

RESOLUTION NO. 2024-60

RESOLUTION INITIATING PROCEEDINGS
FOR ASSESSMENT DISTRICT NO. 24-05
Barr & Wood Ranch
(Pursuant to Landscape and Lighting Act of 1972)

NOW THEREFORE BE IT RESOLVED AS FOLLOWS:

1. The City Council proposes to form an assessment district pursuant to the Landscaping & Lighting Act of 1972 (Section 22500 and following, Streets & Highways Code) for the purpose of the following improvements:

Maintenance of streetlights and any other applicable equipment or improvements.
2. The proposed district shall be designated "Assessment District No. 24-05, City of Visalia, Tulare County, California," and shall include the land shown on the map designated "Assessment Diagram, Assessment District No. 24-05, City of Visalia, Tulare County, California", which is on file with the City Clerk and is hereby approved and known as "Barr & Wood".
3. The City Engineer of the City of Visalia is hereby designated engineer for the purpose of these formation proceedings. The City Council hereby directs the Engineer to prepare and file with the City Clerk a report in accordance with Article 4 of Chapter 1 of the Landscape & Lighting Act of 1972.

PASSED AND ADOPTED: October 7, 2024 LESLIE B. CAVIGLIA, CITY CLERK

STATE OF CALIFORNIA)
COUNTY OF TULARE) ss.
CITY OF VISALIA)

I, Leslie B. Caviglia, City Clerk of the City of Visalia, certify the foregoing is the full and true Resolution 2024-60 passed and adopted by the Council of the City of Visalia at a regular meeting held on October 7, 2024.

Dated: _____, 2024

RESOLUTION NO. 2024-61

RESOLUTION ORDERING THE IMPROVEMENTS FOR
ASSESSMENT DISTRICT NO. 24-05
Barr & Wood Ranch
(Pursuant to the Landscape & Lighting Act of 1972)

NOW THEREFORE BE IT RESOLVED AS FOLLOWS:

1. The City Council adopted its Resolution Initiating Proceedings for Assessment District No. 24-05, City of Visalia, Tulare County, California, and directed the preparation and filing of the Engineer's Report on the proposed formation.
2. The Engineer for the proceedings has filed an Engineer's Report with the City Clerk.
3. The owners of all land within the boundaries of the proposed landscape and lighting district have filed their consent to the formation of the proposed district, and to the adoption of the Engineer's Report and the levy of the assessments stated therein.
4. The City Council hereby orders the improvements and the formation of the assessment district described in the Resolution Initiating Proceedings and in the Engineer's Report.
5. The City Council hereby confirms the diagram and the assessment contained in the Engineer's Report and levies the assessment for the fiscal year 2024/25.
6. The City Council hereby forwards the following attachments to Tulare County Recorder's Office for recordation:
 - a. Clerk's Certification to County Auditor
 - b. Resolution Initiating Proceedings
 - c. Resolution Ordering Improvements
 - d. Engineer's Report:
 - Exhibit A - Assessment Diagram showing all parcels of real property within the Assessment District
 - Exhibit B - Landscape Location Diagram
 - Exhibit C - Tax Roll Assessment
 - Exhibit D - Engineer's Report

PASSED AND ADOPTED: October 7, 2024

LESLIE B. CAVIGLIA, CITY CLERK

Exhibit “D”
Engineer’s Report
Landscape & Lighting Assessment District 24-05
Barr & Wood Ranch
Fiscal Year 2024/25

General Description

This Assessment District (24-05, Barr & Wood) is located at the northwest corner of Roeben Street and Whitendale Avenue. Exhibit “A” is a map of Assessment District 24-05. The district will maintain streetlights and any other applicable equipment or improvements. There are a total of 68 lots within the district.

Determination of Benefit

The lighting is to provide safety and visual impressions for the area. The maintenance of any streetlights is vital for the protection of both economic and humanistic values of the development. In order to preserve the values incorporated around developments, the City Council has determined that streetlights should be included in a maintenance district to ensure satisfactory levels of maintenance.

Method of Apportionment

In order to provide an equitable assessment to all owners within the District, the following method of apportionment has been used. All lots in the District benefit equally, including lots not adjacent to the streetlights. The lots not adjacent to streetlights benefit by the uniform maintenance and overall appearance of the District.

Estimated Costs

The estimated costs to maintain the District includes the costs to maintain any streetlights.

Annual Per Lot Assessment						\$	69.95

Exhibit "D"
Engineer's Report
Landscape & Lighting Assessment District 24-05
Barr & Wood Ranch
Fiscal Year 2024/25

Annual Cost Increase

This assessment district shall be subject to an automatic annual increase derived by the following formula:

$$\text{year "n" assessment} = (\$4,756.71) (1.05)^{(n-1)}$$

where "n" equals the age of the assessment district with year one (1) being the year that the assessment district was formed;

However, in no case shall the assessment be greater than 1) The actual cost of providing the benefit conferred to each parcel plus any prior years' deficit and less any carryover, as determined annually or; 2) a 10% increase over the prior year's assessment.

The reserve fund shall be replenished as necessary to maintain a level of 10% of the estimated maintenance cost so long as the annual assessment change does not exceed the limits identified above.

Example 1) The year four estimated costs are \$5,184.81 [a 9% increase over the base year assessment of \$4,756.71]. The ceiling on the assessment increase for year four would be \$5,506.49 [ceiling = $(\$4,756.71) (1.05)^{(4-1)}$]. The assessment would be set at \$5,184.81 or the actual cost of providing the maintenance effort.

Example 2) The year four assessment is estimated at the actual cost of providing the maintenance effort of \$5,375.08 [a 7% increase over the previous year assessment and a 13.0% increase over the base year assessment]. The ceiling on the assessment increase for year four would be \$5,506.49 [ceiling = $(\$4,756.71) (1.05)^{(4-1)}$]. The assessment would be set at \$5,375.08 or the actual cost of providing the maintenance effort because it is less than the ceiling amount and the year-to-year increase is less than the 10% cap on increases in any given year.

Example 3) The year four assessment is \$5,184.81 [a 9% increase over the base year assessment \$4,756.71] and damage occurred to the masonry wall raising the year five assessment to \$6,325.47 [a 22% increase over the previous year assessment]. The year five assessment will be capped at \$5,703.30, a 10% increase over the previous year and under the ceiling of \$5,781.81 [ceiling = $(\$4,756.71) (1.05)^{(5-1)}$]. The difference of \$622.18 will be recognized as a deficit and carried over into future years' assessment.

City Engineer Certification

I hereby certify that this report was prepared under my supervision and this report is based on information obtained from the improvement plans of the subject development.

Christopher Crawford
City Engineer
