WHEREAS, Section 16.40.070 of the City of Visalia Municipal Code authorizes the City to enter into reimbursement agreements for the construction of facilities designated in the Storm Drain Development Fee Program upon application of property developers; and

WHEREAS, City and Developer, as a condition for approval of Greystone Phase 3, pertaining to real property identified therein (the property and entitlements so described hereafter referred to as the Project") have entered into a Project Improvements Agreement that sets forth Developer's obligations regarding the dedication of right of way and construction of planned transportation facilities and other public improvements, according to improvement plans titled Vista Del Sol and approved by the City (hereafter collectively referred to as the "Facilities"); and

WHEREAS, City and Developer desire to set forth their mutual understandings regarding the manner in which the City shall reimburse Developer for the Facilities that are non-supplemental transportation facilities under the City's Transportation Fee Program requirements, and drainage facilities under the City's Storm Drain Development Fee Program; and

NOW, THEREFORE, in consideration of the mutual promises contained herein, the City and the Developer hereby agree as follows:

**Section 1. Construction of Facilities**

Developer shall complete construction of the Facilities in accordance with the terms of the Subdivision Improvements Agreement.

**Section 2. Reimbursement Amounts**

The City shall reimburse, through fee credits or cash payments as provided herein, the Developer

for the planned Facilities based on the schedule of costs and land values contained in the Traffic Impact Fee Update Nexus Study City of Visalia, dated March 16, 2015. Exhibit 1, attached hereto, lists the Programmed Costs, or the items that the City will reimburse the Developer for and lists the applicable unit costs and right of way values. Planned transportation facilities that are non-supplemental improvements to the Project, and for which the Developer is entitled to be reimbursed for, are separately identified in Exhibit 1 of this agreement.

If any items are not listed in the schedule of costs then the City and Developer must agree to an acceptable unit cost prior to this Agreement being signed. Changes or variations in the Programmed Costs may be requested by the Developer pursuant to Section 3 of this Agreement.

### **Section 3. Adjustment to Programmed Costs**

The Developer may request the City to adjust the Programmed Costs. In order to request an adjustment to the Programmed Costs, the Developer must provide the following:

- (1) Copies of the original contract with the contractor and any change orders that have been agreed to by the Developer, contractor, and the City. The portion of each change order associated with the Facilities must be itemized separately;
- (2) Copies of all invoices, with unconditional lien releases, submitted by the contractor;
- (3) Copies of all checks issued by the Developer with related invoices indicated; and
- (4) A summary tabulation of all contractor invoices and Developer payments.

If, when the final reconciliation of construction costs for the improvements to be reimbursed is conducted by the City, the actual construction costs for any of the Facilities so reimbursed exceeds the Programmed Costs for such Facilities, the City Engineer shall review the items described above and determine if the Programmed Costs that will be credited/reimbursed to the Developer should be increased above the amount shown in Exhibit 1 to fairly reflect change orders or other changed circumstances. The City Engineer shall determine in his/her reasonable discretion how much of the actual construction costs should be included in an increase to the Programmed Costs, and if acceptable, the parties shall execute an amendment to this Agreement setting forth the adjusted Programmed Cost.

### **Section 4. Right to Reimbursement**

Developer shall be reimbursed the final amount of the Programmed Cost in the manner as set forth in Section 5 below. Reimbursements payments by the City will not be made until all of the following requirements are met:

(1) All Facilities are completed and formally accepted by the City as shown by the issuance of a Notice of Completion by the City; and

(2) A reimbursement request is submitted to the City. The Developer must apply for reimbursement within four (4) years after the City has accepted the Facilities or within four years of January 30, 2009, the effective date of Ordinance No. 2008-14, which modified Chapter 16.44 of the Visalia Municipal Code to contain this requirement, whichever is later. The Developer waives all right to reimbursement from the City if they do not request reimbursement within this

four-year limitation; and

(3) Thirty (30) days have passed since the City accepted the facilities and no claims of nonpayment have been filed with the city. If such claims have been filed, then the City will not reimburse the Developer until the claims are resolved.

Upon issuance of a Notice of Completion for the Facilities, Developer shall be reimbursed the Programmed Costs in the following manner(s):

**5.1 Cash Reimbursement from Development Fees Collected City Wide.** City shall pay **\$275,139.04** of the Programmed Costs, in the manner identified in Exhibit 1, upon Developer's submittal of a reimbursement request in compliance with Section 4 after this Agreement is executed. The City will reimburse the Programmed Costs to the Developer without interest.

The notice must be signed by the Developer and the City, and an executed copy of the form shall be kept on file at the City.

Neither the General Fund nor any other fund of the City, except the applicable fund(s) associated with the Transportation Impact Fee Program, shall be liable for the payment of any obligations arising from this Agreement. The credit or taxing power of the City is not pledged for the payment of any obligation arising from this Agreement.
