number, and Minnesota tax identification number, already provided to the MMCAP Infuse, to federal and state agencies, and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring the Vendor to file state tax returns, pay delinquent state tax liabilities, if any, or pay other state liabilities.
3. **Non-discrimination**. The Vendor will comply with the provisions of Minn. Stat. § 181.59.
4. **Affirmative Action Requirements**.
   A. Covered contracts and vendors. If the Agreement exceeds $100,000 and the Vendor employed more than forty (40) full-time employees on a single working day during the previous twelve (12) months in Minnesota or in the state where it has its principal place of business, then the Vendor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.
   B. Minn. R. 5000.3400-5000.3600.
      i. General. Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a Vendor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, Minn. R. 5000.3420-5000.3500 and 5000.3552-5000.3559.
      ii. Disabled Workers. The Vendor must comply with the following affirmative action requirements for disabled workers.
         a. The Vendor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Vendor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
         b. The Vendor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
         c. In the event of the Vendor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
         d. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Vendor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
         e. The Vendor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Vendor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed

Accurate as of February 12, 2025
The most current version
https://members.infuse-mn.gov/contract-documents

to take affirmative action to employ and advance in employment physically and mentally disabled persons.

iii. Consequences. The consequences for the Vendor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this Agreement by the Commissioner or Minnesota.

iv. Certification. The Vendor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

5. **E-Verify certification (In accordance with Minn. Stat. § 16C.075)**. For services valued in excess of $50,000, Vendor certifies that as of the date of services performed on behalf of Minnesota, Vendor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify Program for all newly hired employees in the United States who will perform work on behalf of Minnesota. Vendor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at http://www.mmd.admin.state.mn.us/doc/EverifySubCertForm.doc. All subcontractor certifications must be kept on file with Vendor and made available to Minnesota upon request.

6. **Certification of Nondiscrimination (In accordance with Minn. Stat. § 16C.053**). The following term applies to any contract for which the value, including all extensions, is $50,000 or more: Vendor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the Vendor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

7. **Contingency Fees Prohibited**. Pursuant to Minn. Statute § 10A.06, no person may act as or employ a lobbyist for compensation that is dependent upon the result or outcome of any legislation or administrative action.

8. **Diverse Spend Reporting**. If the total value of this Agreement may exceed $500,000 in Minnesota, including all extension options, the Vendor must track and report, on a quarterly basis, the amount paid to diverse businesses both: (A) directly to subcontractors performing under the Agreement, and (B) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Agreement compared to your company's overall revenue). When this applies, you will be set up in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the Agreement is in effect.

9. **Retainage for Minnesota Government Units**. Under Minn. Stat. § 16C.08, subd. 2 (10), no more than ninety percent (90%) of the amount due under this Agreement may be paid until the final product of this Agreement has been reviewed by a Minnesota agency head. The balance due will be paid when the Minnesota agency head determines that the Vendor has satisfactorily fulfilled all the terms of this Agreement.

10. **Payment to Subcontractors**. To the extent applicable, the Vendor must pay all subcontractors in accordance with Minn. Stat. § 16A.1245.

RETURNS:

WE CANNOT ACCEPT ANY RETURNS WITHOUT PRIOR AUTHORIZATION. To arrange for a return, simply call our Customer Service department or contact your Sales Consultant. The following conditions must be complied with:

- All returns must be accompanied by a copy of your invoice and a reason for the return.
- Merchandise must be returned in its original unopened container, unmarked, and properly packaged.
- Returned products must have been purchased within the previous thirty (30) days. Any returns past thirty (30) days are subject to a restocking fee.
- Shortages or errors in shipments must be reported within seven (7) days of invoice date to issue credit (if applicable).
- Shipping charges will apply on all returns.

Click here to download the Medical Returns Form PDF
To view PDF files, you need to have Adobe Acrobat Reader®. Click here for a free download.

Exceptions:

The following special, customized, or government-regulated items are not returnable:

- Immune globulin products
- Special order items (products that we do not ordinarily stock)
- Personalized and imprinted items
- Opened computer hardware and software
- Hazardous/flammable materials
- Expired products
- Items that cannot be returned to the manufacturer
- Any item marked nonreturnable
- Items required to be shipped and stored frozen
- Any drop-shipped products
- Invitro diagnostics products

Equipment:

Opened and used equipment may not be returned for credit. Before opening equipment, we suggest that you check the shipping container and packing list to ensure that you are getting exactly what you ordered. Equipment must be returned in the original unopened packaging, unmarked and properly packaged. Special order equipment is not returnable.
All equipment returns are subject to a restocking fee. Equipment is backed by the manufacturer's repair or replacement warranty. Please read and return all warranty information required immediately upon taking delivery of your new equipment. Open or defective equipment is subject to the manufacturer's warranty.

Prescription Drug Returns:

Please note that, in order to comply with Federal and State traceability requirements, prescription drugs may be returned providing that the following key elements are met:

1. Returns of prescription drugs will only be accepted if Henry Schein is notified within 30 calendar days of shipment date and valid return authorization is issued by Henry Schein.
2. The Prescription Drug Marketing Act requires any customer returning prescription drugs to complete and return a Prescription Drug Return Authorization form. Federal law requires that the healthcare entity returning prescription drugs document that the product was kept under proper storage and handling conditions while in their possession and during the return of the product. To get a copy of the form and proper return authorization, please contact Customer Service or access our online Prescription Drug Return Policy and Return Form.
3. In addition, traceability regulations require that the healthcare entity returning prescription drugs certifies that the product being returned is the same exact product purchased from Henry Schein.
4. Henry Schein will not issue credit for any returned prescription drugs which return was not authorized as provided herein, have been tampered with or where the labeling has been altered in any way.

HENRY SCHEIN RECALL POLICY:

This product recall policy shall be applicable to all recalls and withdrawals due to:

• Any action initiated at the request of the FDA or other federal, state or local law enforcement or other government agency, including the Virginia Board of Pharmacy.

