1. PROBLEM STATEMENT

Describe the city, county, or jurisdiction this grant will impact.

The City of Visalia is the county seat of Tulare County, California. It is a growing city with a population exceeding 143,000. It serves as a regional hub for both Tulare and Kings counties and supports a diversified economy centered on agriculture, food processing and distribution, light manufacturing, and industrial and commercial distribution. Major distribution centers located in Visalia include Sunrun Solar, Avantor Science Central, Millipore Sigma, VF Corporation, VWR, Amazon, UPS, and California Dairies. In addition, Visalia functions as a significant retail destination, serving a trade area of more than 630,000 consumers. As a result of its employment base and retail draw, the city's daytime population increases to approximately 160,000, placing added demand on local roadways and creating a need for enhanced traffic safety measures.

The Visalia Police Department is a full-service law enforcement agency employing 169 sworn officers, supported by civilian professional staff. In addition to patrol services, the department operates a range of specialized units, including the Traffic Unit, Special Enforcement Unit, Youth Services, Violent Crimes, Property Crimes, Narcotics, SWAT, K9 Unit, Crime Lab, Unmanned Aerial Vehicle (UAV) Team, and Crisis Negotiation Team. Department operations are further supported by the Citizen Volunteer in Policing Services (VIPS) program.

The Visalia Police Department maintains a strong and positive relationship with the community it serves. Traffic safety concerns consistently rank among the top issues identified by residents, underscoring the importance of continued enforcement, education, and data-driven traffic safety initiatives.

Describe the problem(s) to be addressed, supported by current and relevant crash data. (most recent calendar year data/stats).

In recent years, the City of Visalia has experienced a notable increase in traffic crashes. In 2025, the Visalia Police Department responded to 2,775 crashes, highlighting the city's ongoing road safety challenges. Key statistics for 2025 crashes include 44 pedestrian injuries, 27 bicycle injuries, 15 motorcycle injuries, and 164 DUI-related crashes.

Despite the overall crash volume, traffic fatalities declined when compared to 2024. Total fatal crashes decreased by approximately 28% in 2025, dropping from 14 in 2024 to 10 in 2025. DUI and speeding were contributing factors in 40% of these fatal crashes, highlighting the continued impact of high-risk driving behaviors.

Between January 2023 and December 2025, the department responded to 37 fatal crashes and 1,266 injury crashes. During this three-year period, DUI and speeding were primary contributing factors in 32% of fatal crashes and 21% of injury crashes.

Notably, 17 of the 37 total fatalities (45%) involved pedestrians and bicyclists, while 151 of the 1,266 injury crashes (12%) involved these vulnerable road users. Although pedestrians and bicyclists account for a significant portion of injury and fatal crashes over the past three years, the data indicates that these crashes frequently are a result of a combination of factors, including excessive speed and impaired driving.

This data highlights the ongoing challenges the Visalia Police Department has in reducing traffic-related injuries and fatalities across all demographics. The Visalia Police Department remains committed to proactive enforcement and traffic safety initiatives, with a continued emphasis on high-risk locations and vulnerable road users. Addressing impaired driving, speeding, and distracted driving requires consistent and sustained enforcement efforts beyond normal work hours. Accordingly, the department continuously re-evaluates the allocation of enforcement resources and staffing to maximize visibility, productivity, and effectiveness by targeting times and locations identified through data-driven analysis. The additional traffic enforcement operations and DUI enforcement details made possible through OTS funding will continue to play a critical role in addressing the concerns reflected in this data.

Define the target population the grant intends to serve and how they are affected by the problem(s).

The primary target population for this grant includes all roadway users within the City of Visalia, including motorists, motorcyclists, bicyclists, and pedestrians. These populations are directly impacted by ongoing traffic safety issues, as demonstrated by the sustained number of traffic-related injuries and fatalities associated with impaired driving, speeding, and pedestrian-involved crashes over the past three years.

Pedestrians represent a particularly high at-risk population. In 2025, 7 of the 10 fatal crashes (70%) involved pedestrians. Additionally, data shows that pedestrians are disproportionately affected by serious and fatal injuries, often as a result of excessive speed, impaired driving, and failure to yield. These risks are further amplified in high-traffic corridors, commercial districts, school zones, and areas with increased nighttime activity.

This traffic safety grant will directly address pedestrian safety concerns through targeted, data-driven pedestrian enforcement operations focused on high-crash locations and times when pedestrian activity is greatest. These specific enforcement details, along with other grant-funded operations, will emphasize violations such as speeding, failing to yield to pedestrians, impaired driving, and distracted driving-behaviors that are primary contributors to traffic crashes and are most commonly associated with pedestrian injuries and fatalities. Enforcement efforts will be conducted outside of normal work hours to maximize visibility and deterrence during peak risk periods.

In addition to enforcement, the grant will support traffic safety presentations and community engagements events that will help reinforce driver compliance and pedestrian awareness. The department aims to reduce dangerous driving behaviors and improve safety outcomes for vulnerable road users by reallocating enforcement resources based on crash trends and deploying officers to known pedestrian injury corridors. By maintaining comprehensive traffic enforcement for all roadway users, this grant will help protect Visalia's commuting population, support the city's growing economic activity, and enhance overall quality of life within the city.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of [49 CFR part 21](#) will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:
"The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT order 1050.2A) [□](#) in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the

form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. The person(s) signing below is/are authorized to sign this ASSURANCE on behalf of the Recipient.

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

(applies to subrecipients as well as States)

INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180 and 1200](#).
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded**, as used in this clause, are defined in [2 CFR parts 180 and 1200](#). The State and each subrecipient will comply with the Buy America requirement ([23 U.S.C. 313](#)) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

CERTIFICATION ON CONFLICT OF INTEREST

(applies to subrecipients as well as States)

GENERAL REQUIREMENTS

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward.  - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
 - b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above.
