PRICING SUMMARY

Included in pricing is transportation of personnel to/from site, removal of spent media and loading of new material, _____\$25,900 /change

Note that the siloxane removal media may be eligible for recycling. To determine this, a spent media sample would need to be provided 4 weeks prior to the change out for testing. If the waste profile is determined acceptable for recycling, the spent media will be removed from site immediately after the change out has been completed. The recycled material then becomes the property of the recycler for use in other applications. Spent media testing_____ \$350.00/sample

If the media is not tested for recycling, the owner is responsible for all testing, disposal, and transportation costs.

Terms – Net 30, Prices do not reflect any taxes that may be applicable and are valid for 30 days.