• Any voluntary action by the manufacturer to remove defective or potentially defective drugs from the market.

• Any action undertaken to promote public health and safety by replacing existing merchandise with an improved product or new package design.

Henry Schein's Regulatory Department will be responsible for monitoring the recall activities of Henry Schein and to assure that each operation is being accomplished in a timely and efficient manner in accordance with the urgency of the recall.

Corporate Regulatory will submit reporting to manufacturers, FDA and states, as applicable.

It is Henry Schein's goal to process and distribute information pertaining to Class I product recalls within 24 hours of receipt of notification and Class II & III recalls within 72 hours from the time that Henry Schein receives notification from the manufacturer.

Henry Schein's Regulatory Department will be responsible for making any follow-up contacts for Henry Schein deemed necessary via telephone, fax or mail to ensure that all customers have received notice of the recall and will make documentation of such contacts.

Customers will respond by signing / indicating on the response form that they do / do not have product. Within 30 days of the initial notification date, additional notifications will be made as necessary.

MMS2200734
Henry Schein

THE HENRY SCHEIN PRICE POLICY: **We endeavor to maintain prices for the duration of a catalog, but we reserve the right to make price adjustments in response to manufacturers' price increases or extraordinary circumstances. Prices are subject to change without notice.**

Henry Schein, Inc. ("Henry Schein") and customer agree that the terms and conditions hereinafter set forth shall govern the relationship between Henry Schein and the customer to the extent that the parties do not have a written agreement in effect that conflicts with such terms and conditions. Customer acknowledges and accepts all such terms and conditions by placing an order for goods with Henry Schein, and upon Henry Schein's delivery of the order to the customer.

Choose Your Payment Method

Reduce the cost and administration of paying Henry Schein– Pay electronically (ACH Debit) or set up AutoPay. Please call Customer Service for details.

For your convenience, we provide several payment alternatives. Orders billed to your account may be paid by ACH Debit, Check by Phone, or Check. If you prefer, you may use your Henry Schein Credit Card, American Express, Visa, MasterCard or Discover Card when placing your order. All sales are subject to our normal terms and conditions. **Unless otherwise instructed, check payments must be mailed to: Henry Schein, Inc. • Dept. CH 10241 • Palatine, IL 60055-0241**

All sales are subject to credit approval. Invoices are payable within agreed terms of sale. Henry Schein and its affiliates reserve the right to offer a dual pricing system for payment by check, Henry Schein-approved ACH and/or Henry Schein-approved EFT vs. any other payment method and, to the extent permitted by law, reserves the right to surcharge for payment by credit card and/or other methods incurring a fee to Henry Schein.

Open Accounts Receivable:
All unpaid accounts receivable past due are subject to a 1.5% finance charge.

DELIVERY TERMS: Delivery dates are not guaranteed. Purchase orders are subject to product availability. Customers' sole and exclusive remedy for failure to deliver shall be refund of monies paid for the products at issue. Unless otherwise agreed, freight terms are FOB Shipper's Dock ("Ex Works" outside North America). Except as noted below, title passes at the time the shipment is loaded at the shipper's dock.

California: For all shipments of goods to customers located within California, title will pass upon receipt of goods by California customers.

Continental U.S.: All orders will be subject to a handling charge. This charge includes freight, except for additional carrier charges related to special delivery services and hazardous material shipments. Special orders are subject to additional freight charges.

Alaska, Hawaii & Pacific Protectorates: Standard shipping methods provide direct, reduced cost, expedited air delivery service to all accounts in Alaska and Hawaii. Customers in the Pacific Protectorates are offered direct surface transport, or postal services for reliable delivery. No additional surcharges apply, except when special services are requested. Low-level hazardous items (dangerous goods in accepted quantities and Consumer Commodity ID 8000) are now available via UPS 2nd-day air.

Guam, Puerto Rico, U.S. Trust Territories & Virgin Islands:
• All orders will be subject to a handling charge. This charge includes freight through the United States Postal Service (USPS) • Special delivery orders and hazardous material shipments can be shipped via United Parcel Services (UPS) for an additional charge. No minimum order amount or weight applies. Speak to your International Representative for details.

Outside U.S. (50 states): If your order is being shipped outside the U.S. (50 states), please refer to the International Terms & Conditions at henryschein.com. Unless otherwise agreed, freight terms are FOB Shipper's Dock ("Ex Works" outside North America). Title passes at the time the shipment is loaded at the shipper's dock. Customer is responsible for compliance with any applicable import requirements.

RX PRODUCTS & CONTROLLED SUBSTANCES:
• Regulations require us to limit the sale of Rx and controlled substances only to registered, licensed healthcare professionals. If you are a new customer or have recently moved, please furnish us with a copy of your updated state and federal registrations verifying your shipping address. Please note that all orders for controlled substances are subject to a due diligence review process. Schedule II controlled substances can be ordered electronically or by mail. For more information on our Controlled Substance Ordering System please visit www.henryschein.com/e222; if you prefer to continue using Federal 222 Forms to order Schedule II controlled substances, mail the form to: **Henry Schein, Inc. • 5315 West 74th Street • Indianapolis, IN 46268**
• Henry Schein restricts the sale or other transfer of medications to prisons/correctional facilities for use in lethal injections, based on our manufacturer agreements. The goods Henry Schein sells are intended to be used for their label-approved purposes or applicable standards of care, which do not include human lethal injection.

THE DRUG SUPPLY CHAIN SECURITY ACT (DSCSA):
(MN, DM, WH, M2) The Drug Supply Chain Security Act (DSCSA) information related to prescription drug products is available on our website www.HenrySchein.com/pedigree. If you have any problems accessing our website or would like to receive a copy of DSCSA documentation via fax, mail or email, please contact our customer service department at 1-800-472-4346.

