

# REPORT TO CITY OF VISALIA PLANNING COMMISSION

**HEARING DATE:** June 8, 2026

**PROJECT PLANNER:** Brandon Smith, Principal Planner  
Phone: (559) 713-4636  
Email: [brandon.smith@visalia.gov](mailto:brandon.smith@visalia.gov)

**SUBJECT: General Plan Amendment No. 2025-02:** A request by the City of Visalia to change the land use designation on 21-acre parcel from Parks/Recreation to Commercial Mixed Use.

**Change of Zone No. 2025-03:** A request by the City of Visalia to change the zoning designation on a 21-acre parcel from QP (Quasi-Public) to C-MU (Commercial Mixed Use).

Location: The site is located on the northwest corner of North Akers Street and West Riggan Avenue, within the City of Visalia, County of Tulare (APN: 077-100-103).

## STAFF RECOMMENDATION

**General Plan Amendment No. 2025-02:** Staff recommends that the Planning Commission recommend that the Visalia City Council approve General Plan Amendment No. 2025-02, based on the findings in Resolution No. 2026-30. Staff's recommendation is based on the conclusion that the request is consistent with the Visalia General Plan and Zoning Ordinance.

**Change of Zone No. 2025-03:** Staff recommends that the Planning Commission recommend that the Visalia City Council approve Change of Zone No. 2025-03, based on the findings in Resolution No. 2026-31. Staff's recommendation is based on the conclusion that the request is consistent with the Visalia General Plan and Zoning Ordinance.

## RECOMMENDED MOTION

I move to recommend approval of General Plan Amendment No. 2025-02, based on the findings in Resolution No. 2026-30.

I move to recommend approval of Change of Zone No. 2025-03, based on the findings in Resolution No. 2026-31.

## PROJECT DESCRIPTION

**General Plan Amendment No. 2025-02** and **Change of Zone No. 2025-03** together are a request by the City of Visalia to change the general plan land use and zoning designations on a 21-acre parcel from Parks/Recreation land use (QP zone) to Commercial Mixed Use (C-MU zone), as shown in the attachment to each entitlement's respective resolution. The 21-acre parcel is an undeveloped parcel located on the northwest corner of North Akers Street and West Riggan Avenue (see attached aerial map).

The proposed project only changes the land use and zoning designations associated with the parcel. No development is being proposed or is planned in correlation with the project at this time.

The reclassification of land use and zoning designations toward a commercial designation was based upon the recommendation of the City Council upon the conclusion of four work session discussions held between January 16, 2020 and August 19, 2024. The site has always held the general plan land use and zoning designation of Parks/Recreation / QP zone since the property's annexation in 2010.

Visalia Unified School District sold the site to the City of Visalia in 2014 and has retained property to the north for development of a middle school and future high school. Visalia's General Plan, adopted in 2014, illustrates this site in a Parks/Facilities Map as a potential location for a new community park serving the northwest quadrant. General Plan Policy PSCU-P-5 more explicitly calls for the creation of a new community park to be built in and to serve the northwest quadrant.

Over the course of the four work sessions held to discuss land uses on the site, City staff suggested that the City-owned property at Akers & Riffin may be better suited for a land use other than Parks/Recreation given its location at a major intersection, with speculation towards a commercial designation. Between the times that the four work sessions were held, the Carleton Acres Specific Plan was drafted and adopted in 2023, solidifying a new commercial land use designation further to the west.

The City Council's direction to staff from the work session meeting was to also prepare and release a Request for Proposals (RFP) to solicit potential land developers to submit design proposals for this site, and to hold a future meeting to discuss design stipulations and use limitations on the site. However, prior to the preparation of a RFP, the City must declare the property as Surplus Land in order to take action of selling the property.

2025 Update

In 2025 staff prepared an environmental review in accordance with the California Environmental Quality Act (CEQA) Statute & Guidelines and brought a GPA and COZ request to the Planning Commission to change a 16-acre portion of the parcel, consistent with the Council's direction from August 19, 2024. At the subsequent public hearing held by City Council, the Council recommend to refer the matter back to staff to designate the entire 21 acres as Commercial Mixed Use and to direct staff to prepare the appropriate analysis and the appropriate CEQA documentation.

