Prior to submitting a Cannabis Business License Application, an Applicant must obtain a Zoning Verification Letter from the Planning Department. The Zoning Verification Letter must specify the intended use of the building (storefront retail cannabis), and the proposed building location.

Applicants must submit a Retail Cannabis Business Zoning Verification Application prior to _____.

The issuance of a Zoning Verification Letter does not constitute written evidence of permission given by the City or any of its officials to operate a cannabis business, nor does it establish a “permit” within the meaning of the Permit Streamlining Act, nor does it create an entitlement under the Zoning or Building Code. A regulatory license for a CCB does not constitute a permit that runs with the land on which the cannabis business is established. Please note that the cannabis business will require a discretionary permit.

FEES

All applicants shall be required to submit a fee of \$ _____. This amount will be charged against time spent by City staff and any consultant reviewing applications and administering the application process. APPLICATION EVALUATION, REVIEW AND APPROVAL PROCESS

PHASE I: DETERMINATION OF ELIGIBILITY

Applications must be completed and submitted in their entirety to move forward in the review process. Upon receiving a completed application, the application will be reviewed in its entirety using the Application Submittal checklist on Page 1 of the CCB Application. Applications determined to be eligible will be forwarded to the Consultant for Phase II (Application Evaluation and Review).

PHASE II: APPLICATION EVALUATION AND REVIEW

Applications will be evaluated by using the criteria listed below. See APPENDIX A for a description of the evaluation criteria:

- Section 1. Business Plan
- Section 2. Location and Neighborhood Compatibility Plan
- Section 3. Safety and Security Plan
- Section 4. Community Benefits Plan

Those applications which are determined to meet the requirements in each category will move on to Phase III of the application process. If the application is incomplete or does not otherwise meet the minimum requirements, the Applicant may resubmit those sections that have been deemed incomplete or deficient. Please note that Applicants may only amend their application one time, therefore, Applicants are encouraged to provide a quality application when resubmitting the requested information.

PHASE III: LOTTERY

If three (3) or fewer applications are submitted to Phase III, then all applications will advance in the

process. If four (4) or more applications are submitted to Phase III, then all submitted applications will be entered in the random lottery drawing, which will be conducted during regular business hours.

The City will announce the location, date, and time at least two (2) weeks before conducting the lottery drawing on the City's website linked above. The lottery drawing details will be emailed to all submitted applicants who have made it through to this phase, and any other interested person who has requested to receive cannabis lottery updates.

Results of the lottery drawing will be available immediately to those persons attending the lottery drawing in person. The City will also notify the applicants included in the lottery and post the lottery winners on the website at <https://www.visalia.gov/cannabis>.

PHASE IV: LICENSEE SELECTION PROCESS

The City Manager, or designee, may then issue a CCB license to selected applicants through the Lottery process. However, renewal of issued cannabis business license is conditioned upon the prevailing applicant obtaining all required land use approvals and building permits. The prevailing applicant(s) shall apply to the city's Planning Division to obtain any required land use approvals or entitlements for the licensee's location, and the Building Safety Division for any required building permits. First, prevailing applicant(s) will need to complete the City's Site Plan Review process and receive a 'Revise and Proceed' determination. Land use approvals shall include obtaining a Conditional Use Permit (CUP) and compliance with all applicable provisions of CEQA. An applicant has twelve (12) months from the lottery selection of an application to obtain a CUP and any necessary building permits pursuant to Chapter 4.04. The City Manager reserves the right to extend this deadline at their discretion.

The City Manager is authorized to make all decisions concerning the issuance of a commercial cannabis business license. In making the decision, the City Manager is authorized to impose additional conditions to the license, if it is determined to be necessary to ensure compliance with state or local laws and regulations or to preserve the public health, safety or welfare. Appeals from the decision of the City Manager shall be handled pursuant to Chapter 4.04.

Issuance of a CCB license does not create a land use entitlement. Furthermore, no licensee may begin operations, notwithstanding the issuance of a license, unless all of the state and local laws and regulations, including but not limited to the requirements of this article and of the license, have been complied with, until a state license is available and obtained by the permitted operator as set forth in Chapter 4.04 . If an applicant fails to obtain a state cannabis license within twelve (12) months of being granted a CCB license, said CCB license shall expire.

Notwithstanding anything in this article to the contrary, the City reserves the right to reject any or all applications if it determines it would be in the best interest of the City, taking into account any health, safety and welfare impacts on the community. Applicants shall have no right to a CCB license until a license is actually issued, and then only for the duration of the license's term. Each applicant assumes the risk that, at any time prior to the issuance of a license, the City Council may terminate or delay the program created under this article.