REGULATORY REQUIREMENTS: Local regulatory requirements may apply to use or installation of certain products. Be sure to understand and comply with any such requirements prior to purchase, use, or installation of products.

RETURNS: WE CANNOT ACCEPT ANY RETURNS WITHOUT PRIOR AUTHORIZATION.
To arrange for a return, simply call our Customer Service department or contact your Sales Consultant. The following conditions must be complied with:
• All returns must be accompanied by a copy of your invoice and a reason for the return.
• Merchandise must be returned in its original unopened container, unmarked, and properly packaged • Returned products must have been purchased within the previous thirty (30) days. Any returns past thirty (30) days are subject to a restocking fee.
• Shortages or errors in shipments must be reported within seven (7) days of invoice date to issue credit (if applicable) • Shipping charges will apply on all returns.

Exceptions: The following special, customized, or government-regulated items are not returnable:
• Immune globulin products • Special order items (products that we do not ordinarily stock) Personalized and imprinted items • Opened computer hardware and software Hazardous/flammable materials • Expired products • Items that cannot be returned to the manufacturer Any item marked nonreturnable •Items required to be shipped and stored frozen •Any drop-shipped products • invitro diagnostics products

Equipment:
Opened and used equipment may not be returned for credit. Before opening equipment, we suggest that you check the shipping container and packing list to ensure that you are getting exactly what you ordered. Equipment must be returned in the original unopened packaging, unmarked and properly packaged. Special order equipment is not returnable. All equipment returns are subject to a restocking fee. Equipment is backed by the manufacturer's repair or replacement warranty. Please read and return all warranty information required immediately upon taking delivery of your new equipment. Open or defective equipment is subject to the manufacturer's warranty.

Prescription Drug Returns: Please note that, in order to comply with Federal and State traceability requirements, prescription drugs may be returned providing that the following key elements are met: **1)** Returns of prescription drugs will only be accepted if Henry Schein is notified within 30 calendar days of shipment date and valid return authorization is issued by Henry Schein. **2)** The Prescription Drug Marketing Act requires any customer returning prescription drugs to complete and return a Prescription Drug Return Authorization form. Federal law requires that the healthcare entity returning prescription drugs document that the product was kept under proper storage and handling conditions while in their possession and during the return of the product. To get a copy of the form and proper return authorization, please contact Customer Service. **3)** In addition, traceability regulations require that the healthcare entity returning prescription drugs certifies that the product being returned is the same exact product purchased from Henry Schein. **4)** Henry Schein will not issue credit for any returned prescription drugs which return was not authorized as provided herein, have been tampered with or where the labeling has been altered in any way.

INSTITUTIONAL & CORPORATE ACCOUNTS:
Terms of Sale follow the same guidelines unless denoted differently in a contract. Some offers and promotions outlined in the catalog may not apply. Requests for bids and proposals may be sent to: **Henry Schein, Inc., Medical Bid Department (Mail Route E-270) 135 Duryea Road, Melville, NY 11747**

INTERNATIONAL AND CANADIAN ORDERS:
We proudly serve healthcare professionals, governments, and dealers throughout the world. To place orders or for inquiries on export terms and conditions please contact the International Department (USA) at: phone: 1-631-843-5325, fax: 1-631-843-5676, or send us an e-mail at: export@henryschein.com.

ARBITRATION: All Claims related to or arising under or relating to this Agreement except for Claims for non-payment of amounts due to Henry Schein for the sale of products) are to be exclusively and finally determined by binding arbitration in the state of New York, or another location mutually agreeable to the parties. Any and all Claims must be arbitrated on an individual basis, and there shall be no right or authority for any Claims or disputes to be arbitrated on a class action or collective basis. For avoidance of doubt, each party irrevocably waives any right to: (i) have any Claim resolved in connection with any class action or collective action, or (ii) recover any damages or relief directly or indirectly as part of any class action or collective action. The arbitration shall be conducted on a confidential basis pursuant to the Commercial Arbitration Rules of the American Arbitration Association, or if applicable, under its Procedures for Large, Complex Commercial Disputes. Any decision or award as a result of any such arbitration proceeding shall be in writing and shall provide an explanation for all conclusions of law and fact and shall include the assessment of costs, expenses and reasonable attorneys' fees. Any such arbitration shall be conducted by an arbitrator experienced in the disputed subject matter and shall include a written record of the arbitration hearing. The parties reserve the right to object to any individual who shall be or has been at any time employed by or affiliated with a competing organization or entity. An award of arbitration may be confirmed in a court of competent jurisdiction. To the extent that any Claim or dispute is determined to not be subject to arbitration, all other Claims or disputes that would otherwise be subject to arbitration must be arbitrated. As used in this Agreement, "Claims" shall mean any and all liabilities, disputes and expenses whatsoever including, without limitation, claims, adversary proceedings (whether before a court, administrative agency or any other tribunal), damages (whether compensatory, multiple, exemplary or punitive), judgments, awards, penalties, settlements, investigations, costs, responses to subpoenas or other governmental directives and reasonable attorneys' fees and disbursements with respect to any claims that may be sustained, suffered or incurred by a Party hereto.

WARRANTIES: Henry Schein will pass through to the customer, at the time of sale, any transferable product warranties, indemnities and remedies provided to Henry Schein by the applicable manufacturer. EXCEPT AS OTHERWISE PROVIDED HEREIN, TO THE EXTENT PERMITTED BY LAW, HENRY SCHEIN PROVIDES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE OR NON-INFRINGEMENT, AND THE CUSTOMER SHALL LOOK TO THE MANUFACTURER OF THE PRODUCT FOR ANY WARRANTY THEREON.