The City Council further recommended that that staff return with a park plan for the northwest quadrant prior to further discussion of the rezoning at a future meeting. Under the new GPA/COZ proposal, a community park could still be developed on a different site in the northwest quadrant.

In addition, the Parks and Recreation Department has hired PROS Consulting of Brownsburg, Inc. to prepare the Visalia Parks and Recreation Master Plan and Needs Assessment and Park Impact Fee Study. Although this study is underway, the consultant is aware of the potential land use redesignation of this 21-acre site.

**BACKGROUND INFORMATION**

General Plan Land Use Designation	Parks / Recreation
Zoning	QP (Quasi Public)
Surrounding Zoning and Land Use	North: QP / Ridgeview Middle School South: R-1-20 (Single-Family Residential, 20,000 sq. ft. minimum site area) / Neighborhood Church

East: R-M-2 (Multi-family Residential, one unit per 3,000 sq. ft. site area) / Apartment-style residences (Reserve at Ritchie Ranch)  
West: R-M-3 (Multi-family Residential, one unit per 1,200 sq. ft. site area) / Vacant land with approved multi-family use (CUP No. 2025-16)

Environmental Review: Initial Study / Negative Declaration No. 2026-14

Site Plan: N/A

### **RELATED PLANS & POLICIES**

See attachment pertaining to General Plan policies and Municipal Code sections pertaining to the project site.

### **RELATED PROJECTS**

**General Plan Amendment No. 2025-02 and Change of Zone No. 2025-03:** The Planning Commission previously held a public hearing on August 11, 2025, and recommended that the City Council change a 16-acre portion of the 21-acre parcel from Parks/Recreation to Commercial Mixed Use and use designation and from QP (Quasi-Public) to C-MU (Commercial Mixed Use) zoning designation.

The City Council held a public hearing on September 2, 2025 to consider the request and recommended, on a 5-0 vote, to refer the matter back to staff to designate the entire 21 acres as Commercial Mixed Use (rather than only a 16-acre portion), and to direct staff to prepare the appropriate analysis and the appropriate CEQA documentation. The City Council further recommended that that staff return with a park plan for the northwest quadrant prior to further discussion of the rezoning at a future meeting.

## **PROJECT EVALUATION**

Staff supports the requested General Plan Amendment and Change of Zone based on project consistency with the General Plan and Zoning Ordinance.