If an application is denied resulting from a disqualification, a new application may not be filed for one year from the date of the denial. However, if a license was not issued to an applicant as a result of not being selected in the initial process the applicant may apply again should the city open a future round of the application process.

Each person granted a CCB license shall be required to pay the license fee established by resolution of the City Council, to cover the costs of administering the commercial cannabis business license program created in this article prior to commencing business in the city.

APPEALS:

Any Applicant wishing to appeal any decision made in the application process, or the results of the Lottery, may appeal the decision within ten calendar (10) days of the Applicant receiving a notice that he/she would not move forward in the application process or be issued a license. Such appeals shall comply with the requirements of Visalia Municipal Code Chapter 4.04, *et seq.*

Note: Being awarded a Cannabis Business License does not constitute a land use entitlement and does not waive or remove the requirements of applying for and receiving permits for all construction including: electrical, plumbing, fire, Planning Department permits or reviews, and any other permits, licenses, or reviews as deemed necessary by the relevant departments or governmental entities in charge of said permits. Nor does the award of a Cannabis Business License guarantee that the plans submitted via the Cannabis Business License application process meet the standards or requirements in Chapter 4.04 and any other license requirements from other City departments or agencies. Further, it is understood and agreed to by the Applicant that 1) the business must receive their Certificate of Occupancy, be open, and operating within 24 months of initial issuance of the Commercial Cannabis Business License. If a business does not become operational as specified, any active Cannabis Business renewal license may be null and void, and of no further effect; and 2) the Cannabis Business License shall not be transferred or otherwise sold within the first five (5) years of the date of issuance of the Cannabis Business License. Violation of these two issues shall deed any Cannabis Business License null and void.

ZONING VERIFICATION LETTER (ZVL)

Prior to submitting a Cannabis Business License Application, an Applicant must obtain a Zoning Verification Letter from the Planning Department. To secure this letter, an Applicant must apply for the Zoning Verification Letter and pay all associated fees therewith. The Zoning Verification Letter must specify the intended use of the building (non-storefront retail cannabis), and the proposed building location.

Applicants must submit a Retail Cannabis Business Zoning Verification Application prior to _____.

The issuance of a Zoning Verification Letter does not constitute written evidence of permission given by the City or any of its officials to operate a cannabis business, nor does it establish a “permit” within the meaning of the Permit Streamlining Act, nor does it create an entitlement under the Zoning or Building Code. A regulatory license for a CCB does not constitute a permit that runs with the land on which the cannabis business is established. Please note that the cannabis business will require a discretionary permit.

FEES

All applicants shall be required to submit a fee of \$ _____. This amount will be charged against time spent by City staff and any consultant reviewing applications and administering the application process. Applicants are advised that they may be required to pay additional amounts as required for the sole purpose of the City's completion of the application review process. However, there will also be a separate fee for the Zoning Verification Letter (ZVL) of \$ _____ per site and the Background Check Fee of \$ _____ per Cannabis Business Person(s).

Payment of all fees and monies must be made by a certified check, cashier's check or money order made payable to the City of Visalia. Please note the City will not accept cash or credit cards. All application fees are non-refundable.

SUBMITTAL DEADLINE

Completed applications must be received by the Planning Division by _____ p.m. on _____. Late applications will not be accepted.

APPLICATION EVALUATION, REVIEW AND APPROVAL PROCESS

PHASE I: DETERMINATION OF ELIGIBILITY

Applications must be completed and submitted in their entirety to move forward in the review process. Upon receiving a completed application, the application will be reviewed in its entirety using the Application Submittal checklist on Page 1 of the CCB Application. Applications determined to be eligible will be forwarded to the Consultant for Phase II (Application Evaluation and Review).

PHASE II: APPLICATION EVALUATION AND REVIEW

Applications will be evaluated by using the criteria listed below. See APPENDIX A for a description of the evaluation criteria:

- Section 1. Business Plan
- Section 2. Location and Neighborhood Compatibility Plan
- Section 3. Safety and Security Plan
- Section 4. Community Benefits Plan

Those applications which are determined to meet the requirements in each category will move on to Phase III of the application process. If the application is incomplete or does not otherwise meet the minimum requirements, the Applicant may resubmit those sections that have been deemed incomplete or deficient. Please note that Applicants may only amend their application one time, therefore, Applicants are encouraged to provide a quality application when resubmitting the requested information.