LIMITATION OF LIABILITY: The customer agrees to look solely to the manufacturer of the product for any claim arising due to loss, injury, damage or death related to the use or sale of products. HENRY SCHEIN SHALL NOT BE LIABLE FOR INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, LOST PROFITS AND LOSS OF GOODWILL, ARISING FROM OR RELATING TO ANY BREACH TO THIS AGREEMENT (OR ANY DUTY OF COMMON LAW, AND WHETHER OR NOT OCCASIONED BY THE NEGLIGENCE OF HENRY SCHEIN OR ITS AFFILIATES), REGARDLESS OF ANY NOTICE OF THE POSSIBILITY OF SUCH DAMAGES.

DISCOUNTS, REBATES AND DISCLOSURES: **Invoice or statement prices may reflect or be subjected to a bundled discount or rebate pursuant to purchase offer, promotion or discount program. You must fully and accurately report to Medicare, Medicaid, Tricare and/or any other federal or State program, upon request by such program, the discounted price(s) or net price(s) for each invoiced item, after giving effect to any applicable discounts or rebates, which price(s) may differ from the extended prices set forth on your invoice. Accordingly, you should retain your invoice and all relevant information for your records. It is your responsibility to review any agreements or other documents, including offers or promotions, applicable to the invoiced products/prices to determine if your purchase(s) are subject to a bundled discount or rebate. Any such discounts must be calculated pursuant to the terms of the applicable purchase offer, promotion or discount program. Participation in a promotional discount program is only permissible in accordance with discount program rules. By participation in such program, you agree that, to your knowledge, your practice complies with the discount program requirements.**

AMENDMENT NO. 1 TO MMCAP INFUSE AGREEMENT NO. MMS2200734

THIS AMENDMENT NO. 1 ("**Amendment**") to MMS2200734 ("**Agreement**") is entered into on the date all required signatures are obtained for this document and is by and between the State of Minnesota acting through its Commissioner of Administration ("**Minnesota**") on behalf of MMCAP Infuse ("**MMCAP Infuse**") and Henry Schein, Inc., a corporation with an address of 135 Duryea Rd., Melville, NY 11747("**Vendor**").

RECITALS

WHEREAS, MMCAP Infuse and Vendor have agreed to certain changes in the terms and conditions set forth in the Agreement and have agreed to amend the Agreement to reflect said changes;

WHEREAS, besides the terms and conditions of the Agreement amended in this Amendment, the Agreement remains in full force and effect; and

NOW, THEREFORE, the parties acknowledge and hereby agree that the Agreement shall be amended as follows:

Capitalized Terms; Definitions; Conditions. The Agreement and Amendment shall be read together as one document. Any capitalized terms used in the Amendment that are defined in the Agreement will have the same meaning(s) when used herein, unless the context clearly requires otherwise. To the extent there shall exist a conflict between the Agreement and this Amendment, the terms of this Amendment will control. Unless otherwise clearly altered, modified, deleted, or amended otherwise, the terms of the Agreement will continue in their entirety and govern the contractual relationship between Vendor and MMCAP Infuse.

Modifications

Revision 1: *Attachment A-3* of the Agreement will be removed in its entirety and replaced with a new *Attachment A-3*, which is attached and incorporated as *Exhibit 1* to this Amendment.

VENDOR: Henry Schein, Inc.
The Vendor certified that the appropriate person(s) have executed this Amendment on behalf of the Vendor as required and by applicable articles, bylaws, resolutions, or ordinances.

AMENDMENT NO. 4 TO MMCAP INFUSE AGREEMENT NO. MMS2200734

THIS AMENDMENT NO. 4 ("**Amendment**") to MMS2200734 ("**Agreement**") is entered into on the date all required signatures are obtained for this document ("**Effective Date**") and is by and between the State of Minnesota acting through its Commissioner of Administration ("**Minnesota**") on behalf of MMCAP Infuse ("**MMCAP Infuse**") and Henry Schein, Inc., a corporation with an address of 135 Duryea Rd., Melville, NY 11747("**Vendor**").

RECITALS

WHEREAS, MMCAP Infuse and Vendor have agreed to certain changes in the terms and conditions set forth in the Agreement and have agreed to amend the Agreement to reflect said changes;

WHEREAS, besides the terms and conditions of the Agreement amended in this Amendment, the Agreement remains in full force and effect; and

NOW, THEREFORE, the parties acknowledge and hereby agree that the Agreement shall be amended as follows:

Capitalized Terms; Definitions; Conditions. The Agreement and Amendment shall be read together as one document. Any capitalized terms used in the Amendment that are defined in the Agreement will have the same meaning(s) when used herein, unless the context clearly requires otherwise. To the extent there shall exist a conflict between the Agreement and this Amendment, the terms of this Amendment will control. Unless otherwise clearly altered, modified, deleted, or amended otherwise, the terms of the Agreement will continue in their entirety and govern the contractual relationship between Vendor and MMCAP Infuse.

Modifications

Revision 1: Seven (7) calendar days after the Effective Date, *Attachment A-1* of the Agreement will be revised according to *Exhibit 1* of this Amendment, which is attached and incorporated.

VENDOR: Henry Schein, Inc.
The Vendor certified that the appropriate person(s) have executed this Amendment on behalf of the Vendor as required and by applicable articles, bylaws, resolutions, or ordinances.

Name: Goldy

AMENDMENT NO. 5 TO MMCAP INFUSE AGREEMENT NO. MMS2200734

THIS AMENDMENT NO. 5 ("**Amendment**") to MMS2200734 and its amendments ("**Agreement**") is entered into on the date all required signatures are obtained for this document and is by and between the State of Minnesota acting through its Commissioner of Administration ("**Minnesota**") on behalf of MMCAP Infuse ("**MMCAP Infuse**") and Henry Schein, Inc., a corporation with an address of 135 Duryea Rd., Melville, NY 11747 ("**Vendor**").