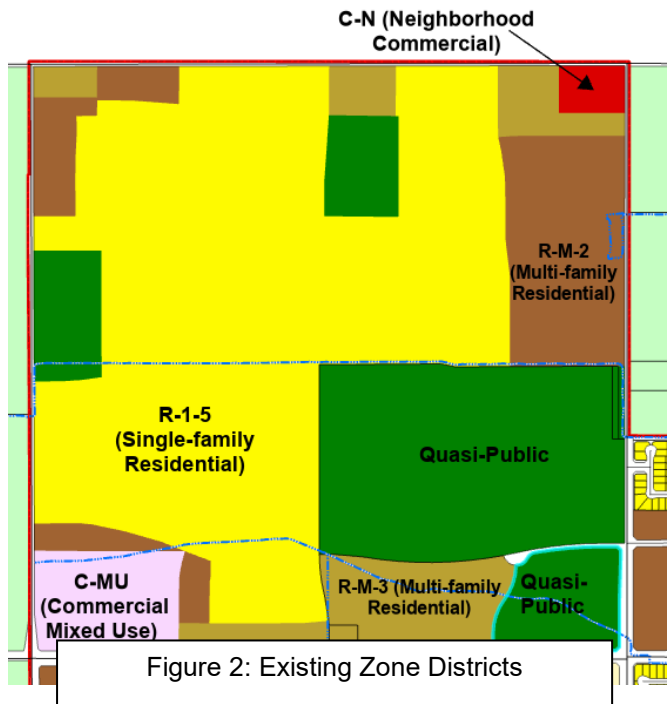

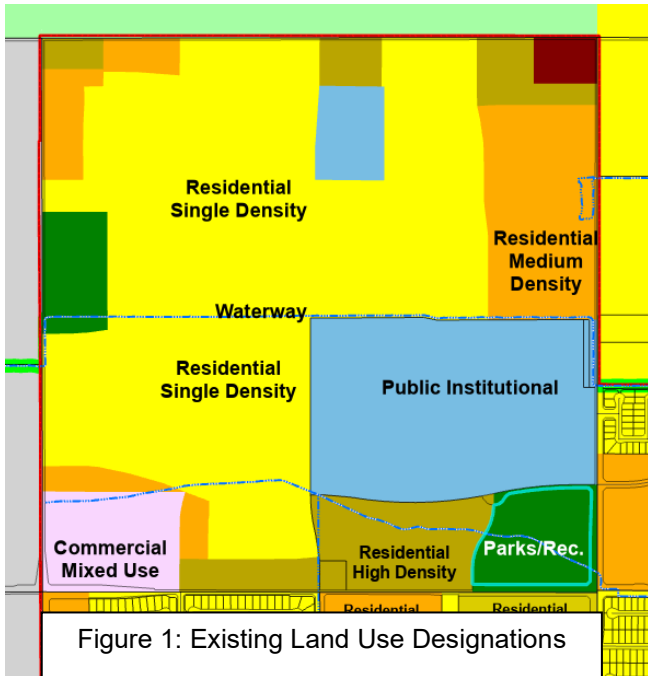

### **Surrounding Uses**

To the north, on the north side of the Sedona Avenue alignment, a 103-acre parcel owned by Visalia Unified School District (VUSD) contains Ridgeview Middle School and land that was planned for a future high school campus.

To the west of the city-owned site is a 29-acre parcel that is owned by a private entity and is zoned for high-density multi-family residential use. This parcel has been incorporated into the Carleton Acres Specific Plan. On April 27, 2026, Conditional Use Permit No. 2025-16 was approved for a 442-unit development on this site, at a density of 15 units / acre consistent with R-M-3 zone standards.

The surrounding area beyond the VUSD parcel is currently seeing a steady amount of growth and interest in future development planning. To the east, the 219-unit Ritchie Reserve Apartments were completed within the last year, and the 320-lot small-lot single family residential subdivision Ritchie Ranch was approved on August 25, 2025. To the west and northwest, the Carleton Acres Specific Plan was approved in 2023 for the long-term buildout of approximately 3,200 dwelling units. Commercial development the Carleton Acres consists of a 29-acre site anchored by Costco Wholesale at the northeast corner of Shirk & Riggins and a