PHASE III: LOTTERY

If three (3) or fewer applications are submitted to Phase III, then all applications will advance in the

process. If four (4) or more applications are submitted to Phase III, then all submitted applications will be entered in the random lottery drawing, which will be conducted during regular business hours.

The City will announce the location, date, and time at least two (2) weeks before conducting the lottery drawing on the City's website linked above. The lottery drawing details will be emailed to all submitted applicants who have made it through to this phase, and any other interested person who has requested to receive cannabis lottery updates.

Results of the lottery drawing will be available immediately to those persons attending the lottery drawing in person. The City will also notify the applicants included in the lottery and post the lottery winners on the website at <https://www.visalia.gov/cannabis>.

PHASE IV: LICENSEE SELECTION PROCESS

The City Manager, or designee, may then issue a CCB license to selected applicants through the Lottery process. However, renewal of issued cannabis business license is conditioned upon the prevailing applicant obtaining all required land use approvals and building permits. The prevailing applicant(s) shall apply to the city's Planning Division to obtain any required land use approvals or entitlements for the licensee's location, and the Building Safety Division for any required building permits. First, prevailing applicant(s) will need to complete the City's Site Plan Review process and receive a 'Revise and Proceed' determination. Land use approvals shall include obtaining a Conditional Use Permit (CUP) and compliance with all applicable provisions of CEQA. An applicant has twelve (12) months from the lottery selection of an application to obtain a CUP and any necessary building permits pursuant to Chapter 4.04. The City Manager reserves the right to extend this deadline at their discretion.

The City Manager is authorized to make all decisions concerning the issuance of a commercial cannabis business license. In making the decision, the City Manager is authorized to impose additional conditions to the license, if it is determined to be necessary to ensure compliance with state or local laws and regulations or to preserve the public health, safety or welfare. Appeals from the decision of the City Manager shall be handled pursuant to Chapter 4.04.

Issuance of a CCB license does not create a land use entitlement. Furthermore, no licensee may begin operations, notwithstanding the issuance of a license, unless all of the state and local laws and regulations, including but not limited to the requirements of this article and of the license, have been complied with, until a state license is available and obtained by the permitted operator as set forth in Chapter 4.04 . If an applicant fails to obtain a state cannabis license within twelve (12) months of being granted a CCB license, said CCB license shall expire.

Notwithstanding anything in this article to the contrary, the City reserves the right to reject any or all applications if it determines it would be in the best interest of the City, taking into account any health, safety and welfare impacts on the community. Applicants shall have no right to a CCB license until a license is actually issued, and then only for the duration of the license's term. Each applicant assumes the risk that, at any time prior to the issuance of a license, the City Council may terminate or delay the program created under this article.

If an application is denied resulting from a disqualification, a new application may not be filed for one year from the date of the denial. However, if a license was not issued to an applicant as a result of not being selected in the initial process the applicant may apply again should the city open a future round of the application process.

Each person granted a CCB license shall be required to pay the license fee established by resolution of the City Council, to cover the costs of administering the commercial cannabis business license program created in this article prior to commencing business in the city.

APPEALS:

Any Applicant wishing to appeal any decision made in the application process, or the results of the Lottery, may appeal the decision within ten calendar (10) days of the Applicant receiving a notice that he/she would not move forward in the application process or be issued a license. Such appeals shall comply with the requirements of Visalia Municipal Code Chapter 4.04, *et seq.*

Note: Being awarded a Cannabis Business License does not constitute a land use entitlement and does not waive or remove the requirements of applying for and receiving permits for all construction including: electrical, plumbing, fire, Planning Department permits or reviews, and any other permits, licenses, or reviews as deemed necessary by the relevant departments or governmental entities in charge of said permits. Nor does the award of a Cannabis Business License guarantee that the plans submitted via the Cannabis Business License application process meet the standards or requirements in Chapter 4.04 and any other license requirements from other City departments or agencies. Further, it is understood and agreed to by the Applicant that 1) the business must receive their Certificate of Occupancy, be open, and operating within 24 months of initial issuance of the Commercial Cannabis Business License. If a business does not become operational as specified, any active Cannabis Business renewal license may be null and void, and of no further effect; and 2) the Cannabis Business License shall not be transferred or otherwise sold within the first five (5) years of the date of issuance of the Cannabis Business License. Violation of these two issues shall deed any Cannabis Business License null and void.