RECITALS

WHEREAS, MMCAP Infuse and Vendor have agreed to certain changes in the terms and conditions set forth in the Agreement and have agreed to amend the Agreement to reflect said changes;

WHEREAS, besides the terms and conditions of the Agreement amended in this Amendment, the Agreement remains in full force and effect; and

NOW, THEREFORE, the parties acknowledge and hereby agree that the Agreement shall be amended as follows:

Capitalized Terms; Definitions; Conditions. The Agreement and Amendments shall be read together as one document. Any capitalized terms used in the Amendment that are defined in the Agreement will have the same meaning(s) when used herein, unless the context clearly requires otherwise. To the extent there shall exist a conflict between the Agreement and this Amendment, the terms of this Amendment will control. Unless otherwise clearly altered, modified, deleted, or amended otherwise, the terms of the Agreement will continue in their entirety and govern the contractual relationship between Vendor and MMCAP Infuse.

In this Amendment, changes to pre-existing Agreement language will use ~~strike through~~ for deletions and underlining for insertions.

Modifications

Revision 1: *Attachment A-4: Vendor Exclusive Brands*, of the Agreement will be revised as follows:

Manufacturer	NDC	Product Name	Packaging	Pricing (WAC '–')
Braeburn	58284-0208-01	Brixadi	8mg/0.16mL	-10%
Braeburn	58284-0216-01	Brixadi	16mg/0.32mL	-10%
Braeburn	58284-0224-01	Brixadi	24mg/0.48mL	-10%
Braeburn	58284-0232-01	Brixadi	32mg/0.64mL	-10%
Braeburn	58284-0264-01	Brixadi	64mg/0.18mL	-10%
Braeburn	58284-0296-01	Brixadi	96mg/0.27mL	-10%
Braeburn	58284-0228-01	Brixadi	128mg/0.36mL	-10%

VENDOR: Henry Schein, Inc.
The Vendor certified that the appropriate person(s) have executed this Amendment on behalf of the Vendor as required and by applicable articles, bylaws, resolutions, or ordinances.

State of California

PUBLIC CONTRACT CODE

Section 10298

10298. (a) The director may consolidate the needs of multiple state agencies for goods, information technology, and services, and, pursuant to the procedures established in Chapter 3 (commencing with Section 12100), establish contracts, master agreements, multiple award schedules, cooperative agreements, including agreements with entities outside the state, and other types of agreements that leverage the state's buying power, for acquisitions authorized under Chapter 2 (commencing with Section 10290), Chapter 3 (commencing with Section 12100), and Chapter 3.6 (commencing with Section 12125). State and local agencies may contract with suppliers awarded those contracts without further competitive bidding.

(b) The director may make the services of the department available, upon the terms and conditions agreed to, to any city, county, city and county, district, or other local governmental body or corporation empowered to expend public funds for the acquisition of goods, information technology, or services for assisting the agency in acquisitions conducted pursuant to Chapter 2 (commencing with Section 10290), Chapter 3 (commencing with Section 12100), and Chapter 3.6 (commencing with Section 12125). The state shall not incur financial responsibility in connection with contracting for local agencies under this section.

(Repealed and added by Stats. 2000, Ch. 918, Sec. 4. Effective January 1, 2001.)

Visalia City Council

Staff Report

File #: 25-0403 **Agenda Date:** 10/6/2025 **Agenda #:** 1.

Agenda Item Wording:
Ordinance Update - Conduct a Public Hearing and consider a first reading of Ordinance No. 2025-12, a request by the City of Visalia to revise Visalia Municipal Code Chapter 8.40.060.C.1 and 2 "Declaration of Public Nuisance; Issuance of Administrative Enforcement Order". (Ordinance No. 2025-12 required).

Prepared by:
Jesse Villegas, Code Enforcement Officer, jesse.villegas@visalia.city, (559) 713-4191,
Tracy Robertshaw, Neighborhood Preservation Manager, tracy.robertshaw@visalia.city, (559) 713-4187,
Paul Bernal, Planning and Community Preservation Director, paul.bernal@visalia.city, (559) 713-4025

Department Recommendation:
Staff recommends that the Visalia City Council hold a public hearing, receive a presentation and staff report, and introduce the first reading of Ordinance No. 2025-12, amending Visalia Municipal Code Section 8.40.060 (C).

Summary:
The proposed ordinance update is to bring the City of Visalia into compliance with Assembly Bill (AB) 1418, which prohibits a local agency from authorizing or returning the imposition of a penalty against a resident, owner, tenant, landlord, or another person as a consequence of contact with a law enforcement or emergency assistance being summoned by certain individuals, including a victim of abuse or crime. This ordinance update, if approved, will bring the City of Visalia into compliance with this State statute.

Background Discussion:
On October 8, 2023, the California Governor signed into law Assembly Bill 1418, which took effect on January 1, 2024. Assembly Bill (AB) 1418 added Government Code section 53165.1, which prohibits a local agency from authorizing or returning the imposition of a penalty against a resident, owner, tenant, landlord, or another person as a consequence of contact with a law enforcement or emergency assistance being summoned by certain individuals, including a victim of abuse or crime.

Visalia Municipal Code Chapter 8.40 Nuisances, Section 8.40.060 (C) is currently not in compliance with AB 1418, as it currently states that properties can be designated as a nuisance property by the number of police and/or fire calls generated in a calendar year. As currently stated in Sections 8.40.060.C.1, and 2, for an individual residential unit, more than six phone calls over a one year period can result in the property being declared a public nuisance, whereas a large muti-family residential development requires *"more than a monthly average of 0.20 police and/or fire calls per unit over a six month period"* for to this type of property to be declared a public nuisance. Please note that for commercial properties, Section 8.40.030.I.1, and 2 are used for declaration of a public

nuisance and staff is not recommending any changes to this section of Chapter 8.40.