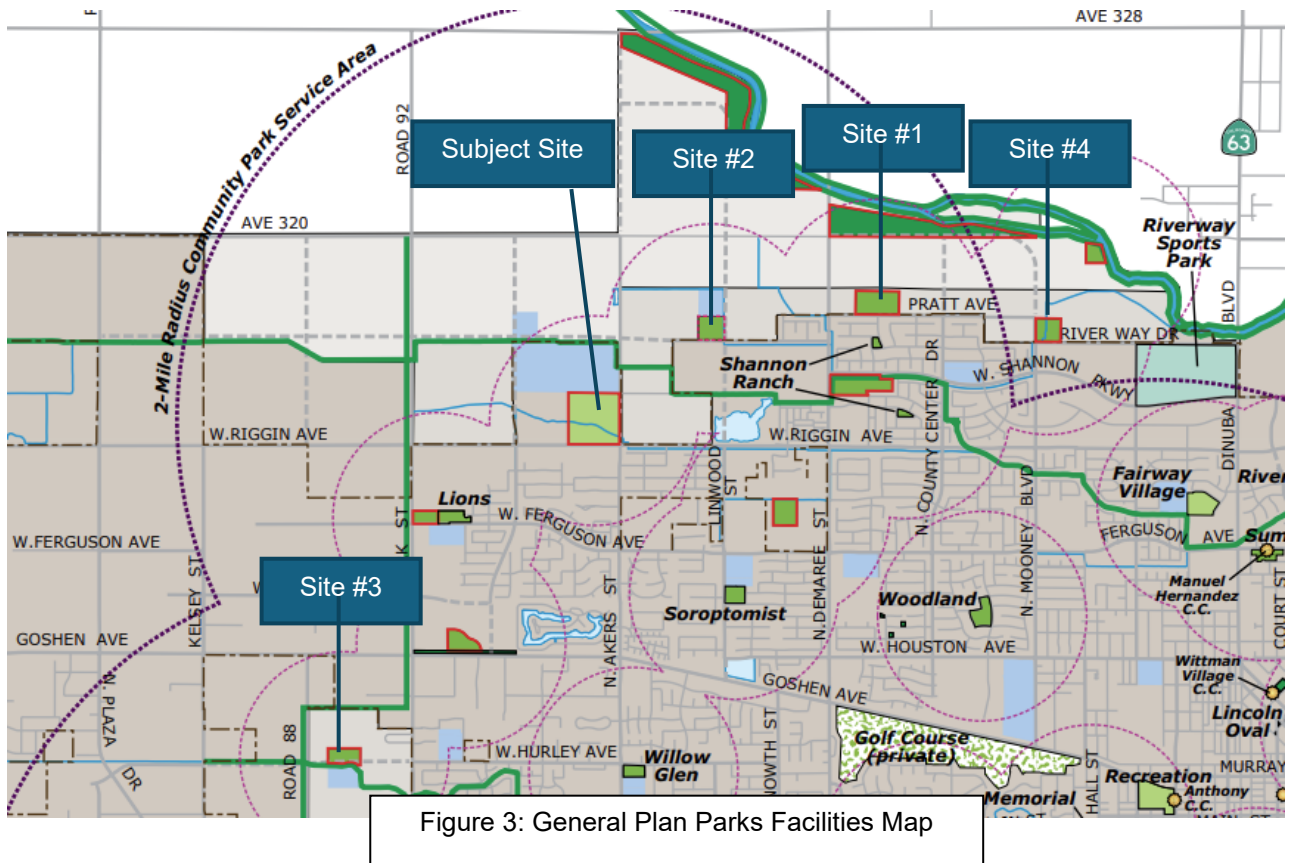

future neighborhood commercial designation at the southwest corner of Akers Street & Avenue 320 (see Figure 1 and Figure 2 below).

**General Plan Consistency**

Community Park Designation

General Plan Policy PSCU-P-5 calls for the creation of a new community park to be built in and to serve the northwest quadrant. The policy generally states that the park shall be in the northwest, and the facility map shown as Figure 5-1 identifies the 21-acre site as the potential location of the community park (see Figure 3 below).

Policy PSCU-P-5 further states that community parks shall be 5 to 12 acres in size or more, and are intended to include resources beyond those found at neighborhood parks, such as a community center building, reserved picnic facilities, tennis courts, aquatic center, and/or outdoor concert area.

A community park would fill a void that currently exists for this type of facility that would be comparable to Recreation Park / Anthony Community Center or Whitendale Park / Community Center. The General Plan notes that the northwest quadrant currently lacks a community center building, and Policy PSCU-P-16 calls to provide at least one community center in each of the City's four neighborhood quadrants.

The community park would be different from Riverway Sports Park, located 2.5 miles to the east. The 83-acre Riverway Sports Park is considered a "large city park" that serves the greater Visalia area and contains several playing fields; however, it contains no community center or multi-use courts. The community park would also be larger in scale than neighborhood parks found throughout the City – the closest being Lions and Soroptimist Parks located one mile southwest or southeast from the site.

The current size of the project site, at 21 acres, is significantly larger than the policy guideline of "5 to 12 acres or more" for community parks.

### Alternate Community Park Sites

Within the City's northwest quadrant, there are four other undeveloped Park land use designations that could facilitate the northwest quadrant's community park based on their acreage, described as follows and labeled in Figure 3 above:

1. 15 acres near the northeast corner of Demaree Street & Pratt Avenue.

*There is a potential opportunity for the City to purchase the Demaree & Pratt land based on early preliminary discussions with a property owner in that area seeking to develop their property that has a park land use designation of equivalent acreage.*

2. 10 acres fronting the future Riverway Avenue extension north of Modoc Basin.

*There have been no discussions with this property owner, who also owns other adjacent property to the west, south, and southeast. Development in this area has been progressing at an increasing rate. Site access would require construction of at least two of the following roadways: Shannon Parkway westerly from Demaree Street; Shannon Parkway easterly from Akers Street; Linwood Street northly from Riggins Avenue.*

3. 7 acres fronting the future Hurley Avenue extension west of Shirk Street, east of Road 88 (Clancy Street).

*There have been no discussions with this property owner. Development and site access would require the assembly of multiple properties. Site access would require construction of Hurley Avenue between Shirk Street and Road 88 (Clancey Street).*

4. 5 acres near the northeast corner of Mooney Blvd. & Riverway Avenue.

*There have been no discussions with this property owner. While this would be a potential site, its proximity to Riverway Sports Park might make it a less desirable choice.*

It should be noted that the conceptual use plan for Carleton Acres calls for parks to be scattered throughout the development, though none are classified as neighborhood or community parks over two acres in size. This is intentional since the General Plan did not designate any land use designations for parks on the Carleton Acres site. The Parks and Recreation Department does

not anticipate purchasing any land in the Carleton Acres neighborhood bound by Shirk, Akers, and Avenue 320.

In addition, the future high school site north and west of Ridgeview Middle School is currently not budgeted for completion and its future as a high school site is uncertain. Thus, there may be potential that this property could be reconsidered for alternate uses, including a park site.

Exhibit "B", attached to this report, illustrates non-residential land use designations in the surrounding vicinity.

### **Land Use Element/General Plan/Zoning**

Land Use Policy LU-P-66 states that the Commercial Mixed Use land use designation allows for either horizontal or vertical mixed use development and a range of commercial, service, office, and residential uses. Commercial uses must be allowed for in a development, while residential uses may or may not be part of a development. The Zoning Ordinance further states, in Section 17.19.010, that the mixed use commercial zone district may permit development at both at key activity nodes and along corridors. There is no further locational criteria regarding Commercial Mixed Use elsewhere in the City.

Among Visalia's commercial designations (i.e. Regional Commercial, Neighborhood Commercial), Commercial Mixed Use zone provides the largest amount of flexibility for a commercial-oriented designation in terms of uses, size, and placement. The northwest area is not significantly underserved with retail uses at this time; however, the nearest existing shopping areas from the intersection are located at Demaree / Riggin (Lowe's / Village at Willow Creek), Akers / Goshen (Save Mart / Key West Center), and Shirk / Riggin (Carleton Acres / Costco), all of which are one mile away.

The project site has the potential to be served by multiple single-family and multi-family residential uses and major school facilities that are all adjacent to the site and would be accessed from the adjacent arterial/arterial intersection. Vacant land to the west is slated for the inclusion of an off-street bike/pedestrian trail linking the City site to the rest of the Carleton Acres development.

A larger Commercial Mixed Use designation (10+ acres) could facilitate a shopping center consisting of a variety of retail, service, and professional spaces, and may be anchored by a supermarket, warehouse supermarket, or home improvement store.

The C-MU designation provides for the widest range of possible non-residential land use alternatives: commercial, retail, restaurant, professional and medical office uses, or residential as a stand-alone or mixed use. A full summary of all allowed land uses (permitted and conditionally permitted) in the C-MU zone is provided in Exhibit "A".

### **Potential Design Considerations and Future Request for Proposal (RFP) Process**

If the City Council approves the proposed GPA / COZ, staff intends to prepare and circulate a Request for Proposal to solicit potential land developers to submit design proposals for this site that demonstrate the Council's desire to have a superior development design and layout for this site. The RFP process would spell out expectations of the development to embody a well-designed and attractive development with a high likelihood of success that will be compatible with and serve the school population as well as the surrounding existing and future neighborhoods. The RFP would address the developer's responsibility to process the necessary Planning entitlement applications (if applicable) and CEQA environmental analysis for the alternative land use.

Staff's expectation is that a future City Council work session will be held to discuss the potential design requirements and land use limitations or stipulations that would apply to the site to ensure a superior development that aligns with Council's vision. This work session would be necessary to finalize the RFP's scope and content prior to its release. Upon successful completion of the RFP process, staff could then present the submittals to Council for their selection on the best design proposal submittal.

### **Environmental Review**

An Initial Study and Negative Declaration were prepared for the proposed project. This environmental review was prepared for the proposed General Plan Amendment and Change of Zone only and does not consider any environmental impacts regarding any future development, as such development would also be subject to separate environmental review under the California Environmental Quality Act (CEQA) once details of the development are known.