The municipal code currently exempts calls for medical services, and was intended to allow for a public nuisance declaration when a property owner is failing to adequately manage their property, which often can be seen when non-emergency calls for police or fire services, such as calls regarding excessive noise from the property are made to the police or calls to the fire department about weeds or trash on the property are made, but the statutory language is broader and forbids penalties in general, which would include a declaration of public nuisance, based on calls for police or fire services.

State law does not prevent properties from being declared a public nuisance due to failures of a property owner to adequately manage their property but does forbid calls for fire or police services from being used as the basis for imposing such penalties. City staff modified their procedures internally to comply with the state law change and is now seeking to modify the ordinance. In order to make the municipal code compliant with state law, this proposed modification will remove the language stating that the number of police or fire calls generated in a calendar year can be used to support a property being declared a public nuisance.

In order to continue enforcement of property management standards the code section is being proposed to be modified to state that if a property has been found to be in violation of a Visalia Municipal Code matter that would be considered a public nuisance more than six times in a calendar year, then it may be designated a public nuisance based on the property owner's failure to properly manage their property, using the record of public nuisance violations as the basis for the determination that the property is not being properly managed.

It should be noted that with this revision the property owner would have to be issued six or more administrative code violations for matters constituting a public nuisance. Prior to being issued an investigation would have to be conducted and a determination made by the city staff person that a violation existed. Municipal code violations can be appealed. In addition, the administrative order declaring the property a public nuisance based on prior violations would also be an action that could be appealed by the property owner before it would go into effect.

Based on the provisions of AB 1418, staff is seeking the following revisions to Section 8.04.060.C.1 and 2 as specified by underline & *italics* for additions and strikeout for deletions.

Proposed Revisions to Section 8.40.060.C.1 and 2:

C. Management quality standards. The following items shall constitute reasonable basis for the enforcement officer to believe that a property is not being properly managed or maintained. The existence of any of these circumstances shall justify an inspection of the property by the enforcement officer. In addition, violation of these standards may be used as evidence that a public nuisance exists.

1. For an individual residential unit, whether the unit is a standalone residence or part of a multi- family complex, more than six ~~police and/or fire calls~~ *Visalia Municipal Code violations have been issued* over a one year period *involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code* ~~(other than a medical emergency).~~

2. For a complex or building containing multiple residential units, more than a monthly average of .20 ~~police and/or fire calls~~ *Visalia Municipal Code violations per unit over a six-*

month period involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code (~~other than a medical emergency~~);

Analysis:
The proposed changes to Section 8.40.060.C.1 and 2 are necessary to ensure consistency and compliance with AB 1418. Failure to comply with this State statute could result in legal challenges if the City were to enforce the ordinance as it is currently written. The proposed ordinance amendment will still provide the City the ability to declare property a nuisance if the property accrues more than six Visalia Municipal Code violations in a one-year time period.

As an example, a vacant home that is constantly broken into because the vacant home is unsecured and in an uninhabitable state will result in the property owner being sent a certified mailed notice from Code Enforcement that their property is not secure. If the owner neglects to secure their property resulting in more than six calls for the property being unsecured, which is verified by Code Enforcement, this property will then be eligible to be designated a Public Nuisance because it has been in violation of the revised Visalia Municipal Code 8.40.060 (C) more than six times in a one-year period.

Another example would be city staff responding to a complaint about a property playing excessively loud music, which is affecting neighboring properties. City staff conducts a site inspection and verifies there is excessively loud music coming from the property, which is in violation of Visalia Municipal Code, then staff would issue to the property owner a notice of the excessive noise violation (verbal, warning citation, notice of violation). If over the year the same property generates six more complaints of excessively loud music coming from the property that is affecting neighboring properties, and those complaints are verified by city staff to be in violation of Visalia Municipal Code, the property would be declared a public nuisance and citation for the violation of municipal code provisions would be assessed and issued against the property for the repeated violation. However, if a property were to generate medical calls and/or fire related calls, those calls are not considered violations of Visalia Municipal Code.

Fiscal Impact:
None at this time

Prior Council Action: N/A

Other: N/A

Alternatives:
The City Council may, in lieu of the recommended motion, direct staff to not process any amendments to Visalia Municipal Code Section 8.40.060 (C) “Declaration of Public Nuisance; Issuance of Administrative Enforcement Order”. However, this would result in the City’s Municipal Code to be in noncompliance with AB 1418. Failure to comply with this State statute could result in legal challenges if the City were to enforce the ordinance as it is currently written.

Recommended Motion (and Alternative Motions if expected):
I move to introduce the first reading of Ordinance No. 2025-12 amending Visalia Municipal Code Section 8.40.060.C.1 and 2.

Environmental Assessment Status:
The requested action is not subject to the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15060(c)(3) since the activity in question is not a “project” as defined in CEQA Guidelines Section 15378. Furthermore, this action is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3) since there is no reasonable possibility that it would have a significant effect on the environment.

CEQA Review:
A Notice of Exemption has been prepared for the project because Section 15061(b)(3) states that projects are exempted from CEQA if the activity is covered by the commonsense exemption, which explains that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

Deadline for Action: 10/6/2025

ORDINANCE NUMBER 2025-12

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF VISALIA AMENDING SECTION 8.40.060.C.1 AND 2 OF THE VISALIA MUNICIPAL CODE DECLARATION OF A PUBLIC NUISANCE, ISSUANCE OF ADMINSTRATIVE ENFORCEMENT ORDER

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VISALIA

SECTION 1. Consistent with its control over municipal affairs as a charter city and the powers vested in the City of Visalia through the California Constitution, the City of Visalia is authorized to secure and promote the public health, comfort, safety, and welfare of its citizenry. The City of Council of the City of Visalia hereby makes the followings findings:

A. California state law, Government Code section 53165.1, which went into effect in 2024, prohibits a local agency from authorizing or returning the imposition of a penalty against a resident, owner, tenant, landlord, or another person as a consequence of contact with a law enforcement or emergency assistance being summoned by certain individuals, including a victim of abuse or crime.