Initial Study and Negative Declaration No. 2026-14, prepared in accordance with CEQA Guidelines, disclosed that environmental impacts are determined to be not significant. Staff concludes that Initial Study and Negative Declaration No. 2026-14 adequately analyzes and addresses the proposed project and concludes that environmental impacts related to this project will be at a level that is less than significant.

During the public comment period for the Negative Declaration, one comment letter was received by the State Department of Toxic Substances Control (see Exhibit "C"). The letter recommends that in instances where land is proposed to be rezoned to residential use, that the lead agency shall identify certain pesticide materials as described in the letter, which would determine if any remedial action is needed to bring levels below thresholds. Since no activity is proposed on the site and since no residential uses are being considered, no mitigation is necessary in response to the letter.

## **RECOMMENDED FINDINGS**

### **General Plan Amendment No. 2025-02**

1. That the proposed General Plan Amendment is consistent with the goals, objectives, and policies of the General Plan, and is not detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.
2. That the proposed General Plan Amendment from 21 acres of Parks/Recreation to 21 acres of Commercial Mixed Use is compatible with adjacent land uses and will not impose new land uses that would adversely affect the subject site or adjacent properties.
3. That the proposed Commercial Mixed Use land use designation under the proposed General Plan Amendment results in the placement of a land use designation that provides an efficient transition from the arterial/arterial roadway intersection to residential, parks/recreation, and public institutional uses surrounding the site.
4. That an Initial Study was prepared for the project including the General Plan Amendment, consistent with CEQA, which disclosed that environmental impacts are determined to be not significant, and therefore Negative Declaration No. 2026-14 be adopted for this project.

### **Change of Zone No. 2025-03**

1. That the Change of Zone is consistent with the intent of the General Plan and the Zoning Ordinance, and is not detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.

2. That the proposed Commercial Mixed Use (C-MU) zoning is consistent with the Commercial Mixed Use land use designation and compatible with adjacent land uses.
3. That the proposed Commercial Mixed Use zoning designation under the proposed Change of Zone results in the placement of a zoning designation that provides an efficient transition from the arterial/arterial roadway intersection to residential, parks/recreation, and public institutional uses surrounding the site.
4. That an Initial Study was prepared for the project including the Change of Zone, consistent with CEQA, which disclosed that environmental impacts are determined to be not significant, and therefore Negative Declaration No. 2026-14 be adopted for this project.

## **RECOMMENDED CONDITIONS OF APPROVAL**

### **General Plan Amendment No. 2025-02 and Change of Zone No. 2025-03**

There are no recommended conditions of approval for the General Plan Amendment or the Change of Zone.

## **APPEAL INFORMATION**

### **General Plan Amendment No. 2025-02 and Change of Zone No. 2025-03**

For General Plan Amendment No. 2025-02 and Change of Zone No. 2025-03, the Visalia Planning Commission's recommendations are advisory only and will be forwarded to the Visalia City Council. The final decision on these matters will be made by the Visalia City Council during a public hearing. Therefore, the Planning Commission's recommendations for the General Plan Amendment and Change of Zone are not appealable.

## RELATED PLANS AND POLICIES

### VISALIA GENERAL PLAN

#### Land Use Element

**LU-O-22** Create inclusive, compact neighborhoods with well-integrated single-family and multi-family residential development and activity nodes featuring schools, neighborhood parks, and neighborhood commercial areas.

**LU-P-66** Update the Zoning Ordinance to reflect the Commercial Mixed Use designation on the Land Use Diagram, to allow for either horizontal or vertical mixed use development and a range of commercial, service, office, and residential uses.

*New development in Commercial Mixed Use Areas should have an FAR of at least 0.4 and up to 1.0 for commercial space. If residential uses are included, density may be up to 35 dwelling units per gross acre. Commercial development must be part of all new development in the Commercial Mixed Use district.*

**LU-P-108** Designate land for Public/Institutional uses on the Land Use Diagram, including City Hall and other City buildings, County and other government buildings, schools, colleges and universities, hospitals, police and fire stations, the Municipal Airport, and waste management facilities.

**LU-P-109** Facilitate the creation of mixed-use activity centers on and adjacent to the College of the Sequoias campus and on other land designated for public/institutional uses by locating commercial and mixed land use areas adjacent to existing or planned public facilities, and by allowing mixed uses to be developed on Public/Institutional land through a master planning process.

#### Parks, Schools, Community Facilities, and Utilities Element

**PSCU-P-5** Create new community parks in the Northwest, Southwest, and Southeast quadrants, consistent with the Parks and Open Space diagram and the following planning guidelines:

- Size: 5-12 acres or more; and
- Facilities to be provided: large children's play area, reserved picnic facilities, open play fields, community building, bicycle parking, and offstreet parking. They also may include tennis courts, outdoor concert areas or other special facilities based on neighborhood needs and community input.

Community parks provide spacious areas for passive enjoyment or group gatherings, special attractions, and recreation facilities, including sports fields and swimming pools. A "heritage farm" and a habitat preserve are examples of special facilities that could be incorporated into community parks.

**PSCU-P-16** Provide at least one community center in each of the City's four neighborhood quadrants. Use existing and new community center facilities to provide multicultural programs and teen recreation activities, and provide space for meetings and classes. Community centers should be designed with community input, including guidance from a cross-section of user groups.

*Visalia currently operates five community centers as well as the Visalia Senior Center; none are in the City's Northwest or Southwest quadrants.*

# VISALIA MUNICIPAL CODE – TITLE 17 (ZONING)

## Zoning Ordinance Chapter 17.19 – MIXED USE ZONES

### 17.19.010 Purpose and intent.

- A. The several types of mixed zones included in this chapter are designed to achieve the following:
  - 1. Encourage a wide mix of commercial, service, office, and residential land uses in horizontal or vertical mixed use development projects, or on adjacent lots, at key activity nodes and along corridors.
  - 2. Maintain Visalia's downtown Conyer Street to Tipton and Murray Street to Mineral King Avenue including the Court-Locust corridor to the Lincoln Oval area) as the traditional, medical, professional, retail, government and cultural center;
  - 3. Provide zone districts that encourage and maintain vibrant, walkable environments.
- B. The purposes of the individual mixed use zones are as follows:
  - 1. Mixed Use Commercial Zone—(C-MU). The purpose and intent of the mixed use commercial zone district is to allow for either horizontal or vertical mixed use development, and permit commercial, service, office, and residential uses at both at key activity nodes and along corridors. Any combination of these uses, including a single use, is permitted.
  - 2. Mixed Use Downtown Zone—(D-MU). The purpose and intent of the mixed use downtown zone district is to promote the continued vitality of the core of the community by providing for the continuing commercial development of the downtown and maintaining and enhancing its historic character. The zone is designed to accommodate a wide mix of land uses ranging from commercial and office to residential and public spaces, both active and passive. The zone is intended to be compatible with and support adjacent residential uses, along with meeting the needs of the city and region as the urban center of the city; to provide for neighborhood, local, and regional commercial and office needs; to accommodate the changing needs of transportation and integrate new modes of transportation and related facilities; and to maintain and enhance the historic character of the city through the application of architectural design features that complement the existing historic core of the city. (Ord. 2017-01 (part), 2017)

### 17.19.015 Applicability.

The requirements in this chapter shall apply to all property within the C-MU and D-MU zone districts. (Ord. 2017-01 (part), 2017)

### 17.19.020 Permitted uses.

Permitted uses in C-MU and D-MU zones shall be determined by Table 17.25.030 in Section 17.25.030. (Ord. 2017-01 (part), 2017)

### 17.19.030 Conditional and temporary uses.

Conditional and temporary uses in the C-MU and D-MU zones shall be determined by Table 17.25.030 in Section 17.25.030. (Ord. 2017-01 (part), 2017)

### 17.19.040 Required conditions.

- A. A site plan review permit must be obtained for any development in any C-MU and D-MU zones, subject to the requirements and procedures in Chapter 17.28.
- B. All businesses, services and processes shall be conducted entirely within a completely enclosed structure, except for off-street parking and loading areas, gasoline service stations, outdoor dining areas, nurseries, garden shops, Christmas tree sales lots, bus depots and transit stations, electric distribution substation, and recycling facilities;