B. The current municipal code is currently not in compliance with section 53165.1, as it states that properties can be designated as a nuisance property by the number of police or fire calls generated in a calendar year.

C. The current municipal code exempts calls for medical emergencies, and was intended to allow for a public nuisance declaration when a property owner is failing to adequately manage their property, which often can be seen when non-emergency calls for police or fire services, such as calls complaining of excessive noise from the property are made to the police or calls to the fire department about weeds or trash on the property are made.

D. State law does not prevent properties from being declared a public nuisance due to failures of a property owner to adequately manage their property but does forbid calls for fire or police services from being used as the basis for imposing penalties. In order to make the code compliant with state law, the code will remove the language stating that the number of police or fire calls generated in a calendar year can be used to support a property being declared a public nuisance.

E. In order to continue enforcement of property management standards the code section shall be modified to state that if a property has been found to be in violation of a Visalia Municipal Code matter that would be considered a public nuisance more than six times in a calendar year, then the property may be designated a

public nuisance using the record of public nuisance violations as the basis for the determination that the property is not being properly managed.

SECTION 2. The Visalia City Council hereby approves the following revision to Visalia Municipal Code Chapter 8.40.060.C.1 and 2, which identifies a property being designated a public nuisance by being in violation of a Visalia Municipal Code for more than six times in a calendar year, by adding the language below *in italics* and removing the text that is in strikeout:

Section 8.40.060 (C) Declaration of Public Nuisance; Issuance of Administrative Enforcement Order

C. Management quality standards. The following items shall constitute reasonable basis for the enforcement officer to believe that a property is not being properly managed or maintained. The existence of any of these circumstances shall justify an inspection of the property by the enforcement officer. In addition, violation of these standards may be used as evidence that a public nuisance exists.

1. For an individual residential unit, whether the unit is a standalone residence or part of a multi- family complex, more than six ~~police and/or fire calls~~ *Visalia Municipal Code violations have been issued* over a one year period *involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code ~~(other than a medical emergency)~~.*

2. For an individual residential unit, whether the unit is a standalone residence or part of a multi- family complex, more than six ~~police and/or fire calls~~ *Visalia Municipal Code violations have been issued* over a one year period *involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code* ~~(other than a medical emergency)~~.

SECTION 3. The City Council intends this Ordinance to supplement, not contradict applicable state law and this Ordinance shall be construed in light of that intent.

SECTION 4. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Ordinance, or its application to any person or circumstances, is for any reason held to be invalid or unenforceable, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining sections, subsections, subdivision, paragraphs, sentences, clauses or phrases of the Ordinance, or its application to any other person or circumstance. The City Council of the City of Visalia hereby declares that it would have adopted each section, subsection, subdivision, paragraph, sentence, clause or phrase hereof, irrespective of the fact that any one or more other sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases hereof be declared invalid or unenforceable.

SECTION 5. This Ordinance shall take effect thirty days after its adoption.

SECTION 6. The City Clerk Shall certify to the passage and adoption of this Ordinance and shall cause the same to be published or posted as required by law.

PASSED AND ADOPTED: BRETT TAYLOR, MAYOR

ATTEST: _____

Assembly Bill No. 1418
CHAPTER 476

An act to add Section 53165.1 to, and to amend the heading of Article 10 (commencing with Section 53165) of Chapter 1 of Part 1 of Division 2 of Title 5 of, the Government Code, relating to tenancy.

[Approved by Governor October 08, 2023. Filed with Secretary of State October 08, 2023.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1418, McKinnor. Tenancy: local regulations: contact with law enforcement or criminal convictions.

Existing law prohibits a local agency from authorizing or requiring the imposition of a penalty against a resident, owner, tenant, landlord, or other person as a consequence of law enforcement or emergency assistance being summoned by certain individuals, including a victim of abuse or crime, as specified.

This bill would prohibit a local government from, among other things, imposing a penalty against a resident, owner, tenant, landlord, or other person as a consequence of contact with a law enforcement agency, as specified. The bill similarly would prohibit a local government from requiring or encouraging a landlord to evict or penalize a tenant because of the tenant's association with another tenant or household member who has had contact with a law enforcement agency or has a criminal conviction or to perform a criminal background check of a tenant or a prospective tenant. The bill would preempt inconsistent local ordinances, rules, policies, programs, or regulations and prescribe remedies for violations.

The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

Bill Text

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1.

The heading of Article 10 (commencing with Section 53165) of Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code is amended to read:

Article 10. Prohibition on Penalties Against Tenants and Landlords for Law Enforcement Contact or Emergency Services

SEC. 2.

Section 53165.1 is added to the Government Code, to read:

53165.1.

(a) For the purposes of this section:
(1) "Law enforcement agency" means a department or agency of the United States, state, local government, or other political subdivision thereof, authorized by law or regulation to engage in or supervise the prevention, detection, investigation, or prosecution of a violation of criminal or civil law, including, but not limited to, the United States Immigration and Customs Enforcement and the State Department of Social Services.
(2) "Local government" has the same definition as that term is defined in Section 82041.
(3) "Penalty" means the following:
(A) An actual or threatened assessment of fees, fines, or penalties.
(B) An actual or threatened eviction, termination of a tenancy, or the actual or threatened failure to renew a tenancy.
(C) An actual or threatened denial of a housing subsidy.
(D) An actual or threatened revocation, suspension, or nonrenewal of a certificate of occupancy or a rental certificate, license, or permit.
(E) A designation or threatened closure of a property or designation as a nuisance property or as a perpetrator of criminal activity under local law, or imposition or threatened imposition of a similar designation.
(F) An actual or threatened nuisance action.
(4) "Program" means a voluntary or mandatory initiative operated or endorsed by a local government or a law enforcement agency.
(5) "Tenancy" has the same meaning as in paragraph (3) of subdivision (i) of Section 1946.2 of the Civil Code.
(b) A local government shall not promulgate, enforce, or implement an ordinance, rule, policy, program, or regulation effecting a tenancy that does any of the following:
(1) Imposes or threatens to impose a penalty against a resident, owner, tenant, landlord, or other person solely as a consequence of contact with a law enforcement agency.
(2) Requires or encourages a landlord to do, or imposes a penalty on a landlord for the failure to do, any of the following:
(A) Evict or penalize a tenant because of the tenant's association with another tenant or household member who has had contact with a law enforcement agency or has a criminal conviction.
(B) Evict or penalize a tenant because of the tenant's alleged unlawful conduct or arrest.
(C) Include a provision in a lease or rental agreement that provides a ground for eviction not provided by, or that is in conflict with, state or federal law.
(D) Perform a criminal background check of a tenant or a prospective tenant.
(3) Defines as a nuisance, contact with a law enforcement agency, request for emergency assistance, or an act or omission that does not constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code.

(4) Requires a tenant to obtain a certificate of occupancy as a condition of tenancy.
(5) Establishes, maintains, or promotes a registry of tenants for the purposes of discouraging a landlord from renting to a tenant on the registry or excluding a tenant on the registry from rental housing within the local government's jurisdiction.
(c) (1) This section preempts a local ordinance, rule, policy, program, or regulation, or any provision thereof, that is inconsistent with this section, irrespective of the effective date of the ordinance, rule, policy, program, or regulation. A local ordinance, rule, policy, program, or regulation that is inconsistent with this section is void as a matter of public policy and shall not serve as a basis of eviction.
(2) This section does not prohibit a local government from promulgating, enforcing, or implementing an ordinance, rule, policy, program, or regulation that is otherwise consistent with state law.
(d) If a local government violates this section, the following shall apply:
(1) A resident, tenant, owner, landlord, or other person may obtain any of the following:
(A) A court order requiring the local government to cease and desist the unlawful practice.
(B) A court order finding that an ordinance, rule, policy, program, or regulation, or any portion thereof, that violates this section is void and unenforceable.
(C) Other equitable relief as the court may deem appropriate.
(2) A nonprofit organization exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code, as amended, may bring an action for injunctive relief to require the local government to cease and desist the unlawful practice. The organization shall be considered a party for purposes of this paragraph.
(e) A court may award court costs and reasonable attorney's fees to the plaintiff in an action brought pursuant to subdivision (d) where it is found that a local government has violated this section.
(f) The remedies provided in this section are cumulative and not exclusive of any other remedies provided by law.

SEC. 3.

The Legislature finds and declares that the need to protect the parties referenced in Section 2 of this bill is a matter of statewide concern and is not a municipal affair as that term is used in Section 5 of Article XI of the California Constitution. Therefore, Section 2 of this act adding Section 53165.1 to the Government Code applies to all cities, including charter cities.

VISALIA

DECLARATION OF PUBLIC NUISANCE;

ISSUANCE OF ADMINISTRATIVE

ENFORCEMENT ORDER

Presented by:
Jesse Villegas,
Code Enforcement Officer

ASSEMBLY BILL 1418

- Approved by Governor October 08, 2023. Filed with Secretary of State October 08, 2023.
- Article 10. Prohibition on Penalties Against Tenants and Landlords for Law Enforcement Contact or Emergency Services
- The bill would include findings that address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

DECLARATION OF PUBLIC NUISANCE; ISSUANCE OF ADMINISTRATIVE ENFORCEMENT ORDER

- Visalia Municipal Code 8.40.060 (C) is currently not in compliance with Assembly Bill No 1418 as it currently states that properties can be designated as a nuisance property by the number of police/fire calls generated in a calendar year

CORRECTIONS MADE TO BE IN COMPLIANCE

❖Remove verbiage- ~~The number of police/fire calls generated in a calendar year.~~

❖Added verbiage- Visalia Municipal Code violations per unit over a six-month period involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code.

New Section 8.40.060 (C)

C. Management quality standards. The following items shall constitute reasonable basis for the enforcement officer to believe that a property is not being properly managed or maintained. The existence of any of these circumstances shall justify an inspection of the property by the enforcement officer. In addition, violation of these standards may be used as evidence that a public nuisance exists.

1. For an individual residential unit, whether the unit is a standalone residence or part of a multi- family complex, more than six *Visalia Municipal Code violations have been issued over a one-year period involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code .*

2. For a complex or building containing multiple residential units, more than a monthly average of .20 *Visalia Municipal Code violations per unit over a six-month period involving matters that would constitute a nuisance pursuant to Part 3 (commencing with Section 3479) of Division 4 of the Civil Code.*

PUBLIC CONTRACT CODE

Section 10298

10298. (a) The director may consolidate the needs of multiple state agencies for goods, information technology, and services, and, pursuant to the procedures established in Chapter 3 (commencing with Section 12100), establish contracts, master agreements, multiple award schedules, cooperative agreements, including agreements with entities outside the state, and other types of agreements that leverage the state's buying power, for acquisitions authorized under Chapter 2 (commencing with Section 10290), Chapter 3 (commencing with Section 12100), and Chapter 3.6 (commencing with Section 12125). State and local agencies may contract with suppliers awarded those contracts without further competitive bidding.

(b) The director may make the services of the department available, upon the terms and conditions agreed to, to any city, county, city and county, district, or other local governmental body or corporation empowered to expend public funds for the acquisition of goods, information technology, or services for assisting the agency in acquisitions conducted pursuant to Chapter 2 (commencing with Section 10290), Chapter 3 (commencing with Section 12100), and Chapter 3.6 (commencing with Section 12125). The state shall not incur financial responsibility in connection with contracting for local agencies under this section.

(Repealed and added by Stats. 2000, Ch. 918, Sec. 4. Effective January 1, 2001.)