C. All products produced on the site of any of the permitted uses shall be sold primarily at retail on the site where produced. (Ord. 2017-01 (part), 2017)

**17.19.050 Off-street parking and loading facilities.**

Off-street parking and off-street loading facilities shall be provided as prescribed in Chapter 17.34. (Ord. 2017-01 (part), 2017)

**17.19.060 Development standards in the C-MU zones outside the downtown area.**

The following development standards shall apply to property located in the C-MU zone and located outside the Downtown Area, which is defined as the area that is south of Murray Avenue, west of Ben Maddox Way, north of Mineral King Avenue, and east of Conyer Street:

- A. Minimum site area: five (5) acres.
- B. Maximum building height: fifty (50) feet.
- C. Minimum required yards (building setbacks):
  - 1. Front: fifteen (15) feet;
  - 2. Rear: zero (0) feet;
  - 3. Rear yards abutting an R-1 or R-M zone district: fifteen (15) feet;
  - 4. Side: zero (0) feet;
  - 5. Side yards abutting an R-1 or R-M zone district: fifteen (15) feet;
  - 6. Street side yard on corner lot: ten (10) feet.
- D. Minimum required landscaped yard (setback) areas:
  - 1. Front: fifteen (15) feet;
  - 2. Rear: five (5) feet;
  - 3. Rear yards abutting an R-1 or R-M zone district: five (5) feet;
  - 4. Side: five (5) feet (except where a building is located on side property line);
  - 5. Side yards abutting an R-1 or R-M zone district: five (5) feet;
  - 6. Street side on corner lot: ten (10) feet.
- E. The provisions of Chapter 17.58 shall also be met, if applicable. (Ord. 2017-01 (part), 2017)

**Zoning Ordinance Chapter 17.52 – QUASI-PUBLIC ZONE**

**17.52.010 Purpose and intent.**

The purpose and intent of the quasi-public zone is to provide a zone that is intended to allow for the location of institutional, academic, community service, governmental, and nonprofit uses. (Ord. 2017-01 (part), 2017; Ord. 9717 § 2 (part), 1997; prior code § 7630)

**17.52.015 Applicability.**

The requirements in this chapter shall apply to all property within the QP zone district. (Ord. 2017-01 (part), 2017)

**17.52.020 Permitted uses.**

Permitted uses in the quasi-public zone include public uses of an administrative, recreational, public service or cultural type including city, county, state or federal administrative centers and courts, libraries,

museums, art galleries, police and fire stations and other public building, structures and facilities; public playgrounds, parks and community centers. Permitted uses also include wireless telecommunication facilities on parcels that are a minimum of five (5) acres, subject to the requirements of Section 17.32.163 (Regulation of Wireless Telecommunication Facilities) of the Visalia Zoning Ordinance. The keeping of household pets, subject to the definition of household pets set forth in Section 17.04.030. Other uses similar in nature and intensity as determined by the city planner. (Ord. 2017-01 (part), 2017: Ord. 2015-01 § 3 (part), 2015: Ord. 9717 § 2 (part), 1997: Ord. 9605 § 30 (part), 1996: prior code § 7631)

#### **17.52.030 Conditional uses.**

Conditional uses in the quasi-public zone include:

A. Public and quasi-public uses of an education or religious type including public and parochial elementary schools, junior high schools, high schools and colleges; nursery schools, licensed day care facilities for more than fourteen (14) children; churches, parsonages and other religious institutions;

B. Public and private charitable institutions, general hospitals, sanitariums, nursing and convalescent homes, senior care facilities, senior housing; not including specialized hospitals, sanitariums, or nursing, rest and convalescent homes including care for acute psychiatric, drug addiction or alcoholism cases;

C. Ambulance service;

D. Electric distribution substations;

E. Gas regulator stations;

F. Public service pumping stations;

G. Communications equipment buildings;

H. Wireless telecommunication facilities on parcels that are a less than five (5) acres subject to the Section 17.32.163 of the Visalia Zoning Ordinance;

I. Residential development specifically designed for senior housing;

J. Other uses similar in nature and intensity as determined by the city planner.

J. Emergency shelters, subject to Section 17.32.130;

K. Low barrier navigation centers, subject to Section 17.32.135;

L. Other uses similar in nature and intensity as determined by the city planner.
